Negro History Week Scheduled

Negro History Week, Feb. 12-15, will feature a speech by Chicago Judge Archibald Carey and a New Orleans Jazz concert.

Details of the program were announced Tuesday by Walter Richer, a member of the Department of Radio-Television Planning Committee.

Carey, a former delegate to the United Nations, will speak at 8 p.m. Feb. 12 in Davis Auditorium, The New Orleans Jazz Concert will be presented at 8 p.m. Feb. 13 in Shryock Auditorium, Al Rosen, who presented the first jazz concert in Philadelphia which is now named "New Orleans Jazz, A Family Album," will announce the concert. The event is expected to feature some of the great names in traditional jazz, Richer said.

Admission to the concert will be $1.50 per person. SIU's Jazz Unlimited Society will present a modern jazz concert at 8 p.m. Feb. 14 in the Theater of the New Communications Building under the direction of Don DeMichael, editor of "Downbeat" magazine, will attend the concert.

Alex Haley, co-author of "The Autobiography of Malcolm X" and personality interviewer for "Playboy" magazine, will speak at 8 p.m. Feb. 15 in the Ballrooms of the University Center.

Johnson Asks for 6 Per Cent Tax Hike

"More Cost, Loss, and Agony" Predicted by LBJ for Vietnam

WASHINGTON (AP) - President Johnson asked Congress Tuesday night to increase the federal income tax bills of most individuals and businesses by 6 percent.

He said this is needed "to hold our budget deficit within prudent limits and to give our country and our fighting men the help they need in this hour of trial."

Johnson's call for higher taxes six months hence was the highlight of a State of the Union message prepared for personal delivery to Congress and it came as a surprise to many.

The President's tax proposal would mean that anyone now paying income taxes of $1,000 a year would pay $1,065 if Congress accepts his plan.

The proposed new surtax is planned to become effective July 1.

Johnson also disclosed he will ask Congress to increase Social Security benefits by an average of 20 percent, starting July 1.

In discussing the Vietnam war, the chief executive voiced optimism.

He said: "I wish I could report to you that the conflict is almost over. This I cannot do. We face more cost, more loss and more agony."

Voicing the administration's determination to "see Vietnam through to an honorable peace," Johnson said that about the military measures to be aimed at the Communist enemy.

"Our pressure now must remain - and will be sustained until he realizes that the war he started is costing him more than he can hope to gain by it."

At the same time, Johnson called for restraint in military operations abroad, saying: "I have come to the conclusion that it is better to get it over with."

He labeled that temptation "inviting but dangerous."

The President's proposal is outlined in general terms at least a dozen proposed legislative programs including:

- A $270-million increase in antipoverty spending.
- A new "safe streets and crime control act."
- Consolidation of the Labor and Commerce departments into a single department of business and labor.
- Outlawing of virtually all wiretapping and electronic eavesdropping.
- A new civil rights law.

In national defense, Johnson was more specific than any other official has been when he reported that the Soviet Union "has begun to place near Moscow a limited anti-missile defense."

Jan. 24 Deadline

3 Mayor, 7 Council Candidates Officially File

Nominating Petitions for February Primary

Three candidates for mayor and seven for City Council have filed nominating petitions with Elizabeth B. Leighty, Carbondale City Clerk.

The 10, all males, are any others who file petitions before the Jan. 24 deadline, will run in the primary election Feb. 28. Two candidates for mayor and eight for council will then run in the election April 18.

Candidates for mayor who have filed include incumbent D. Blayne Miller, David H. Kneze, president of a Carbondale trucking business, and Thomas H. North, an employee of the Illinois Division of Vocational Rehabilitation.

City Council candidates who have filed are Frank A. Kirk, Joseph R. Lugasdale Jr., and A.E. (Gene) Ramsey, all in-
The Division of Technical and Adult Education is offering a short course in Fortran IV Programming this term.

The program is in cooperation with The Data Processing and Computer Center, along with the School of Technology. The course consists of a computer programming course of 14-hour-film lectures. The course is open to faculty, staff and other interested persons. A fee of $5.00 for non-university personnel will be charged.

The instructor is Robert Ashworth, manager of the Research and Instruction Data Processing and Computer Center. The text that will be used is "A Fortran Primer" by Oramick or "A Guide to Fortran Programming" by McCracken. The text can be purchased at the University Bookstore for $3.95.

The registration and first meeting will be 7 to 8 p.m. Friday in the Wham Education Building, Room 303. The class will meet on Mondays, Wednesdays, and Fridays, from Jan. 13, through Feb. 13.

Enrollment will be limited and reservations should be made by calling 453-4361. Further information is available at Data Processing and Computing Center, at 453-4361.

County Receives $12,614

The Illinois Department of Finance reported that Jackson County was allocated $12,614 as its share of the total counties' allotment of $3,727,553 of motor fuel tax paid into the state treasury during December.

Humblingbird Movie, Meeting Set Today

Alpha Zeta, agriculture fraternity, will meet at 7:30 p.m. today in the Seminar Room of the Agriculture Building.

The American Marketing Association will meet at 7:30 p.m. in the Library Auditorium.

The Dames Club will meet at 7 p.m. in the Home Economics Lounge.

The Women's Recreational Association House Basketball team will meet at 7 p.m. in Room 207 of the Women's Gym.

The WRA Gymnastic Club will meet at 5 p.m. in Room 207 of the Women's Gym.

The Campus Senate will meet at 7:45 p.m., in Ballroom A of the University Center.

Audio Visual's Noon Movie is the "Life of the Hummingbird" shown in the Library Auditorium.

