Committee to Evaluate Results
Of Ending Final Exam Week

Verdict to Come
At End of Year
Evaluation of the results of the elimination of the final exam week will begin in the next few days, according to Robert W. MacVicar, vice president for academic affairs.

MacVicar said that while some information obtained may be made public shortly, no final appraisal will be made until the end of the present school year. The new examination schedule is being tried for the full year in order to get a more adequate comparison with the traditional separate examination week, he said.

The results of the new system will be reviewed after faculty members return questionnaires designed to measure changes the new system has brought about.

A random sample of students will also be questioned about the new system. Students not included in the random sample may voluntarily fill in questionnaires which will be available at the Information Desk at the University Center.

All replies will be returned to the Office of the Secretary of the University Faculty by campus mail. No one is asked to give his name.

Any items not covered which the student thinks pertinent may be included as an added comment, MacVicar said.

The semester final examinations was initiated last term after the introduction early in the school year.

According to the new policy, there are no definite hours or time periods set aside for tests at the end of the term. Classes meet as usual up to the final day of the quarter with teachers giving examinations as they deem appropriate.

The purpose of this new system is being carried out by questionnaires prepared by a faculty-student committee selected expressly for this function.

Underage Drinking Stirs Officials

By Larry Lorenz

The advent of winter quarters is stirring old problems in connection with drinking by undergraduate students, and SIU's two educational work teams in Viet Nam are being evacuated by order of President Lyndon B. Johnson.

The two teams have 36 personnel—13 men, 11 women and 12 children. The men will stay in Viet Nam.

The teams are presently doing government contract work in Viet Nam, one in elementary education and the other in vocational-technical education.

Alfred J. Junk, assistant coordinator of the International Program sponsoring the two teams, is in Washington, D.C. He sent word Monday that SIU's team dependents are on their way out of Viet Nam.

According to the telegram, this is merely a precautionary move by the State Department, not something of a critical nature.

The dependents evacuating Viet Nam will have time to take care of all personal business before leaving, he continued.

An examination week will begin in the next few days, according to Robert W. MacVicar, vice president for academic affairs.

MacVicar said that while some information obtained may be made public shortly, no final appraisal will be made until the end of the present school year. The new examination schedule is being tried for the full year in order to get a more adequate comparison with the traditional separate examination week, he said.

The results of the new system will be reviewed after faculty members return questionnaires designed to measure changes the new system has brought about.

A random sample of students will also be questioned about the new system. Students not included in the random sample may voluntarily fill in questionnaires which will be available at the Information Desk at the University Center.

All replies will be returned to the Office of the Secretary of the University Faculty by campus mail. No one is asked to give his name.

Any items not covered which the student thinks pertinent may be included as an added comment, MacVicar said.

Field Trip to Two Agencies
To Open Advertising Week

The SIU chapter of Alpha Delta Sigma, professional advertising fraternity, will begin its participation in Advertising Week today (Monday) with a field trip to two advertising agencies.

Last year, the chapter's participation in Advertising Recognition Week was instrumental in helping the SIU chapter achieve the country's number one ranking.

The week's purpose is to tell the story of advertising in the American way of life. The informative program launched during this Advertising Week will continue throughout the year under the supervision of a joint commission of the Advertising Association of the West and the Advertising Federation of America.

One of the primary purposes of the program is to fight the "Madison Avenue" image of the ad man as created by movies and books.

The theme for the 1965 Advertising Week is, "Should Your Son or Daughter Go into Advertising?"

The SIU ADS chapter will try to make this theme appealing to younger persons, as it works with a slogan, "Should You Go into Advertising?"

The ADS chapter will visit Outer Advertising Co. this morning and D'Arcy Advertising Co. this afternoon for case study presentations of advertising campaigns.

Wednesday will be devoted to an "Honest Look at Advertising" with a session beginning at 2 p.m. in the Agriculture Building Seminar Room. Faculty members from various disciplines will discuss the contributions of advertising to society and the economy.

The Young Democrats will meet at 7:30 p.m. today in the Home Economics Lounge to hear talks by county officers on local government and the significance of the forthcoming local elections.

The Young Democrats, under the leadership of Alice Deming, will discuss the role of the county superintendent of public schools, and Dolmar Ward, Jackson County clerk, will speak.

Wednesday's programs will be held at a reception for Deming and Ward following the meeting.

Today's Weather

Continued cool with possibility of rain, High in low 40s.
Activities

Peace Corps Exam, Variety Tryouts Set

The Peace Corps Examination will be given to all upperclassmen from 8 a.m. to 12 noon in Morris Library Auditorium.

Variety Tryouts for the Theta Xi Variety Show will be held at 6 p.m. in Farr Auditorium at the University School.

The Women's Recreation Association will sponsor house Holmes To Sleuth

On Radio Today

"Reader's Corner," which features readings from the works of great literary masters, will be broadcast at 1 p.m. today on WSIU radio.

