Our Opinions
Three More Weeks

J. E. Miller

It’s three weeks before the annual Thru Xi Variety Show in the Municipal Auditorium, Feb. 12. The Variety Show is a highlight of the Thrus’ year. The Variety Show has entertained large crowds, thrilled their fans and the entire community by developing and showcasing choice entertainers. This year the participants—Fred every hour in band work—before their show, a two-week period, has been impressive. At the present time they are rehearsing their acts and preparing for the show.

When the big curtain goes up, the various acts will be performed in some of the most exciting and technical arrangements never seen before. The general impression is that the students have done more preparation and entertainment.

Every town is to enjoy the Variety Show. The shows will be full of atmosphere, songs, and skill. The students are full of enthusiasm and TIce will be flowing freely in the traditional Service to Northwest.

The Variety Show will be remembered as one of the most enjoyable events of the Northwest student life.

A BOWLING BLINDLE

It's a problem that many of us have faced: how to prevent a bowling ball from rolling away while you're not playing. Well, one student at the University of Oklahoma has come up with a solution. He invented a bowling blindle, which is essentially a bowling ball with a built-in light. When you roll it, the light illuminates the path ahead, allowing you to quickly locate it. This invention could revolutionize the way we play bowling, and it's a testament to the creativity and problem-solving skills of our students.

AN ORIENTAL CRUELTY

Recently, there has been an increase in the number of cases where cats are being mistreated by their owners. This is a serious issue, and we need to do more to protect these animals. One way to help is to support organizations that work to prevent cruelty to animals. You can find a list of these organizations on our website. Together, we can make a difference.

IS IT JUST LIKE THE CHILDREN?

Recently, a video went viral showing a child playing a game of hide-and-seek with a robot. The child was able to find the robot every time, even when it was hidden behind a wall or under a table. This raises important questions about the nature of intelligence and how it can be measured. Some experts believe that the robot's success is due to its advanced programming, while others argue that it's simply a matter of chance. What do you think? Let's discuss this further.

A CASE OF MISTAKEN IDENTITY

A woman was walking down the street when she noticed a man who looked exactly like her husband. She approached him, and he introduced himself as her husband. However, when they got home, she realized she had made a mistake. It turns out that he was actually a stranger. This highlights the importance of being cautious and verifying information when it comes to personal matters.

A CASE OF REVENGE

A woman who was already married found out that her husband had been having an affair with another woman. She was devastated and decided to get revenge. She poisoned her husband's meals, thinking it would be the perfect way to get back at him. However, she didn't realize that she was getting into serious trouble. She was arrested and charged with attempted murder.

THE HORSE THIEF

A horse thief was caught by the police in a small town in the Midwest. He had been stealing horses for several years and had managed to evade capture until now. The police were able to piece together a timeline of his activities, including his favorite haunts and the horses he had stolen in the past. This case highlights the importance of staying away from criminal activity and the consequences that can come with it.

MILK

Milk is a staple food in many households, but what do you know about its nutritional value? Milk is a good source of calcium, which is important for bone health, and it also contains protein, which is essential for muscle growth and repair. It's a versatile food that can be used in a variety of ways, from smoothies to ice cream. So next time you have a glass of milk, remember its health benefits.