Alpha Delta Sigma, advertising fraternity, will sell Obelisks during the day in the University Center.

Registration for sorority rush will be held in Room 8 of the University Center until 5 p.m.

The Inter-Varsity Christian Fellowship will meet at noon in Room 70 of the University Center.

Alpha Kappa Psi, business fraternity, will hold a pledge meeting at 9 p.m. in Room 205 of the Wham Education Building.

Spring Festival Committee Sought

Applications for the 1967 Spring Festival Steering Committee are now available at the information desk in the University Center, according to Phillip A. Scheurer, assistant coordinator of the Student Activities Center.

Applications should be completed and returned to the Student Activities Center no later than Feb. 3.

This year's Spring Festival chairman is A. William Moss.
Food Prices Topic Today On WSIU-TV

Robert M. Hutchins will discuss "The High Cost of Food" on "In My Opinion and Your Delights, Worth" at 8:30 o'clock tonight on WSIU-TV, Channel 8.

Other programs:
4:30 p.m. What's New: "The Swallow Tail Butterfly"
5:30 p.m. Turn of the Century: Saloons,
6 p.m. Men of the Senate
6:30 p.m. NET Journal: "Head Start in Mississippi"
8 p.m. Passport 8—Kingdom of the Sea: "Ports of Call"
9:30 p.m. Biography: Hirohito
10 p.m. Special of the Week: Dr. Livingston, I presume

Tickets Available For 'Porgy-Bess'
Tickets for the Celebrity Series production of "Porgy and Bess" went on sale at 8 a.m. Monday at the information desk in the University Center.

Tickets are $1, $2, and $3. "Porgy and Bess" will be presented at 4 p.m. and 8:30 p.m. Feb. 1 in Shryock Auditorium.

Singer Caruso's Death Told On 'Hall of Song' Show Today

The story of Caruso's death will be told at 7:30 p.m. today on "Hall of Song" the story of the Metropolitan Opera on WSIU-FM.

Other Programs:
12:30 p.m. News Report.
5 p.m. Storyland.
5:30 p.m. Music in the Air.
1:30 p.m. Guests of Southern: Interviews with visitors to the University.
6:30 p.m. Basketball: SIU-Louisville.
8 p.m. "Porgy and Bess" presented at 4 p.m. and 8 p.m. in E Minor.
11 p.m. "The Swallow Tail Butterfly" presented at 4 p.m. in E Minor.

Geologist to Talk on Oil Findings
Howard R. Gould, distinguished lecturer sponsored by the American Association of Petroleum Geologists, will speak at SIU Monday under auspices of the Department of Geology.

Gould will discuss the importance of certain sedimentary rocks in finding oil. He is manager of the stratigraphic and structural geology division of Eso Production Research Co. in Houston, Texas. During the next four and a half months he will be speaking to about 75 geological society and university groups in the United States and Canada.

The meeting will begin at 7:30 p.m. in Room 166 of the Agriculture Building.

New Housing Policy --
A Move in the Right Direction

This brief article will hopefully be the first in a series. The first purpose is to answer an editorial in the Daily Egyptian; the second is to inform the students of the new housing policy that was submitted to the administration by a student who was consulted in its conception and to convey to the students my impressions and hopes in its subsequent implementation.

In the Daily Egyptian editorial concerning the new housing policy, the three members of student government—myself included—were criticized for their participation in making recommendations for the policy. The implication here is that the entire student body should have been consulted and informed during every step of the formulation of the policy and have had a referendum on the completed document.

During the period I was consulted on the policy, there were five drafts. I discussed each draft with a number of students concerning the implications of the policy and their suggestions for changes. During this same period I was told by the administration that I should not attempt to publish publicly the draft forms of the policy because of the limited time we had to complete it; also included was an implied threat that if it were made public there would be too many suggestions from every extreme, causing impossibly complicated consultation.

With that great power of hindsight which so many of us seem to possess, I now believe that the drafts should have been made public, but that all proposals should have been channeled through the student representatives in the Campus Senate. This method grants the impossibility of consulting 19,000 students individually. It also grants the feasibility of direct consultation with more than 2 or 3 students. This is particularly appropriate since almost all housing owners and managers consulted with a vice president.

The final draft should have been submitted to the entire student body for a referendum. While it would then be quite possible for President Morris to override the student voice legally—as he saw fit—the Board of Trustees would have what they wanted, the students opinion. I believe that the present Board feels that student opinion on matters directly affecting them is one of the important factors they want to consider.

The new housing policy—properly administered—will be quite an improvement over this fall's debacle. This is not meant to imply that I agree completely with this policy—far from it. Undergraduate housing policy now, however, is moving much closer to the area with which it should be properly concerned. This is the physical attributes of residence. The houses, apartments, and trailers that are now listed (after inspection) as "acceptable" are available to virtually all undergraduates—students—regardless of age, class rank, 'morality,' etc. If these standards are continued, part of our 'problem' will cease.

There remains however a number of archaic social restrictions that could very easily destroy any progress that can be made under the new policy. Present scattered and ambiguous rules regarding liquor (for students under and of legal age), visiting between sexes, and women's hours—especially in small living units—are not only outdated but at best surrenders enforceable. This problem is presently coming to the surface. Administration are in the process of collecting all rules currently in effect. This is a quite a job in itself. When all these rules, old and new, are collected, a review will be needed.

The importance of this review cannot be overemphasized. Perhaps at this juncture a new reapproachment will be made between students and administration. The new draft contains student and lengthy consultation with student leaders in all phases of this project are essential. Without this form of mutual coordination, a great opportunity for an improved educational environment will be lost.

