RAM Asks New Slant on Problems

Discuzion Set
On Exchange

Two faculty members will discuss the faculty and student exchange program between Winston-Salem State Teachers College and SIU at 4 p.m. Wednesday in Morris Library Auditorium.

Members of the faculty have been invited to the discussion.

Dean Elmer Clark will describe the progress of his special committee has made and John W. Voight, executive officer of the SIU General Studies program, will discuss the program of admittance of capable students from southern states.

William McKeefery, dean of academic affairs, said an Ad Hoc Committee on naturally Disadvantaged Youth would be a major project to be implemented during the summer and fall quarters.

Other schools along the program of faculty and students of the Winston-Salem State College and SIU, the other with bringing several able graduates from Mississippi in the SIU campus for their college education.

The committee membership, from both Edwardsville and Carbondale campuses of Southern, includes Dean McKeefery, Dean Clark, Dean David Reiland, John Atwood, John Clark, Clark Davis, Richard Franklin, Jack Graham, C. Addison Hickman, Alfred Kuenzli, Robert Kibbey, Morris Moulton, William Nagel, William McKeefery, Elliott Rudwick, Howard Southwood, Ronald Vanderwiel, John Voight, and Miss Rita Graham.

Geology Lecturer

To Discuss Deltas

Prof. William L. Wadley of the Department of Geology at the University of Illinois will lecture at 7:45 p.m., Tuesday in Room 168, Agriculture Building.

Priscilla Henshaw Crowned Miss Southern at Festival

Priscilla A. Henshaw, a 20-year-old senior from Marion, was crowned this year's Miss Southern during the Spring Festival dance Saturday.

She will represent SIU in the Miss Ills. competition in Chicago this July.

Miss Henshaw is majoring in special education for the mentally retarded children, and in speech.

She is a member of Zeta Phi Eta, women's professional speech arts fraternity, dramatic groups, and the Council on Problems for exceptional children.

She was sponsored in the contest by Caruthers Dormitory.

Other finalists in the contest were Laurie Brown, sponsored by Phi Kappa Tau; social fraternity, Carol A. McCrory, sponsored by Sigma Sigma Sigma social sorority; Margaret A. Beleckis, sponsored by the Sigma Kappa social sorority; and Martha L. Edmonson, sponsored by the Arnold Air Society and Angel Flight.

'Madelines' Pay Phones Stolen

Someone who may have gotten waiting in line for a pay telephone now has one of his own.

He'll have to do is figure out how to connect it and then keep it hidden from members of the cast of "A Party at Madeline's Place," the inter­preters' theater's next production.

The telephone, loaned to the Interpretive Theater as stage prop by General Telephone, disappeared from the area in the Agriculture Building between Friday, May 13, and 1:30 p.m. Saturday, May 14, Paul Roland, writer-director of the play.

"It was there when we left Friday night but gone when we returned Saturday afternoon," Roland said. "The custodian told us the doors were locked so we can't figure out how anyone got in to take it."

Roland said the pay telephone was valued at about $200 and he indicated that his group might be hard-pressed for cash to replace it in the event it is recovered.

We certainly hope whoever took it will return it before Friday, Roland said. The play opens Friday.

He added that they'd be so grateful if it's returned. They will not ask any embarrassing questions of the person who returns it. However, he said he was going to notify the Secretariat Office of the loss, just in case some professional help is needed in locating the telephone.

250 at Rally

Hear Proposal

A RAM spokesman told a crowd of about 250 that a new approach to solving problems of communications and effective relations among students, faculty and administration should be initiated.

The statement was part of a letter sent to President Donald W. Murray by the National Action Movement and was read at a second RAM rally held in the Young Morris Library.

The rally was held under threatening skies before a small, unresponsive crowd, which had gathered to hear John M. Heyden, student body president, to this moment. He said a little disappointing in showing student support for RAM.

Murray followed four days of discussions between RAM members and Murray, the last meeting held Sunday, May 23, 1965.

President Morris and Ralph Sabin, vice president for student and area services, who took part in the discussions, were not present.

They issued no official statement about the meetings or the RAM letter.

An approach to maintaining the idea the student is the focus of all the University's many committees, and that the University's main purpose should be to keep abreast of the student's viewpoint, was suggested in the letter.

