 Eighteen persons possessing rare blood types, considered blood donors and are volunteers, are now being sought by the Biomedical Coordinating "Blood Club" of the Carbondale Branch of the American Red Cross. Also for the first time, the Blood Club will be conducting a blood drive in the Fine Arts Building on Wednesday, February 20, from 9 a.m. to 2 p.m. The drive will continue from 7 p.m. to 9 p.m. in the Student Union Club room. All those interested are asked to extend a hand of help in this annual Carbondale Blood Drive project.

The Fine Arts Building, as a Japanese tea garden, will be decorated for the annual "Man of a Thousand Voices" Festival tomorrow night from 8:30 p.m. to midnight in Lenz Hall.

Award for the most creative costumes will be featured along with dancing, music and entertainment at the annual Ball.

Decorations and a Japanese tea garden will reflect an Asian theme. Entertainment will be provided by Skip Taylor's Oriental dance group from Japanese "Fortune cookies", made by a Japanese firm, will be included in the 50-cents admission.

An informal showing of "Carmen" will be held Tuesday, February 18, from 8:30 to 10:30 p.m. in the Student Union Club room. Only off-campus women are eligible to vote and a student I.D. or state identification card must be presented.

"It is the responsibility of the student to report to the off-campus women's group to get out and vote," says an election

Bob Holt, "man of a thousand voices" on KMOX, St. Louis, will be master of ceremonies for the 14th annual Theta Xi Valentine's Day Ball.

Rehearsals are in full swing for the winter talent show sponsored by the social fraternity, Theta Xi. The program will be held at 8 p.m. Friday, February 14, in the Fine Arts Auditorium. Tickets are on sale in the Student Union for $1 each, with all proceeds donated to the American Red Cross. All performers are invited to participate, and all acts will be judged by judges. The top 10 acts will receive trophies.

Editor's Opinions

Campus Police Restricted

The editorial concerning excessive driving speeds on Thompson Point drive uncovered at least one problem which has previously been either overlooked or unknown: the University Police Department is seriously undermanned.

In order to properly discourage speeding on Thompson Point drive, two squad cars are needed. This means a car must be taken off another assignment.

Most of us think the department has at least enough staff to provide adequate service. When an occasion arises, however, when another patrolman is needed in a specific area, it means an area must be sacrificed.

Two patrolmen tied up two squad cars tracking down 60 persons who were exceeding the 20 mile an hour speed limit on Thompson drive during the first two days of the enforcement campaign. This type of safety measure could be assured in more cases if more patrolmen were made available. An organization cannot perform ultra-superior work with an organization cannot perform ultra-superior work without adequate protection will be available for an expanding campus and an increasing enrollment.

The Misinterpreted Cartoon

No, we weren't poking fun at the bus system.
A cartoon in Tuesday's Egyptian has apparently been misinterpreted by several people, through an oversight on our part.

The cartoon portrayed two people inside a bus, with the caption, "Well, they can't expect us to walk all the way out there."

Some people apparently thought we were taking a jab at the Greeks, who are practically the only students keeping the bus system alive. This is far from the truth. First, we have strongly suggested that the bus system be taken off the keys when was the last time what somebody told Gus they

Second, the cartoon was meant to depict an incident at VTI in which a student admitted driving an SIU bus from Southern Acres to the Glass Bar in Colp.

There was only one problem: the story concerning the incident at VTI was inadvertently left out of Tuesday's paper because of space difficulties. The cartoon thus had little meaning.

For those who interpreted the cartoon as a sarcasm in any way regarding the bus system, they are assured that we have nothing but the best regards and hopes for Southern's only mode of transportation.

Gus Bode Sez

If those Chinese signs say what somebody told Gus they say, he doesn't like it.

Gus sez bus keys might not be taken if the keys weren't left in them overnight.

Gus sez the narrow-mindedness portrayed in "Winged Victory" reminded him very much of southern Illinois.

Gus sez fame is fleeting; when was the last time you heard of Richard M. Nixon and Dr. See?

