Swine Day Opens Today

The Sixth Annual Swine Day, sponsored by the Department of Animal Industries, is being held today in Muckelroy Auditorium.

H. H. Butts, Acting Chairman, Department of Animal Industries, and H. W. Miller, Assistant Professor, Department of Animal Industries, are co-chairmen for the event.

Highlights of the day will be various talks on pork production and swine diseases. Selecting breeding stock and swine management will also be discussed.

There will be a demonstration of live hog loin-eye measurement by R. K. Leavitt and William Moody, Department of Animal Husbandry, University of Missouri.

Guest speakers include A. H. Jensen, Department of Animal Science, University of Illinois, R. M. Thornton, American Cyanamid Company, Edgar Urevig, Farm Manager of Tilley Farms, Lawlsville, Minnesota, and R. K. Leavitt and William Moody, Department of Animal Husbandry, University of Missouri.

Music Man To Be Musical Summer Musical

Meredith Wilson's lively Broadway and movie hit, "Music Man," will be staged at SIU as the Opera Workshop's annual summer attraction.

William Taylor, director of the Summer Opera Workshop, said the production probably will be staged again in the fall for SIU students returning from summer vacation.

The performances will be the nights of Aug. 2, 3 and 4, Taylor said.

Professor Kuo Warns:
Red China Holds Key To UN

The future of the United Nations may depend on whether the UN takes a realistic stand on the issue of admitting Communist China into the organization, Ping-chia Kuo said in his keynote address to the Model United Nations.

An estimated 300 people attended the Friday night speech by Kuo, an SIU history professor and a former representative of the Nationalist Chinese government.

The United Nations has voted every year, for more than a decade, to keep Communist China out of the organization, Kuo said, "because her policies run contrary to the principles of the Charter, she is considered unfit to be a member of the United Nations."

"The position of the United Nations is based on strong moral grounds," he emphasized. "Under the circumstances," he added, "the denial of admission may serve a moral purpose but no more.

"We must not compromise our principles, but also we must face the realities of the world we live in," Kuo said, "We cannot pretend that Communist China does not exist."

Kuo also discussed what he termed the other two major problems confronting the United Nations—the cold war between the United States and Russia and the rise of new independent nations of Africa and Asia.

Illustrating a hope for the future of the UN, Kuo said that "having watched numerous crises rise and recede in the past 17 years, I begin to develop a feeling that mankind will learn to live with many more crises for many more years to come, and gradually accept this state of affairs as a new norm for peace."

Kuo cited the settlement of the Congo crisis as "without doubt a milestone of progress" for the UN. "Until last Christmas," he added, "The (Continued On Page 5)

Student Council Conducting Study To Solve This Question

The activity fee which all undergraduate students pay each quarter presently stands just shy of $10.

When the Student Council completes its activity fee study, however, the proposal the students will find the price has jumped a few dollars.

BB Team To Play Indiana Next Year

SIU will open its 1963-64 basketball season next week, Nov. 30 against Indiana University.

Indiana is the first Big Ten team to be scheduled by Southern Illinois in its basketball history. The game will be played at Bloomington (Ind.).

Other teams SIU will face include Evansville and Ohio University.

"The purpose of the open hearings is to allow the fiscal advisors to explain their planned programs, if any are anticipated," Graham said.

This way, Graham said, "we will sift of all have the opportunity to look into programs and assess their value insofar as the student is concerned."

"It may be that the cost of some programs will be so high that we will have to find other means of financing them, rather than overusing the activity fees."

Graham said that he believed this method of approaching the problem was better than concentrating the Student Council on the issue.

The old way of asking for money, Graham said, "was to request more than you need, knowing that you'll probably get the request cut down to what you can use."

The public hearings with fiscal advisors of such agencies as health service, cultural activities and athletics, were open to the public, and will involve a detailed explanation of proposed programs as well as the costs.

The first of the series of hearings was held last night. At that time the Student Rights and Responsibilities program, the budget and fund requests from the Egyptian and the Oberlak.}

'Tennessee Williams' Brother Here

Dakin Williams, attorney, will speak on his brother, playwright Tennessee Williams, at 7:30 p.m. Thursday in the Morris Library Auditorium.

He talk, "An Evening With Tennessee Williams," is open to the public. The program will include personal reflections, a reading from Glass Menagerie, and a discussion on Williams' little known poetry. Dakin Williams, assistant U.S. Attorney for the Eastern District of Illinois, is a native of Belleville, Ill., and a former air force career man.