In the letter suggested that students, faculty, graduates and University officials should be represented in the University's problems of communications and effective relations among students, faculty and administration should be initiated.

1. Consider the question of the role of students in the University.

2. Consider setting up a continuing group to provide a continuing self-evaluation in the University, setting up the continuing growth of GIU.

According to Winston C. Micken, SIU's A RAM member, Murray has agreed fully with the context of the letter.

Bryan R. Boshmeister, in the evening of the rally, said, "For the first time at Southern Illinois University, A RAM and its members and students' rights has been recognized by the University president."

Speakers at the rally included Jonathan Zeeck, Michael Haft, Steve E. Wilson, and Barbara A. True. Entertainment was provided by the Chosen Coloreds and John J. Stover.

In other action regarding RAM, Dan C. Holman, chairman of the Campus Judicial Board, and a member of the 20-member organization committee of RAM, requested that his name and (Continued on Page 5)

Music Fraternity Adds 17 Members

The Epsilon Kappa chapter of Phi Mu Alpha (Sinfonia Fraternity of America), national professional music fraternity, initiated 17 members Tuesday evening.

The new members are Melvin Siem, assistant professor of music, Thomas Barber, Robert C. Womb, Larry Braniff, David Carter, Charles Danner, Gary Dempsey, Earl Grauer, William Gray, Albert Hapke, David Hiestand, Lawrence Libray, Debbie McKenzie, Jack Mostrom, John Owen, Joseph Parker and Daniel Sassoff.

The chapter, now with 37 members, is the largest it has ever been.

Siem was chosen an honorary member for his work in the music field.

Railroad Construction in West

To Be on TV's 'Glory Trail'

The era of massive railroad construction west of the Mississippi will be shown on the "Glory Trail" at 8 p.m. on WSIU-TV.

Other highlights:

6:30 p.m. What's New: What did the cowboy contribute to American culture?

7 p.m. The French Chef: Yeal scallopini, the ten minute wonder dish fit for a king.

8:30 p.m. Bold Journey: "Swampland Shangri-la," exotic life near Lake Okeechobee.

9:30 p.m. Fencers in the production "Faust" will meet at 7:30 p.m. in the Small Gym.

10 p.m. "Pablo" will meet at 7:30 p.m. in Room C of the University Center.

**Furor on German Campus**

By Robert M. Hutchins

The academic world of West Germany is haunted by visions of "bureaucracy" and even of "Hitler" "fill the air," the minister of education of the state of Hesse has proposed a series of changes in the management of the universities of the state. The professors are not to be treated, and there is every indication they will not.

Prof. Wilhelm Rau, a notable student of Indian literature, said what the minister wants amounts to depriving the professors of their right to govern themselves, it substitutes them directly for the minister.

Prof. Hans Patze, distinguished in his work in medieval history, says the autonomy the universities regained after Hitler's time is imperiled once again.

For the university of Frankfurt, Marburg and Giessen regard their most sacred traditions as endangered. Drastic reform the minister has in mind.

The model illustrates the unbridgeable gap between European and American conceptions of university administration.

The American view is that universities, even those supported by the federal and state governments, are colleges of learners, the American view.

**Letters to the Editor**

**WSIU Serves Campus Well**

We would like to know what Mr. Geskey finds objectionable in WSIU-FM programming. It is regularly listened to by WSIU "commercial" students.

The function of a university is to present the student with as wide a range of views and cultural exposure as possible so that he will be able to make his own choice. WSIU contributes to this education in two ways: by discussions and a wide range of views on current events through the Back Fence and Chicago Forum, BBC World Report, Overheard, and Thin Week at the U.N.

During the evening hours, WSIU provides a change and an opportunity for students to listen to the station while studying by presenting orchestral music with little vocal interruption. In addition, the station provides programs of special interest to students in particular areas of study such as music, journalism, business, literature and science, as well as jazz, folk music, popular music, news, opera and sports events.

The weakest areas in WSIU programming seem to be in the areas of popular music (if one wants to hear popular music all the time) and soap operas. However, I believe the local AM stations can do a much better job of this kind of entertainment. Perhaps Mr. Geskey should inquire into the reasons why people watch soap operas: I think he would find that it is usually to satisfy the buyer to listen to a type of programs available on WSIU.