Writer Didn't Investigate

Dear editor:

The article, "Nicaragua Schools Listen to Student Gripses," was the consequence of an interview made by one of the youthful Egyptian reporters with Dr. Morton, and not an article published by the latter professor.

The reporter put together what he thought were the highlights of his interview and thus the above mentioned article was written.

Dr. Morton is most certainly aware of what are called the "basic causes" of resentment between the United States and the Latin American countries. If you would have had the foresight to attend his lecture on "Our Time Limit in Nicaragua" Feb. 9, as one of your fellow Panamanians did, you would have had your questions answered and it would thus have been unnecessary for you to submit this article to our University newspaper.

Sincerely,
Georg Maier

Likes Editorial, Wants More

Dear Editor:

I want to congratulate you on the editorial, "Don't Base SIU on Numbers." A large percentage of some of my classes are students who have been dropped by other universities because of low scholarship and their presence in the class is a hindrance to the progress of the good student.

Let us have more editorials on emphasis on quality, rather than quantity, as the measure of an educational institution.

Sincerely yours,
Susie E. Ogden, Associate Professor, Accounting

Thought for the day: The five most important words— "I am proud of you"; the three most important—"If you please . . ."; the two most important—"Thank you"; the least important—"I . . ."

The latest escape on campus occurred last week at Southern Acres when an entering student allegedly decided to drive a University bus from VTI to the Glass Bar in Colp.

The usual disciplinary action will probably be taken against the student. Let's hope the administration takes into consideration, however, the routine of leaving keys in the ignition of buses overnight. Though this in no way justifies the act, it certainly makes surreptitious driving more handy.

A surprising number of persons called the office Tuesday, offering to donate blood to a lady who underwent surgery Wednesday. More than 25 called the office and scores of others called Holden Hospital.

The lady asked us to sincerely thank all those who offered aid. And we add a note of thanks to those who so generously and so quickly answered our call.
FINAL EXAM SCHEDULE

It's That Time Again!

It's almost that time again. Time to start burning the old midnight oil, smoking two packs a day and drinking 12 cups of coffee instead of six.

You say you've been by? You say every body is riding you for term papers and bade. You say you'll never get caught up?

Well, next quarter is bound to be better. But in the meantime, ream 'em and weep.

For example, a 9 a.m. class carrying four hours of credit will have its examination from 7:50-9:50 a.m. on Tuesday, March 14. A 9 a.m. class carrying two hours of credit will have its examinations from 10-11 a.m.

A student who finds he has more than three examinations on one day may petition, and a student who has two examinations at one time should petition his academic dean for approval to take an examination during the make-up period on the last day.
The battle for state and possibly national supremacy in gymnastics takes place tomorrow night in the SIU Men's Gym when Southern, with Olympic Fred Orlofsky, host the University of Illinois. Meet time is 7:30 p.m.

Southern lost to Illinois earlier this season in Champaign, 67-54-4.5. At that time the Salukis were competing without Orlofsky who had gone to Penn State to join the U.S. Olympic team in an international meet against the Russians.

Pond's Record Outstanding

Illinois, coached by Garrie Pond, has won 11 straight Big Ten titles, four NCAA championships and has outscored lower than third in the NCAA meet. The Illini are 8-1 for the season with wins over Minnesota, Southern, Wisconsin, Iowa, Ohio State, Michigan State and Indiana. The lone loss was to Michigan's Wolverines, 62-59-4.5.

The Salukis, 8-3 for the campaign, have beaten Eastern Illinois twice and have scored single wins over Central Michigan, Minnesota, Ball State, Illinois State, Western Illinois and Navy Pier. SIU has lost to Michigan and Michigan State in addition to the mighty Illini.

Southern's Saluki Gymnastic Showdown

Tomorrow night's meet is expected to go right down to the wire with the head-changing hands from one event to the next. Illinois boasts one of the strongest side horse teams in the country. Southern also sports a potent side horse squad.

