LITTLE ROB DOBSON apparently convinced his father, Charles, that all study and no play isn't the best way to live.
And for Doug just about the best "playing" around these warm days is to go in the swings at Southern Acres where the Robson family lives. (Photo by John Rubin)

Jack Hartman New Basketball Coach

Jack Hartman, 1962 National Junior College Coach of the Year, has been named the new SIU basketball coach. Dr. Charles D. Tenney, SIU acting president, made the announcement Wednesday afternoon.

Hartman told the Egyptian on phone Wednesday night that he was excited and that he looked upon the position as a real challenge.

"I'm anxiously looking forward to coming back to Southern Illinois University next week," Hartman said. "I'm deeply honored and appreciate the confidence that SIU has showed by naming its new basketball coach.

Hartman, 36, has been coach 1 Coffeyville Junior College, Coffeyville, Kan., for seven years during which time his teams recorded a 150-46 record.

Hartman was described by SIU athletic director, Dr. Donald Blaske, as an aggressive, hardworking, positive-minded coach with an exciting fast break offense.

This year, Hartman's team won the National Junior College Championship. Earlier this season, his team won all of its 32 games.

Three-Day IPAC Conference Underway On SIU Campus

The chairmen of the Illinois Public Aid Commission, speaking at the SIU Carbonate campus Wednesday, said the ruling by the Illinois attorney general apparently ends all hopes of the proposed prosecution of mothers of election day trustees.

Gov. Otto Kerner criticized the attorney general and the rule that one child born out of wedlock can be an objects of the election commission.

Chairman C. Virgil Martin said the ruling is "pretty clear cut." He is on campus to speak before the three-day meeting of the Illinois Public Aid Commission. The meeting ends Friday.

The commission adopted a proposal April 6 to prosecute unidentified persons who thought relief with more than one child.

Gov. Kerner said these privileges would be the great benefits for the U.S. Department of Health, Education and Welfare.

Hartman was elected president for the national title his team won last year.

Spring Festival co-chairmen, Audrey Leckrone and Neil Maxwell will introduce members of their committee to wind up the assembly.

Then participants in the Midway will go to work to get the exhibits opened by 6 p.m. Friday.

Saturday morning the Miss Southern Illinois University pageant will be held at 10 a.m. in Shryock Auditorium. In the afternoon, the beauty contest will give the judges their final look at the contestants. Before they make their decision, the award will be presented immediately after the final points have been calculated.

Here is a list of the contestants and the talent which they will perform in the Talent Show.

Charon Balle, reading; Shirley Berkley, modeling clothes; Linda Boles, dancing; Parrie Clause, reading; Betty Crawford, reading; Sharon Patton, reading; Rosemary Carvalia, singing; Pam Geier, reading; Pam Greenshields, reading; Donna Hinners, piano; Sandy Hornung, piano; Mary Harper, singing; Lynne McKenzie, dance; Virginia Milton, baton twirling; Beverly Oglesby, singing; Shirley Rudolph, dance; Nancy Shields, saxophone; Jane Waiden, modeling clothes; Anne Werner, piano; Kay Woodruff, pantomime.

This year more than last year a greater stress on talent is being emphasized. There will be an individual and group act for the best talent shown in the contest.

At 1 p.m. on Saturday the Midway will re-open for the voting of the Student Government. At the close of the entries. The Midway will continue until 5 p.m. at which time the decision of the judges will be announced. This is the time all the work and time put into creating an entry for Spring Festival is proven successful or futile.

The Festival Dance will be held at the University Center Ballroom Saturday night, May 12.

Another important event will take place on Saturday, at noon. This is the annual Moms Day Picnic.

Only 2,124 Students Turn Out To Vote In Campus Elections

Southern students showed more interest in electing a student body vice-president than a president in campus election which ended Tuesday.

Final tabulations of the balloting show that 2,045 students voted for vice-president but 1,978 cast ballots in the three-way race for student body president.

William Fenwick, 24-year-old Chicago junior, received 14 per cent of the vote in his successful campaign for president of the student body. Fenwick received 1,072 votes or 634 for John Reznick and 72 for Ray Land.

