Cape Wins From Normal

The Cape Girardeau gridiron squad fell heir to all the breaks of the game last Friday and vanquished the Normal eleven by the close score of 12-9. From all side line indications the Normal was the superior team of the two, displaying better football, and gaining more yardage than did their adversaries. Despite the long trip by auto the Maroons showed a marked improvement over their game with Charleston the preceding week. This improvement over their game with tense and defense, a more versatile attack on the offensive pepulum up their game and gave an average of more yardage per play that has been the case. An improvement in tackling and other phases of defense were also brought out in the game. Nearly one hundred and twenty-five students made the trip and gave the Cape rooters a few lessons in pepology.

An aerial attack, long punishes and end runs characterized the Maroons' style of play, while the Missourians resorted to an aerial attack. Their plunges were unable to penetrate the Normal defense for a sufficient amount of gain and for the most part their overhead attack was successfully dealt with by the Maroon backs.

Theickle Goddess of Fortune disdained to even do so much as cast a haughty glance at the laboring Normal team while the Cape bather in the radiant smile of good luck that she cast upon them and being good football players they took opportunity by the forelock and romped across the yard line but failed on several occasions to gain yardage.

In the second half time the Normal repeated their offense and defense for considerable gains. The Cape's attack men with less success. At no time were they crowding the Normal goal line, although they worked the ball well within the Maroon's territory. As had been said their scores came when they least suspected them.

Hunter and Bunch featured the game with their thrilling runs for touchdowns. Hamilton and Hale also broke into the limelight by their crack driving, on different plays both players went for 15 yards or better through the heart of the Cape defense. Bevis nearly caused his name to be ingraved in the Hall of Fame, when he was called into drop kick. The big guard booted the ball from the 38 yard line but failed on the first attempt. The ball was fumbled by Fortson and Bevis on the Normal 35 yard line and was recovered for a touchdown.

The game was marred by the absence of the best of the Maroons' backs. Other back men had the opportunity of showing their stuff, but were not able to get in the work and therefore could not be said to have shown up well.

The Maroons received the spoils of the game, and there was no disputing the fact that the Normal had played a mighty game.

IN MEMORIAM

BLANCHE GREER ESTES
Class '23

That loved and loving friend, who was called just in the happiest, sweetest moment of all her life. That sad, inevitable hour which marked her going will remain with us forever, marking for her many friends the passing of one in whom they failed to find a fault, ever cheerful, uncomplaining, a friend to all.

Why any life so wonderful, so filled with the pleasures of a perfect day must be called to take its place among the honored dead we cannot understand. Their unrepenting lips answer not. So run our dreams until at last we find imbedded in this one incomprehensible vision the proof that one God lives and loves; and there remains one far-off divine event to which the whole of creation moves. Yet as infants we cry, as one crying for the light, lost, with no language but a cry.

When on that day we awoke to find her missing from her accustomed haunts came our first realization that this dear one who now repose with her Father, Her God, was gone forever, leaving behind only the merits which disclose a life so beautiful.

Winter is all her wrath Will silence the unknown shores; Spring will blossom forth in all her splendor more beautiful than ever before; and then will follow the Summer; then the Autumn, when the sun's glowing discs will fade on the horizon leaving imprinted in the hearts of so many that recollection of an Autumn evening long since past, when she lay down by the wayside, her journey incomplete, and fell into that dreamless sleep that kisses down her eyelids still.

JUNIOR DANCE

The Juniors gave its first social affair Wednesday evening when a Hallowe'en party was given in the Armory Hall.

The hall was attractively decorated in Hallowe'en colors and very clever and excellent taste was displayed in the great variety of costumes.

During the evening prizes were given to Miss Nell Boswell and Myron Mitchell for the best dancing couple. Miss Roberts McRae as the most attractively and artistically costumed girl, and to Bill Welge as being the most strikingly dressed boy.

Refreshments of pumpkin pie and some other helped to bring out ye ole Hallowe'en spirit during the evening.

Music was furnished by the famous "Hell-Bent Trio" of the Junior Class.

HIKE

The girls of the athletic association hiked to Boskydell October 21. There were twenty-four of them. They left at seven o'clock in the morning and returned at eleven. Their hike was organized and the girls report a very good time.

Anthony Hall Entertains

Dormitory girls extended an invitation to boys to visit Anthony Hall on the evening of the twenty-fourth.

The following are hints as to what happened:

If you want your home town "put on the map" or advertised—just get Anthony Hall to give a party. Boskydell and Parker City certainly had a lot of publicity at the Anthony Hall party on Tuesday, the 24th.

