**Library to Be Open Sundays**

Morris Library will be open on Sundays this summer for the first time, according to Elizabeth O. Stone, associate librarian. Miss Stone said the Sunday hours will begin this week with full services available from 2 to 10 p.m.

"As the University grows larger, naturally there is a demand to remain open longer which is one of the reasons for adding Sunday hours," Miss Stone said. In addition, more students are remaining on campus now than commuting, and they need the additional services. An instructor, she said, was that now that the library is completely air-conditioned it provides students a more comfortable place to study through the quieter summer production of them live.

"I am hoping they will value the 10 hours as many major li-

brary in the nation, now," Miss Stone added.

Summer hours begin at the library today. It will be open from 7:15 a.m. to 10 p.m. Mondays through Fridays, Miss Stone said. And from 8 a.m. to 5 p.m. on Saturdays in addi-
tion to the Sunday hours.

Summer hours will be in effect through the end of the 12-week term. Hours for the period between summer and fall terms will be announced later.

Miss Stone said the only days the library will be closed completely this summer will be on July 3 and 4.

**University Begins Full Summer Term**

New System Puts Southern
On a Four-Quarter Basis

SIU’s first year with a full summer quarter opened

Monday. Although the quarter form-
mally begins with the first full day of classes at night, the first full day of classes was sched-
uled Tuesday.

"Fair Lady" Cast
Has 10 Openings

Ten openings remain in the cast for the summer produc-
tion of "My Fair Lady" on the Carbondale campus.

The openings are for five women singers, and five men
singers and dancers according to William K. Taylor, assistant professor of music. He is directing the production.

"My Fair Lady" will be presented from July 31 and Aug.

1 and 2, Taylor said. Re-

hearsals started Monday night.

The cast openings will be filled by Wednesday, Taylor said, and interested persons may apply at the Department of Music. Auditions for the part of the Obelisk will be held starting at 7:30 p.m., Tuesday through Thursday.

This year, the quarter will be extended to Aug. 29. The system is designed to place
SIU on a four-quarter-year basis. Previously, the system had been eight weeks. Some of the highlights of the session:
June 1: Session begins.
July 6: Independence Day.
Aug. 23-24: Final examinations.
Aug. 27: Summer commencement.

---

**Physician to Speak On Smoking, Health**

Dr. Emmanuel Farber, head of the Pathology Department in the University of Pittsburgh School of Medicine, will dis-
cuss "Smoking and Health," in a public lecture at 7:30 p.m. Tuesday, Aug. 30, in Morris Library Auditorium.

---

**Foner Gets Great-Teacher Award**

When he was the president of the College of Physicians of Chicago, Dr. Henry W. Shryock was presented with an award by the American Medical Association in recognition of his outstanding work in the field of pathology.

Foner was presented with the award at the 1934 annual meeting of the American Medical Association.

Mr. Foner has long been noted for his empha-
sis on teaching even in the days of Shryock and later

in the medical school at Florida.

SIU Students Face Growing Financial Crisis: How to Spend $1,540 Without Even Trying

John Hubble will attend his first college class tomorrow. Before he will be eligible to join the graduation proces-

sions some four years from now, he will have spent $2,314 hours in class accumulating the 192 hours of credit needed for a degree from SIU.

And he will have had to maintain a three-point aver-
age.

Just what will it take for Hubble, a former Carbondale Community High School foot-
ball star, and the other new freshmen starting this sum-
mer to stay in school at SIU? Jack Graham, coordinator of academic advisement, answered that question this way:

Beginning next fall, taking into account the rising tuition costs, it is tentatively esti-
mated that the average student will need $1,540 a year to go to school.

In Hubble's case, it might be slightly different, since he will be living at home with his parents, Mr. and Mrs. Leland Hubble, Route 2, Carbondale.

Here is a breakdown of the figures: tuition and fees, $200; room and board, $800; clothes, $150; personal, $270; in-
structional materials, $50; and travel, $40. Total: $1,540.