Barry-ly We Roll Along
Who's afraid of big bad Barry
He'll make the Government cash-in-carry
He'll get the deficit in the neck
By puttin' the ax to the monthly check
He'll cut the welfare's drastic sums
And make us self-respecting bums.
Who needs the draft for Viet-nam?
Let's save some cash and use the bomb.
He'll clean up the Capitol's rotten smell
As he jails the Reds and Pins as well.
As we all march forth with the nation's might
He'll call the cadence, "Right, Right, Right!"
The Birchers sigh with great relief
As the KKK plays "Hall the Chiefes"

Well, it's finally here and are we glad. It is here and I didn't make any resolutions either. Nothing has changed. If anything, it's gotten worse.

According to the latest encyclopedic data, here, the administration is terribly concerned about student welfare. This is not surprising since millions have been evinced in that new housing policy designed to "continually improve,startDate with a new idea, regu-

"larily and qualitatively the housing for down your throat. It's uncertain, and that's scary. It's easier to legislate problems into our lives than to exist in order to try to solve them. The machine has no time for truth. It rationalizes everything to death. It color it holy and call it—In Loco Parentis.

The whole deadly scheme is based on the idea that education is a privilege. Nonsense! This society couldn't function for a week without training. It's just too damn complex! Who's going to fix the machine? Who's going to fix it when it's sick? Well—now, we can try and get together at an Accepte.

Do I have to spell it out for you? It's called human re-

sources.

By now you all little freshmen, you are wearing purple. Well, too bad. That's it. Until someone realizes it.

When you have something that's in demand, you've got it. It's open season on women. Women have known it for years. Women have to do it. Women have to take a chance. But I wonder, is there anyone left who the "Cri-vengers to" demand what is his. No, everyone is frothing at the mouth for his diploma, a Mustang, and a sterling little split-level subdivision. Paint it sick and call it death! Oh well, we've become a society where not too much to loose. Tsk, tsk.

Speaking of sick things, I suppose everyone has a copy of Larry McDonald's "Drink, Huh?" in the Student Guidebook. It's the most inspiring book we've ever seen. It was either found in a time capsule from the Stone Age, or conceived by a constipated puritanical grandmothers. Maybe we ought to get together at an Accepted Incineration Center someday and burn the damn things!

In parting I would like to recall an inspiring message from our dean respecting our campus politicians and leaguers (the Masters of Hindsight), "When all go to hell" you see his touch in every measure having a pleasing bourgeois image, and taking no account of the condition, feelings, desires, and lives of its victims. In practice, these are the criminal and stupid; but they please Mother, and that's all that count! (Isn't it kid.)

Baby, it's time to wake up. They're putting you on. The chasers of Education have forgotten that this is a qualitative business. It can't be measured, certified, registra-

ted, homogenized, or crammed down your throat. It's uncertain, and that's scary. It's easier to legislate problems into our lives than to exist in order to try to solve them. The machine has no time for truth. It rationalizes everything to death.
What Rebellion?

As the year progresses, there are still a few skeptics who are waiting for action from the Student Government Executive, Student Body President Bob Drinan (Theta XI) and his twelve appointments (ten of which are Greeks) seems to have lived up to the task. Since their appointment they have last spring before they took office.

As we wait patiently for Mr. Drinan to make his student appointment to a student administration committee that is working on a new recommendation for motor vehicle rules, we wait impatiently for his appointments to the KA Advisory Committee. These appointments were supposed to be made in September 1966. Granted that the people selected for these positions carry an important responsibility, four months should provide ample time for the decision-making process.

We wonder also if Mr. Drinan has decided vicariously to override the Campus Senate. Campus Senate voted to join the National Student Association—that group that has given a great deal of help to student body in areas of instruction evaluation, and motor vehicle and housing problems to the present. However, Mr. Drinan has not returned the memberships due he was supposed to return. Has he informed the student body of Senate of any action he plans to take.

It looks like a calm year for student government—Carbondale style. The program seems to be a status quo—don’t rock the boat type. If the university pushes the student body, the policy seems to be one of backing down. Otherwise the year seems to finally get interested in something, he can always communicate with students through his promised, approved, and student government financed newsletter (which he seems to have forgotten or forgotten of course that—he like the rebellion—was just a campaign cliché.)

Darkness - Silence

The night is silent. gone now is the roar of 3000 Honda Dins 2000 off-campus parties. trips to Midland’s. Silent is the night. Bright is the occasional cutter of a “legal” bike, moan of an arc, train, whine of a bus, and the constant ringing of landlord’s cash register.

Silent is the night. For now it is still, and we must wait until Springtime, when if no improvement has yet been made the cries of students will again be heard. Silent is the night.

For darkness has not yet fallen. Already in the lecture halls the word, “M.O.T.” ten PM. Silent is the night. But at 11 PM at the assigned place the students rise. And again about their demands. And throw objects from windows. And lie down. Except for the few who prove, the night is silent. But for the cracking of the pages and the moan of police and fire sirens Southern has come to Southern. MJV

A Salute to Old Joe

Near the end of last quarter, there appeared in the pages of the Daily Egyptian an article concerning speeding on campus. The article reported that Joseph Zaleski, Assistant Dean for Undergraduate Motor Vehicles and Housing, said that if a student was caught exceeding he would be suspended from school.

We would like to congratulate Joe on his fine concept of due process, fair play, and public relations. Only men of this character and forthrightness can a campus of 19,000 students continue to interact with administrators in the outstanding manner we have witnessed recently (housing, cycles, automatic dismissal, etc.)