If Mac Andrews ever wants to get the very latest dope as to how to carry on a real, regular, up-to-date track meet, please refer him to well, just ask any of the boys who know how to put on the best track meet ever. They all went to one a week ago tonight.

And say! Did you see Nyle, alias "Skunk" Huffman, while by on that kiddie car? No wonder Anna is proud of that big brother.

If you hear of any circus, carnival or world's fair wishing some folks to sell peanuts, apples or ice cold pop corn—just send them to Marlo Hoad, Eliza Huse, Ruth Waddington, or Vera Pick. They guarantee quick service, husky voices and lots of sales.

HOME-COMING PROGRAM

November 10, 11, 1922

Registration in the President's Office
FRIDAY
Anthony Hall at Home—1:00 to 4:00.
Band Concert and Pop Meeting—Ovy—7:00 p. m.
Vodvville—Auditorium—8:00 p. m.

SATURDAY
Alumni Breakfast—Anthony Hall—8:30 a. m.
Socratic and Zetetic Home-Coming—9:30 a. m.
Annual Class Fight—Ist Campus—10:30 a.m.
Parade—Meet at New Hundred—to costume—1:00 p. m.
Cape Girardeau S. I. U. Game—2:30 p.m.
Miniature Track Meet—Between Halves.
Home-Coming Dance—8:00 p. m.
MORAL SUBSCRIBE

A man who was too stingy to subscribe for his home paper sent his little son to borrow the copy taken by a neighbor. In his place the boy over a $4 stand of bees and in ten minutes looked as sly as a wary summer squall. His father ran to his assistance and seeing the marked wire fence, ran into that, cutting a hole in his anatomy and running a $15 pair of trousers. The old cow took advantage of the gap in the fence and got into the cornfield and killed herself eating green corn. Hearing a racket the wife ran out, upset a four-gallon churn of cream into a basket of little chickens, crowning the entire batch. In her haste she dropped a $5 set of false teeth. The baby having been left alone, crawled thru the milk into the parlor, ruining a new carpet. During the excitement the oldest daughter ran away with the hired man and the dog broke up 11 setting hens, and the calves got out and chewed the tails off four fine shirts on the clothes line.—Unit-Journal.

PIE SUPPER

One of the most pleasant evenings of the year was spent by those who attended the Bucklea pie supper last Thursday evening. The patrons of the district were very kind in furnishing free transportation. All those in charge were from the Normal, Mr. W. O. Brown being manager, Ray Zoeller, auctioneer, and the practice teachers, Ralph Bailey, Clarence Sanford, Lloyd Miller and Edith Morgan, assisting the auctioneer in the handling of the pies—and the cash.

PENCIL SHARPENER FUND

The fund for Pencil Sharpener's, which is being advanced by the Egyptians, is progressing nicely. The following have paid the sum of five cents:

Number 22, total $1.10.

We hope to have the first one installed next week.

The following remark was heard made by Vera Pick while Miss Rue was calling the roll in Advanced Geog.: “Kid, he was so sweet to me.”

W. A. Furr attended the St. Clair County Teachers' Institute, October 26th, 27th, and 28th.

R. E. Muchleroy was present at a teachers' meeting in Thompsonville, October 26.

Lucille Wiley visited friends at Anthony Hall last week.

THOUGHTS OF HOME-COMING

By Three Life Faculty Members and
Three Representative S. I. N. U. Students

Southern Illinois is the only section of the state with personality enough to be known far and wide by a name. The people who have lived within the magic confines of Egypt are never able to get away from the lure that draws them back home. Carbondale Normal is Egypt's Big School, and Home-coming here means more than anywhere else in our great state. Whole-souled hospitality is a characteristic of Egyptians, and the small beginnings that have been made in celebrating Home-coming here are sure to lead to the best affair of the kind celebrated in any school, anywhere.

Last year Home-coming was a name only, 30 or 40 former students came back and found that nothing had been arranged for their entertainment. Most of them were disappointed. This year let's have 500 home-comers and entertain them so well they will come each year hereafter. Let Cape Girardeau be the only disappointed ones on the campus.

Breathes there the student, with loyalty so dead?
Who never to himself hath said,
"This is my own, my native school!"
Whose heart has ne'er within him been?
When school news in his Egyptian he hath learned
From wandering o'er its new pages.

If such there breathe, go mark him well;
For him no Home-coming rapture swel.