Some students, and it's not

uncommon, will get along on tuition between $1,300 and $1,400 per year, Graham said.

Out-of-state students will pay about $80 per quarter for tuition, plus increased travel expenses.

It's a little tough going for some students.

"One student claimed he had to eat peanut butter for a couple days," Graham said.

"That anyone really in need of funds can apply for a loan from our loan funds." Most students do have some extra funds, he said, and will be on July 3 and 4.

'Virtuous Orphan' Translated

University Press Set to Publish 23 Books; French Novel, Poetry and History on List

The University Press will publish 23 titles, including four paperback editions during the fall and winter terms, according to Vernon Sternsberg, Press director.

"The God We Seek," by Paul Weiss is scheduled for publication in September. Weiss is Sterling professor of philosophy at Yale University and is the author of a philosophical diary being published by the University Press in fascicle form.

George Kimball Fochmann, professor of philosophy at SIU wrote the foreword.

October will see the publication of nine books, including four paperbacks, under the trade name of "Arcturus Books."

The paperbacks include: "Education: Automation; Freeing the Scholar," by R. Buckminster Fuller, professor of design at Southern; "Images of University Studies in the Poetry of Religious Vision" by James Bennett, professor of English at SIU; "Selected Works of La Fontaine" edited by Malcolm Wadsworth; and "French Poetry of the Renaissance" edited by Bernard Weinberg.

Of the hardback editions during October, four are a continuation of the "Crosscurrents" series which is edited by Harry T. Moore, professor of English at SIU. They include: "Contemporary American Novelistess" edited by Moore, "Oriental Thomas and Poetic Dissociation" by David Hobbrock; "Georg Buchner" by Herbert Lindenerberger; and "From Symbolism to Baudelaire" by Angelo Berndt.

The ninth book in October will be "fascicle five" of "Philosophy in Process" by Weiss. "(A fascicle is a book that is printed in several parts or series, Sternsberg explained.)"

Among four books to be published in November, two are written by members of Southern's staff. They include "The Franco Code: the Core and the Rule," by George Larkin, professor of music at SIU, and "Scotfield Thayer and the Dial," by Nicholas Joost, professor of humanities at Edwardsville.

January will see the publication of five books. "The Virtuous Orphan" by Carlet de Chamblain is an 18th Century French novel which has not been reprinted since the 19th century. It has never been published in English. The translation is by Mary Collyer and is edited with a critical introduction by W.H. McBurney and Michael Shaprus.

"The History of Battery I, Second Light Artillery, Illinois Volunteers" by W.G. Purney has never been published. It is about the Civil War and has an introduction by Clyde Wallace, Illinois state historian.

Scranton Gets Honorary Degree As He Starts Campaign Trip

MEADVILLE, Pa.—Pennsylvania Gov. William W. Scranton said Monday that the nation and the individual are facing their "final challenge" to principle in today's world.

"The final challenge, you know, is to us," he said in an Allegheny College commencement address. Scranton was awarded an honorary degree.

Scranton, who made an 11th hour decision to seek the Republican presidential nomination, spoke as a prelude to a tour that will take him to at least five Western states in an area generally credited to his No. 1 opponent, Sen. Barry Goldwater.

"We are going to solve the problem of racial discrimination," Scranton said. "But this problem will not be finallv solved—and we must face this—until there is a fundamental change in the hearts and minds of men. Such a change is now under way.

Gov. Rockefeller Backing Scranton

NEW YORK—Gov. Nelson A. Rockefeller said Monday he is giving his full support to Gov. William W. Scranton of Pennsylvania for the Republican presidential nomination.

"I shall work with him to achieve a moderate, forward-looking platform," Rockefeller said in a statement issued at his office.

The New York governor said he would meet his campaign leaders from throughout the country in New York today.

While the statement did not use the word "withdraw," Rockefeller appeared to be indicating that he himself has no further consideration as a candidate.