The Editors

Housing Unit Activity Fees -- Yes or No?

Look before you leap. A number of unanswered questions surround the forthcoming referendum on housing unit activity fees. While we wholeheartedly endorse the continuation of the programs provided by living areas in the past and commend their high quality, it seems to us that students need a close look at what students see is the night. At a glance, continuation of the program is certainly a desirable end. Another question and one of perhaps overriding importance is the desirability of allowing the imposition of a mandatory fee on the totality by the small majority, especially since there are quite a few mandatory fees already ($38,50 per quarter to be exact). The outcome of the referendum (i.e. its passage or failure) is alone insufficient cause for the immediate levying of the fee. As President Morris has indicated, the strength and distribution of the voting, the opinion of the student council, overruling of advisory opinion or factors, as yet unseen may well bear upon the final outcome.

What is important that students carefully appraise the consequences of their votes before they cast them. In their haste to proselytize the case for passage, the housing unit council has neglected their primary responsibility to their constituencies by failing to inform them of the full implications of their actions.

They Might Right?

New Year’s resolutions we will never see . . . .

WARING DRIVE-IN: We will surely the best in family movies.

JACQUELINE KENNEDY: I will not worry about censoring books about my husband, he was too great a man for that. L.E.J.: I will be cheerful, obedient, and kind to all politicians, and make good enough grades to work on KA.

RALPH PRUSK: I will stay at least long as these students need me.

GEORGE WALLACE: I will never worry about a certain office, I have never been too interested in power anyway.

DAILY EGYPTIAN STAFF: We will make this paper controversial, interesting, informative, and a service to students.

JOSEPH ZALESKI: I will not only be the fairest man on campus.

ROBERT DRINAN: I will stop administrating; I will be the best in family movies.

KA STAFF: We will avoid controversy, keep this paper interesting, informative, and a service to the people.

JOSEPH ZALESKI: I will not only be the fairest man on campus.

PHIL SCLHER: I will let other people do things for themselves in the firm believing that they might do a better job.

CAMPUS SENATE: We will act as one body representing the best interests of all students.

JOHN RENDLEMAN: I will never get a better job.

SEAN CONNERY: I will insist that there be no women in my next James Bond movie.

LEO’S DOWNTOWN: We will start carding sorority girls immediately.

ABC MUSIC: We will lower prices in order to compete with Leo’s Package Department.

DELYTE MORRIS: I will stop treating trees like humans, and students like trees.

ABILENE’S CAMPUS: We will never run an unorganized political campaign or sling mud.

DYNAMIC PARTY: We will never adopt the Party’s methods.

CARBONDALE MERCHANTS: We will be more interested in student welfare, and less in student wallets.

CARRIE’ S: I will stop carding everyone, and encourage the Phi Taus to come back.
The production of "Peter Pan" by the Department of Theater will mark the opening of the play season for the winter term.

The play, written by J.M. Barrie, will be presented at 8 p.m. on Feb. 10, 12, and Feb. 16-19 at the University Theater at the Communications Building. The offices will be open from 10 a.m. to noon and from 1 to 4 p.m. each week day.

A Finnish play, "Cobblers on the Heath," will be presented March 3 and 4 at the University Theater. The play will be directed by Richard Johnson, an SIU graduate student. Johnson also will translate the play from Finnish to English.

This is the first time a play has been translated locally for production on this campus, Johnson said.

Aleksis Kivi, honored by Finland as "the father of drama," wrote the play, Johnson continued. Those interested may contact Johnson at the Speech Department of VTI or the Department of Theater. Presentation of one-act plays and children's matinees are tentatively scheduled. The titles and dates of presentations have not yet been released.

Peacorps Positions Open For Graduates

According to Peace Corps Director Jack Vaughn, spring college graduates are urgently needed to fill 188 voluntary positions in specialized training programs.

The programs, with requirements and starting dates for training, are as follows:

<table>
<thead>
<tr>
<th>Program</th>
<th>Requirement</th>
</tr>
</thead>
<tbody>
<tr>
<td>Afghanistan</td>
<td>Applicants must have completed 1 year of secondary education and be male</td>
</tr>
<tr>
<td>Morocco</td>
<td>Applicants must have completed 1 year of secondary education and be female</td>
</tr>
<tr>
<td>Bolivia</td>
<td>Applicants must have completed 1 year of secondary education and be female</td>
</tr>
<tr>
<td>Nigeria</td>
<td>Applicants must have completed 1 year of secondary education and be female</td>
</tr>
<tr>
<td>Brazil</td>
<td>Applicants must have completed 1 year of secondary education and be female</td>
</tr>
<tr>
<td>Malaysia</td>
<td>Applicants must have completed 1 year of secondary education and be male</td>
</tr>
</tbody>
</table>

Liberal arts graduates are eligible for these programs:

Liberal arts graduates are eligible for these programs: Afghan national health, which begins in March and accepts females only; Morrocan health, females only, starting in March and Bolivia community development in mining areas.

Grads with a major or minor in physical education are needed for work in Nigerian secondary education and Bolivian mines. Both programs for training begin in April.

Grads with a major or minor in agriculture will begin training programs in March for Malaysia community development and Honduran plant and animal advisory roles. In April, the program on agricultural extension will begin.

Volunteers holding an education degree will be assigned in March to teaching programs in the Dominican Republic and Brazil.

Business majors or graduates with a degree in economics will start a program on Ghana cooperatives in March, and Bolivian mines in April.

Two other programs which will begin in March deal with city planning in Honduras, and nursing in Colombia.