Why Come Back For Home-Coming?
1. To see your old classmates.
2. To greet your former teachers.
3. To meet the present students.
4. To renew former acquaintances.
5. To see that "Old Sweetheart of Mine."  
6. To show your wives and children "your" school.
7. To see how your Alma Mater has grown.
8. To help root for the White and Maroon.
9. To revive the old school spirit.
10. To go away with a feeling of pride in your Alma Mater.

The ever present interest on the part of the alumni of any school is said to be a great asset.

An annual Home-coming season develops and maintains such an interest, therefore let us make a start on "Home Coming,"

Hard work and pep. Combine these two and we have the nucleus around which we can center the greatest Home-coming program ever put on in the history of the S. I. N. U.

Last year we had a Home-coming, but it was a Home-coming in name only. The old grads were conspicuous by their absence and it was a flat affair indeed. This year we have two days for Home-coming, the 9th and 11th and we do not want to see an absent face in the ranks of the old grads. Circular letters are to be sent to all graduates informing them of the dates and also about the program. As in all Home-comings the football game with Cape will be the big feature for the majority but the other features, such as the Strut and Fret Play, Class Fight, Alumni Breakfast, Society Reunions, Mass Meetings, and the "Dance," can not fail to arouse attention and interest. The program is to be diversified enough to attract everyone regardless of likes and dislikes.

To make this year Home-coming a huge success requires the active support of every member of the faculty and student body. Be a booster and help to see to it that this year's Home-coming shall be an example for those in the years to come. Our motto should be 2 Ps—Bigger and Better.

A Man Who Would Be Faithless to His College Would Be Faithless to Anything Else

For the benefit of a number of students, ranging from the Freshmen to the Normal Senior class, inclusively, who have been inquisitive this last week concerning the strange appearing object lying east of the main building, we make this announcement:

No, those are not huge bugs, and we are not planning to bore for oil on the campus. That is a bit of equipment which was requisitioned of the legislature when the main building was built in 1893. It came in last week and is to be erected on the east side of the building soon.

In case of fire you are supposed to jump into it and slide down to safety. In other words it is a fire escape, and that it may, in case of emergency, serve its purpose most effectively, certain rules and regulations regarding its use must be observed.

1. All students, student teachers, or faculty who weigh more than 250 pounds are, in case of fire, to stand aside while smaller people go first. This is to eliminate the danger of blocking traffic should you get fast in the slide way.

2. If on arriving safe on terra firma you discover your lead pencil or powder puff has been left on the third floor, don't attempt to return for it until all are out. Remember it is a one way road and no parking places have been arranged.

A committee of at least two of the blackout football men are requested to stand by to assist especially tall individuals to uncurl themselves from the spiral escape. For what would it profit a man if his feet be planted in the cool earth and his head still left in the fire.

For years, many of us who read school papers from other places, have noticed reports of Lyceum Courses given at these various schools and wondered why the S. I. U. has never formulated a place whereby our own students may enjoy and profit by these activities.

At last the Student Council has decided upon a plan that we believe is workable. The plan is to see how many students want this course enough to pledge themselves for the purchase of a ticket. If enough tickets can be sold to finance the enterprise they will start the ball rolling right away.

There is to be no rah, rah, stuff pulled off. It is merely a proposition put up to us and we can take it or leave it, just as we choose. But before we turn it down, I think we should study the situation pretty carefully. We are located here several miles from the nearest real large city. Hence many of us miss many of the better things in the way of entertainment that people have in the larger places. And as O. E. Pence, Y. M. C. A. secretary, has often said, a college education means more than merely four years of serious study of books.

So what do you say, fellow students? Let's get behind this thing and put it over.

Y. W. C. A.

Last Tuesday afternoon at 2:30 the Y. W. C. A. had its regular meeting. Mr. Boomer spoke to the girls on the subject of "Prayer," in which he brought out the facts that all people have always prayed, and always will pray. That every person at some time in some way acknowledge a higher power than himself, and this in itself is prayer.

The Y. W. C. A. is now fully organized. There is a place for every girl, have you found your place? The Y. W. C. A. is a pebble dropped in our school life here. And we want it to ripple and circle on our and out through the year.

Until every girl on the campus, every one, both far and near, shall feel its refining influence, its help, its love, and good cheer.

Come, make the circles grow larger. Get in your place and stay. You can help yourself and help others if you work through the Y. W. C. A.

Mrs. Lora Street visited her sister, Halene, last week-end. Miss Street is teaching in the Carterville High School this year.