**Cycle Safety Needs a Push**

We want to congratulate you on the editorial in the Daily Egyptian on April 27. We feel that it is about time the public was made aware of the increasing hazard of spring, and we liked your positive approach to the problem, in contrast to those suggestions for helping keep accidents from happening.

We feel that more articles like yours emphasizing the ways that students and the public can be made safe of more value than articles which are currently writing in which emphasis is placed on the numerous injuries that have occurred. It is our hope that more articles like this one will contain "push" motorcycle safety, and are encasing a magazine and pamphlet that may give you some more ideas.

One last word. Although we do not believe that safety helmets must be worn, we feel that a safety helmet is one of the best insurance a rider can have.

**High Court Defends Rights**

If there was a question in anyone's mind as to the primary rule today of the Supreme Court as protector of the constitutional rights of the individual citizens, it ought to be cleared away by a series of recent decisions in Bill of Rights cases.

Justice Douglas gave the key opinion in the 5-4 decision of Eddie Griffin, arrested on resisting a search at Los Angeles. The Supreme Court majority did not follow the Fifth Amendment rule to exclude evidence if the person being questioned is not given the right to counsel or "hazard of the irreducible criminal trial." It was enough that the accused was identified to the police as refusing to testify in his own behalf.

**IVING DILLARD**

*High Court Defends Rights*

Comment on the refusal of a defendant to testify, and the Supreme Court, is a ramification of an inquisition of criminal justice that the Fifth amendment outlawed. So saying, the Supreme Court took a landmark stand that state courts are under the same obligation as the federal court system to live up to the guarantees of the Constitution.

Two and a half years ago, Louisiana and New Orleans police RAIDED the offices of the Southern Education Fund, arrested James A. Dombrowski, executive director, and Ledbetter, treasurer, and Bruce Walizer, lawyer. They sued the S. C. E. F. for property and files, and personal possessions, which they say was a violation of the constitutional right to privacy. The purpose was plain. It was to stop the work of the Southern Education Fund. As usual, the Supreme Court did not choose this case for a generalization. But it was an outrageous violation of almost the whole of the Bill of Rights. There was no evidence that trespassing so rough-handled would be upheld in the courts.

**Chilling Effect Scored**

The purpose was plain. It was to stop the work of the Southern Education Fund. As usual, the Supreme Court did not choose this case for a generalization. But it was an outrageous violation of almost the whole of the Bill of Rights. There was no evidence that trespassing so rough-handled would be upheld in the courts.

Former Head Of Music at SIU Honored

SIU's Department of Music honored David S. McIntosh as the area's 1965 "Most Honored Musician." McIntosh, who has been a member of the SIU faculty for 18 years and who served as head of its music department for 10, is one of the nation's leading folk music researchers in the music field.

The award was presented by President Delyte W. Morris Saturday night as the climax of the annual Music Under the Stars festival, which brought together instrumental and vocal harmony more than 3,000 area high school, junior high school and elementary school musicians --69 choruses, bands and orchestra -- from 41 communities.

McIntosh, who came to Southern's faculty in 1927 as head of the music department, is a widely recognized collector of folk music and researcher in that field. From his store of Southern Illinois folk songs, games and ballads, which number more than 1,000, he has published seven books and numerous articles.

Many of his records are in the Library of Congress collection. He presented native folk songs to groups at the National Folk Festival in St. Louis for three successive nights and taught in the National Folk Camp two summers.

He and his wife, Eva, have appeared before many area organizations, presenting authentic folk songs of this region, representative of the French, German Russian, and English cultures which have contributed to the settlement of Southern Illinois.

Before coming to SIU he taught at Rushville, Ind. and in Benton high school.

With the help of the WPA during the early '30s, McIntosh organized the first Music Festival Under the Stars at SIU. He has directed music festivals in area communities and served as judge for such festivals. In 1941, he acted as vocal judge for the Chicagoland Music Festival.

McIntosh will retire from the music department faculty next fall, and will devote himself to travel and to the preparation for publication of songs, games and ballads from his collection.

RAM Rally Hears Of New Approach

(Continued from Page 2)

affiliation be withdrawn from all future correspondence, publicity and conferences emanating from or attended by RAM.

Holdeman said in a letter that he is still in basic agreement with the aims of RAM, but found some of the tactics questionable and personally distasteful.