Ted Hutton, Fenwick's running mate, told all vote- getters with 1,102 votes in defeating Karen Davis for vice-president, Miss Davis received 943 votes after a repeat. First returns had given Hutton 1,058 votes to Miss Davis' 961.

Southern voters also expressed an objection to increasing the activity fee for enrolling the charge to University Athletics in an opinion poll sponsored by Student Government. The activity fee increase of 1,157 votes to 913 "yes" ballots.

Thompson Point Point voters will go to the polls again within two weeks to elect their senators. Because of a mix up on the ballots instructing students to vote for two senators instead of one, the results were thrown out by the county clerk.

In other voting, Pam Green Shields was elected Home- shielded was elected Home- shielded was elected Home-
‘Hey LOOK Me Over’ For Miss Southern

Miss Southern will be selected from a field of 20 campus beauties— the first ten you see here, the other 10 will be featured in the same spot tomorrow. The contestants will meet the student body en masse at today’s Spring Festival Assembly at 10 a.m. in McAndrew Stadium. They will display their talents Saturday morning at 10 in Shryock auditorium and the judges will make their final selection for the title Saturday afternoon.

The Tau Kappa Epsilon softball team won its annual game with the Menard Prison nine by a score of 8 to 7 last Sunday.

Jim Thompson and Larry "Woody" Widrig led the Teke to victory in the extra-inning game. The Teke team was treated to a chicken dinner before the game. They were taken on a tour of the prison—including the execution room—with its infrequently used electric chair after the game.

Students planning to attend the SIU Aquaettes' "Kalendar Kapers" will only have to present their activity cards to gain admittance. Those who do not have activity cards, and the general public, must pay a $5 admittance. Those who do not have activity cards, and the general public, must pay a $5 admittance.

A slide film view of Afghanistan, a Catholic's approach to sociology and a discussion on the relationship between religion and the academic disciplines are scheduled this month at the Student Christian Commission.

FOR BRAVE MEN ONLY

Every year a stout band of brave young men march off to the jeweler to buy the engagement ring--unaided. We, at Arcarved, makers of the world's most treasured rings for over a hundred years, salute them. More to the point, we help them. Here's how.

IN STYLES. Styles in engagement rings change over the years. To keep you abreast of the best, Arcarved quizzed College Queens (like the one above) from all over the country. You'll find their choices at your Arcarved jeweler.

IN VALUE. Unless you're marring in diamonds, your chances of discriminating the true value of any particular diamond are small indeed. To safeguard your investment, Arcarved gives you a written guarantee of your diamond's true value, a guarantee that is respected and recognized by leading jewelers everywhere, and backed by a 110-year reputation for quality.

So, go on and buy the ring yourself. She'll love you for it—especially when it's an Arcarved.

WASHINGTON -- The Area Redevelopment Administration is willing to contribute nearly $7.2 million to the construction of Rend Lake in Southern Illinois but not just now.

"They're willing to help us with $7,100,000, but they say there are serious legal and technical questions," Rep. Kenneth Gray, D. Ill., said after an hour-long conference with Area Administrator William L. Bart.

"This is the first water project they have participated in. They are not sure they can contribute until Congress has authorized the project and appropriated money for it," Gray said.

"Our position is that the area is specifically authorized to go ahead without money waiting for Congress," he added.

WASHINGTON -- President Kennedy told his news conference that only tax proposals affected by his proposed tax withholding plan on interest and dividends.

He told newsmen at the start of the conference that he wanted "to get the record straight.

The President said withholding tax, under his proposal would be collected on dividends and interest just as they have been collected on wages and salaries for years.

The President said advertising by savings and loan associations, banks and others had led many people to believe that a new tax was contemplated, that some taxes would be collected unjustly, and that red tape would result.

"The only ones affected," he said, "would be individuals who are not now paying taxes they owe on this income either from neglect or some other reason. That is tax evasion."