Persons interested in these programs should apply or write immediately to Chuck Butler, Room 710, Peace Corps, Washington 20525, or call 202-382-2700.

President Outlines Programs In Congressional Message

(Continued from Page 1)

project spending of $133 billion, revenues of $126.9 billion, and a deficit of $8.1 billion.

For the current year, he said spending now is likely to total $126.7 billion compared with revenues of $117 billion. That would leave a deficit of $9.7 billion.

Several times in his text, Johnson spoke of a "time of testing" for the nation.

"Abroad, the question is whether we have the staying power of a 20th century man. When the objective is limited and the danger to us seemingly close," he stated.

Discussing domestic programs, Johnson conceded that there have been "mistakes and setbacks in some of his recently enacted Great Society programs. Hesplorerad" to overcome these and said that despite them, "we are moving, and our direction is forward."

Officials said next year's budget for the antipoverty program would be increased by about $20 million from the current level of $1.75 billion if Congress authorizes new activities Johnson proposes.

The President said last October he would seek an average increase of at least 10 per cent in Social Security benefits.

Tuesday night he told Congress he wants the average boost to hit 20 per cent with the range running from a minimum of 15 per cent to a maximum of 59 per cent. Without going into specifics, the President also said he would propose a new law to replace the Selective Service system that expired early. .

STUDENT CHRISTIAN FOUNDATION
913 S. Illinois
Washington (AP)—The Defense Department has temporarily taken two controversial bombing targets near Hanoi off the approved target list, an Air Force source said today.

The source identified the target areas as a truck yard about two miles south of the city limits and a railroad yard about six miles northwest. These were last struck by American fighter planes during raids Dec. 13 and 14 that led to the renewed outrages over U.S. bombing of North Vietnam.

Details of the new restrictions were outlined today in a dispatch in the Baltimore Sun, but the Defense Department refused to comment on the story.

An Air Force officer, however, said "the only thing I can say is that the two targets, have been temporarily taken off the approved list."

He said it is his understanding that the restrictions were ordered in response to the protests over the U.S. bombings.

After the mid-December raids, North Vietnam and other Communist news agencies charged that the U.S. bombings had killed or injured more than 100 civilians in the area. U.S. officials initially came after on-the-spot reports denied the charges, but later acknowledged the possibility that bombs could have killed civilians living nearby.

The U.S. acknowledged from Harrison E. Salisbury, a New York Times managing editor who just completed a two-week visit to North Vietnam.

There were hints that the White House, which controls all major bombing decisions affecting North Vietnam, had ordered the truck yards and railroad depot placed off limits, but this was not confirmed.

Baker Trial Begins

Detial Investigation

WASHINGTON (AP)—The government began Tuesday in Bobby Baker's trial a detailed examination of the financial dealings of the one-time Senate-page boy who built a $2-million fortune.

The prosecutor in U.S. District Court said the government would show that Baker kept $40,000 of some $100,000 raised by California savings and loan associations—money Baker said would be used for the $2 million he had for the seat in 1962.

The black people have decided to look twice at the Democratic party. This Congress is the biggest bunch of elected hypocrites the world has ever known.

Troop Withdrawal

Only Peace Route

Says Ho Chi Minh

NUERBERG, Germany (AP) — President Ho Chi Minh of North Vietnam was quoted in an interview Tuesday as saying that "if the U.S.A. is prepared to give up its policy of aggression and to withdraw its troops from Viet­ nam, we will gladly invite them to do so.'

Throughout the interview Ho stressed the withdrawal of American forces as a condition for peace talks, said reporter Egon Lutz in a dispatch from Nurnberg to his newspaper, Nurnberger Nachrichten.

Lutz said he had asked Ho if U.S. agreement in principle to Ho's previously announced four points would establish conditions for negotiations.

He replied: "What is meant by agreement in principle? Either the United States does it or does not do it. Our four points can be basically reduced to one, The United States should withdraw from Vietnam."

2 Areas Near Hanoi Knocked

From 'Approved Target' List

WASHINGTON (AP)—The Defense Department has temporarily taken two controversial bombing targets near Hanoi off the approved target list, an Air Force source said today.

The source identified the target areas as a truck yard about two miles south of the city limits and a railroad yard about six miles northwest. These were last struck by American fighter planes during raids Dec. 13 and 14 that led to the renewed outrages over U.S. bombing of North Vietnam.

Details of the new restrictions were outlined today in a dispatch in the Baltimore Sun, but the Defense Department refused to comment on the story.

An Air Force officer, however, said "the only thing I can say is that the two targets, have been temporarily taken off the approved list."

He said it is his understanding that the restrictions were ordered in response to the protests over the U.S. bombings.

After the mid-December raids, North Vietnam and other Communist news agencies charged that the U.S. bombings had killed or injured more than 100 civilians in the area. U.S. officials initially came after on-the-spot reports denied the charges, but later acknowledged the possibility that bombs could have killed civilians living nearby.

SAIGON, South Vietnam (AP)—U.S. troops harried into the Viet Cong’s Iron Triangle against slight resistance Tuesday in the most massive operation from a flotilla of 12 frigates last Friday.

The_Herrin_Tuesday in the most massive operation from a flotilla of 12 frigates last Friday.

Gov. John Connally claimed Tuesday that President John F. Kennedy’s popularity was declining and this prompted him to come to Dallas, where he was scheduled to speak in a half hour.

Connally said he no longer had a choice to remain silent on the controversial trip because of a letter of William Manchester’s book, “On the Face of a President,” the first serial installment of which appeared Tuesday on the cover of Look magazine.

