Stratton Cuts SIU Budget $77 Million

Size of 5 Pools

Opening of Thompson Lake
Set For Last Of June

Thompson Lake, which will be the site of five normal swimming pools, will be ready for use by the late part of June. A little more than four feet of water is needed to complete the filling of the lake, and it is expected to be completed by then. The amount of water will be sufficient for the opening of the lake. However, if the April rainfall is less than normal, the lake may not be opened as soon as expected, or it may not be opened at all.

The size of the lake will be determined by the weather throughout the spring and early summer, and the opening date will be set accordingly. The lake will be filled slowly to avoid any damages or disruptions to the area. The lake will be open from May 15 to September 15. The maximum water level will be maintained at 1,500 feet above sea level. During the winter, the lake will be drained to a depth of 500 feet for safety reasons.

Jobs for Camp in Michigan

Jerry Broadway will be on hand with an ad for the upcoming jobs for Camp in Michigan. Information on the camp is available at the SIU field office. The camp will be in session from May 10 to June 25.

Staff Members Receive Grant

Charles H. Langeland and Cassie H. Langeland, both of Michigan, have been awarded a grant of $5,000 by the American Philosophical Society to conduct research on the history of the Native American peoples of the Western Hemisphere. The grant will be used to support the research project, "The Native American Peoples of the Western Hemisphere: A History of Their Interaction with the Spanish Americans." The research will focus on the interactions between the Native American peoples and the Spanish colonizers.

Board of Education Reorganized

The Board of Education will meet on Monday, May 7, at the Board Office. The meeting will be held at 7:30 p.m. in the Board Office. The Board will consider several matters, including the reorganization of the Education Board. The new Board structure will consist of five members.

Three new members will be appointed to the Board, and the current members will be reappointed. The new Board will be responsible for the overall operation and management of the school district.

SIU Library

The SIU Library has been awarded a grant of $25,000 by the National Endowment for the Humanities to support the development of an online catalog of the library's special collections. The grant will be used to develop a digital repository for the library's unique and rare materials.

Korean Students Organize; Hold First Meeting

Korean students have organized a group at SIU. The group is named the Korean Student Association and held its first meeting on Monday evening. The group is open to all students, regardless of ethnicity.

SIU Pharmacy

Two SIU students have developed a pharmacy, which is now open to the public. The pharmacy is located in the Student Union and is operated by the two students. The pharmacy offers a wide range of services, including prescription drugs, vitamins, and over-the-counter medications.

First Place

George Hatcher, a member of the Phi Sigma Kappa fraternity, holds the first place in winning the Greek Singing Sunday night at 8 p.m.

SIU Hospital

The SIU Hospital, a branch of the School of Health, will be opened for the first time this month. The hospital will be located in the new Campus Hospital building, which will be dedicated on May 10.

College Test April 30

The SIU College of Pharmacy will hold its annual pharmacy test on April 30. The test will be held in the Campus Hospital building, and it will be open to all students.

RETURN FROM EASTERN CONFERENCE

The return of Eastern Conference to SIU is a significant event in the history of the University. The conference was established in 1923 to bring together institutions of higher education in the Midwest. The conference has played a vital role in the development of higher education in the region.

The conference's main objectives are to facilitate cooperation among its members, to promote the exchange of ideas and resources, and to enhance the quality of education. The conference's members include universities, colleges, and other institutions of higher education.

The conference has been an important force in the development of higher education in the Midwest. The conference's members have worked together to improve the quality of education, to expand access to higher education, and to promote the development of new and innovative programs.

The conference has also been a leader in the development of new and innovative programs. The conference has been at the forefront of efforts to improve the quality of education in the region, and it has played a vital role in the development of new and innovative programs.

The Editors’ Opinions

More Than Classes

Electives will occur on campus next month. This will be the opportunity for the stu-
dents and faculty to have their “say-so” in the campus governance. These will be able to select those individ-
uals best qualified for these various campus activities dur-
ing the year.

The Student Council and the Campus Affariat Com-
mittees have worked hard to facilitate the election proced-
ure. Serious and diligent thought has gone into the pre-
musting process. The

opportunity for students to be

to more qualified and accu-
rate group of campus leaders.

The council, therefore, can give their electors and give of their

Time for the first campus
course will be at 8 a.m. The
course will be held by Mr. A. C. "Daisy," a student at SIU.

Gus Bode

Says

Freshman McLaughlin Works, Supports Two Children

He works four hours per day, is married and the father of two

children, as Army Veteran, and

teaches full time—his name is Bob McLaughlin, a Student at SIU.

The 24-year-old third

t洵. Student from Wadesboro, a

town not far from Jacksonville, Bob spent two years in the Army, and
decided to come to college after getting married to his home-

town sweetheart.

An agriculture major, Bob says he is working and going to col-
lege in his spare time, but there is little time for studying when he

has to work. He goes to school on

weekend.

"Amos, married life on campus gives problems just like any other

of life, he says. But if there are problems, the main

thing being the lack of time.

"It’s just hard to get around and get things done," he

is working so hard that he has been helpful to me to that extent. So

I am satisfied with the college that I am attending, but I haven’t

enrolled in any classes yet, I don’t know if I will ever go to college. It was only

a few months ago when I decided to come to Southern.

The first thing that attracted

me to SIU is the Agriculture Building. I heard a lot about it from

some of the older classes, and I have enrolled in classes here,

even though I have a car, I walk to school," he says, chang-

ing the subject. "However, I can

be a general complaint of the

students, and I think they have

to do that with us.