"In addition to this," the letter stated, "there seems to be some evidence that the wholly reasonable ends are becoming tainted by objectionable means."

Holdeman said he could not, in good conscience, continue to associate himself with the actions of the movement since he finds himself in basic and protracted disagreement with it.

Economic Potential of Southern Illinois Will Be Outlined to Chicago Industrialists

SIU will take part in a program Thursday designed to show a group of Chicago industrialists the advantages of expanding their operations into this area.

The group, whose visit is part of the Southern Illinois Committee, will be met at 9:30 a.m. at Southern Illinois Airport by a reception committee from Southern Illinois, Inc. While in the area their hosts will be the SIU, with cooperation from the regional office of the Illinois Board of Economic Development and SIU.

Heading the group is Charles Percy, chairman of the board of the Bell and Howell Corp., who said he organized the trip for a group of leading business executives to interest them in the great opportunities for business development in Southern Illinois.

"We are coming to listen to your experts, to study the area's markets and resources, and to learn what part we may be able to play in strengthening the economy," he said.

Following remarks by Kenneth Cook of Du Quoin, president of SIU, and Ralph W. Ruffner, SIU vice president for student and area services, in the University Center ballroom, a picture of Southern Illinois will be presented by Coffey Hughes, SIU executive secretary, and Dave Richmond, regional representative of the Illinois Board of Economic Development.

Other highlights of the day's program include a talk on resources of SIU for development of the area and the state, by Robert W. MacVicar, vice president for academic affairs, and a forum with the following participants:

Robert A. Harper, chairman of the SIU Department of Geography; Victor Reback of Allen Industries, Herrin; and Sam Trefts of the Board of Economic Development.

To Head Division

R. C. Child, named to head division

Robert C. Child, assistant director of the Community Development Service, has been elected chairman of the Community Development Division of the National University Extension Association.

Child, a native of Quincy, was named at the association's annual meeting at Purdue University, Lafayette, Ind. For the past two years Child served as the division's vice chairman.

Others from Southern who attended the meeting were Dean Raymond H. Dey and Benson B. Porter of the Extension Division, and Richard C. Franklin, James F. Rea, William C. Miller, Lewis C. Watera, Louis A. Bobka, and B. Bailey Williams of Community Development.

Dominican Rebels Suspend Talks On OAS Peace Commission Plan

WASHINGTON (AP) — Rebel forces in the Dominican Republic suspended peace making negotiations Monday with the Organization of American States while other developments added up to a new crisis in the troubled Caribbean country.

Latin-American diplomats reported virtual abandonment of a plan to have the OAS name three prominent Caribbean figures as a high-level commission to help guide the Dominican Republic back to peace and democracy.

The rebels announced they would not receive, converse or negotiate further with OAS representatives until its status

U.S. and Vietnamese Planes Stage Massive Raid on North Vietnam

The insurgents of the Dominican Republic led by Brig. Gen. Elias Wessin y Wessin scoffed at a loyalist invitation to quit the revolt, appeared to be organizing their stronghold in Ciudad Nueva, a low-income residential and business section in southeast Santo Domingo.

A military spokesman said American forces had moved a dozen howitzers and six smaller cannon into position in the U.S.-occupied international zone to protect Ciudad Nueva. The guns are "strong points that will be targets," the spokesman said.

In addition, 15 U.S. tanks rumbled into positions in the city.

U.S. and Vietnamese Planes Stage Massive Raid on North Vietnam

SAIGON, South Viet Nam (AP) — U.S. and Vietnamese planes blasted at North Viet Nam's border through darkness and daylight Monday in the biggest offensive against Communist traffic. They were reported to have destroyed or damaged at least 15 dozen. U.S. spokesmen said ground fire was light and no Vietnamese planes returned safely.

No enemy aircraft were sighted. Official account gave these details:

U.S. Navy planes from the carrier Coral Sea and Midway opened the day with a series of sorties from midnight to 4:45 a.m. Ranging as far north as the 20th Parallel, 65 miles south of Hanoi, they damaged four bridges and also hit four trucks and a large tank.

House Passes Bill On License Centers

The Illinois Senate passed a bill designed to find out whether taverns or other places that sell liquor licenses are owned by hoodlums. The bill would compel liquor licensees to keep a detailed, uniform accounting system prescribed by the state in order to determine the beneficial owners.