WASHINGTON -- The House Committee on Un-American Activities said an American publisher has been paid more than $240,000 by the Soviet Embassy for printing nearly three-quarters of a million Soviet books and pamphlets.

The payments were made since 1959 to Cross Currents Press, Inc., New York. Its president, Myron E. Shapiro, said the project, more than 100 times in declining to answer committee questions about his operations.

GRASS IS ALWAYS GREENER

THE GRASS IS ALWAYS GOLDER

The academic world, as we all know, is loaded with dignity and ethics, with lofty men and emasculated, with truth and beauty. In such a world a beauriful thing like faculty raising—degrees taking—teachers away from other colleges—is not even thinkable.

However, if the dean of one college happens purely by chance, mind you—to run into a professor from another college, and the professor happens to remark—just in passing, mind you—that he is discontented with his present position, why, what's wrong with the dean making the professor an offer? Like the other afternoon, for instance, Dan K. Siggip of Gammon Polytech, finding himself in need of a resurfacing of oilseed, dropped in quite by chance at the Discontinued Professors Exchange where he discovered Professor Sumner from the English Department of Knoxv and M sitting over a pot o' luponpusing and drinking "I Hate Knoxv A and M!" Surely there was nothing improper in the dean saying to the professor, "Leander, perhaps you'd like to come over to us."

I think you'd find out a lot.

(Should be noted here that all English professors are named Leander, just as all physics professors are named Fred. All nuketo physics professors are, of course, named Myron, all veterinary medicine professors are named Roger, and all iterman professors are named Hessel and Greet. All dean, are, of course, named Atilla.)

But I digress. Leander, the professor, has just been offered a job by Atilla, the dean, and he replies, "Thank you, but I don't think so."

And I don't blame you," says Atilla, stoutly. "I understand Knoxv has a fine little library."

"Well, it's not too bad," says Leander. "We have 28 volumes in all, including a mint copy of Money Drivel, Old Desertite."

"Very impressive," says Atilla. "It's nice, as long as you possess very few volumes, including all of Shakespeare's first folios and the Dead Sea Scrolls."

"Golly whickers," says Leander.

But of course," says Atilla, "you don't want to leave Knoxv, where I told you of conditions are ticket less."

"Oh, they're not bad," says Leander. "I teach 18 hours of English, 12 hours of anthropology, 6 hours of forecasting, 10 hours of tennis, and work Pres's cut twice a day."

"A full, rich life," says Atilla. "At our school you'd be something less rewrite. You'd teach one class a week, limited to four A students. As to salary, you had at KROU a year, with retirement at full pay upon reaching age 29."

Take the Professor of Chemistry out of the picture. He is, of course, a living proof of the theory that all professors are Miss America, but some professors are in this category.

"I will Nessy's cut a fish on a day, but you must understand that I owe a certain loyalty to Knoxv."

"I not only understand, I applaud," says Atilla. "But before you make final decision—think of one thing nasty. We supply Matttraus cigarettes to our faculty—all you want at all times."

"That's lovely," says Leander, bounding to his feet. "You mean Matttraus, the cigarette with the unfiltered taste Matttraus, the cigarette with better making's Matttraus that comes to you in pack kiss Matttraus that gives you such a lot to like?"

"Quite right," says Atilla, "that's the Matttraus I mean."

"I am yours," says Leander, wagoning the Dean's hand.

"Where do I sign?"

At the quarry," replies Atilla. "Frankly, we don't trust paper contracts any more. We chased them in marble."

""""

(Adapted by J. W. Wells from "The Man Who Was the Man"")

Stonecutters cut it in stone, woodcutters cut it in wood, weaverswoven it in velvet—all of three you get a lot to like in a Malltraus—Filter, flavor, pack or box.
The final examination schedule for the spring quarter has been announced by the registrar's office.

**DAY-TIME CLASSES**

**Wednesday, June 6**

- 8 o'clock classes except 3-hour classes which hold one of their meetings on Saturday - 7:50.
- Chemistry 101 and 113, and Food and Nutrition 353 - 11:30.
- 3 o'clock classes - 1:50.

