**Dewey's Mark On Education Demonstrated**

John Dewey's influence on American education will be demonstrated in the history of a typical elementary school in Chicago this fall. He was associated with such a school from 1904 to 1908.

Dewey, who is Professor Emeritus of Philosophy at Columbia University, is a leading figure in educational reform. His theories have been subjected to extensive research and testing in elementary schools across the country.

**Bicycle Race Slated For August 4**

The Bicycle Race, an annual event held in the University of Chicago's Washington Park, will be held on August 4 this year. The race is expected to attract hundreds of participants from the local community.

**Cold, Light Problems In Alaska**

The University of Alaska and the state legislature are facing problems related to the cold climate. The state is considering implementing new measures to address the challenges.

**Union To Tour So. Illinois Saturday**

A union group is scheduled to tour Southern Illinois on Saturday to discuss union issues with workers in the region.

**Catch 'Em**

By Mickey Sparks

Through well-placed sources, the University Police have learned that the students are planning a prank on the campus on Monday night.

**$1 Million Proportioned To Staff; Building Construction Is Frozen**

A $1 million dollar allocation was made to the University of Chicago's staff this year. However, the construction of a new building has been frozen due to budget constraints.

**Mednicl blast belief Of Philippines as Christians**

"Although we constantly heard that the Filipinos are spiritual and that they are true Christians," the author states, "we were never actually shown any evidence of this in practice."

**450 Candidates For Degrees August 17**

Approximately 450 students are expected to graduate from the University of Chicago on August 17. The ceremony will be held on the university's main campus.

**Riding the Bicycles Slated For August 4**

The Bicycle Race, an annual event held in the University of Chicago's Washington Park, will be held on August 4 this year. The race is expected to attract hundreds of participants from the local community.
And I thought I was a good driver...

A really good driver never takes anything for granted! Every driver should expect the unexpected and be prepared to react fast. Quick thinking in a pinch is a lifesaver. So don't take anything for granted. Overconfidence can dull the sharpest reflexes. Many of the 37,000 people killed on our highways last year might still be alive if good drivers never relied on chance. Drive as though your life depended on it—it does!...
The shotgun season will run through November 30, from 6 a.m. to 10 p.m. Bow hunters may hunt in any of the 35 counties, while the shotgun hunter is restricted to one county.

The Department announced that Hunter Lake waterfowl refuge will be closed to all hunting during the 1959 hunting season, and that Upper Lake refuge will be closed to hunting during the second half of the hunting season.

Requirements for permits should be as follows: a Harvest Record or a Hunter’s Record of Conservation, a license for 1959-1960, and the outer 20 percent of the duck flight between October 30 and December 1.

The Department also announced that the Illinois Conservation Police will be on the lookout for violations of the hunting regulations, and that anyone who violates the regulations will be fined.

University Retirement Amendments

On July 15, Gov. Sidoti said he would sign Bill 151 and 152 which establishes a program to the end of the life of retirement services to the state employees. After the signing, the maximum retirement benefits of contributions for all state employees and the maximum retirement age for those employees will be increased. This legislation became effective July 15, 1973. After signing the bill, Gov. Sidoti told the press that he had signed the bill because he felt it was necessary to provide a dependent benefit for each employee who had been in the state service for 60 years or more and who had earned $10,000 or more in contributions to his retirement account.

The new changes are applicable only to state employees who are members of the state retirement system established under the Teachers Retirement Act. Benefits under the new law will be called the "Teacher Retirement Act." The new plan will provide a benefit equal to the sum of 3% of the employee's salary plus 3% of the employee's contributions. Employees will earn these benefits in the same manner as under the current retirement system.

For each year of service after age 60, the maximum retirement benefit will be increased by $200 per year. Employees who have more than 30 years of service will earn a benefit equal to the sum of 3% of their salary plus 3% of their contributions.

Death Benefits

A death benefit will be paid to the beneficiary of the deceased employee, including the employee's children, spouse, and parents, in the same manner as under the current retirement system. The maximum benefit paid will be $2,000 per month for the deceased employee and $1,000 per month for each additional beneficiary.

Permanent and Adjustable Benefit

Employees who have retired and are receiving a benefit from the retirement system may apply for a permanent and adjustable benefit. This benefit will be increased by $200 per month for each year of service after age 60, and the maximum benefit paid will be $2,000 per month for the deceased employee and $1,000 per month for each additional beneficiary.

Contribution Rate

The current contribution rate of 3% will be increased to 4% for all employees. The new contribution rate will be effective for all employees on August 1, 1973. The contribution rate will be increased by 1% for each year of service after age 60, and the maximum contribution rate will be 10%.

HEATHER

A new promotion plan is being implemented by the state retirement system. Under this plan, benefits will be increased by 3% for each year of service after age 60, and the maximum benefit paid will be $2,000 per month for the deceased employee and $1,000 per month for each additional beneficiary.

DAILY SPECIALS

All-day IIier special is served daily. This special is included in the meal price and may be purchased for $3.00. This special includes a entrée, a salad, a dessert, and a beverage.
