At the end of the current quarter, the Registrar’s Office will rank all full-time, male, undergraduate students who are interested in maintaining their 11-5 deferments.

Students have the option of whether this information is sent to their boards; students may ask that a report not be sent, the Registrar’s Office announced.

These rankings will be sent either in late June or early July and the student will receive a ticket for overtime parking, sent to his local Selective Service board. The report will indicate the college year the student is in (determined by the number of hours he has passed) and whether he ranks in the upper quarter, upper half, upper two-thirds, upper three-quarters or lower quarter (which is highest for him) of his class.

In determining the student’s rank, the officer’s overall average is used.

According to Selective Service regulations, a student needs to be within the following rankings in order to be eligible for 11-S consideration basis upon class rank: freshmen, upper half; sophomores, upper two-thirds; juniors, upper three-fourths; seniors, upper fourth.

Students may not specify that part of the information in a report sent out and not another part. Should a student ask the Registrar’s Office not to send a report on him, the student is no longer considered to be eligible for the 11-S deferment.

Additional information may be received from Mrs. Cornell in the Registrar’s Office.

The Carbondale City Council came within one vote of vetoing a decision by the Plan Commission which reinterpreted zoning regulations for Lewis Fark Meadows, a development area on the east side of Wall St. at Grand Ave.

At its formal meeting Monday night, the City Council rejected the Plan Commission’s proposal to allocate 15 acres of Lewis Fark Meadows for a shopping center.

Councilman Frank Kirk said the Plan Commission had exceeded its authority in interpreting zoning regulations for the area to include a large shopping area.

Councilman William Eason said the area had been zoned "commercial residential" and initially it was intended that only small "neighborhood businesses" would be allowed.

Kirk said the Plan Commission’s decision was "an interpretation violates zoning regulations, a setback for the City Council."

Kirk and Eason recommended that the City Commission approve the action by the Plan Commission and requests that the re-interpretation of the zoning regulations be made by the City Council.

Mayor D. Blaney supported the Plan Commission and thought it would be easy to make any changes. City Manager G. W. Norman was in agreement with the mayor.

Eason and Kirk’s recommendation was put to a vote which resulted in a split vote. Councilman Joseph Ragland abstained and Gene Ramsey recused himself, leaving the recommendation along with Mayor Blaney’s vote as the only vote. Kirk’s vote was equivalent to a rejection of the recommendation.

The council rejected the Plan Commission to allow 15 acres of the development site to be allocated as a shopping center. The remainder of the area was allowed to stand.

In other business, the City Council approved the installation of a shopping center. The council also received approval from the Illinois State Highway department to install left-turn signals at Main and Illinois and Main and University streets.

The city had requested the installation of left-turn signals at other intersections, but the highway department turned down the request, saying it felt the traffic flow did not warrant them.

The council also recertified election judges for the general election a week from today. The recent election of several council members became a source of conflict during last week’s council meeting when Kirk charged there had been some "covert irregularities during the primaries.

Gus Bode

Gus says he was just getting accustomed to amateur nights on the TV network news casts.
Southern Illinois Inc and the Department of Journalism are cosponsoring a one-day public relations workshop Thursday which will be open to the public.

The workshop, part of the fourth annual Daniel J. Edelman Gels 83,865 Award for Public Relations Personnel, will be held at 9 a.m. on the campus of the University of Illinois in Carbondale, and will be open to the public.

Registration for the workshop will begin at 8 a.m. in the Seminar Room of the Agriculture Building. Sessions will be held from 9:00 a.m. to 1:30 p.m.

In the morning a panel from St. Louis will speak on public relations at the St. Louis Post-Dispatch, while in the afternoon the panel will discuss corporate public relations personalities. Panel members will be Bay Moskow of the Southern Bell Telephone Co., who will speak on general public relations and employee concerns, and J. Spano, of the Monsanto Co., and Robert Hochingson of the Fielding Broadcasting Corp., who will talk on finance and shareholder relations.

Get $3,865 Award

An SIU crimi researcher has been awarded a federal grant of $3,865 to conduct a follow-up study on members of a juvenile gang in Chicago. Leon Janasyn of the Center for the Study of Crime, De-linquency and Corrections received notification of the grant from U.S. Rep. Kenneth J. O'Dwyer.

Janasyn first studied the group in 1967 when he was engaged as a consultant for the Institute of Juvenile Research, Research Division of the University of Chicago, and the results of that study were published in the American Sociological Review.

The follow-up study, a follow-up of the first study of juveniles, is being financed by the Illinois Department of Mental Health.

The study will begin at the court and will be conducted jointly with the juvenile court, with the head of the court being one of the sponsors of the study.