The court struck down, in no uncertain terms, the doctrine that states may adopt such a "chapter 11 lenience," on the basis of its "inherently unconstitutional nature."

Ruled that neither of the combinations of the General Assembly was apportioned sufficiently on a population basis to be constitutional.

Upheld a lower court decision that both houses of the Delaware Legislature must be reapportioned along population lines.

Declared invalid a federal plan of apportionment of the Colorado Legislature.

The basic ruling, which will have incalculable effects on American politics, was read by Chief Justice Earl Warren.

"We mean that the equal protection clause of the 14th Amendment to the Constitution requires that a state make an honest and good-faith effort to construct districts in both houses of its legislature, as nearly of equal population as is practicable," Warren said.

Dr. King Leaves Jail for Yale, Gets Degree, Standing Ovation

NEW HAVEN, Conn.—Yale University, predicting that generations of Americans yet unborn will echo its admiration for the entire public act of Dr. Martin Luther King Jr., declared Monday that it would award him an honorary degree.

King received a doctor of laws degree.

King received a standing ovation from the more than 10,000 persons-graduates and guests—at the commencement exercises. He was the only one of the doctoral recipients to get such an ovation, the second awarded King, Negro civil rights leader, in two days.

Springfield College at Springfield, Mass., honored him Sunday.

King, who decided last week after a sit-in demonstration, was the nation's youngest Nobel laureate and the youngest Nobel Peace Prize winner. He is the youngest holder of an American Nobel Prize.

"While out of jail so long, Dr. King has caused much eloquence to hein the nation's sense of outrage, so your steadfast refusal to counteract violence in resistance to injustice has heightened our sense of national shame.

"When outrage and shame together shall one day have vindicated the promise of legal, social and economic opportunity for all, and the gratitude of peoples everywhere and of generations of Americans yet unborn will echo our admiration."

Rights Bill Passage Expected This Week

WASHINGTON—The Senate voted Monday to retain in the civil rights bill the key vote barring discrimination in motels and hotels, restaurants, amusement centers and gasoline stations.

It beat down 63-23 an amendment by Sen. Robert C. Byrd, D-W.Va., to eliminate these and other public accommodations title.

With this test, the Senate now is on record with deep margins in favor of retaining all three titles that break new ground in federal civil rights legislation.

Meanwhile, Democratic leaders are confident that the House will pass the bill during the week that they already are turning their attention to the current congressional legislation.
First Peace Corps training program established in southern Illinois will start June 19 at SIU, when 110 trainees arrive here for 12 weeks of rigorous instruction to prepare for work in Africa.

The young people, from many parts of the nation and mostly college graduates, will be put through a program lasting 12 hours daily, six days a week, until graduation exercises are held the night of Sept. 11, for those who successfully complete the work. The graduates who will be sworn in at Peace Corps volunteers, will be on leave from Sept. 12 to 18. They will embark from New York City Sept. 20 for the independent, French speaking African countries of Niger and Senegal where they will serve for 21 months, returning to the United States in June, 1966.

Their preparation here will be specifically for the work they will do in these two countries. While there, they will receive typhoid, tetanus, diphtheria, polio and smallpox vaccinations. Later, while still on campus, they will be taught the Hausa and Wolof languages spoken in Niger and Senegal.

The graduates who will be taught are mostly college graduates, with a maximum of 20 from a large number of institutional units.

"One of the really exciting things about the program is that it will represent a truly University-wide effort that will bring together in one operation many University staff members," Poston said. The program has been made possible through a $252,496 contract with Peace Corps headquarters in Washington.

Poston estimated that about 20 trainees will be women.

The Peace Corps administrative staff will be composed of Poston, project director; George C. Crimp, deputy project director; and Mrs. Barbara Karnal, administrative secretary. Others who will take part are five returned Peace Corps volunteers, three from Senegal and Niger and two from South America, who will be training aides. Allan Kulakow, Peace Corps training officer from Washington, will be on hand for parts of the program.