(Continued from Page 1)

The Maroons recored and Hunter advanced the ball to the 76 yard line. The crafty little ploy then began an aerial attack that carried the ball well up into the Cape territory. Hale to Hansen 35. Sequent plays advanced the ball until the Cape defense tightened up and Hunter punted. The Maroon defense held and the Cape was forced to punt in return. Hale tore through the line for 10, Hunter 3, Hale 5. A fumble here cost the Normal possession of the ball. The Missourians punted out to mid field. An exchange of punts, a hard tackle by McIlrath and the work of Hansen on end characterized the remaining plays of the quarter. Chuck Goforth was injured and was compelled to withdraw in the last few minutes of the quarter.

The quarter began with the ball in Cape's possession on the Normal's 26 yard line. Find the Normal defense impenetrable, the Cape quarter attempted a drop kick but failed. Hunter punted out and the Cape began an overhead attack that threatened the Normal goal. However, the Maroon's backs broke up three attempts and the pedagogics booth the oval out to Hunter. Moore intercepted a pass and Big Hale intercepted one of the Cape's in return. Hale to Bix 5, Hale punted and the Normal's 35 yard line. Hunter kicked the ball and the pedagogics brought the oval on. The Normal's 25 yard line. Hunter's kick was penalized 5 yards. The Cape was penalized 15. Myers to Hamon 39 yards. A plunge netted 5 and the Cape was within 20 yards of the Normal goal. Attempts at both ends and the line proved fruitless and the defense attempted a drop kick, which failed. The ball was brought out to the 20 yard line and Hunter elected to kick out of danger. The line failed to hold Hamon, who blocked the kick and the ball rolled for the goal. Hunter did his best to retrieve but the bouncing ball eluded him and Mathis covered for the Cape's first score. Fishel blocked the trial for goal. Score 6-0.

Ham kicked off and immediately recovered a fumble. Ham rippled through the line for 16. Bix 6, Ham 4. Bix 2. Ham 2. This attack had carried the ball well within striking distance of the goal, but as may be seen from the diminishing amount of Verizon gained on the plays that the defense was settling down. Unable to get by Ham boosted the oval through the bars from placement, counting three points. The half was ended three seconds after Ham's kick. Score 6-3.

Cox and Fishel were playing at great game at tackle. Ben Lee, who replaced Hale, played a good game of half. Original lineup for second half.

Henson recovered a fumble and the Normal team began her first offensive of the last half. Plunges worked the ball up within 25 yards of the goal but the Maroons were unable to break through for gains. Bevis replaced Henderson. Bevis was called back to drop kick. His attempt from about the 35 yard line rode far enough that it directed the Cape kicked out to the 50 yard line and held the Normal offense. Bevis intercepted a forward pass at this point and raced 50 yards for a touchdown. Fishel blocked the try for point. Score 12-3.

An exchange of punts and a 15 yard gain by Hunter finished the quarter. Score 12-3.

A series of punting plunges opened the quarter, the Cape defense, however, broke through and Hunter punted out of the Normal territory. Penalties and fumble showed the Cape back upon her own goal line. The Normal gained possession of the ball on the 20 yard line. Plunges by Hale and Goforth and a pass to Hunter put the ball on Cape's 5 yard line. The Cape's attack was unable to penetrate the fighting pedagog's line and she was forced to surrender the ball on the two yard line. The Cape kicked out from back of her own goal line. Hunter advanced the ball to the 50 yard line. On the next play Hale shot a pass to Hunter over left end and the quarterback whipped, twisted and tore himself from his tacklers and rolled over the goal line for the try for point. The try for point was broken up and the game ended within two seconds. Final score 12-9.

FORMER GIRARDEAU

GRINDER IS HERE

(Taken from the Southwest Missouri)

Cape Girardeau football fans attending the 'Carondelet-Teachers' College clash at Fairground Park this afternoon had the opportunity of seeing Coach Hunter, quarterback on the visiting eleven and a former pupil of Central high school, in action. Hunter is a brother of Mrs. Julien Bevans, former student of the Teachers' College and a daughter-in-law of Dr. and Mrs. J. S. Bevans. Hunter is said to be one of the fastest men on the Carondele eleven and a coming player.

DON'T LET YOUR GIRL SEE THIS

An employee of the Marathon Paper Mills Company, tired of hearing men boast of their importance, dug up the fact according to scientific investigation, the ingredients of a man, plus water, are as follows:

Fat enough for seven bars of soap.

Iron enough for a medium-sized nail.

Sugar enough to fill a shaker.

Lime enough to whiten a chicken-coop.

Phosphorous enough to make 2000 match tips.

Magnesium enough for a dose of magnesium.

Potassium enough to explode a toy cannon.

Sulphur enough to rid a dog of fleas.

This whole collection is worth $5 cents, and that in a day when things are three times as high as they used to be.