New Copying Machines Get Good Workout

Approximately 1,000 sheets of paper have been used weekly in the new Xerox machines, according to William G. Gard, chief of the campus organization responsible for its operation.

Koli spent Monday and Tuesday at SIU studying patterns of development early in the week. He is one of three presidents of Finnish universities touring and studying higher education in the U.S.

"One of the basic problems with Finnish universities is that of expansion," he said. "In general, news are used for modern higher education.

"The facilities in the United States are very modern and we are studying patterns of educational development here," he said.

The city of Tromsø has given the university there 1,000 acres of land for future development.

He said that U.S. and Finnish universities were alike in many respects, but that they differed in at least two ways. First, Finnish universities stress independent study, and have considerably fewer hours of lecture per week.

In addition, each department has its own version of a student council. These councils funnel problems and ideas to an administrative council for review.

Makes and females live on separate floors of the same residence hall, but "we don't have any party raids," Koli added.

SIU Foreign Roster Climbs 300 Per Cent

Foreign student enrollment at SIU has nearly tripled since 1960, according to records of the International Student Center.

In 1960, there were 253 foreign students attending SIU. At present the enrollment has reached 637 with 82 countries represented.

Of these students, 272, over one third, are from the Far East. Students from the Near and Middle East number 136, Africa, 70; Latin America, 46; South Asia, 45; Europe, 31; North America, 31; and Oceania, 10.

China ranks first in foreign student enrollment at SIU, enrolling 85 students last year. Hong Kong, India, Korea, Thailand, Japan, Jordan, Philippines, and Viet- nam.

Over half of the students are working on graduate degrees. Ninety-seven are freshmen, 76 sophomores, 56 juniors, and 43 seniors.

One third of the students are from the State of Illinois. They include the Agency for International Development, the Peace Corps, the Fulbright Commission, and the Peace Corps.

Eighty-four of the students also have a part-time job, according to the Agency for International Development, the Peace Corps, and the Peace Corps.

Children's Concert in Auditorium

The Department of Geography will have a lecture in the Library Auditorium at 8 p.m. today.

A Children's Concert will be held at 2:30 p.m. in Shryock Auditorium.

Navy Recruiting will take place in Rooms E and H of the University Center from 8 a.m. to 5 p.m. WRA Track and Field Club will meet in McAndrew Stadium at 3 p.m.

WBA tennis will meet on the north court at 4 p.m.

WBA Modern Dance Club will meet in the Women's Gym at 7 p.m. in room 208. Intramural softball will meet on the practice field at 4 p.m.

Council for Exceptional Children, Chapter 321, will meet in Room 105 of the University School at 7:30 p.m. Noon meals can be seen from noon to 1:30 p.m.

VTI Student Advisory Council will meet in Room C of the University Center at 7 p.m. Parents Day Steering Committee will meet in Room D of the University Center at 9:30 p.m.

Alpha Kappa Psi will hold a business meeting in the Agricultural Seminar Room at 9:30 p.m.

Angel Flight will rehearse in Room 111 of the University Center in the Agriculture Building and Arena at 8 p.m.

Sorority of Sigma Xi Chapter will have a lecture in Davis Auditorium at 10 p.m.

Latin American Institute will have a Pan American Festival meeting in the Studio Theater at 6 p.m.

Crab Orchard Kennel Club will meet in the Agricultural Building Room 210 at 7 p.m.

The Department of Journalism will have a graduate student seminar meeting in Home Economics Family Living Lab at 7:30 p.m.

VTI Data Processing Club is having a meeting in the Agricultural Building Room 224 at 7 p.m.

The Physiology Department is having a Biophysics Lecture Program in the Library Auditorium at 3 p.m.

ROTC will have a examination in Lawson 101 at 7:30 p.m.

International Relations Club will hold interviews in Room E of the University Center from 9 a.m. to 5 p.m.

Student Work Office will hold interviews in Room B of the University Center from 9 a.m. to 5 p.m.

The Young Republicans will meet in the University Center from 10 a.m. to 5 p.m.

SIU Sailing Club will have an Executive Board meeting in Room D of the University Center at 4 p.m.

TV Programs Headed By Halsey's Biography

A review of the week's events in Evansville will be presented on "Vietnam Perspective" at 2 a.m. today on WSIU Radio.

Other programs:

12:30 p.m. News Report

2:30 p.m. This Week at the U.N.

3:30 p.m. Concert Hall

5:30 p.m. Music in the Air

7 p.m. BBC Science Magazine

7:45 p.m. Great Lives After 55.