The younger brother of Tennessee Williams, he has been presenting "An Evening in Missouri and Illinois" during recent weeks.

He is a graduate of Washington University college and law school, and is a graduate of the Harvard Graduate School of Business Administration.

Tennessee Williams, perhaps America's most controversial contemporary playwright, is frequently represented on Broadway with "The Match Doesn't Stop Here Anymore."

The play drew slightly mixed reviews from New York drama critics who were at odds among themselves over the meaning of the play.

The consensus seemed to be that it was a religious allegory.

Campus Bus May Not Continue Unless Shown - Fenwick

The Student Council appropriated $50 to send two representatives to the Domestic Peace Corps in Washington, D.C.

Student President Bill Fenwick and National Student Association Coordinator Dale Klaus will attend the conference.

In other action at Thursday's meeting, Ron Hunt, Thompson Point senator, moved the appointment of Chuck Novak as elections commissioner and Marilyn Piper as the Judicial Board member.

Two other Judicial Board members were brought up for immediate consideration and approved. They were George Kuehn and Sarah Moore.

The Judicial Board now has nine members, but has yet to hold its first regular meeting this quarter.

Repeating on the bus service to Southern Hills, Fenwick said a bus is presently picking up students there, and is also picking up town students.

He said the bus may not continue to circle the campus unless its need is proven. He asked George Graham, married student senator, to contact Southern HIll students and find out what hours a bus service is most needed.

Council Advisor Irving Kowarsky told the Council that he was concerned with the recent publicity dealing with the effectiveness of the Council.

He indicated that much of the criticism was correct, and said he was busy working with the Council on constitutional amendments.

"As long as we're concerned with constitutional change is perhaps we should have a committee of faculty and students work on the Council's efficiency," Kowarsky said.

He said the Council should delegate authority so that minor items wouldn't have to take up the Council's time.

Soviets Warn Against U.S. Tests
Geneva Talks Open Pessimistically

MOSCOW

The Soviet Union declared Monday that U.S. resumption of underground nuclear tests "an aria prospects of an East-West test ban treaty and "gives impetus to a new nuclear arms race." The statement was issued by Tass, the Soviet news agency, on the eve of today's resumption of negotiations at Geneva where pessimism engulfed the delegates.

Delegates of smaller countries at the disarmament conference privately blamed their pessimism on the Soviet Union, the United States and France, the latter for boycotting Geneva, U.S. officials noted that the Russians sent a high-level team to Geneva, indicating an interest in serious negotiations.

The American and British want the Soviet Union to agree to eight to 10 on-site inspections a year and to accept seven to 10 black boxes or automatic seismic detectors as safeguards against secret testing. The Soviets insist on allowing only two or three inspections and have offered to take three black boxes.

Ruska had refused to accept the principle of on-site inspections for a year and a half.

It has always been assumed that if a treaty was obtained the United States would talk France into accepting it and Soviet Union would get Communist China's agreement. Neither assumption seems particularly valid now.

NEW YORK

Jack Molinas, a "master fixer" of college basketball games, was Monday sentenced to serve 10 to 15 years in prison for his basketball bribery.

Molinas, a former Columbia University basketball star who was kicked out of the National Basketball Association for betting on his team, was convicted on five charges.

BEIRUT, Lebanon

The Baghdad battle between Iraq revolutionary troops and Communist holdouts died down Monday as the United States recognized the new government and extended best wishes for success and prosperity.

Recognition came three days after an anti-Communist revolt overthrew the five-year regime of Premier Abdel Karim Kassem. Transitional president, ex-Col. Abdul Salem Mohammed Aref, was quoted saying resistance has ended and stability now prevails in Baghdad.

WASHINGTON

A decision on locating a $4 million industry in Southern Illinois is expected soon, according to Rep. Kenneth J. Gray, D-III.

Two major companies dealing in corrugated box and plastic industries are considering sites in Cairo and in the Herrin-Marion area.

WEATHER FORECAST

Cloudiness with little temperature change and a high in the 20s is today's weather forecast.

The five-day forecast says temperatures in Illinois will range 8 to 15 degrees colder than normal with a trend to toward cooler air. There will be more inches of snowfall were indicated, but the snow may change to rain in southern counties.

Madame Butterfly Performance Tops WSUI-TV Listings Today

Marjorie Lawrence and students from her Opera Workshop will present excerpts from Puccini's opera "Madame Butterfly" on WSUI-TV's "Moments in Music" program tonight at 8 o'clock.