Host Walt Richter will select readings from Sherlock Holmes on today's program.

The University Center Service Committee will meet at 6:30 p.m. in Room D of the University Center.

The Women's Recreation Association will sponsor house Holmes To Sleuth on Radio Today.

"Reader's Corner," which features readings from the works of great literary masters, will be broadcast at 1 p.m. today on WSIU radio.

Host Walt Richter will select readings from Sherlock Holmes on today's program.

Other highlights:

10 a.m. Pop Concert: Music presented by Rich Bennett.

1:30 p.m. The Chorus: Performances by famous choirs.

5:30 p.m. News Report: The latest news, weather, and sports.

7 p.m. Storyland: Stories and songs for the younger set. Sondra Schlofer is the hostess.

Basketball at 7 p.m. in the Large Gymnasium.

The International Relations Club will meet at 5:30 p.m. in the Seminar Room of the Agriculture Building.

The Fencing Club will meet at 4:30 p.m. in Room 110 of Old Main.

The Young Democrats will meet at 7:30 p.m. in the Home Economics Lounge.

The General Baptist Organization will meet at 8 p.m. in Room C of the University Center.

The University Center Planning Board Service Committee will meet at 6 p.m. in Room E of the University Center.

The University Center Planning Board Service Committee will meet at 8 p.m. in Room E of the University Center.

A Model United Nations Seminar will be held at 8:30 p.m. in Davis Auditorium of Wham Education Building.

The Campus Judicial Board will meet at 9 p.m. in Room E of the University Center.

The Council for Exceptional Children will meet at 9 p.m. in Room 110 in the Wham Education Building.

The Spring Festival Steering Committee will meet at 9 p.m. in Room D of the University Center.

Newcomers Set Coffee

The University Newcomers Club will hold its annual midwinter coffee at 9:30 a.m. in Room E of the University Center.

The Council for Exceptional Children will meet at 9 p.m. in Room E of the University Center.

Meeting Highlights:

5 p.m.

What's New: More of the old-time circus parade filmed recently in Milwaukee.

7 p.m.

Turn of the Century: The humor of the happy turn-of-the-century years; songs and skits of the age explore what makes a nation laugh.

8 p.m.

New Orleans Jazz: Jelly Roll Morton's family, friends, acquaintances and some jazz authorities who knew the man only through his music, are interviewed.

8:30 p.m.

Eye on the World: "White Mane," a wild stallion, is befriended by a small boy, leading to an exciting chase and a surprise ending.

TV to Visit 'Silver Building'

"Baroysca," the feature on Bold Journey at 7:30 tonight on WSUI-TV, visits one of the old buildings said to have been sheathed in silver by the ancient Indian tribes in the New World.

Other highlights:

8 a.m.

New Orleans Jazz: Jelly Roll Morton's family, friends, acquaintances and some jazz authorities who knew the man only through his music, are interviewed.

Constitutional Conflict: Fairness vs. Freedom

By Robert M. Hutchins

The rules of evidence, systemic technique and a"ventilative," represent the best judgment of the Anglo-Saxon tradition, and the best judgment the jury should or should not give. It is fundamental that the prisoner cannot be convicted because he has a bad character or unpleasant associations. He must be tried for the act for which he has been indicted. He is presumed innocent of the act until he is proved guilty beyond a reasonable doubt.

If the media of mass communication fill the air with tales of the defendant's Hudist past that would be inadmissible at his trial, the exclusion of this testimony by the judge may do the defendant no good. He may be convicted because he is an undesirable citizen and not because he committed the crime with which he is charged.

On the other hand the media of mass communication are supposed to be the watchdog of our liberties. They can and should speak about the effective administration of justice. They should be free to criticize lawyers, police, and courts. They must be free to exercise this right.

In his regard to the individual cases.

Unless the press can demand and obtain all the information there is about an individual case, how can newspapers, television and radio perform the function contemplated by the First Amendment?

England, Scotland and the British Commonwealth countries have stringent rules protecting the defendant. Similar rules appear to be developing in Philadelphia, New Jersey, Massachusetts and in the federal courts. A case is pending in Los Angeles that may wind in the same direction.

I shall report further on these issues in a later column.

Letters to the Editor

'Dante' Ventures Within Library Limbo

Mike Harris

If anxiety is your force, if a carnival feeder feeds your funny bone, and if simply sitting in a frenetic frustration is your favorite frivolity, then you can easily elevate yourself up to the lounge on the third floor of Morris Library.

We, myself and my desire to study, ventured into this world, of an evening recently, splitting out of the elevator onto the third floor, we encountered a small mob, not nebulously placé. We cautiously walked over to one of the two remaining vacant seats. As we sat down, we felt like sitting in the world of 'Dante's Inferno.'

And the world was kissed with the light of the sun; blue, purple, green, brown, ash grey silver and phone black.