Churche Provide Meeting House

The Hill House, a non-denominational Christian educational center sponsored by the Grace Methodist and First Methodist Churches of Carbondale, is being offered as a meeting place for groups from the Southern Hills area.

Groups being formed include a weekday morning discussion group for mothers, a 9:30 a.m. Sunday adult study group and a breakfast discussion group for men.

Hill House continues to offer a children's Sunday school from 9:30 to 10:15 a.m. each Sunday morning for children from 3 to 7 years of age.

Anyone interested in any of the Hill House activities may call 457-8665.

Quonset Hut Comes Down For State Use

After some 20 years service, the washed-off green quonset hut, Building T-58, has outlived its usefulness at the old Southern Playhouse and is being torn down.

The quonset, declared surplus propriety by the University, was given back to the State Prison. At Vienna, probable plans for the building include using it as a shelter for calves.

Before demolition began on Monday, the structure was given back to the University.

The quonset, declared surplus propriety by the University, was given back to the State Prison. At Vienna, probable plans for the building include using it as a shelter for calves.

Letters to the Editor
Overpass Needed

To the editor:

One student was killed on Route 51. How many more will pay in blood for an overpass that was to be built last summer?

Student safety should be one of the main concerns of a university president and it was one of the main reasons for removing the motorcycles.

This action was wise, but lack of any action on the bridge, a real safeguard, has already taken one life and even more could be shifted to the funds for the construction of the bridge.

Gerald A. Kervin

Right Handling

To the editor:

Regarding recent articles critical of the administration's handling up the registration of the three students who had written derogatory material for K.A., I should like to venture the opinion that the administration has shown remarkable restraint and patience in dealing with the aforementioned students.

Immediate expulsion would have been more appropriate for those writing some of the articles as well as for those whose job it is to decide on such material to be published.

Intelligent, constructive criticism is one thing; slanderous, vulgar, irresponsible and unfair tirades are another matter.

I get the feeling while reading some of their material that they get carried away by their own cleverness. Also, it is possible that they are just a slightly older edition of the six-year-old with some new four-letter word shooters. Much of the K.A material seems to have emanated from a rock and should never be seen again.

I, for one, do not feel that these students have been treated in a high-handed manner; rather, in view of the malice with which the articles they wrote, that they have been accorded much greater tolerance than they showed.

Virginia Anderson

What Advantage?

To the editor:

In reference to article of April 6, 1967: Double Standards Working To Advantage of Negroes.

The above biased and dis­torted article is devoid of any evidence or support for its thesis.

This type of incident has multiplied itself from slavery to now. Yet, who has heard of any man-black or white-being prosecuted with the full strength of the law for "taming" a black woman, trapped in the bottom of a slick-sided barrel, our men are denigrated from birth to death. Violently but vainly the black pimper, hunter or person has learned to use against the white man, criminal or otherwise.

My experiences of having read Jet Magazine, The Chicago Defender, even such Ebony, and your own pure newspaper emphasize the bias in this article. I shall never forget the murder­ized face of Emmett Till torched, beaten to a pulp, and finally killed by a white gang for "whistling at a woman." He proudly proclaimed its guilt without impunity and was never even indicted.

Kevin Cole

Briefly Editorial

In recent speeches the administration has hinted that the student body feels that the administration is being unfair.

I am quite sure that the S.U. Students would be willing to sacrifice the beauty of a few trees and rocks to provide safety for their fellow students since you and your board of trustees so nobly sacrificed our freedom and mobility in the interests of our safety by removing the "cycles."

There are those who say that I am wrong and that the "cycles" have been taken out because of personal vengeance and that President Morris doesn't give a damn about student safety of conditions as long as he has his beautiful campus.

I hope they are wrong in this belief, and that the student body won't have to pay another life for this procrastination.

Michael Ainslie

Daily Egyptian Editorial Page

Traffic Officer Might Help Ease Predicaments

The Carbondale traffic is bad at all times, but particularly at night.

Countless students and employees have been late for classes and work because of the traffic jams. A commuter or resident coming into the heart of the city from any direction is no newcomer to traffic congestion.

The lines of automobiles consistently stretch from the city limits to the railroad tracks from the east and from the city limits to Oakland Avenue from the west.

Traffic signal lights seem to be wholly inadequate for controlling and directing the mass of metal. Trying to turn off Main Street during the rush hours is about as difficult as trying to arrange an action with the president. It's nearly impossible.

The Carbondale Police Department could be of great assistance by directing traffic at the critical hours. Surely they could be spared from their patrol duties for a few minutes of traffic control duty each day. If this could not be arranged, maybe the city could investigate the hiring of one or two traffic officers.

University Police are to be commended for their part in keeping the congestion on campus to a minimum. At nearly every hour, they are busy directing traffic—and they do a very good job.

