A Visit Back

Spring vacation is a time for new experiences. Just after the exasperation of the winter has passed, there is always the opportunity to go home for a break.

Southern Illinois high schoolers see this as an opportunity to stay home for a few weeks. For them, this is an opportunity to see some of their friends and visit their old school. This is also a time for them to get away from the stress of school and relax.

Many students find this opportunity to be very beneficial. They get to spend time with their family and friends, and they also have the chance to explore new places.

It is important to note that some students may feel pressure to go home and visit their friends. While this can be a rewarding experience, it is also important for students to prioritize their own well-being and make decisions that are best for them.

In conclusion, Spring vacation is a time for new experiences. Students should take advantage of this opportunity to explore new places, spend time with loved ones, and get away from the stress of school.