HAPPY RETIREMENT - John E. Grinnell, vice president for operations, and Mrs. Grinnell received congratulations from faculty and staff members (left) at a testimonial dinner in the University Center Ballroom. Grinnell will retire in August. In the photo above, he inspects a matched set of fishing rods, one of several gifts be received from well-wishers. Grinnell came here nine years ago from Indiana State Teachers College.

First Peace Corps training program established in southern Illinois will start June 19 at SIU, when 110 trainees arrive here for 12 weeks of rigorous instruction to prepare for work in Africa.
Football Star Bobbitt Dies; Paid High Tribute by Coach

"He exemplifies everything athletics stands for." This was the tribute paid to the late Harry Bobbitt Monday by Carmen Piccone, who coached Bobbitt during his three seasons at SIU.

That career was ended Saturday by the sudden death of the 25-year-old athlete who was co-captain of the gridiron Salukis.

Bobbitt died suddenly at 8 p.m. Saturday at the Southern Illinois Airport, death was attributed to a blood clot on the lung. He had entered a Carbondale hospital earlier in the week because of abdominal pains. The clot developed Saturday and arrangements were made to fly him to Chicago for treatment. He died at the airport before the trip could be started.

Funeral services are scheduled for 2 p.m. today at the Huffman Funeral Home, The Rev. Willard G. Foote of the First Baptist Church will officiate and burial will be in Oakwood Cemetery in Herrin.

Piccone and friends and teammates will serve as pallbearers; they include Larry Drake, Frank Bonham, Jim Wham, Ken Houston and Bobbie Higginson.

Piccone said high praise for Bobbitt. He called him an "extreme 'ty valuable" member of the Saluki teams from the time he broke in at third baseman. Piccone said, "He was a better left-handed player that anyone I ever saw." 

"The harder they came, the better he liked it," Piccone said, in discussing Bobbitt's attitude toward good opposition.

He said Bobbitt exemplified the best in athletics, as a good citizen, a good student, and a good player.

He was a member of the record-establishing defensive backfield of 1963 and a regular back last season. He carried 47 passes for 506 yards and set two new school records. He tied last year for scoring honors with Tom Massey and Bonnie Shelton.

The Rev. Willard G. Foote marked the occasion of the passing of the former coach. Piccone said he was at a loss to express his feelings toward Bobbitt. He said the Carbondale athletic exemplified all the best in athletics; Piccone summed up his qualities as "all heart."

FUNERAL TODAY — For the past three seasons, the backfield man in this photograph was a standout for SIU. Death, sudden and unexpected, Saturday ended the career of Harry Bobbitt. He was 25 years old. Piccone, former coach. Piccone said he was at a loss to express his feelings toward Bobbitt. He said the Carbondale athlete exemplified all the best in athletics; Piccone summed up his qualities as "all heart."

73 Acres of Forested Land Donated to SIU Foundation

A gift of 73 forested acres in Johnson County from a 1920 alumnus was acknowledged by the SIU Foundation Board of Trustees at its annual meeting here last week. The land will be used for forestry experimental purposes.

Donors of the plot are Dr. and Mrs. J. Lloyd Mathis of Salt Lake City, Utah. The land has been in the Mathis family since it was deeded to a pioneer member by President Franklin Pierce. The homestead is located near Viola.

The 35-member board also heard the annual report of Kenneth Miller, executive director. The report was illustrated with color slides. The SIU Foundation was started in 1942 with $10 and now has assets totalling $1,389,055. It receives gifts from alumni and University patrons, administers trust funds, sets up scholarships, distributes non-earmarked funds in the form of awards and prizes, helps finance research projects and follows through with aid in securing patents and royalties.

Creation of a new revolving loan fund also was announced by Miller, to be known as the "Tracy L. Bryant Memorial Fund." It was established with a $1,500 check from his widow, a Carbondale resident, earmarked for help to undergraduate students in the School of Business. Her husband was a long-time member of the School's faculty.