FROM CHARLESTON

(Taken from the Teachers' College News.)

Our returning heroes report the best of treatment in the downtown city. Arriving in Carbondale Thursday evening they were shoved right into a pop demonstration and a few of them were forced to tell the crowd what a terrible walloping the home folks would give them, administered to their pets on the gridiron in the following afternoon. Both teams were seated on the platform at the school exercises Friday morning, and after the first part of the period had been used as per custom the remainder of the program was turned over to the cheer leader. He, in turn, took advantage of the Charleston men’s helplessness, and forced two or three of them to say a song to the S. I. N. U. students how badly their outfit was going to be walloped in the afternoon. A 36-piece student band added the finishing touch to a real live-wire “pop-em-up” meeting.

THE WAIL

I try and try to concentrate

From morning until night.

I try hard to redeem myself

From a sad and mournful plight.

I try to make the teacher think

That I know my lesson well

But I’m always glad to leave the class.

At the first song of the bell,

I study hard when she looks,

I feed her lots of bunk.

But when the end of the term comes round

I’m listed as a Flunk.

C. M. B.

Miss Jane Motech, who has been out of school because of a severe cold, is in school again. Jane’s theory is that vacations are fine if there’s no work to be made up on account of them.

SENIOR NOTES

The prospects for a bumper Senior class this year are the best that we have ever had. From the very first day every Senior has had their shoulder to the wheel and been pushing with might and main. The second week of the school the class organized and Paul Chancé was elected president. Paul is just the man for the job because he has plenty of “grouch” behind him, and just the fellow that will lead the class to success. The first order for rings and pins has been made and they should arrive in about two or three weeks. The sweater committee is also busy and no doubt before cold weather the campus will be decorated with maroon sweaters. Seniors, let’s get behind every worth while proposition and make the class of 23 the best in the history of S. I. N. U.

VOICE OF THE STUDENTS

Dear Editor:

It’s a Sad, Sad Case

Speaking about beaus, let me tell you this.

That I have a beau who’s afraid to kiss me!

He talks all the time we’re out together.

He swears he’s a fool over the kind of weather;

He raves about school and he raves about Dad.

Until he has me most ravin’ mad.

And all the time I’m trying to entice him into saying something that’s really nice.

He never treats me the least bit rough,

He doesn’t believe in this caveman stuff.

Never says a word about the state of bliss,

Or that he’d be in heaven if he stole a kiss.

Now come to my aid, Dear Editor, old man.

And help me out just as soon as you can.

Just tell me how I can give him a shove,

And let him know that he’s really in love.

I’M NUTT.

THE EGYPTIAN

The Egyptian:

I am in receipt of a copy of the Egyptian. I am impressed with the attractiveness of the first number, purely because of the various well-defined departments, which seem to be fairly well under way.

In order to cooperate properly, the student body must as a whole subscribe to the weekly, and various departments, which are essential to the progress of a paper could be added. I am of the opinion, that in the near future, you will have more responses from the large student body which you now have, than heretofore.

An all-male notices with an immeasurable degree of interest the activities of every club and especially the ones with which he has had an active interest.

The plan of printing each week an original cartoon should meet with everyone’s approval since a cartoon, altho sometimes improperly drawn, will attract the attention, convey as much meaning and afford as much amusement, to the average reader, as a number of well selected articles.

The Egyptian is bigger and better and I will always look forward to it.

DEWEY BRUSH.

SILK, WOOL OR COTTON—IT FITS!

Whether dainty silk knit or soft warm wool, Athena Underwear is trim and shapely. Whatever the style, it has the extra width through bust and hips, the graceful neckline sloping to the front, the fitted seat that always stays closed. Unlike ordinary underwear, Athena follows every curve of the figure closely, yet naturally. It assures, at the same time, perfectly fitting gowns and an unusually delightful feeling of easy freedom. Yet it costs no more!

ATHENA UNDERWEAR

For Women and Children

Ask the saleswoman to lay out for you a suit of Athena as shown in the diagram. Note the seven distinctive Athena features that give the whole garment such unusual shapeliness. Then you will understand why it really fits. Athena may be had in all styles and weights, in knit fabrics.

TO SERVE—you as you expect to be served—courteously, promptly, efficiently, pleasantly.

TO RETURN—your money whenever you want it, without quibbling or delay.

TO SHOW—no favoritism. To have one price for all—a fair price, plainly marked on every article.

TO HAVE—what you want when you want it, at your price.

TO PROTECT—your interest first, last and always.

JOHNSON, VANCIL, TAYLOR CO.