This account of the trip, Connally told a news conference, “is a recreation of recollections and observations collected and reflected through the prism of prejudice.”

Manchester said Kennedy came to Texas to settle “a local political argument” Connally said.

“To the extent that there was any significant argument prior to the trip,” Connally said, “it was between Vice President Johnson and President Kennedy and Sen. Ralph Yarborough of Texas, both of whom were readily available in Washington.

“The fact is it is common knowledge that this was part of a series of political trips of President Kennedy’s own making planned in the wake of polls reflecting declining popularity.

## Red Guards Urged To Temper Attacks

TOKYO (AP)—In a surprise move, Communist China’s premier was reported Tuesday to have urged Red Guards to temper their attacks on the Peking University, which appeared Tuesday, and that President John F. Kennedy’s own

Gov. Clinton refused to seat Adam Clayton Powell until a special investigating committee on education and labor

Powell, embattled Negro Democrat from New York, whose committee chairmanship was taken away by House Democrats Monday, was dealt a second punishing blow at the opening of the 90th Congress.

He was denied the seat to his Harvard constituents elected him until a committee reports back on its findings and the house decided whether he is qualified.

A combination of Republican and Southern Democrats ever-earlier, 302-126, an attempt by the House leadership to soften the punishment by seating Powell while the special committee conducts its inquiry.

There were rumors that Powell might resign his seat, Rep. Gerald R. Ford, R-Mich., the House Republican leader, led the move to deny Powell his seat while his qualifications are studied. The investigating committee, to be appointed by Speaker John W. McCormack, D-Mass., would have five weeks to complete its work.

Rep. Morris K. Udall, D-Ariz., who led the fight in the Democratic caucus Monday to depose Powell as a chairman of the House Education and Labor Committee, led the fight to seat him Tuesday.

Udall said Powell’s loss of his chairmanship was harsh punishment for any abuses he may have committed. In addition, he said, Powell would still be liable to exclusion when the House voted on the report of any investigation committee.

Outside the Capitol, up to 300 Powell supporters demonstrated in his behalf.

Ford urged the defeat of Udall’s resolution. Seating Powell first, he said, would be determining his right to a seat before there is any investigation.

Ford had the support of Rep. Leonel Van Derlip, D-Calif., who touched off the whole Powell controversy by announcing last month he would challenge Powell’s right to a seat.

Earlier Tuesday Van Derlip asked Powell to stand aside during the swearing in of new members, a request carrying automatic compliance.

## Gov. Connally Comments on JFF Article

AUSTIN, Tex. (AP)—Gov. John Connally claimed Tuesday that President John F. Kennedy’s popularity was declining and this prompted him to come to Dallas, where he was scheduled to speak in a half hour.

Connally said he no longer had a choice to remain silent on the controversial trip because of a letter of William Manchester’s book, “On the Face of a President,” the first serial installment of which appeared Tuesday on the cover of Look magazine.

This account of the trip, Connally told a news conference, “is a recreation of recollections and observations collected and reflected through the prism of prejudice.”

Manchester said Kennedy came to Texas to settle “a local political argument” Connally said.

Federal Job Opportunities To Be Discussed Monday

A discussion of opportunities for federal employment through taking the federal service entrance examination will be conducted by federal employment representatives on the SIU campus.

The discussion will be from 2 to 4 p.m., Monday in the Wham Education Building, Room 308. Over 200 different positions in federal government are filled from the examination known as the FSEE, according to an announcement from the Social Security Administration office in Carbondale.

This is the last time this year that the management internship test can be taken immediately after the FSEE. The applications to take the test Feb. 18 must be filed by Jan. 14. Forms will be available at the meeting.

The same FSEE will be given monthly through June 17, except for the management internship portion.

Many agencies make job commitments subject to completion of graduation requirements. Testing offers an opportunity for June graduates to take the test and get their name put on the Civil Service register prior to graduation.
Music Department Seeking Members for SIU Stage Band

The Department of Music is recruiting members for the SIU Stage Band.

The SIU Stage Band instrumentation requires eight brass (four trumpets and four trombones), five saxophones (two altos, two tenors and baritone), and four rhythm (piano, bass, drums and guitar).

The present goal of the department is to have two stage bands, or three, if enough musicians are interested in participating. Planters, saxophonists and bassists are especially needed, but all are welcome. Participation is not restricted to music majors or minors. The program is open to anyone on campus, and it is directed Gene Stiman, staff member of the Department of Music.

City Plans First Urban Renewal

The Carbondale City Council gave first reading at its Monday meeting night to an ordinance authorizing Carbondale’s first urban renewal project.

The ordinance will be acted upon Monday night and, according to William C. Normand, city manager, will be the first step before condemnation proceedings can be initiated, according to William C. Normand, city manager.

The project, to be known as Lincoln Neighborhood Project No. 1, will be generally bounded on the east by the Illinois Central railroad tracks, the west by the State Street, on the south by Grand Avenue and on the north by Hester Street.

Mayor D. Blaney Miller, with the consent of the City Council, named four residents to the city’s Human Relations Commission. Gerald Lacey was appointed to replace Arthur J. Didden, who resigned because he felt he could not devote enough time to the position. Reappointed were Dorothy King, Nathan Nagle, and Carol McDermott.

The Council approved payment of approximately $26,000 in bills to Paul O. Hall engineers for planning work on the Cedar Creek and supplemental reservoirs and the northeast sewage treatment plant.

Councilman Frank A. Kirk raised questions last week about the propriety of billing the public for use as a parking lot.