The Workshop will present two performances of the operas this weekend in Shryock Auditorium.

Other television highlights today and tomorrow include:

Tuesday 7:30 p.m.

Time for Living presents "Mental Outlook and Adjustment To Changes." Problems faced by older persons are discussed and dramatized.

Edwardsville Zone Decision

A countywide zoning ordinance, prepared by Madison County's zoning commission, may be considered at the Madison County Board meeting on Feb. 20. Then again it may not.

If the ordinance is not considered at the February meeting, the measure probably will be brought up at the April session of the Board. The outcome of the ordinance, whether voted on in February or April, is in doubt, sources said, and a margin of one or two votes on the county board may decide the issue.

The chairman of Madison County supervisors board has said that the zoning ordinance has not been put on the Feb. 20 agenda. Some supervisors, it has been predicted, want to play the matter cautious and put off the vote until after the April elections.

About half of Madison County's 49 member board of supervisors are to be chosen in an April election.

According to estimates, if the Madison County Board should approve the ordinance at its February meeting, SIU could advertise for bids and make contract awards in three months. This would mean work on the campus might be underway this summer. Approval of the ordinance in April would mean work probably would not be underway until fall.

What happens if the county board turns down zoning? One solution would be for SIU to petition to annex the campus to Edwardsville.
Theatrical designer Darwin Payne shares his position with CBS Television in New York City, has some advice which anyone contemplating a career in professional theatre might heed.

"It's pretty rough out there. Not a great many people realize how tough it is," the two-time graduate of Southern said in an interview between work on the sets and technical direction of "Madame Butterfly.""Besides a surplus of people and a scarcity of jobs in many areas of theatre, according to Payne, "sometimes people get jobs on bases other than talent.

"If they want to try it, they owe it to themselves to try.""Payne believes a very bare start for someone wanting a start in theatre, the 30's, "It's good to work in various places and types of jobs. Theatre is such a wide place."

Payne did his first professional stock work in Maine prior to earning his bachelor's degree here in 1954. In 1955 he received his master's in theatre at the University of Southern Maine. Then, he went back to Carbondale for the school year.

Theatre is not the type of profession where one expects to find continuous employment. Payne uses words like "nomadic" and "wanderlust" to describe the theatrical life—for some.

Others, he quickly points out, settle down on a college campus and are happy.

"I've never worked anywhere where I didn't get something valuable out of it," he says.

For actors especially, getting a start is rough, according to Payne. The technical area he feels, is perhaps somewhat easier to break into.

The biggest trouble in New York is more qualified people than jobs and a tight control over jobs exercised by unions and guilds.

United Scenic Artists guild, for example, controls work on all stage property in theatres and television studios. A stiff examination—which costs $500 to take—governs membership in the guild. Payne hopes to take the exam this spring.

The designer's current assignment is staging and scene design for the Opera Workshop production of "Madame Butterfly." Feb. 16 and 17.

While it is a classic, "Madame Butterfly" is less conventional than most operas and "should stand on its own feet as a drama," Payne says. In fact, Giacomo Puccini wrote the opera from a play.

In other words, there will be acting as well as singing. The workshop's goal is "to make it as natural as possible so people will get caught up in the story."

Council Committee To Hear
Music Department Fund Request

Public hearings on the needs of the SIU Music Department will be held at 6:30 p.m. to night in Room C of the University Center.

Kay Woodruff of the Council's student welfare committee will conduct the hearing which is part of the Council's activity fee study.

The purpose of the meeting to determine whether SIU's musical needs are being adequately filled by the programs of its department.

Earlier, the Music Department sent the Council its recommendations, which includes the creation of a woman's choir and expansion of the music library.

All program recommendations which involve outlays of student activity fee are first sent to the Student Council.

After the Council completes its current study, it may add its own recommendations before sending the bulk proposals and recommendations to the SIU administration.

A three-hour General Assembly was held Saturday to acquaint students with international policy questions. In the mock action, delegates voted against controlled nuclear disarmament and also against a resolution calling for independence for all colonial lands.

Approved at the session was a world economic development program to promote a reasonable standard of living for all people, with each nation having an average individual yearly income of more than $300 asked to contribute one per cent of its gross national income to the development agency.

The New Illinois Board of Higher Education makes the process of approving university budgets a bit more difficult, according to Edwin C. Smalley, state's representative for Southern Illinois University. He said the new board is expected to function more efficiently because the board will meet once a year.