"If a person is old enough to

vote, then he’s an adult in society, so he shouldn’t be given permission
given at the college. Everybody’s a very good guy, he said. "Well it’s

about as a student, and I think they are

satisfied with what they are

offered."

Before NATO

a grabared threshold freedom in
Eastern Europe... threatened it
everwhere also

Since NATO

not an inch of territory lost

NATO

Freedom is something you take for
granted—until you lose it. Freedom
is worth the work and worthy as you
please.

But the people in Hungary, in
East Berlin, in Wittenberg Germany? Then remember that ten
years of freedom is hard won
and you owe your freedom to
your neighbors.

The formation of Nato, the North
Atlantic Treaty Organization, is to put a barrier of defense between you
and the growing Soviet bloc. To the

Reds and other would-be aggressors it
said: "An attack on any one of our
15 nations will be an attack on all." And since NATO has become a fact,
one can now laugh at the threat of
territorial loss to the Atlantic area has been lost.

Nato today is much more than
a barrier of defense. It allows for
alliance in history. It is in living stately
so the "in case of war" to prevent
resentments into the free of all.
Nato affords you an annulment of
disagreement that face today it's
your best bet against another War.

Rain, Rain Go Away; Saluki Host Eastern Michigan For Three Games Weather Washes Out Evanston Game Tuesday

Ron Sweitzer

The heavy rain which has been falling in Evanston since Saturday afternoon has made it impossible to play the scheduled football game between Northwestern and Illinois which was to be held here today.

The game was to have been played at the Evanston Athletic Club, but the rain made it necessary to postpone the game.

The Northwestern team is scheduled to leave Evanston tonight and return to the University of Illinois where they will play the Michigan State team on November 2.

The Illinois team is scheduled to leave Evanston tomorrow morning and return to their home city.

LITTLE MAN ON-CAMPUS

Cinderella Meet Miners At Rolla; Look For Third Win

Students' track team will be in St. Louis, Missouri, Tuesday night, to play Drake University. The Salukis will be trying to complete the Mineral Miners, team that currently leads the 2A, 3A, and 4A state championship competition.

Students' other victory last season was 3-5, and it was against St. Louis University.

We speak to one or two times, but they have upperclassmen in a dead heat most of the time.

Do you know what the all-time STU track record is? Here's how good we are in this area. In 1958, Charles E. Shank was 200 yards in 24.0, Carter Shank was 440 yards in 54.0. The 800-yard run of 3:08.9, established by H. W. Neighbors, 1950, was the best of this year.

Concerning The Outdoors

Larry Major

STU researchers undertaking a long-term study of seasonal fisks have reported the discovery of a small fish in Illinois. The study, conducted according to information released by the STU Wildlife Service, indicated that the seasonal fisks are present in Illinois during the winter months. The study also showed that the seasonal fisks are present in the same area during the same months. The seasonal fisks are present in Illinois during the winter months.

77 Barrel Fish

The barrel fish included 77 species of small fish, which include 15 species of each of the 15 species. The barrel fish is an excellent food fish and is very popular in the local area. The barrel fish is a very popular food fish and is very popular in the local area.

New Breeding Regulations

New regulations for breeding and stocking fish were introduced in the House of Representatives on Wednesday, 19th July. The regulations were introduced in response to the timing of the administration of Governor William G. Strong. WIN WITH COLLEGE PUZZLE CONTEST

FOR STUDENTS AND FACULTY MEMBERS

WIN A RAMBLER STATION WAGON!

LIGHT UP AND LIVE IT UP! 3 great cigarettes offer you 627 chances to win!

Pick your pack—save the six wrappers—and get going! It's crossword puzzle fun and real smoking pleasure all the way!

ENTER OFTEN—HAVE FUN AND WIN! But think carefully! This puzzle is not as easy as it looks. At the DOWN and ACROSS clues may appear simple. There may appear to be more than one "right" answer. For example, the clue might read: "Mary's a coin will be given her best description if "T." Either "I" or "O" could be correct. But only one answer is right. Be sure and careful. Read the clues carefully. ENTER AS OFTEN AS YOU WISH. Good luck.

BURLY! BURLY! CONTEST CLOSES MAY 29, 1959

RULES—PLEASE READ CAREFULLY

1. The College Puzzle Contest is open to college students and faculty members, enrolled in any course of study at the University of Illinois, at Urbana and Chicago, and all members of the faculty, staff, and alumni of the University.

2. All entries must be in by noon on May 29, 1959, and no entries will be accepted after that time.

3. Entries will be judged by the Brice-Richards judges and will be judged on the basis of originality, clarity, and style. The judges will select three winners from each of the four categories: "Best in Show," "Best in Language," "Best in Creativity," and "Best in Mechanics." The judges' decision will be final and no questions will be asked.

4. Selections must be mailed in a single envelope, and all entries must be original and not submitted elsewhere.

5. All entries must be submitted by midnight on May 29, 1959, and no entries will be accepted after that time.

6. Winners will be notified by mail as soon as the judging is completed.

The winners will be notified by mail as soon as the judging is completed.

Check the box to submit the form.
PHI DELTA KAPPA TROJAN TOWN MEETINGS

The Sigma Delta chapter of Phi Delta Kappa, the national honor society for college students in the field of education, held its biweekly meeting on Wednesday evening at the home of Mr. and Mrs. J. Elston Shuster at 1200 West 11th Street. A large turnout of students attended the meeting, which featured a discussion on the importance of professional development in the field of education.