Houston Negro Students In Segregation Protest

HOUSTON, Tex. (AP) — More than 9,000 students boycotted five Houston Negro high schools Monday in protest of the school system's grade-a¬djustment program.

A five-mile long march on the regular school board meeting was set for 2 p.m. on Tuesday at the courthouse.
Ask Sailors To Extend Tours
To Meet Cold War Challenges

WASHINGTON (AP) - The Navy appealed Monday to sailors and officers, whose service commitments have already been lengthened, to stay on board as "a personal contribution to meeting the present challenge" in South Viet Nam and the Dominican Republic.

Secretary of the Navy Paul H. Nitze said in a message to "all hands," saying: "An extension, even if only of three to five months, could be your way of helping to meet our national objectives."

Nitze stressed "the need for experienced officers and men to carry out our assigned missions effectively and efficiently in a combat environment."

The Navy appeal, the first of its kind made by any of the armed services since the Viet Nam crisis began nearly four years ago, reflects concern over a drain in experienced manpower.

This drain, complicated by a fall-off in enlistments and the lure of better pay in industry, has hit all other services as well.

The Defense Department called for the draughting of 17,000 men for the Army in June -- the highest monthly draft quota in 20 months. The Army is the only service currently using the draft.

Navy sources said one nagging problem has developed from trained men leaving the 7th Fleet in the South China Sea when their enlistments or tours of duty expire.

If enough officers and men heed Nitze's appeal, and ship over for at least another six months, this situation can be curtailed with replacement ships coming on station, Navy spokesman said.

Two Are Sentenced
To Jail for Spying

LONDON (AP) - Britain sent two government employees to jail Monday for exporting one for selling guided missile secrets to the Soviet Union, the other for having Defense Ministry secrets to two Arab nations. Both men said they were driven to their acts by their need for money.

Prime Minister Harold Wilson immediately announced in the House of Commons that a top-level investigation had been ordered to learn how the two men got through the security net.

"I do not believe that we need blink at or condone those soft-talking drill sergeants!"

Air Force ROTC

has now been updated to fit into today's busy undergraduate schedule.

Who is eligible for two-year AFROTC? Any male undergraduate who still has two years remaining in college. It's an especially good break for junior college students who plan to complete their baccalaureate requirements at a four-year institution.

What's the curriculum like? It's been thoroughly revamped. You won't find pat answers and traditional ritualized solutions to problems. New instructional methods teach the student to arrive at his own conclusions, and to test them against those of his classmates and instructors. Symbolic of the change is the new title -- Department of Aerospace Studies.

How will students for the new program be chosen? First, you must pass the Air Force Officer Qualifying Test and have a medical examination. Then you meet with the interview board of senior Air Force officers, who will decide whether you are to be selected to attend the Field Training Course. This will be held during the summer between your junior year and purpose is to test you, to let the Air Force judge you and to let you judge the Air Force. Only after you are both satisfied will you be accepted in the program. So you see, you have everything to gain and nothing to lose by applying now. But you must act fast--applications will be closing for next year's juniors. Forms are available from the Professor of Aerospace Studies, or from Headquarters Air Force ROTC, Maxwell AFB, Alabama.

As an AFROTC cadet, will I receive pay? Yes, you will be paid for the Field Training Course which will amount to approximately $120. During the school year, you will be paid $40 a month, and you will also get free uniforms.

Will I have a chance to fly while I am in AFROTC? Senior graduates are eligible for the Flying Instruction Program. This involves 36's hours of flight training and 35 hours of ground school. Successful completion earns you a civilian private pilot's license.

Crime Commission Dispute
Delays Corruption Report

SPRINGFIELD, Ill. (AP) -- The Illinois Crime Commission has reached a standstill in drafting a report on alleged corruption in the legislature.

Prentice Marshall, commission co-chairman, said Thursday that his panel would not act on the draft before June 30, when all names are to be deleted from the report.

"An acceptable majority draft has not been prepared," Marshall said in a statement. "If, in the face of this inaction, the commission is at a standstill,"

Marshall, a Chicago attorney who is an investigator, said the "real victims of our corrupt political system are the overwhelming majority of the members of the General Assembly who are men of integrity and devotion."