There before us in all its capacious capacity was the crinkle of static electricity, the incessant and insidious ding, ding of the evanescent elevator, and the prattle of not-so-private phone conversations.

Also in this cacophonous, we saw things, (myself and my counterpart), study, which converged in a world of secular nudity, not a world of academics. The lounge was analogous to a smoking marathon where十八届 tips dance still clicking a fashion show featuring born into ski panel eyes and suits with non-existent elbows; the Land of Nod where the Forty-Eighters with male and female eyelids doing surreptitious pushups.

Having seen quite enough, too much in fact, desire to study suddenly wore totally blind. So I, as sole survivor, picked up my satchel, one way over my shoulder, buddy, GSA-UU, walked over to the elevator with something similar to delirium tremens, and proceeded to the red button which read---DOWN!

PLOT WITH NEW TWIST

Bolshevik Brainwash

With Beatles Ballads

By G. M. Hoppe

The Rev. Mr. Noebl, a true believer in peace around the world preaching a sermon entitled, "Communism, Hypocrisy and Beatle Music," warned parishioners not to be deceived by the Keynes plan to brainwash the little minds of our little teen-agers with Beatle type music. He told the congregation that with the help of the Reds, the young people would become "sterile, uncreative, non-competitive, and brainwashed youngsters."

WASHINGTON (AP)—American and South Vietnamese warplanes raided bases on North Viet Nam again Monday amid signs of a strike-for-strike policy in the battle against Red guerrillas.

Congressional leaders indicated President Johnson and the National Security Council had decided to answer with air attacks any new Communist attacks on U.S., troops or installations in South Viet Nam.

While the lawmakers would not talk for quotation, this clearly was their understanding after Johnson and his senior advisers got a report from McGeeor Bundy, a presidential aide who returned Sunday night from a special mission to South Viet Nam.

Monday’s second wave of retaliatory action against North Viet Nam left in flames Communist installations in three villages near the southern border.

President Johnson, who has declared the United States seeks no wider war in Viet Nam, vowed that the nation will do anything necessary to preserve freedom.

Johnson, addressing a dozen Boy Scouts at the White House, did not mention South Viet Nam, but he said: “We shall take the challenge, answer any threat, pay any price necessary to preserve freedom.

South Vietnamese propeller planes and U.S. jets carried out Monday’s raid, on the heels of Sunday’s attack by American planes.

North Viet Nam does not talk for quotation. Bundy, dispatched by the White House special assistant for national security affairs.

Bundy, by the way, did say “It is also our judgment that the primary area of conflict is in South Viet Nam. This is also the view of the North Viet namese.”

But he said the task is complicated by the fact that North Viet Nam is the center of authority for guerrilla actions in the South.

Johnson Outlines His Program for Beautiful America

WASHINGTON (AP)—President Johnson called Monday for a new national effort for a beautiful America.

He sent to Congress a special message outlining a many-programs program to preserve and to restore and enhance the beauty of the country.

He said action is needed to prevent a growing population from destroying natural beauty, and to wipe out ugly scars created by surface mining and other causes.

Congressional reaction was along the same general lines, that the principles advocated are sound but cost and other factors must be examined.

The program ranges from tighter federal controls to curb air and water pollution to screening from view auto junkyards along highways.

It requests more parks and recreational facilities, hiking trails, historical sites, and beautification of cities.

An administration spokesman said the seven-day mission, which began in Saigon Monday, was only a beginning. It would cost about a million dollars a year.

American soldiers were killed and more than 100 wounded. Communist forces attacked Soc Trang, 20 miles south of Saigon Sunday night. Fifteen heavy mortar shells were lobbed into the U.S. installation, but there was no damage and no casualties were reported.

Bundy told reporters there “is no question that Americans in South Viet Nam are flagging or limping.”

But he would not discuss the possibility of future strikes against North Viet Nam.

Bundy did say “It is also our judgment that the primary area of conflict is in South Viet Nam. This is also the view of the North Viet namese.”

He said the task is complicated by the fact that North Viet Nam is the center of authority for guerrilla actions in the South.

The seven-day mission is expected to cost $1 million a year.
Soviets, Red China Warn U.S.

MOSCOW (AP)—The Soviet government said Monday night American air raids on North Vietnam will force it and its allies to take further measures to safeguard the security and to strengthen the defense capability of the democratic republic of North Viet Nam.

"No one should doubt that the Soviet Union will do this, that the Soviet people will fulfill its international duty to the fraternal socialist country," a government statement said.

Meanwhile, Red China coupled a pledge of support for Communist North Viet Nam with a threat:

"The U.S. imperialists must understand the day you extend the aggressive war will be the day you hoist into the grave.

The Soviet government, competing with Peking for friends and influence in South-East Asia, also condemned the air strikes against Hong Kong. Moscow, "The aggressive war against Hong Kong is "fraught with serious complications" for which the United States of America will bear full responsibility."

