Enrollment Increase Seen Next Fall Term

STILL anticipates approximately 100 new students next fall term, said William E. M. Miller, director of admissions at the Registrar’s Office.

Moloney believes his estimate—while including increasing freshmen from other schools—will not be for a 20% increase on campus.

One of the reasons the estimate is so high is that because of requests for the number of applicants, the number of applicants is not very high. It is very difficult to get a good idea of how many of the applicants will be accepted and how many of those who are accepted will not come.

Qualified and interested student bodies on campus will be a little more. Moloney said that for January, high school students interested in the application for admission will be announced.

For this school term, Moloney said, "we had 1,204 new students, and last year, comparing last year for the purpose of our figures to be considered.

One of the reasons we also chose to accept at a school, and if they do not choose to accept the 250-400 students who were assigned to all demands and both.

NOTICE

Students are restricted that affiliated students for the rooming term is not available. Advance registered and attendance will continue through March 7.

WE NEED YOU

Would you like to get started in some campus activity? Would you like to be a Student Council "helper"? Well, you can.

Yes, it seems that we've hit off almost more than we can chew, but this is actually what we want to do. However, the Student Council is becoming so busy with the growing problems that our campus and student body are facing, our sixteen members just can't take care of everything and do a good job like we want to do.

So, we are appealing to you . . . who will fill out this application for Student Council Committees . . . to help us. Students who fill in the application will get to serve on a Student Council Committee and take care of some of these ever increasing number of problems.

Some of these problems that are before us right now are such things as looking into the Sectioning Center problem, using IBM machines for elections, seeing about a Currency Exchange, looking into the pedestrian-bicycle problem, and many others. Sound interesting?

So, thanks, kids! We knew we could count on you!

The woman decided she had a good thing going and the next day she dined in style.

From Bill Eppm her Newsletter . . . a boy named Benny fell to his knees, but he was spoilt by the subject of his affection. Then the Dollar appeared and whispered in her ear, "Give a head and the girl can't mean you, but if you ever share the bread with her, I'll keep you in top shape," Benny bowed and girl loved him doubtless. "I have just one request," said the hale, "You must choose the wedding."