Roosevelt Named Head
Of Civil Rights Panel

WASHINGTON (AP) -- Franklin D. Roosevelt Jr. will resign as undersecretary of commerce to become chairman of a five-member National Equal Opportunity Commission, the White House announced Monday.

The White House said Roosevelt will be replaced by the person who is confirmed by the Senate for his new position.

The commission was created by the 1964 Civil Rights Act to administer titles seven and eight which make discrimination in employment unlawful.

Watch Your Language, Sarge!
That's an Order, General Says

WASHINGTON (AP) -- All right you Army drill sergeants, stop talking to the rookies in the blanket-black left foot you start off on and it's the -- executive -- a way they're in now, not Mama's kitchen.

"All you knucklehead, shiftless ex-GIs who sweated through basic training to the tender words of a considerate instructor,"

Johnson commented also that during a training demonstration he witnessed, the soldiers-demonstrators used offensive language.

"If you remember crawling under that barbed wire with the live machine-guns some 24 inches over your head, from now on it's not going to be "keep that blankness, skin head down."

The chief of staff said also the excuse many young instructors use for gaining attention of troops with offensive stories -- remember those field sanitation sessions? -- was to establish audience rapport or for rekindling interest in an operation.

"I only would comment that any individual who must resort to such practices should receive or his ability as a public speaker or instructor," the four-star general said.

BACK INTO SERVICIO -- An old steam engine, long retired to planting course for salute to army comes into service on the Burlington Railroad (CB&Q) near flood-stricken Savannah, Ill. Modern diesel cannot go through water more than four and a half inches deep because of electric power.

Coed Gymnastics Team Wins Central AAU Championship

SIU's women's gymnastics team won the Central AAU Midwest Team Championship for the second year in a row Sunday night in Chicago. At the same time the women's team finished the season as SIU's only undefeated athletic team. Coach Herb Vogel's big three, consisting of Donna Schaezner, Gail Daley and Irene Haworth, and high school senior Judy Wills were the top performers for the team.

Miss Schaezner won on the uneven bars and tied with her teammate Miss Daley for second in free exercise in her two best events. Miss Daley and Miss Haworth finished third and fourth in the all-around competition. Miss Daley countered with a first place tie with Miss Wills in vaulting and finishing second in balance beam and tumbling. Miss Haworth won free exercise and finished third in uneven bars and tumbling.

Nancy Smith, a senior at University School, was the only competitor for Southern and she responded with a second place finish on her specialty, the trampoline.

Saluki Track Team Wins Five of 12 Events Here Against Strong Lincoln University

Gary Carr talked about what two weeks' rest would do for his ailing legs. Oscar Moore joked and kidded but made a serious prediction. Veteran Bill Cornell said he was getting too old to run the hard events in track. The mile and half-mile.

The shouting and the sound of showers finally died away as members of SIU's track squad dressed one-by-one and filed out of McAndrew Stadium Saturday night. The team had suffered a resounding 93-49 loss to powerful Lincoln University of Jefferson City, Mo. But all wasn't in vain. The Saluki ace set three new stadium records in a mediocre meet in which performances were good but not sensational.

SIU's speedy mile relay team scored 12 points, tying records with a 3:12.9 effort, although it took great performances by Jerry Hendrich and Carr to do it. Hendrich brought the Salukis into contention with a 47.8 third leg, and Carr finished the distance in 46.7 anchor lap to overtake Lincoln. The visitors also broke the old 3:13.8 record.

Robbin Coventry, bothered by a foot injury had run a 49.4 opening leg, and Cornell had turned in a 49.0 in his third performance of the evening. Cornell won the mile in a good 4:13.9, but he was beaten in the half-mile, 40 minutes later by George Harris of Lincoln. Harris won with a 1:53, while Cornell was clocked in 1:54.7.

A pair of SIU freshemen set the other stadium records in exhibition events. Olympian Oscar Moore ran far ahead of the field in a special two-mile race, and John Vernon was in a class by himself in the triple jump.

Vernon, a freshman from Nottingham, England, leaped 49 feet 4 inches to erase a foot and 8 inches the record he set earlier this season. Moore was as impressive in running the two-mile event in 8:57.2, to break Bill Silverberg of Kansas' record of 8:59.5.

The smooth-running Moore was happy with his performance, which he said he hadn't expected, but he predicted still better times. "About two more weeks of training and I'll be ready," he said.