The Soviet leader, who pledged Soviet aid to North Viet Nam in speech a few hours before Sunday's air strike, said the Soviet Union, Red China and North Viet Nam do not want war, but it is necessary to "protect the might and defensive capacity" of Communist nations in South-East Asia. Moscow, the government newspaper Izvestia and Radio Mos- cow said the Russian people belatedly of Kosygin's promise of help for the North Vietnamese.

"The aggressive actions of the United States against the fraternal people of the Democratic Republic of Viet Nam provoke deep indignation of all Soviet people," Izvestia said. "It is necessary to put an end to the dangerous provocations."

Reaction elsewhere in the American-South Vietnamese raids ranged from approval, through neutrality caution, to notes of outrage, ordinarily following cold war opinions. Britain, Australia, Thailand, and Nationalist China were among the first to line up with the Johnson administration's opinion that the air strikes were an essential retaliation for aggression from the North.

Predictably, the most virile demonstrations were voiced in Hanoi and Peking. The outcry was similar to that in the Gulf of Tonkin crisis last August, when U.S. naval planes raided North Vietnamese bases in retaliation for attacks on American destroyers.

AFTER ATTACK—Only noble remains of these helicopters at Camp Halloway in Pliku, about 240 miles north of Saigon, after a Viet Cong Mor-
tar attack. Eighteen U.S. Army copters were damaged or destroyed. Eight Americans were killed and more than 100 wounded. (AP Wirephoto)

Negroes Boycott Voting List; 57 Arrested in Demonstration

SELM ALA, Ala. (AP)—Negroes boycotting a voter registration list provided at their own request demonstrated at the courthouse, Monday night and 57 were arrested, including the Rev. James Bevel.

Bevel, an associate of the Rev. Martin Luther King Jr., was taken into custody by Sheriff James G. Clark when he refused to leave the courthouse and was shoved off the sidewalk.

Two white men identified as ministers also were arrested. Negro leaders had asked Friday that the Dallas County Voter Registration Board start taking names immediately of prospective voters so they would have priority when the board meets again Feb. 15 to register those who can qualify.

Board members complied with the request Monday, but Bevel then said the Negro leaders and their followers had changed their minds and would not sign the voting list. He said it amounted to racial discrimination because white voters already registered did not have to follow that procedure.

As the voter registration campaign demanding equal rights continued in Selma, a drive spearheaded by King was developing in Montgomery, a developing in Montgomery.

Montgomery Negroes say they will march to the courthouse Tuesday to register and county officials have promised to handle as many applications as possible.

King was to fly to Washington for a conference Tuesday with Vice President Hubert H. Humphrey and Attorney General-designate Nicholas Katzenbach to discuss possible federal voter legislation.

House Votes to Give President Free Hand

WASHINGTON (AP)—The House, bowing to an appeal from President Johnson, voted today to give him a free hand to continue or curtail surplus food shipments to the United Arab Republic. It declined to bind its members of a Senate-House conference committee to stick to the positions taken originally by the House on Jan. 26.

Airliner Plunges Into Icy Atlantic

NEW YORK (AP)—An Eastern Airlines four-engine airliner with 84 persons aboard exploded and crashed into the icy Atlantic Ocean Monday night, minutes after takeoff from Kennedy Airport. There was no trace of survivors despite a huge air-rescue mission.

A mass of flames marked the spot where the plane struck the surface of the sea off the south shore of Long Island.

A Coast Guardman in a look-out tower reported seeing the plane explode in the air. His observation was confirmed by a Pan American World Airways crew whose plane was nearby.

The flight originated in Boston, After a stop at New York, it left at 6:32 p.m. (EST) for Richmond, Va., Raleigh, N.C., Charlotte, N.C., Greenville, S.C., Spartanburg, S.C., and Atlanta.

The plane, an Eastern Airlines 707, was flying at 37,000 feet when it exploded 15 miles east of New York City. It was en route to San Juan, Puerto Rico.

The flight was carrying 74 passengers and 10 crew members, none of them known to be Mexican or Canadian. The plane was an official visit of 1965 to San Juan was to have been made by Mrs. Lyndon B. Johnson, wife of the president.

The explosion was described by a Coast Guardsman as one that seemed to have come from a bomb.
Dean Clark to Plan Meetings Of College Teachers’ Society

Elmer J. Clark, dean of the College of Education, is in charge of program arrangements for the annual meeting of the National Society of College Teachers, which will take place at the Plan A-A lecture hall at 3 p.m. Wednesday at the Plan A House, 801 S. Forest Ave.

The topic of his discussion is "Of Trees and Butterflies—Reminiscence of a Naturalist." Anyone interested is invited.

College Teachers of Education which opens today in Chicago. Clark is vice president of the society, which promotes the teaching of education in universities and colleges. The conference will last through Saturday.