Why couldn't the Carbondale Police Department do the same? They would probably be of more assistance to citizens by directing traffic at the critical hours rather than "patrolling their beat."

Bob Forbes

Spring Is for Color

Spring comes.

And with it comes all the colors that go with a rebirth of life after a dead winter.

Gray is the color of the sky over Carbondale for about two weeks in April. These are the wet, wet weeks that make the student wonder why the heck he came to S.U. in the first place.

Green are the buda and the leaves on the trees. Also is the way students look on Sunday morning after Saturday night.

Blue, or swage purple, is the color of Crab Orchard Lake in the spring. These colors also match a student's spirits when the grades come in June and he realizes he spent too many Saturday nights strolling around Crab Orchard Lake.

ONE EGG IS NOT EGG.

ONE EGG IS EGG.

IT DOES NOT MAKE A MILLION EGG.

YOU THINK I'M MADE OF MONEY.

WHERE ARE YOU GOING TONIGHT?

HOW DO YOU MIND THE NEIGHBORS?

THEY'RE MINE.
The myth of April Man was only four feet tall. That unnavigable river kept Thailand from falling into the hands of European powers. The rest couldn't coordinate its teeth, claws and handily to the empires of the Malayan Peninsula. Day Hong Kong fell. By January the Japanese were amazed. In one hour of the Japanese folded. the old White overlords had counted increasingly in Asiatic invincibility. The native naval power was cut by one-third. The Chinese watched with helpless fury as their desperation simply vanished disconsolately.

Twenty-six years ago most White Man's Stature Cut in Half, Burma, Malaya and Singapore fly their own flags. One of our chief problems is convincing Vietnamese that, in spite of Red propaganda, Americans are not the same as non-French-speaking French colonials. The Fukka sahib is dead. Fat British officers no longer stir their agitators under the revolving fans at Raffles'. Waffle-tailed Americans no longer lounge in lordly fashion on the rattan chairs in Batagio. But if you gave favored treatment to tall boys, if you discriminate against short ones by offering "scholarships" for basketball players, the jockeys could wear the colors, the university has many purposes, most of them entertainment. You are not a university to entertain its constituency, but to be a fine institution because if they had followed it many of our constitutional authorities agree that such a purpose or function is impossible.

The Board of Trustees at its meeting Friday approved the following changes in faculty members and administrators. Also approved was the appointment of E. E. King, formerly the president of the University of Wyoming and Kansas State Agricultural College, as a visiting professor of administration and supervision.

Changes in rank are as follows:

- Howard W. Allen, College of Liberal Arts and Sciences, from assistant professor to associate professor, effective Sept. 20.
- Mary Jane Grizzell, School of Fine Arts, from instructor to assistant professor, effective Sept. 20.
- David L. Ayrstrom, School of Agriculture, from assistant professor to associate professor, effective Sept. 20.
- Richard R. Boedeker, Science and Technology Division, from associate professor to professor, effective Sept. 20.
- Howard W. Allen, College of Liberal Arts and Sciences, from associate professor to professor, effective Sept. 20.
- Stella P. Revard, Humanities Division, from associate professor to professor, effective Sept. 20.
- Louis Viecelli, College of Education and Rehabilitation Institute, from instructor to assistant professor, effective July 1.
- Donald J. Shoemaker, College of Liberal Arts and Sciences, from associate professor to professor, effective Sept. 20.
- Robert E. Van Atta, College of Liberal Arts and Sciences, from assistant professor to professor, effective Sept. 20.

Auditions Scheduled For Chekov Show

Auditions will be held Wednesday and Thursday for parts in the May 11 University Convocations program featuring the works of Anton Chekov. The production will be presented by the new Interpretation branch of the Department of Speech. The tryouts, open to anyone, will be held from 10 a.m. to 12 p.m. Wednesday and from 4 to 7 p.m. Thursday at the Wilborn Stage in the Communications Building. If it is impossible to attend either tryout, appointment can be made with Frank Gonzalez, 3-2291.

SPRING BRAKE SPECIAL

Stop today and take advantage of our low-line Spring price...$195

TUESDAY WEDNESDAY THURSDAY ONLY

Goodyear brake price. it is impossible to take advantage of our low-line Spring price...$195

If you can be made with Frank Gonzales, 3-2291.
Marketing Discussion Scheduled

A film and a discussion on the Michigan State marketing game will highlight a general business meeting Thursday of the SIU chapter of the American Marketing Association. The meeting is scheduled for 7:30 p.m. in Morris Library auditorium.