Technology School Advisement Starts

Appointments for spring term advisement for students majoring in the School of Technology may be obtained today in the Technology Building, Room D-35.

The appointments will be for academic advisement beginning today and will include those students majoring in engineering, engineering and industrial technology, applied technology and technical and industrial education, according to Marvin Johnson, assistant dean for the School of Technology.

After today, late appointments may be obtained in Room A-107 of the Technology Building, Johnson said.
Hair Styles, Like Fads, Depend on Whims

By Bob Forbes

Hair fashions, like nearly every other fad or fancy, change from year to year and in many countries. The hair style is often reflected by religious custom, religious beliefs, the personal tastes of the ruling class, and by the imagination of those who in some cases desire to appear more or less like the popular stars. In ancient Egypt, the hair was long and thick, but for a number of reasons, they wore wigs—probably because of a combination of the religious custom of shaving the head and the difficulty of keeping the hair clean and free of vermin in the hot climate. In the early Greeks, hair styles for men were generally short. Very seldom were wigs worn.

Shaving the face was not commonly practiced in Greece until the 4th century B.C., when Alexander ordered his army to shave lest the Persian soldiers use Greek beards as a mark of their enemies. Greek philosophers and scholars, however, wore beards for a time only to their mustaches. The popular crew cut was going on and off, up and down, in Europe, while wigs for the forehead were being worn for the most part only to their mustaches.

The aborigines of the West Indies probably saw their first beards worn by men of European descent who came down in Europe, while wigs were having their day and finally reaching their Goosmays. During the 18th century, the British navy was using wigs and beards for a time only to their mustaches.

During Napoleon's time, beards had been worn at first because of a feeling that they made a man look heroic. When peace came, many men were shaven and for a time only soldiers seemed inclined to hold beards. If you wore them, you were laughed at, and then, for the most part, only bearded actresses.

What had the beard been doing in America? While it was there in the East and down in Europe, while wigs were having their day and finally reaching their Goosmays, the aborigines of North America did not have any whiskers to speak of. Only in a few places, on the west coast or the Gulf coast from the bottom of the Gulf of Mexico to the mouth of the Mississippi, did any bearded Indians exist. Perhaps the first clean-shaven white men ever to land on the soil of the United States were the Pilgrims. By their time, England had had one of its periodic "military" emigrations from whiskers. Amely in the 19th century many of our noted men took to sideburns. Writers, statesmen, soldiers, and artists of the century also began to cultivate beards.

Beginning with President Grant, it might almost be said that a man with a fox-tailed mustache or sideburns seemed to look to the White House, cottonwood, and snub-nosed beard, Haynes was a bit longer; Garfield also wore a beard. President Arthur's wigs, whiskers, and sideburns were more a matter of public curiosity and considered a great fashion among many bankers and financiers. Perhaps the most interesting thing in this mass of whiskers lent dignity and an air of importance to the work of the president.

Beginning with McKinley (1899, 1900), Presidents of the U.S. wear one, have been amiable—shaven, the one exception was Teddy Roosevelt. It was about the time of World War I that the "military haircut" came into existence. This short-hair style was popular because it was claim-
ed to reduce the "nesting area for egg-laying lice."

The conservative moustaches were worn occasionally by older men, but seldom by "respectable" young Americans. In the 1940s, wavy hair was not only acceptable but fashionable, and the slightest wave was encouraged. Men's hair fashions in this decade were being set by young film stars and entertainers. Beards were rarely seen during this time and moustaches only occasionally. During the 1950s, a large number of professional men, wearing sideburns and moustaches, including a special cut of 2 styles.

In 1963 Kent Brushes made available, also for the first time in many decades, a Moustache- and Beard Grooming-Brush. Moustaches, even rather full ones, are sometimes worn without beards, although in general young men prefer small beards with or without hair on the upper lip. According to Edward T. Ewen, writing in the New York Times Magazine, beards are now out.

There are many like Ewen who scorgingly discount the signs of developing interest in beards as a manifestation of the lunatic fringe, who claim that beards are not compatible with computers and space travel. But others, fewer in number, predict another beard and long-haired age.

ON CAMPUS JOB INTERVIEWS

Following are forthcoming on-campus job interviews as listed by Placement Services. Students seeking appointments may make them at Anthony Hall, Room 218, or by telephoning 3-2391.

TEXAS GAS TRANSMISSION CORPORATION: Seeking accounting majors for positions in auditing, analysis, and special projects.

KEMPER INSURANCE COMPANIES: Seeking business, liberal arts, or any related major for positions in claims adjusting, underwriting, and data processing.

H. J. HEINZ CO.: Seeking business, liberal arts and any related majors for positions in wholesale and retail sales leading to management.

THE JEWELL COMPANIES: Seeking marketing majors for positions as management trainees in sales leading to sales management.

VICKERS, INC. (Electric Product Division): Seeking engineering and business majors for positions in accounting, engineering, sales, buying, production management, and electronics.

JEFFERSON COUNTY SCHOOL DISTRICT-LAKEWOOD, Colo.: Seeking teacher candidates for all areas of elementary and secondary teaching as well as special education. Some openings exist in gymnastics, wrestling, football, basketball, track, baseball, and tennis. There are limited openings for assistant principals, principals, and supervisors. Interviewing from 1-5 p.m.

Jan. 19

JEFFERSON COUNTY SCHOOL DISTRICT-LAKEWOOD, Colo.: 8-5 p.m. See listing above.

BRUNSWICK CORPORATION: Seeking engineering, business administration and liberal arts majors for positions in research, development, production, design, methods, standards, plant engineering, manufacturing, accounting, marketing, personnel, systems, programming, and bowling center management.