Three other SIU professors will participate in the meetings. They are Arthur E. Lean, professor of administration and supervision, George S. Counts, professor of education, and Ralph G. Gallington, professor of industrial education.

Geographers Plan Billion-Dollar Lake

SIU geographers have unveiled a plan to build the nation’s largest man-made lakes among the Mississippi River, south of St. Louis.

The billion-dollar proposal, they feel, would assure this region’s water needs for years to come and revolutionize its economy.

The project would call for dams across the Mississippi at Thebes and across the old bend of the river at Cape Girardeau. The dams, built 400 feet above sea level, would flood 125-mile-long, 700-square-mile area running north to St. Louis.

Navigational locks would be built for barge traffic. The lake would turn Murphysboro, Carbondale and Herrin into lake ports, and narrow fingers of the lake would reach a number of other area communities.

Several area towns would have been abandoned, and large areas of bottom land would be permanently flooded. The proposal was presented to the Association of American Geographers and to the Mississippi Valley Association early this year, but first public announcement was made last weekend at the annual meeting of the American Geographical Society.

Robert A. Harper, chairman of the Department of Geography, Frank H. Thomas, associate professor of geography, and Theodore H. Schmidde, assistant professor of geography, worked on the proposal, which was prepared by the Mississippi Valley Investigation unit early this year, but first public announcement was made last weekend at the meeting of the Mississippi Valley Association in St. Louis.

The proposal calls for dams at Thebes, with a projected capacity of 1.5 million acre-feet, and at Cape Girardeau. The dams, built for barge traffic, would raise the water level 125 miles above sea level, creating a 700-square-mile lake.

The lake would provide opportunities for recreation, hunting, fishing, boating, swimming and other water activities. It would also serve as a source of hydroelectric power, adding to the region’s economic growth.

The geographers feel their proposal would be undeniably of national importance and would create a new waterway for commerce.

Besides the benefits equal to these lakes, the Thebes project would add greatly to southern Illinois water supply, provide power for large hydroelectric generating stations, create direct access to water routes for southern Illinois industry and provide a shoreline attractive for many home sites and recreational areas.

The outmigration of area men which has taken place in the past three decades could be reversed once and for all, the proposal’s backers say, and the area put on the road to long-overdue success.

Obstacles to implementing a project like Thebes Lake are more political than financial, according to the geographers. Tremendous as the project seems, it is physically and financially well within the realm of possibility.

The real problem, they feel, would be obtaining approval of the governments of Illinois, Missouri and Arkansas, plus that of all the local agencies within the area and the many private interests.

Student’s Paper Wins $25 Award

Top honors have been awarded to Larry R. Hawf for his paper presented at the annual meeting of the Association of Southern Agricultural Workers, Plant Physiology Section, in Dallas, Texas, recently.

Hawf is a graduate assistant in the Department of Botany. The $25 award was given for Hawf’s presentation and paper on “Upstate and Translocation of Zinc in Bush Bean Plants.”

Nine graduate students were entered in the competition. Hawf is the son of Mr. and Mrs. Burrel Hawf, Mt. Carmel, Ill. He obtained his bachelor’s degree in zoology from SIU last year.

2 Students Lose Auto Privileges

Two students have been put on disciplinary probation through the spring quarter in connection with vehicle violations. Both also lost their motor vehicle privileges.

Gerald Lee Lett, 20, a freshman from Normal was disciplined for possessing an automatic pistol. Lett was suspended for one year. Mrs. Burrel Hawf, Mt. Carmel, Ill. He obtained his bachelor’s degree in zoology from SIU last year.

Gerald Lee Lett, 20, a freshman from Normal was disciplined for possessing an automatic pistol. Lett was suspended for one year. He was assessed $50.

Fred A. Love, 20, a sophomore from Canton has been arrested for reckless driving.

THE...
Southern to Publish Illinois Plant Studies

Robert H. Mohlenbrock Jr., acting chairman of the Department of Botany, is author and editor of a four-volume series of books containing detailed descriptions and drawings of every plant found in the state.

Mohlenbrock said the series, "The Illustrated Flora of Illinois," will be published by the SIU Press. The first book of the series is expected soon, with as many as 33 more following.

He will write about half the series. He will edit the remainder. Texts of the first seven volumes are nearing completion, with five artists now at work on the drawings. Mohlenbrock said the series will mark the first attempt in any state to compile a complete inventory of plant life. At least 10,000 different plant species are found in Illinois, probably a great many more.

In addition to the usual descriptions, the books will contain maps showing the range of each plant within the state, information on its usual habitat and unusual characteristics. Also will be detailed in separate drawings, Mohlenbrock said, other IU plant species and grayscale, which have collected thousands of specimen in field trips over the state. Material also has been gathered from the natural history museums, botanical gardens and other facilities throughout the country.

Some plants believed previously unknown to science have been found, Mohlenbrock said, the first Burns said, work by a colleague on this country and several previously unknown to Illinois. Three of around 10 volumes are now covered at the Pine Hills Field Station, an SIU research area 35 miles southwest of Carbondale.