The marketing game is a computerized system of competition, sponsored and officiated by Michigan State University, putting together some 40 chapters of the American Marketing Association, including SIU's chapter, in a competition of marketing processes.

Each chapter entering the competition is sponsored by a private business company. The meeting is open to interested members of the student body.

Summer Leader Applications Ready

Student group leader applications for summer term organization sessions are available at the information desk of the University Center. A representative of the Activity Office said the applications must be returned to the Activity Office by May 19.

Community Development Topic for Colloquium

"Communication Development and the Great Society: Emerging Patterns," will be presented by Hans B. C. Spiegel at the Community Development Institute Colloquium from 4 to 6 p.m. Thursday in the Family Living Atrium. Home Economics Building.

Spiegel, colloquium lecturer, is associate professor of urban planning, Institute of Urban Environment, School of Architecture, Columbia University, New York.

Music Department Recitals

The works of Brahms, Samuel Barber and Stravinsky will be featured in a concert by the Southern Illinois Symphony April 16 at 8 p.m. in Shryock Auditorium.

The Department of Music will also present the American Guild of Organists Student Recital at 8 p.m. April 18 in Shryock Auditorium.

2 Chairmanships Undergo Change

The Department of Economics and Department of Foreign Languages will undergo changes in department chairmanships summer and fall term, announced William E. Malone, of the SIU Office of Academic Affairs.

Robert G. Lloyd, chairman of the Department of Economics, received to be relieved in a reorganization change of the department, Malone said. Lloyd will be on sabatical leave for writing and travel fall, winter, spring and summer quarters of 1967-68, Malone said.

Lloyd, who joined the SIU faculty in 1955, will be replaced by Milton R. Russell, effective fall quarter. Russell was recently promoted from assistant to associate professor of economics. He has been at SIU since 1964.

Lloyd has recently been named Chairman of the Social Club to Meet

An organizational meeting of the Social Club is scheduled at 6:30 p.m. Wednesday in Room 118 of the Student Center.

All students are invited to attend.

Question: What Can You Get at First National Bank

Answer: Our New Photo Copy Service!

First National Bank has installed in its lobby a Xerox Photo Copy Machine for public use at only 10¢ a copy.

Now you can come in and serve yourself — photo copy your important papers, documents, records and invoices. Store the originals in a safe place and work from the copies in your home or office.

Jackson County's Largest Bank...

Presently $16,000,000.

Continued Banking Service for 74 years.

Here are some items you should have copied:

- Personal & Family Records
- Pension Papers
- Wills
- Social Security Cards
- Inventory of Household
- Income Tax Reports
- Business Contracts

Birth Certificates
- School Records
- Business Reports
- Photographs
- Valuable Papers
- Copy of Checks
- Money Orders

Full Service Banking
- Safety Deposit Boxes

- Mortgage Loans
- Bank By Mail
- Remodeling Loans
- Personal Loans
- Business Loans
WASHINGTON (AP)—Union representatives rejected a proposed 20-day truce Monday in a strike that has caused truckers to pile a nationwide railroad strike on top of the trucking shutdown.

The union turnout came in the face of an urgent request by President Johnson for congressional action to force an extension of the statutory no-strike cooling-off period that runs out at midnight Wednesday.

Members of the Senate Labor Committee, meeting on Johnson's request, urged union and management spokesmen to recommend a voluntary agreement that would make congressional action unnecessary.

The railways returned back through J. E. Wolfe, chairman of the National Railway Labor Board, that they were willing to resume wage bargaining talks as soon as the six AFL-CIO shopcraft unions agreed to the extension.

But Joseph Ramsey of the Machinists Union, one of the labor spokesmen, said, "We turned it down."

Johnson, preparing to leave for the Pueblo del Este sammen conference in South America, asked Congress in a special message to lead off with a 60-day truce and halt railroad strikes. And he asked also that the Justice Department determine whether an 80-day injunction can be obtained to halt the trucking shutdown.

The crippling impact of the truck lockout was felt swiftly in the automobile industry with all the principal manufacturers in the Detroit area and elsewhere scheduling substantial cutbacks for Tuesday in the wake of rather limited efforts to ameliorate their troubles.

Other industries were affected, too, and the disruption was expected to snowball as the supply of raw materials and parts dried up.

Secretary of Labor W. Wil­lard Wirtz said he expects there will be action in Con­gress Tuesday to avert the threatened railroad shutdown.

Meanwhile, it was learned that government officials are keeping a close watch on the impact of the trucking industry shutdowns but at the time there does not appear sufficient reason to invoke an 80-day Taft­-Hartley injunction to get the trucking rolling again.

The legal questions of in­volving a Taft-Hartley injunc­tion in a case where an in­dustry is largely responsible for the causing of the shutdown presents special and novel problems, sources said.