**Thursday, June 7**

- 10 o'clock classes (except Humanities 301, Science 301 and Social Studies 301, which will meet at 10 a.m.) - 7:50.
- Psychology 201 and Applied Science 262 - 11:30.
- 4 o'clock classes - 1:50.
- Friday, June 8
  - 12 o'clock classes - 7:50.
  - Speech 101 and Men's P.E. 254 - 11:30.
  - Air Science 110 and all Women's P.E. 200 level courses and 348 - 12:50.
- 1 o'clock classes - 2:00.

**Saturday, June 9**

- 8 o'clock 3-hour classes which hold one meeting on Saturday - 7:50.
- 9 o'clock 3-hour classes which hold one meeting on Saturday - 10:00.
- 11 o'clock 3-hour classes which hold one meeting on Saturday - 1:00.

For classes which meet only on Saturday morning, the examination will start at the same time as the classes sessions ordinarily do.

**Monday, June 11**

- 11 o'clock classes except 3-hour classes which hold one of their meetings on Saturday - 7:50.
- English 102 and 103 - 11:30.
- 2 o'clock classes - 1:50.

**Tuesday, June 12**

- 9 o'clock classes except 3-hour classes which hold one of their meetings on Saturday - 7:50.
- Zoology 100 - 11:30.

Make-up examination period for students whose petitions have been approved by their academic dean.

**EVENING CLASSES**

**Wednesday, June 6**

- Five-hour classes which meet during the second period (7:35-9 p.m.) on Monday, Wednesday and Thursday - 6:00.
- Four, three, two and one-hour classes which meet during the second period on Monday and/or Wednesday - 6:00.
- Examinations for classes which only meet on Wednesday, will be given at the same time as the class ordinarily starts.

**Thursday, June 7**

- Five-hour classes which meet during the first period (8:00-7:25 p.m.) on Monday, Wednesday and Thursday - 6:00.
- Four, three, two and one-hour classes which meet during the first period (5:45 or 6:00-7:25 p.m.) on Tuesday and/or Thursday - 6:00.
- Examinations for classes which only meet on Monday will be given at the same time as the class ordinarily starts.

**Monday, June 11**

- Four, three, two and one-hour classes which meet during the first period (5:45 or 6:00-7:25 p.m.) on Monday and/or Wednesday - 6:00.
- Examinations for classes which only meet on Monday will be given at the same time as the class ordinarily starts.

**Tuesday, June 12**

- Four, three, two and one-hour classes which meet during the second period (7:35-9:00 or 9:15 p.m.) on Tuesday and/or Thursday - 6:00.
- Examinations for classes which only meet on Friday will be given at the same time as the class ordinarily starts.

Students who have more than three examinations on one day or who have two examinations at the same time may petition their academic dean for approval to take an examination during the make-up period on the last day.

New Student President Thrives On Work

William A. Fenwick Scored A Victory In His First Political Race

Bill Fenwick settled into a chair at Student Union Center and thoughtfully gazed at his chin.

"It's going to be tough," he said in a soft voice that was almost lost in the noise from passersby.

The "it" he referred to was his coming year as student body president.

He won the campus election yesterday by 1,072 votes, a sizeable margin over both his opponents. But he wasn't what you could call "overjoyed" at the results.

"I wouldn't be honest if I didn't admit, particularly meeting the polls set up, the general apathy of the students really bothers me.

He leaned forward in the chair, brushed a hand over his short-cropped brown hair and looked out across Thompson Atrium for a minute without talking.

Fenwick is a political baby-in-the-woods when it comes to campus government--this is the first office he ever ran for--but he's also a political realist.

"I attended every possible student council meeting I could this year and I debated with myself for almost four months before I decided to seek the position," he said.

"I think it was the potential more than anything else that got me interested," he added. "There is an excellent opportunity in student government here to prove to the administration of SIU and the college administrations everywhere that there are students responsible enough to be granted freedom and responsibility in handling student affairs.