An editorial advisory board, including some of the nation's top botanists, has been named to work with Mohlenbrock on the gigantic undertaking.

Board members and their special botanical fields include Gerald W. Prescott, Michigan State University, algae; Constantine J. Alexopoulos, University of Texas, fungi; Aaron J. Sharp, University of Tennessee, Bryophytes; Bolts M. Tryon Jr., Gray Herbarium, Cambridge, mosses; and Robert Thorne, Rancho Santa Ana Botanical Garden, Claremont, Calif., flowering plants.

Mohlenbrock said the "Flora" series not only will add to the botanical knowledge of Illinois, but may well serve as a model for similar undertakings in other states. He said it should prove of value to botanists around the world.

Morris Will Lead SIU Group At Illinois Lincoln Academy

SIU will have five representatives at the annual convocation and installation of members of the Lincoln Academy of Illinois Thursday at the Chicago Historical Society.

Representatives of SIU will be President Delvy W. Morris, Oliver P. Kolstoe, chairman of the Department of Special Education; Robert E. Mueller, chairman of the Department of Music; Archibald McLeod, chairman of the Department of English; and W. J. Tudor, director of Area Services.

Morris is an academic trustee of the society and the SIU delegates are members of the society's faculties.

The Lincoln Academy of Illinois was created by Gov. Otto Kerner to "survey, study and select outstanding achievements and contributions by citizens of Illinois toward the common course of social, cultural and technological progress."

By presenting of Lincoln Medal Awards, the society strives to add additional dedication to progress.

Long to Address Canadian Editors

Howard R. Long, chairman of the Department of Journalism, will address Canadian weekly editors in Toronto Friday.

Long will speak to members of the Ontario Newspaper Editors Association on the subject, "The Growing Influence of the Weekly Newspaper Editor."

John Morris of Prescott, Ont., is association president.
Dave Lee (No. 20) looks for a receiver.

Dave Lee (No. 20) looks for a receiver.

Ralph Johnson (No. 42) climbs the backs of two Ball State players to get a rebound.

Salukis Now II-4

Ramsey, McNeil, O'Neal Lead In Southern's 93-65 Victory

Southern's basketball team must have declared open season on Cardinals, the way it rolled over Ball State 93-65 in the Arena.

The hot-shooting Salukis had their best night from the floor in the Arena as they hit .526 from the field to waltz away from the outclassed Cardinals.

The victory was the eighth in a row for Southern which now has an 11-4 season's mark. The loss leaves Ball State 6-10.

With Southern ahead 16-9, Ball State rallied to cut the home team's lead to 18-15 before the Salukis again caught fire. And catch fire they did, as Southern reeled off 12 straight points in less than three minutes to build up a 30-15 lead.

SIU had a comfortable 46-29 cushion at intermission. O'Neal was the Salukis' leading scorer in the first half, canning all six of his shots from the floor and adding two free throws for 14 points.

Coach Jack Hartman used his entire second unit for the last eight minutes of the game, and Ball State took advantage of this to cut the final margin to 28 points.

Ramsey paced the scoring for Southern with 22 points. He was followed in double figures three other teammates. McNeil added 18 points as he hit nine of 14 from the field. O'Neal was next with 16 points. The lanky junior from the City of Brotherly Love made seven of eight from the field and two of three free throws for his total. He also led the Salukis with 12 rebounds. Walt Frazier was the other Saluki in double figures, with 15 points.

Stan Neal paced the visitors with 15 points, but most of his total came after the first team was on the bench for Southern. His total was also seven points below his average for the season. Ramirez was the only other Cardinal in double figures, with 15 points.

The Salukis made 40 of 76 from the field and 13 of 21 from the foul line in picking up the victory. Ball State was considerably cooler, however, making only 25 of 62 from the floor and 15 of 21 free throws.

"Irene"
Swimmers Emerge With Weekend Triumph

IU's swimmers did to Iowa what the Crimson Tide did to the Salukis the night before—that is, soundly defeated them. The Salukis, rebounding from the 69-26 loss to powerful Indiana Friday night, provided a sparse home crowd with some of the best swimming of the year when they met Iowa State Saturday night.

Showing no ill effects from the long trip to Bloomington, Ind., the Salukis swimmers defeated Iowa State's Cyclones 58-36. But the victory was no doubt a victory of its own over the Salukis who, although they had 22 1/2 in the third place despite a time of 1:19.45, were only the eighth time in the victory was scored.

The Salukis got top performances in every event except the mile relay, where they returned a 5:41.71 to beat the Hoosiers 5:49.60. But the team went one of its better days. Jim Hester, who has been traded by the Dallas Cowboys to the Canadian League, showed the right spirit of his career. His 6:20.50 in the 1000-yard freestyle of his career.

Trade of Dill Franks, an offensive standout at mid-season.