WASHINGTON (AP) Union representatives rejected a proposed 20-day truce Monday in a strike that has caused truckers to pile a nationwide railroad strike on top of the trucking shutdown.

The union turnout came in the face of an urgent request by President Johnson for congressional action to force an extension of the statutory no-strike cooling-off period that runs out at midnight Wednesday.

Members of the Senate Labor Committee, meeting on Johnson's request, urged union and management spokesmen to recommend a voluntary agreement that would make congressional action unnecessary.

The railways returned back through J. E. Wolfe, chairman of the National Railway Labor Board, that they were willing to resume wage bargaining talks as soon as the six AFL-CIO shopcraft unions agreed to the extension.

But Joseph Ramsey of the Machinists Union, one of the labor spokesmen, said, "We turned it down."

Johnson, preparing to leave for the Pueblo del Este sammen conference in South America, asked Congress in a special message to lead off with a 60-day truce and halt railroad strikes. And he asked also that the Justice Department determine whether an 80-day injunction can be obtained to halt the trucking shutdown.

Humphrey 'Carried Message'

WASHINGTON (AP) — President Johnson welcomed Vice President Hubert H. Humphrey home Monday from a turbulent mission to Europe, and said the West could exceed its ambitions until "the ancient world of Asia" is a full partner in progress.

Amid pomp and military ceremony on the south lawn of the White House, Johnson said the vice president carried that message to the leaders of Europe.

Thus the war in Vietnam marked Humphrey's homecoming as it shadowed his two-week journey to seven European nations.

"You have carried to them our conviction that peace, like freedom, is indivisible," Johnson told the vice president, "Neither the New World of the Americas nor the Old World of Europe, capable of fulfilling its dreams and ambitions until the ancient world of Asia has become a full and equal partner in the forward movement of man."

"No one knows better than you, Mr. Vice President, that this conviction lies at the very roots of American policy in Vietnam and throughout Asia," the President said.

Viet Veterans Aid Proposal Rejected

By State Senate

SPRINGFIELD (AP) — The Illinois Senate balked Monday at a House proposal that $4 million be appropriated to pay bonuses to Vietnam veterans in the two-year budget period starting July 1.

The Senate, which favors a $3 million appropriation to cover the payments, decided to call for a conference committee to iron out differences.

House Speaker Otto Kimmich, R-Oswego, told his colleagues: "It's nonsense to quibble over the amount" because the money won't be spent if it isn't needed.

Mitchel Hillman, the House speaker, mentioned the widows of some veterans who had to wait for bonus payments because the bonus fund ran dry and the legislature had to make a supplemental appropriation earlier this year.

New U.S. Troops Kill 166 VC

SAIGON, (AP) — Troops of the newest U.S. Army division in Vietnam killed 166 battle-hardened Viet Cong in a two-day fight that ended Monday night just 20 miles southwest of Saigon. The increased tempo of ground fighting continued elsewhere in the war.

Over-all enemy casualties after 24 hours of fighting—chiefly around Saigon—left 315 Communists dead, the U.S. Command reported. U.S. casualties reported were 4 men killed and 79 wounded. Thirty of the wounded were Marines aboard an Amtrac that hit a mine 14 miles southwest of Da Nang.

At the same time the command acknowledged that U.S. warplanes have been dropping cluster bomb units all along in raids on North Vietnam. Such units are canister cans containing 800 small bombs about the size of a fist with a capability of 800 hand grenades. U.S. officials said they are used against anti-aircraft guns and crews, surface-to-air missile sites, radar installations and such "thin-skinned" targets as barracks, truck convoys and light armor. The bombs are also called antipersonnel bombs.

The Communists have charged the bombs are aimed at killing or maiming civilians.

The biggest Communist losses in the ground actions were in the two-day clash near Rach Kien, southwest of Saigon.
Faculty Club Plans New Harmony Trip

The Faculty Club plans a trip to New Harmony, Ind., on May 6, according to Hilda Stein, retired faculty member and program chairman of the club.

The trip's purpose, she adds, will be to learn about the early Rappites who tried to build a socialistic community.

The club meets monthly for a potluck dinner. The next meeting is April 30. In addition, wives of the faculty members have weekly bridge parties.

The club meets at 1000 S. Elizabeth St.

Campus Drive Extension Set For Summer

The razing of the buildings on the south side of Mill Street is making way for an extension of Campus Drive, according to William C. Hart, associate University architect.

The road will be a loop running parallel to Mill Street, starting from near the new Franz Steiner residence on the road will terminate at the University School entrance drive. A grass-covered median will divide Mill Street and the new drive.