"This event (side horse) may be the key to the outcome of the entire meet," declared Saluki Coach Bill Meade. Illinois' three horsemen are Cape, Bill Lawler, Ray Hadley and Mike Aufrecht. Meade can counter with such stars as Bill Simms, Bob Kim, Bruno Klaus and Orlofsky.

Hadley, Holmes Lead Illini

Hadley cupped last year's NCAA free exercise crown and the Big Ten's all-around title. The Illini roster also sports two-time National AAU and this year's Pan-American Games tumbler champ Hal Holmes. Illinois lost stalwarts Pat Bird and Al Barash at the end of the first semester but it picked up five Navy Pier transfers to more than take up the slack.

A look at each individual event shows that the Illini have the edge in tumbling with Holmes, but the Salukis are strong favorites on the still rings with Orlofsky, Ed Foster and Fred Tijirina. Orlofsky's bad wrist will keep him from competing on the parallel bars so the two teams should be even in that event.

Southern Has Depth

The two teams are also equal on the trampoline. Free exercise should go to Illinois' Hadley but Southern's depth may make the difference. SIU is stronger on the high bar than is Hadley. The last event to look at is the side horse, and as was mentioned earlier, this is where the meet will probably be decided; both teams are strong on the ride horse.

Judges for the 7:30 p.m. meet are former Illinois greats Pat Bird and Jon Calbertson, ex-Saluki Ed Hillyard of Car- mi and Temple University graduate Bill Ferr.

Meade's Saluki gymnasts won the Midwest Open in Chicago last December and thus were victorious over such teams as Illinois, Iowa, Michigan, Michigan State and Minnesota. Southern and Illinois split two meets last year and will battle one another once again this year in April. Champaign, site of the Fighting Illini, is the scene of this year's NCAA meet April 7-8.

Southern Meets Wesleyan Tomorrow

Southern's Saluki cagers close out the regular season tomorrow night in Carbondale. Key against the Kentucky Wesleyan Panthers. Game time for the contest is 8 p.m.

The Salukis defeated the Panthers here earlier in the season, 92-78. Southern is currently ranked third in the nation and the host Kentuckians are tabbed as the No. 10 quintet in small college circles.

SIU enters the game as a four-point underdog because of the home court advantage. The Panthers are led by All-American candidate Gary Austin, a pesky 5-8 guard, who cuts the nets at a 20-20 plus average per game.

Wesleyan accomplished a feat this year in beating such roundball specialists as Evansville College twice in one season. Two of its six setbacks have been close calls to potent Louis- ville. The Panthers have also handled Southeast Missouri State, Missouri State and one of its two losses.

Southern will be shooting for its 21st win of the season against four sets. SIU Coach Harry Gallatin is expected to go with the same lineup that he has employed throughout the campaign. Charlie Vaughn and Harold Beards will start at the guard slots, Tom McGreal will handle the pivot duties, and Randy Callan and Carl and Don Hepler will start at the forward positions.

WSIU, Southern's FM radio voice, will broadcast the game direct from the Overson Sportcenter. Sportscaster Bob Martin will handle the play-by-play. Broadcast time is 7:50 p.m.

Finals Tomorrow
By Dennis Herbert
Sports Reporter

Tomorrow afternoon at 2:30 the climax of the 1960-61 men's intramural basketball season will be reached with the all-school championship game. The game will pair the two division champions who have moved successfully through the playoff tourna ment.

Leading the pack into the playoff games are the Southern Aces' Ridge Runners, which successfully swept the MRH division with a 6-0 record. The Runners have been averaging 90 points a game. Other strong entries which deserve the Ridge Runners include Kap pa Alpha Psi and the Dowell Cowboys.

To reach the final all-school playoffs, each team must win its classification tournament. The three classifications include Off Campus, Fraternity, and MRH. Then the three winners will draw lots to determine the final pairings.

In the drawings for the first round Wesley Foundation (6-0), Troops A (7-0) and Doyle II (7-0) drew byes. In other action the Untouchables (7-1) meet the Bats (7-0). The second round pits Wesley Foundation against Troops A and Doyle II will play the winner of the first round contest.