'TOM MCAHEY

Although everyone was having a picnic against the Big Eight team, which is new 2-4 for the season, they were quiet at Indiana Friday.

The Hoosiers demonstrated why they rated a top contender for the national crown come March although the Salukis probably gave them their best workout of the year.

Still grabbed only three of 11 first places but the Salukis just missed three other top to the closest of margins. And then Casey's team didn't have one of its better days.

SIU Indoor Track Team Loses To Kansas; Cornell Wins Mile

Distance ace Bill Cornell and the Salukis victories to his already long list over the weekend, but that was about it. Only seven of 14 spots on the line were successful the Saluki track team suffered its second loss in a row.

Kansas outscored the Salukis 189-138 for 26 coach Lew Hartung's squad managed to oust Pittsburg which had 1/2 in the three-way meet.

Hartung ran away from the field in the mile with a 4:20 clocking but had to work the 1:00 before winning with 2:15.5.

Springer Gary Carr, a winner in the Saluki opener against Wisconsin and Loyola, went against the Big Eight Jay- hawkers as he was nip-picked in the 440 and had to settle for second in the race which was won 50.3.

Teammate Robin Convery was also a closer loser in the race as he was edged in third place despite a time of 30.8. Carr was clocked in 50.4.

SIU's mile relay team of Cornell, Rob Convery, Carr, Fendrich and Carr also turned in the best performance winning with a meet record 3:53.5.

The meet was costly to the Salukis as they may have lost the services of Hardier Herb and Herb's successor for the remainder of the season. Walker and team­ mate Carr collided in the 200-yard race and Walker in­ jured his foot. The seriousness of the injury has not been determined yet although Walker is on crutches.

Outside of Cornell's and Carr's performances and the performance of the Saluki relay, Hartung felt the showing was below that what his team had made earlier in the opening meet. He attributed it to the bad weather which forced his team to run indoors.

The Salukis will go back into action this weekend although Hartung expects to take only a five-man squad to the power-packed Michigan State Relays.

ANDY STOODY

far more lopsided than the 22-point spread.

The Salukis won nine of the 11 events; Indiana had 10 if they had not participated unofficially in the 400-yard freestyle relay.

Unlike Friday, coach Ralph Casey got top performances. Saturday from everyone. Springt Darrell Green, back­ stroker Andy Stoodly, and Gerald Pearson all had the best performances of their careers.

Individual medalist Don Shaffer was near his best. Thom McNeeley swam another brilliant 200-yard freestyle before dropping out of the 500 to rest for what turned out to be the best 100-yard freestyle of his career.

His 47-second effort came in the 400-yard freestyle relay which Casey loaded to try to set a school record. The attempt was successful as the Ex-Saluki Player

Traded by Dallas

Amos Bullock, former SIU halfback, has been traded by the Dallas Cowboys to the Vancouver, B.C., Lions of the Canandan Football League.

The Cowboys owed a player to Vancouver in exchange for Bill Frack, an offensive tackle who joined the Dallas team at mid-season, the quartet of Mike Roberts, 49-9, Kevin O'Callaghan, 46-2, William Shaffer, 42-3, and Tom McNeeley and Don Shaffer, 42-2, splashed off a 2:16.7 finish to break the old mark by 3/2 of a second.

Green, who hasn't shown his top form all year, showed encouraging signs Saturday by winning in 1:50 and 100-yard freestyles with 22.8 and 50.3 record times.

McNeeley broke .2 of a second off his previous career best to win the 200-yard backstroke with a 2:07.8 clocking, with Bob O'Callag­ hansen in 2:09.5.

Gerald Pearson was also superb. After a disappointing loss Friday by a hair at Indiana, the promising sophomore splashed off a fast 2:18.2 against the Cyclones to approach the 2:17.8 school record in the 200-yard breaststroke.

Shaffer, who was shut out at Indianapolis the week before, also hit top shape when he ripped off a 2:04.6 individual medley as the Salukis finished one-two.

Results: Forest Hall Flukes, 5; Players 2, 9; The Artesians, 3; M.R.U., 0; Vets, 4; Jackson's Raiders, 2.
Fifth in a Row

Salukis Overpower Kentuckians 94-70

By Bob Reiteke

Southern continued its winning ways Monday night by overpowering Kentucky Wesleyan 94-70 at Owensboro, Ky.

The victory leaves the Salukis with a 12-4 mark for the season, and it was also the fifth victory in a row for coach Jack Hartman's crew.

Wesleyan moved out to an early lead in the game as the Salukis had trouble finding the range, Trailig 5-2, Southern caught fire and began to build its margin which it would have all season. The sisters finished the Salukis 12 straight points and put them in command 14-5.

Then it was the Panthers' turn as they narrowed the margin to six points at 21-15. But that was as close as they could get to the hot-shooting visitors as the Salukis ralied again to build up a comfortable 33-20 cushion.