Hart said, "This new drive will separate the internal University traffic from that of the city."

Purpose of this drive is to eliminate the anticipated increase in traffic on Mill Street. This move is expected to cut down on the number of accidents, he added.

Construction of the drive will hopefully be started in mid-summer, but the July 1 starting date will depend on the weather, Hart said. The drive has been on the University's master plan for years, he said, but until this time the Mill Street buildings were in use.

Greek Instruction To Begin Monday

A non-credit course in Modern Greek will be offered to all students and faculty members beginning at 7 p.m. April 17, class meetings will be held every Monday night till the end of the term.

The course will be taught by graduate students from Greece, Mr. N. is no tuition.

Science Fair Gives
Two Scholarships

Two Carlinville High School juniors, Ronny Morley and Mary Mantuelli, were awarded four-year tuition scholarships to SIU for their top-rated exhibit in the annual District Science Fair at SIU.

The students' joint botany project, a demonstration of auxin, was judged most outstanding of 40 exhibits which qualified for the state Junior Academy of Science Fair at Urbana May 5-6. First place awards were to 52 exhibitors. The 40 state qualifiers were selected from that group on the basis of judges' points for scientific validity, research thoroughness, creativity and other factors.

Young science students from 24 southern Illinois junior and senior high schools were represented at the fair at University School on the SIU campus. There were more than 200 exhibit entries.

Leads Reported in Armed Holdup

Carbondale police said Monday they had a few leads in the estimated $13,000 holdup Monday morning at Saluki Currency Exchange in the Campus Shopping Center.

A male Negro, believed to be about 35 years old, entered the business at 10:30 a.m., "flourished a gun and demanded money in the safe," said Chief Hazel, Carbondale police chief.

The man held a gun to the head of Mrs. William Budslick Sr., while another woman in the building cleared the safe, William Budslick Jr. said. Two women in the building were Mrs. Budslick, Cindy Watts and the manager, Verna Miles.

According to Budslick, the man entered the store with a bandkerchief around his neck,

Biologist to Speak

ARROW.
Students Limited to 40-Hour Week

University departments and units using student workers are warned that the students should not be worked more than 40 hours a week.

In a memorandum issued this week, Frank C. Adams, director of student work and financial assistance, reminded departmental fiscal officers of the provisions of the Federal Fair Labor Standards Act under whose provisions the University came as of February 1.

The act provides that the maximum weekly working hours be not over 40 at the minimum wage of $1 an hour. It also provides for an overtime payment of time and a half beyond the 40 hours, but the University discourages such payment because of administrative complications.

In a special bulletin issued on Jan. 18, Vice President John S. Rendleman indicated two ways out for overtime. One was to take the compensatory time off from the same pay period, but Rendleman discouraged this because it is "extremely difficult to administer." The other method was payment but "funds to be used for available prior to the time that any overtime work is authorized and performed." Raymond Dejarnett, assistant director of financial assistance, said there are "too many chances for slip-ups" for overtime computations and that his office wants to keep the hours within 40.

Also, those students working under the federal work-study program are to work no more than 15 hours per week during the term and no more than 40 during term breaks, Dejarnett said.

**Spirited Texas Editor**

**Lovejoy Lecture Scheduled**

W. Penn Jones Jr., editor of the Midlothian, Texas "Mirror" and a firm believer in a conspiracy surrounding the deaths of former Presidents John Kennedy, will deliver the Elijah Parish Lovejoy lecture in journalism at 8 p.m. Thursday.

The lecture will be in Muckelroy Auditorium. There is no admission charge.

According to Jones, 21 persons have died who were in some way connected with the assassination. This is more than the law of averages should allow, he contends.

Jones has published a series of articles in his weekly newspaper, attacking the verdict given by the Warren Commission and challenging the "unusual nature" of the circumstances surrounding the death of many of the persons he says were involved.

The articles were later collected and printed in a book entitled "Forgive My Grief," which Jones printed on his own press.

The second volume of "For-
ON CAMPUS JOB INTERVIEWS

On campus job interviews will be held with the following companies next week. Students seeking appointments may make them at Anthony Hall, Room 218, or by telephoning 3-2391.

Monday, April 17

Netmen Cap Perfect Weekend With 9-0 Win Over Illinois

It was a perfect weekend for tennis Friday and Saturday, at least as far as the Saluki netmen are concerned. Southern defeated Missouri 3-0 for the victory. Maggiore and Yang over Burkholder and Wurtzel, 6-2, 6-3. The Salukis will face two of the top teams in the Big Eight Saturday when they play host to Oklahoma and Kansas State in McAndrew Stadium, in their first home meet.