He paused briefly and then looked into the distance. "I have a vision of political battles, during his campaign I urged them to bring their problems to the student government," he went on. "And I suggested that if they had recommendations on how other problems can be solved that we'd be happy to hear them.

Fenwick says he'll be available to anyone who has a legitimate gripe.

"Just how he'll manage he hasn't quite figured out yet for in addition to a class load that runs between 18 and 20 hours a term, he works 100 hours a month tending boilers at VT.

"I may have to cut down on my class load some, but probably not too much," he said. "I know my potential and I know what demands will be made on me before I got into the race."

"I hope that we can seriously re-evaluate the student government and by-laws in the coming year and take some concrete steps to make improvements," Fenwick said.

"I also would like to activate a number of campus organizations such as the judicial council but I want to make certain those appointed will work.

He paused briefly and then jabbed the air with his forefinger, he added: "I don't want to appoint people who are just in it for the glory--I want people who are going to do some hard work."

Fenwick takes over the office officially with the start of summer school and although there are no council meetings scheduled until the fall, he hopes to bring most of the council together "a couple of times during the summer."

"There are a lot of newcomers on the council and the sooner we get started the more we will accomplish," he said.

Fenwick is a lean, muscular young man with deep-set blue eyes and sharply chiseled facial features. His voice is disarming, soft. But he makes up for his lack of vocal resonance by using his broad, work-scarred hands frequently to emphasize a point.

He seems to thrive on a diet of hard work and determination. He grew up in Owenton, Ky., where he played varsity basketball in high school. But he left high school for a brief tour of duty in the Navy at the end of the Korean war.

"When I got out of the Navy I went back and finished high school," he said. "Then I went to Chicago and worked in advertising for three years before I decided to continue my education."

Fenwick and his wife, Elwanda, a freshman majoring in English, live in Carterville.

SIU Meets Oklahoma
In Last Dual Track Meet

Oklahoma State, another of the nation's outstanding track teams, calls on SIU Saturday for a 7 p.m. track meet in McAndrew Stadium that marks the end of SIU's 1962 dual track meet season.

However, there is one important point that SIU coach Lew Hartzog brings out when talking about the meet. He says his boys have a much better chance to win the meet than they did against Kansas.

Another record crowd is anticipated in hopes to see Bill Cornell and Brian Turner break the four-mile minute mark. Last week against Kansas' senior he clocked close at 4:02.8 as 3,000 fans cheered him on.

Hartzog is confronted with one problem in relation to the four-mile minute possibility.

"Neither Brian or Bill like to do the pacing so I'll have to find someone to pace the first half mile for them," Hartzog said when trying to map the strategy for the four-minute try.

"Cornell, Dotson and possibly Turner would have broken four minutes last week if they hadn't gone out so slow on the first half mile," Hartzog continued. "After going out at 2:08, Cornell came home in a fantastic 1:55.2, which is the best I've ever run in the event."

The half-mile event promises to be an interesting dual between SIU's Jim Dupree and Oklahoma State's Bill Stone. Stone last year ran the half mile in 1:50.4 but Hartzog is quick to point out that he is much faster than that.

Hartzog is hopeful that his men entered in the field events can score higher than they did against Kansas. In the Kansas meet, SIU outscored the Jayhawkers in running events but dropped the meet in the field events where the Salukis took only one first place-- broad jump.

In the broad jump Jim Gualdoni won with a leap of 22 feet 10 inches and scratched on both tries at breaking the record.

The same procedure will be followed for admission to the Saturday night's meet as for the Kansas meet, SIU students will be admitted with their activity cards while all other spectators will pay $1.

MVC - A Basketball Powerhouse

Already known as a basketball powerhouse, Missouri Valley Conference teams in recent years have started building a dynasty of NCAA basketball titles.

Missouri Valley member Cincinnati has won the NCAA University Division basketball title for the past two years by defeating Big Ten power, Ohio State.

Earlier this year Cincinnati handed Ohio State a humiliating defeat at Louisville, Ky., to win the NCAA crown. In 1961, Cincinnati set the Buckeyes back with an overtime NCAA victory.

