Class Cuts Allowed For Career Sessions

Students attending sessions of Career Conference Wednesday will be excused from regular classes, according to Don Mawhinney, Conference Director. The cut-off period will be from 10 a.m. to 2 p.m. and from 4 to 6 p.m. Saturday.

Students not wishing to attend Career Conference will be excused from classes, but they must obtain a teacher's written permission to be excused. A list of excused students will be turned in to the Student Activities Office and each school's principal should have a copy of the list.

A 7th-8th Grade, 9th-10th Grade, and 11th-12th Grade session will be held.

The Treadmill Slows

The Office of Student Affairs, concerned over the growing numbers of groups that plan their social events outside the quarters of their student groups, has issued a directive that the number of groups that can meet on weekdays after 5 p.m. is limited to two.

Any group desiring to meet after 5 p.m. must apply to the Student Affairs Office and have their application reviewed by the Office of Student Activities.

On The Fee Increase

SIR's increase in tuition by 50 cents per credit hour on the books of the University, effective August 1st, is causing some concern among students.

The increase is due to a decrease in state funding for higher education and an increase in the cost of living for students.

The tuition increase will affect all students, regardless of their major or financial status.

The University Administration has been working to keep the increase to a minimum.

Setting A Precedent

In the future, students should expect to see a similar increase in tuition, as the cost of living continues to rise.

Thanks For The Help

One of the major drivers of the increasing tuition rates is the lack of support from the state government.

It is important for students to support their elected officials to ensure that they are working to reduce the cost of education.

Lovejoy Was Martyr For Press Freedom

Many persons have asked us “What is Lovejoy’s relation to journalism and why it is an ISU name being carried on?”

John W. Allen,
Information Service,
Life at Illinois

Lovejoy was a newspaper publisher who died during the Civil War. Lovejoy’s death at the hands of a privateer during an engagement with the Confederate forces in the Civil War, is the reason why his name is connected with ISU.

Lovejoy’s death occurred on March 27, 1861, in the Battle of Shiloh. He was a strong supporter of abolition and was well respected in the community. His death was a tragedy for the newspaper and for the community.