He reported that the board would be making its first trip to Southern Illinois University on April 25. He said it was expected that the board would narrow down the selection of new officers at that time.

The board did not specify the precise amounts which each university would receive for each function. The need for this information during the budget is essential at that time so that the university can determine the exact amount recommended by the board for each category. It may prove dangerous for the university to base its budget on any function allocations to any great extent.

Lincoln's Domestic Record

Lincoln's name is in print and in mind of this country and times like these. During the whole gestation of this great man Lincoln was and is known as a statesman, a great leader, a great orator. In all the literature which has been written on Lincoln, he is held up as a model for all Americans to follow his example.

Ladies and Gentlemen: This is the season when we pay tribute to Abraham Lincoln each year. He was of course a great reformer, the Father of the Civil War. He saved the Union and it is no part of the Seccession War. He put the same thing that the union of the states might raise funds to maintain it.

Cagers Polish Off Two More Foes, Face Cape Team Wednesday Night

Harold Hood, Paul Henry and Jack Schiltz were the individual standouts last weekend when SIU extended its current unbeaten basketball streak to four games by beating Central State of Ohio and Austin Peay.

Southern travels to Cape Girardeau Wednesday night for a game against once-beaten Southeast Missouri. The bus going to the game will leave the University Center at 5 o'clock instead of 5:30.

Face Swimmers To Victory

"Old records like old men should be thrown out," mused Walt Rodgers after watching Jack Schiltz and Ray Padovan break records to SIU's surprisingly easy 67-27 swimming victory over North Central.

Rodgers is a former SIU swimming team graduate assistant in history.

Schiltz won the 200-yard butterfly in 2:03.3 breaking the previous SIU record of 2:07 set by Rodgers. Schiltz's time also broke the pool record of 2:05.7 set in 1961 by Indiana.

Padovan lowered his own 200-yard freestyle relay record of 1:50.8 to 1:50. His new time fell five-tenths of a second off freshman Thad McAneney's 1:49.5 pool record time.

SIU won nine of the 11 events. North Central's only first place came in the 200-yard backstroker and 500-yard freestyle events.

Gene Anderson, Ted Petras, Mike Roberts and Schiltz combined talents to win the 400-yard medley relay for SIU which put the Salukis off on the right foot.

After Padovan had broken the previous 200-yard freestyle record, John Fischbeck posted a blue ribbon in the 50-yard freestyle. Ed Moy gave South-

The illegal car was discovered during processing of address changes of the students, officials said.

SIU Gymnasts Blast Navy Pier, 86-25, For 18th Straight Win

In racking up its 18th straight victory—fifth this year—Southern’s gymnastics team trounced Navy Pier, 86-25, last Saturday at Chicago. Southern’s win also marks the 29th straight event which the Salukis have captured, the total for the season tied that on top in 33 of the 35 events this year.

Southern was paced once again by Rusty Mitchell as the defending NCAA tumbling champ took firsts in the free exercise, parallel bar and tumbling events. Mitchell has not lost the tumbling event in dual meet competition this year.

Bruno Klaus contributed 13 points to the Saluki cause by taking a first in the high bar event and adding a second and a third in free exercise and side horse competition. According to Coach Bill Meade, Klaus turned in the “best job of the year” on the horizontal bar.

Other first place winners for SIU were Hugh Blaney, trampoline, Steve Paeternak, parallel bars, and Ehrlich, still rings. Ehrlich turned in one of the most brilliant performances of the meet with an average of 9.5. Larry Bjorkman led the gymnasts in a third with a third in free exercise, and a fourth in the tumbling event for a total of five points.

The Salukis have completely dominated the scoring in all five of its meets this year by compiling a total of 408 points against 155 1/2 points for its opponents.

By rolling up five victories against no defeats, Southern has won by margins of 38, 48 1/2, 41, 64, and 61 points respectively. The largest point spread came at the hands of Ball State two weeks ago as the Salukis completely overwhelmed the Cardinals 88-24. The most points that have been scored against SIU this season has been 39 1/2 by Iowa.

Southern’s final dual meet of the season is against a tough Michigan State squad at East Lansing on Monday night, February 25.

Fire Victim Fined

For Illegal Car

A freshman from Chicago was fined $50 last week for illegal possession of a car. Officials said he was one of the students left homeless by a noon-time house fire two weeks ago.

The illegal car was discovered during processing of address changes of the students, officials said.