SIU Relay Teams Set Three New Mark

The SIU track team brought three school and one meet record home from Saturday's Kentucky Relays at Lexington. The three school marks all fell to Saluki relay teams.

The 880 squad of Edwin Covington, John Quillen, Chuck Benson and Ron MacKenzie ran second in the finals with a time of 1:26.0. The four mile entry of Dave Chischolm, Al Ackman, Jeff Duzbury and Oscar Moore ran second to Norre Dame in 16:56.8. The old school four mile mark was 17:05.3, set in 1962.

Chischolm started things with a 4:17.7 mile, followed by Ackman's 4:19.3, Duxbury's 4:11.3 and Moore's 4:08.1.

The 440 relay team also smashed an old SIU standard with a 41.4, good for third place. The same four runners teamed up in both the 440 and 880.

Moore's winning time was 5:31.2. Vernon set a relay record by going 47.8 and Benson cleared 6'7" in the high jump.

The Salukis will face two of the top teams in the Big Eight Saturday when they play host to Oklahoma and Kansas State in McAndrew Stadium, in their first home meet.

Doubles Team—Al Pena, above left, and Jerry Garver get in some practice Friday prior to winning their doubles match with a University of Missouri pair. Pena had to bring in another third Saturday for another doubles victory against Illinois. Both players also won singles victories against both teams

Sailing Club Wins Regatta

The SIU Sailing Club won a triangular regatta at Crab Orchard lake by defeating teams from DePauw and Iowa. SIU took the top spot by winning five of the six races.

DePauw was the runner-up with one first, three seconds and one third place. Iowa took one second and five third places.

SIU will go to the University of Indiana April 22 for the Hoosier Classic Regatta and to Iowa May 30 for regatta with other schools.

lead photo---The Salukis beat two of the top teams in the Big Eight at the University of Oklahoma in 1962.

Southern Wallops Memphis State Tigers With 16-0 Score

Skip Pitlick pitched a no-hitter in the final round of a three game series against Memphis State Saturday which enabled the Salukis to grab one win in the three contests. Pitlick struck out four and walked five in the 16-0 game at Memphis. Team. Pitlick’s mates gave him the best offensive support an SIU pitcher has had all season. The Salukis rocked four Tiger pitchers for 13 hits and scored 16 runs to completely dominate the Tigers. The Tigers had taken the first two games of the series, 5-3 and 5-2.

Southern pushed the three runs across in the first inning, two of them from Don Kirkland’s hit in the inning was a double that started the rally with a single by Howard Nickason started the rally with a single by Howard Nickason. Golfers Lose at University of Illinois. Wargo and Robinson lad and Dan Bishop of Illinois finished third with 158.

793 to win and Eastern with 795. 36 holes in the meet to finish triangular golf meet at the Illinois golf course. Individual play and individual titles.

The gymnastics would be for Judy Wills. As for Centenary's Janie Speaks, who was never far behind Miss Wills throughout the night. Miss Speaks managed a first place tie in vaulting, a second in tumbling and fourth in trampoline. She also won the free exercise event and finished third in beam, for one of the best all around showings Saturday.

Southern captured the first three places in trampoline, Nancy Smith and Sue Rogers trailed Miss Wills, SRI took the first three, second, third and fifth places in Saturday's individual finals.

Donna Schaezer, who was among the top gymnasts this season, didn't qualify for one stroke ahead of Bob Walld and Dan Bishop of the University of Illinois who finished the day with 158. The Salukis finished second with 903 points. The Illini had 793 to win and Eastern Illinois University finished third with 851 points.

Dave Wargo wasn't far behind Robinson for the Salukis. Wargo finished second strokes behind the leader with a total of 109. Wargo and Robinson were the only Saluki golfers to defeat both of their opponents.

Robinson had a 78 in the first 18 and a 79 in the final 18 holes for his total of 157 and Wargo had an 81 and 78 for his total of 159.

Eight played for each team in the meet but only the five lowest scores were totaled for the team total. Steve Hockel had 161, Robert Ernst finished with 163 and Jack Dowling had 164 for other Saluki team scores. Jim Schonhof finished with a 167, Dennis Kokkut had a 172 and Terry Rolfing had a 174 for the remaining Saluki scores.

Illinois' Linda Metheny won the balance beam competition and finished third in vaulting.

The weekend was very rewarding for Vogel and his undefeated team, but may have also been very costly. Southern's top three all around performers are saddled with injuries. The condition of Miss Schaezer and Miss Hoshimoto is doubtful due to injuries they suffered Friday and Linda Scott is still sidelined with a pulled muscle. Vogel is hoping for quick recoveries from all before the AAU championships just three weeks off.