Other MVC schools are Drake, North Texas State, Wichita, Tulsa, Bradley, St. Louis and Cincinnati. Bradley and St. Louis have also had recent success in national tournaments.

St. Louis finished second in the National Invitation Tournament in 1961 behind Providence. Bradley too has been in the NIT on numerous occasions and has won the event several times.

However, both St. Louis and Bradley reportedly are against the admission of SIU into the Missouri Valley because of possible recruiting conflicts.

In recent years, St. Louis and Bradley have come into Southern Illinois for some of its best hardwood stars. In fact, St. Louis this past year had three Southern Illinois products playing on their first five.

When SIU is admitted into the MVC and has its own NCAA scholarships available to pass out, Bradley and St. Louis probably would feel the effects.

Major Leagues Scouting SIU

Major League baseball scouts have been swirling around the SIU baseball team to look at senior pitchers Harry Gurlay, Larry Tucker and infielder Bob Hardcastle.

Hardcastle, SIU senior second baseman and leading SIU hitter, has been approached by several major league clubs including the Chicago White Sox, St. Louis Cardinals and Houston Colt.

However, Hardcastle has not had any feelers from his personal choice the Baltimore Orioles. He feels his chances to play ball would be greater with them.

Tuesday afternoon, it was Hardcastle's triple that drove in the winning run in Southern's 9-6 victory over Western Missouri State.

Lately though Hardcastle has been in a slump that has produced only two hits in his 14 times at bat. He hopes to shake his slump this weekend when the Salukis travel to Western Illinois for another three game series.

Also attracting attention have been Gurlay and Tucker. Tucker has been extremely sharp this year. In his last outing against Eastern Illinois he faced only 29 batters, giving up only two hits.

He struck out 11 while walking none in beating Eastern for only the second time in his four year career.

Gurlay, like Tucker throws left-handed, had an easy time in his last outing beating Eastern, 6-0 on five hits. He struck out seven and walked two in nine innings. Eastern has never beaten Gurlay in four years.

This is not the first year that major league scouts have been seen at SIU games.

SPINX SPORTS Car Club members line up in front of the University Center to display their "mounts." Campus Beach Opens Saturday
Safety Measures To Be Taken

The beach at the Lake-on-the-Campus opens for the third season at 1:30 p.m. Saturday.

William Bleyer, assistant coordinator of student activities, said that the beach will be open seven days a week, from 1:30 p.m. to 5:30 p.m. to students, faculty, staff, and members of their immediate families.

There will be no charge for using the beach facilities, but everyone must present an SIU identification card to be admitted.

"Any child under 16 must be accompanied by at least one parent," he said.

Health and safety measures at the beach will be taken. The Illinois State Laboratory, located near campus, will run daily bacteria checks. The swimming area will be chlorinated each day by a system located at the area.

Beach house shower facilities are available and "should be used prior to entering and before leaving the beach area," said Bleyer. A minimum of four life guards will be on duty at all times.

Jack Pyper, Thompson Point head resident, recently had this to say about illegal use of lake swimming facilities:

"It has come to our attention that a number of students have been swimming in the Lake-on-the-Campus in the area surrounding Thompson Point and in front of Group Housing and are using the fishing piers for diving platforms."

"As you know, this is extremely dangerous practice, due to the variation in the depth of the water, submerged logs, poor visibility, inadequate beach facilities, floating debris, and many other reasons. Consequently, the Lake-on-the-Campus Advisory Committee prohibits swimming in any area except at the beach, and only then when life guards are on duty."

Pre-registration Deadline Announced

Deadlines for summer and fall pre-registration have been released by the Registrar's Office.

June 1—deadline for summer session pre-registration for students who are enrolled in this spring term, for students who were enrolled in the 1961 summer session, and for new and returning students who have cleared their admission status. June 1 deadline is also for fall term pre-registration for students enrolled in this spring term.

July 2—August 3—fall term pre-registration for students who are enrolled in the 1962 summer session and for new and reentering students who have cleared their admission status.

August 13—24—fall term pre-registration for new and reentering students.