Rich Ellis and Mike Bull, SIU freshmen, also turned in good performances in exhibition pole vaults. Both cleared 14 feet. Lincoln University won 12 of the 17 events. The Saluki could have won the 100, the 440, the two-mile run, the mile and mile relay.

Joe Benischak won the javelin with a throw 197 feet 1 inch, while Carr took the 440 in 47.9, and Jack Trowbridge came from behind to overtake teammate Jack Levy to win the two-mile in 9:30.1. The results:

100—Wheatfield L, Burton L, Tisdell L. Time—9.8
220—Wheatfield L, Burton L, Tisdell L. Time—21.3
440—Carr S, Jordan S, Fenrich S. Time—49.0

680—Harris L, Cornell S, Boozier L. Time—1:53.0
Mile—Cornell S, Milam L, Ackman S. Time—4:12.8
120 high hurdles—Hampton L, Gore S. Time—15.1
330 low hurdles—Hampton L, Kelly L, Walker S. Time—36.4
Shot put—Davis L, McDonald L, Scott L. Distance—48-8 1/2
Discus—McDonald L, Wood L, Miller S. Distance—161-2
High jump—Belland L, Ashman S. 6'7". Distance—6-4
Broad jump—Kelly L, Ingstad S, Christian L. Distance—23.0-5 8/8
Pole vault—Chapman L, Brady L, Tellman L. Height—16-5 3/4
Javelin—Beachell S, Kelly L, Ingsad S. Distance—197-1
Triple jump—Belland L, Franklin C. Kelly L. Distance—440 relay—Lincoln, Time—41-
4- Mile relay—SIU, Time—3:12.9
Tournament Set For Intramural Weightlifting

Students interested in entering the Intramural Weighlifting tournament to be held on May 20 should sign up in the Intramural Office and designate their weight by May 12. Entrants can compete as an individual or as a member of a team.

There are seven weight divisions in the tournament, ranging from the 123-pound class to the heavyweight division.
Staff Bowling Rankings Update,
Chemistry Regains Top Spot

The Chemistry Department, defending champions of the Faculty-Staff Bowling League, took a big stride in the direction of an untouchable title when they took four games from the Spares at University Center James. The Spares had held the top to the top spot for several weeks before tumbling into third place.

Technology 2 duplicated Chemistry’s feat and moved into the second spot after dropping Agriculture in four games.

Counseling and Testing fell into the league basement by dropping the Industrial Education. Data Processing split its series with Housing to the Counseling and Testing in the standings.

The Alley Cats overtook Rehabilitation by winning an entire set from them and moving into sixth place.

Jim Morrow and the Alley Cats took the individual high series with a 578 and 571, en route to a 216 for the high single game.

TEAM STANDINGS
Chemistry 70 42
Technology 2 68 44

Shroyer’s Red Team Downs Whites 18-0

Was the Red team the second team or was it actually the first team?

This is the question Football Coach Don Shroyer must be asking himself, following the Red team’s 18-0 victory over the first (White) team Saturday afternoon at Centralia High School’s Bleyer Field.

With Jim Hart’s bruised shoulder bothering him, the White team couldn’t get rolling and could never get close to the Red’s 17-yard line.

The Red’s moved for their first of the second half, gaining the ball on their own 49-yard line with 47 seconds left in the first half. A Doug Mougey-to-Jame Gene April 13, for ten yard State put the ball on the White’s 34 yard line. A nine-yard pass from Mougey to his other halfback, Eddie Richards, put the ball on the White’s 25-yard line.

On the next play a pass intented for Moore was intercepted by Groves, Mo.. striking out 35 13 13 13.

A nine-yard pass from Hart to pick up his sixth victory

The Reds struck quickly on the second half. Richard Jan detected the best average of the ball carriers, as be found 28 yards on seven attempts.

Bill Williams had the most yards, 77, on 24 carries. Arnold Kee the other halfback, picked up 32 on 20.

In passing Hart was 2-3 for 16 yards. Mougey for both teams was 3-9 for 59 yards.

Management Club

Show Movin

The SIU chapter of the Society for Advancement of Management will present the movie, “Alfred P. Sloan, Jr.,” at 7:30 tonight in Room 208 of the Whitney Building.

In the movie, Sloan, retired chairman of the board of General Motors, discusses his success in business. The public is invited.