In the fraternity league, Kap pa Alpha Psi will attempt to repeat as champions when they due Slate. Psi. Pairings for the Men's Residence Hall's playoffs were not available at press time.

Saluki Cagers
In Cape NCAA
Regional Playoffs

Southern has been assigned to the Southwest regional of the NCAA college division basketball tournament at Cape Girardeau, Mo., March 10-11. The announcement was made yesterday morning by Harvey Chrusser, Wheaton College's athletic director and chairman of the regional tournaments.

The Salukis cagers will be favored to win the four-team elimination tournament and advance to the Evans ville, Ind. finals March 16-18. Other teams selected for the Cape playoffs are the host Cape State Indians, Trinity College of San Antonio, Texas and a fourth team to be selected Monday afternoon.

Drawings for the tournament will be made at the same time the fourth team is added to the field.

Kudo's Research May Stop Those Pesky Mosquitoes

The slowing, sweating, and spraying of mosquitoes may be a thing of the past in coming years, thanks to the research of Dr. Richard Kudo, visiting zoology professor.

In his laboratory, Dr. Kudo told of the research he plans to continue with the $318,000 National Institute of Health grant he was recently awarded.

Dr. Kudo, born in Japan, taught at the University of Illinois for 36 years and is one of the world's foremost protozoologists. He is a specialist in protozoa and is considered a leading authority on the so-called "giant amoeba."

Species Found

Through his research from 1919 to 1930, Dr. Kudo discovered 11 species of microsporidian parasites which infect various types of mosquitoes. He has, in fact, discovered so many parasites that a genus—Kudoa—is named after him.

Heavy infection from the microsporian parasite can be fatal to the mosquito larva by feeding from the stored fat of the host, he found, and causes the body to turn chalky white and become deformed. Closer observation showed that the parasite causes the nuclei in the host cells to become greatly enlarged.

The parasitic spores, less than 1/100 of a millimeter in length and spindle-shaped, could possibly be mixed with water or some other media for ease of spraying to control mosquitoes, according to Dr. Kudo.

"But those things have to be worked out for the best medium," he said.

First In U.S.

Dr. Kudo, the first person in the United States to work with mosquitoes infected by microsporidia, said that at the time of his findings no one paid any attention to them because of the introduction of DDT and other chemicals for control.

Now, however, people are beginning to realize the bad effects of some indiscriminate and are interested in Kudo's work.

At a conference in Washington, D.C. last February at the Armed Forces Institute of Pathology, a great deal of interest was shown among conferences on this group of parasites as a potential control measure of mosquitoes.

In addition to finding a way to control mosquitoes with microsporidia, Dr. Kudo hopes to learn more about the parasite itself.

There are still many mysteries about this tiny protozoan creature. Why the long hair-like filament, how long is the life cycle, and how many species of microsporidia actually occur in mosquitoes are just a few of the basic questions that Dr. Kudo hopes to answer.

The sisters of SIGMA KAPPA have been busy lately, partly-wise. A slumber party was held with the Alpha Gam Friday night and an exchange themed "This Unforgettable" with the Tekes Sunday evening at the Sig Kapp house.

A new pledge, Karen Ram­beau, has been added to the Sig Kapp pledge class.

**PHI SIGMA KAPPA has al­so "adopted" some pledges. They are Gordon Cummings, Bill Munis, Hank Harper and John Logan.

More election returns—the Tekes winter pledge class has elected Wayne Barber, president; Doug Procter, vice president. Jim Wattleworth will scribble as secretary and Steve Wilson, treasurer, will keep a close eye on the pledge class finances.

Don Kerr, social chairman, will be busy arranging parties for the pledges.

Tekes Jerry Ferguson, Don Funkhouser, Tom Weth, John Drew and Tom Mowatt are hard at work on Greek Week committees.

Now even 51.

No St. Louisians know about the THETA XI Variety Show—brothers Larry Lanwell, Tom Hughes (co-chairmen for the show) and Dick Schults were interviewed over KMOX in St. Louis Saturday by Jack Reeder.

TX Fred Davis is serving on a committee for the Greek Week festivities.