Charles Mayfield of Bloomington presided at the meeting and conducted the election which brought three new members to the board. They are Donald C. Lenne of Glen Ellyn to serve a one-year term, George T. Wilkins of Edwardsville to serve two years, and John W. Reed of Herrin to serve a one-year term. All are alumni of Southern.

The board reelected Mayfield as president and the entire slate of 1963-1964 officers. Vice president is Aubrey Holmes of Springfield.

As the concluding act of its business session, the board conferred its Service Recognition Award upon John Page Wham, chairman of the University Board of Trustees.

**Professor Taylor Plans Archaeology Survey in Mexico**

Walter W. Taylor, professor of anthropology at SIU, left for Mexico last week to conduct an archaeological reconnaisance in the northern part of the country, to be followed by three months’ work in Santa Fe, N.M.

Taylor will intercept his investigations to fly to Spain the first two weeks of September to attend the International Congress of Americanists, in Madrid, Barcelona and Seville. He plans to do site surveying in Zarcacemillos, Spain, to define the boundary between the northern extension of the Mesoamerican cultures and the area occupied by the wild tribes of the desert during the era 500 to 1200 A.D.

His field work and subsequent reports are financed by a grant from the National Science Foundation. The field survey is being done under contract with the Mexican government.

Taylor will be accompanied to Mexico by two SIU graduate students in archaeology, Richard Patiles of Phoenix, Ariz., and Joseph叩ly of Atlanta, and by two other young men, his son Gordon of Santa Fe, N.M., and Michael Whiteford of Beloit, Wis. Carl Schuette of Maplewood, will assist him in library work in Santa Fe.

**SIU Sophomore, 19, Drowns While Wading in Little Washab**

Richard A. Gidcumb, a sophomore at SIU, drowned Sunday in the Little Washab River near New Haven, north of Shawneetown. A sectional agriculture major, he had attended SIU six quarters in the 1962-63 and 1963-64 school years, according to the records in the Office of the Registrar. He resided at 607 Marion St. Gidcumb, who was from Norris City, was the son of Mr. and Mrs. Arnold Gidcumb. His father is a coach at the Norris City Grade School.

**Dr. Holder’s Comments on Fieldwork**

Dr. Holder praised the members of his team. He said Bill Muehlemann was two under par, Gene Carello two over and Leon McNair, Jerry Kirby, Tom Muehlenman and John Krueger were shooting par for the tournament officials decided to count only the first four men to decide the title which went to SIU.

“We had a two-stroke team lead after 54 holes but had increased our lead five or six more strokes when we had to quit playing,” Coach Lynn Holder said.

Carello and Bill Muehlemann finished among the lowest 10 individuals in the meet and qualified for the 54-hole NCAA University division tournaemen in Colorado Springs, Colo. That tournament opened on Monday.

According to Holder, Carello and Bill Muehlemann tied for fifth place among the individuals with 54-hole totals of 218 strokes.

“Tom Muehlemann had a score of 223, Krueger, 227, McNair, 228, and Kirby 232,” Holder said.

SIU received a championship trophy and four low scorers for the Salukis each received individual diplomas. Although six players participated, only the four low scorers counted toward the team title.

**SIU Golf Team Wins NCAA Tournament at Springfield, Mo.**

SIU’s golf team won the national college division championship, a shortened tournament at Springfield, Mo.

The tournament was scheduled for 72 holes, but heavy rains halted play midway through last Friday rounds and continued Saturday.

The team scores for the tournament were as follows: SUU and Los Angeles State, 15; California, eight; Redlands, Calif., and Santa Barbara, Idaho State, six; San Fernando and Long Beach, Calif., State, five; Grove City, Ohio, and Whittier, three; Ball State and DePaul, two; and Williams, one.
This is a Cousin Fred Test Ad!

Why and what is a "TEST AD?"
A test ad is one with outstanding values that actually tests the ad readership based on coupon redemption. This is done to see if our DAILY EGYPTIAN advertising expenditure is justified. For you, the test ad means nine super-saving special discounts, all priced to save you more!