The Salukis' biggest margin of the first half was 19 points, which they held twice at 41-22 and 45-26 at the intermission. Three of Southern's starting five registered double figures in the first half as George McNeil paced the scoring with 12 points, followed by Joe Ramsey and Walt Frazier, who had 11 each. The Salukis beat Wesleyan 100-75 earlier in the season, Monday night's victory coupled the first half of the history of the rivalry that Southern has been able to beat the Panthers twice in the same season. Kentucky Wesleyan still holds the edge in the series, however, with 10 victories to Southern's five.

At the start of the second half the Panthers, led by sophomore Roger Cordell, began to chop away at Southern's lead. Leading only 46-36, Walt Frazier pumped in five quick points to get the Salukis going again, however, and go they did, as Southern moved ahead 49-40 with some hot shooting and a tough defense. It was the Salukis all the way from there on as coach Hartman cleared the bench and used the second team for the last eight minutes.

Randy Goins came off the bench, looking like anything but a member of the reserve unit as he pumped in 11 of his 13 points for the night in a well-played defensive game.

All ten members of the traveling team entered the scoring column for Southern in what was perhaps their most impressive performances of the year Saturday as the Salukis men finished third in the Hazel Park Invitational in Detroit.

The Chicago Athletic Club won the meet with 42 points, the Hazel Park Athletic Club was second with 32 points, followed by the Saluki total of 28 points. The SIU freshmen finished fourth out of 10 teams, scoring 25 points.

Don Devine, who won in the 115 pound class, was the only first place winner for the varsity, Bob Roop was the lone winner for the freshman team. He captured the heavyweight title.

In addition to the two winners both Saluki teams had three third-place finishers. For the varsity Larry Baron at 175 pounds finished third at Maneksi Hatta, the former NCAA champ, and No. 2 wrestler in that weight class in the world, for the freshmen Don Devine finished third in the 115 pound class, while teammate Al Bubow finished third at 191 pounds.

In all, the Saluki varsity and freshman wrestlers competed in 75 matches, and won 58. Awards were presented to seven wrestlers who finished third or better. Saluki wrestlers received eight.

SIU Girls Defeat Fliptwisters, Take Six Out of Seven Events

Led by the performances of Gail Daley and Donna Schaezner, the SIU women's gymnastics team defeated the Oklahoma City Fliptwisters 66-56.

The Friday night victory was the second for the SIU women over the Oklahoma City team. In a meet held here last month Southern won 63-44.

Of the seven events, SIU women won six. The only event to escape them was the free exercise, which saw Oklahoma City's Linda Bailey overwhelm many of the Salukis' Miss Schaezner.

Miss Daley was the leading scorer for Coach Herb Vogel's team as she was first for the night and scored 26 1/2 of the team's points.

Her first place finishes were scored on the uneven bars, balance beam, floor exercise and the all-around event. The all-around event was Miss Daley's closest as she defeated Miss Bailey by only 1 1/2 points.

Teammate Miss Schaezner was also busy scoring points for the SIU team, as she finished the evening with 26 1/2 points. Miss Schaezner did not win any events but managed second place finishes in floor exercise, the uneven bars and five quick points to get the Salukis all around and tumbling events and a fourth on the balance beam.

Judy Willis, the women's world trampoline champion, was tied by teammate Nancy Markham in the event, Willis being accounted for the last SIU victory as she won the fifth place event.

Although the score didn't indicate it, Vogel thought the Oklahoma girls had shown great improvement over the two meets they've competed in. He cited their free exercise event, the only event the SIU women didn't win the Oklahoma girls won the most improved event.

Out of the seven events the SIU team claimed six firsts, four seconds and four thirds.

The women's team will next travel to Milwaukee, Wis., Feb. 20, where they will compete in the Wisconsin Open Championships.

SIU Wrestlers Finish Third
In Hazel Park Invitational

By Joe Cook

The SIU wrestlers turned in what was perhaps their most impressive performances of the year Saturday as the Saluki men finished third in the Hazel Park Invitational in Detroit.

The Chicago Athletic Club won the meet with 42 points, the Hazel Park Athletic Club was second with 32 points, followed by the Saluki total of 28 points. The SIU freshmen finished fourth out of 10 teams, scoring 25 points.

Don Devine, who won in the 115 pound class, was the only first place winner for the varsity, Bob Roop was the lone winner for the freshman team. He captured the heavyweight title.

In addition to the two winners both Saluki teams had three third-place finishers. For the varsity Larry Baron at 175 pounds finished third at Maneksi Hatta, the former NCAA champ, and No. 2 wrestler in that weight class in the world, for the freshmen Don Devine finished third in the 115 pound class, while teammate Al Bubow finished third at 191 pounds.

In all, the Saluki varsity and freshman wrestlers competed in 75 matches, and won 58. Awards were presented to seven wrestlers who finished third or better. Saluki wrestlers received eight.