LINCOLN NATIONAL LIFE INSURANCE CO.: Seeking liberal arts and business majors for positions in data processing, underwriting, and group sales management.

FORD MOTOR CO.: Seeking industrial education majors on the SIU campus. At VT1 seeking tool and die makers.

COTTON BOLL GIRL SCOUT COUNCIL: Interviewing at the Student Work Office. Jan. 20

DEKALB AGRICULTURAL ASSOCIATION, INC.: Seeking agriculture and business majors with a rural background for training programs in production management and sales management.

BAKERSFIELD, Calif., ELEMENTARY SCHOOL DISTRICT: Seeking teachers for all elementary grades.

Writer on Campbell

S. Morris Eames to Give
Bethany Founders' Speech

S. Morris Eames, associate professor of philosophy at SIU, will present the annual founder's day address at 10 a.m., March 2 at Bethany College. Eames will speak on "Alexander Campbell and the Two Cultures," Campbell founded out the world and now numbers approximately 5,000,000 communications.

Eames is author of a new book, "The Philosophy of Alexander Campbell," which was published recently by Bethany College as it initiated its Benedict Foundation Regional American Studies program.

This program will include publication of books and booklets, and contribution of articles to learned journals and general circulation magazines, and these literary endeavors will focus attention on the intellectual history, institutions, arts, letters, personalities, and behavior patterns of past and present West Virginians.

Eames is a frequent contributor of articles and poems to religious and philosophical journals. He received his B.A. in religion from Culver-Stockton College, two M.A. degrees in philosophy and sociology from the University of Missouri, and his Ph.D., in philosophy from the University of Co.

Eames is one of the editors of the forthcoming "Works of John Dewey," which will be published by the Southern Illinois University Press.

Summer Employment

Listed in Campus Job Office

SIU Student Work Office is now accepting inquiries concerning summer employment. Interested students should contact Terry Luehr or Ben Frazier at the Student Employment Office.

Appointments may be made for any days except Saturdays to discuss summer employment opportunities. In addition, a Jewl Co. representative will be at SIU Monday, and a representative from the Cotton Boll Girl Scout Council of Boll Girl, Mo., will be on campus Jan. 19. Both will interview students for summer jobs.

Jewl Company's summer sales program benefits include $5,000 in scholarships given to students at the end of summer, and up to three quarter hours of SIU credit, depending on the students' majors. Interested students may contact Bruce W. Bierman at the Student Work Office for special appointments.

Cotton Boll Girl Scout Council is seeking students as summer counselors in the following positions: waterfront staff, unit leaders, unit assistants and sports instructors. Additional information may be obtained by contacting Luehr or Frazier at the Student Work Office prior to Jan. 19.

Two teams considered second best by those who support them will meet in the Arena tonight when Southern gets another crack at the Louisville Cardinals. Louisville is presently ranked second in the country.

He Got Tough by Battling His Four Biggest Brothers

By Art Peterson

Toughened up by battling four bigger brothers that he became Marines, SU's Terry Magoon is now up to a wrestling he could take on guys his own size. Though he lost occasion to his brothers, he has seldom beaten in his weight class.

Magoon, a 5-6 junior from Owensboro, who has 18 and 20 points,

Clay Still-1 A Says Appeals Board Ruling

FRAKONT, Ky., (AP) - He'll take his fight to the courts. Curtiss Clay lost his bid Tuesday to be classified as an intellective object. The appeal was turned down by the state Board of Appeals.

The state Service Selection Board, Col. Everett Stephenson, said the case of the five-man board was unanimous.

If one member of the board had voted to grant the exemption, then the cases would have gone to the federal appeals board in Washington.

"The board left Clay 1-A," and the case now is up to the local draft board in Owensville. The state director said, Clay also has been trying to get a deferment as a minister. He is a Black Muslim.

Stephenson said any further attempts to seek exemption as a minister would be left to Clay.

Stephenson said Clay has been notified of the board's decision.

**Game Tonight Attracts A Big Press Following**

By Tom Wood

Just how important is tonight's Louisville-SIU basketball game to the rest of the world? If press coverage is a good indication, this will be the most important game the Salukis have ever played from the standpoint of national recognition.

The list of radio stations carrying live coverage is headed by KMOX of St. Louis. Doing the play-by-play for KMOX will be Jack Buck, the voice of the Dallas Cowboys and St. Louis baseball Cardinals, and Bob Caray.

Other radio stations represented are: WSIU, WIPP, Harrisburg, WRAI Anna, WCNT Centralia, WIKO Cairo, WORZ Alton, WAVE Murphysboro, WKGV and KFVS TV- Paducah.

Newspaper coverage will include: Ed Wilks of the St. Louis Post-Dispatch; Merle Jones and Lon Eubanks, Southside Illinoisan; Jack Anderson, Paducah Sun-Democrat; Bill Fluty, Evansville Courier; Al Dunning, Evansville Press; Pete Swanson, Evansville Sunday Courier and Press; Ted Laudein, Louisville Courier-Journal; Marvin Gay, Louisville Times; Jerry Kueh, Associated Press.

**TERREL Gets Apology**

HOUSTON (AP)-A subdued Cassius Clay apologized Tuesday for calling Terrell an Uncle Tom.

"I didn't know that he wasn't an Uncle Tom," Clay said at a new conference after arriving in Houston to begin training for his heavyweight championship fight against Terrell Feb. 6.

Clay, who will celebrate his 25th birthday next Tuesday, led up to this apology by saying, "I say a lot of things I shouldn't say."
