FOOTBALL FOR STATE NORMAL

Football at S. I. N. U! Not a thing of the past but an actually present situation. Normal Field will again be filled with the cheers of loyal rooters backing a victorious team. A VICTORIOUS team. Do you get that? A team filled with the creditable spirit such as this one is, since the team itself is responsible for there being a team and so must be filled with that ol’ time pep, since they are so anxious to do or die, probably die, for the school, a team filled with this spirit, I say, is bound to win. The members of the student body have unlimited confidence in the team’s ability to make a success. The spirit is present so the only remaining question is, “How big will the score be?”

Firstly, consider our material. We have several “U” men, one “N” man and a host of others who have never played on either of our teams. And, strange though this may seem to you, all good football players do not come from Carbondale. We claim our share, and more, but we remember Harvard and Yale and don’t get too boastful. Yes, we have men, experienced and inexperienced.

Secondly, consider our coach, Sam Patterson. Look up his record as an athlete. Examine his experience as a leader of men and you know his success is assured.

Thirdly, consider our training facilities, equipment and the like. Fourthly, fifthly, sixthly and so forth “ad infinitum” consider S. I. N. U. SPIRIT, the spirit of the players, faculty and students rolled into one. Yes, the team will be a success.

Sam Patterson, Coach.

FOOTBALL S. I. N. U.
Quarter-back and Captain 1908-09-10-11-12
BASKET-BALL S. I. N. U.
Guard 1909-10-11
BASE-BALL S. I. N. U.
Member of Team 1909-10
TENNIS S. I. N. U.
Member of team 1909. School Championship (Singles and doubles) 1910-11
U High 1912

The record speaks for itself. You read the statistics. You immediately say, “An athlete.” Yes, an athlete in the broadest sense of the word. Also, with proper backing, he is to become—a coach. We hope Sam will feel that every member of the school is behind him. He’s one of us, not an outsider, come in to run our team, but one of us, called to service to meet the needs of the school, his school as well as ours.

Whenever it becomes necessary for Sam to discipline some member of the team, and we sincerely hope that such a time will not come, we want him to feel that everybody is backing him in whatever action he takes. We want him to be strict, for we realize that this team will require hard training, and we will all appreciate that he is acting for the best in the rules and regulations he makes. We want him to feel that although not a member of the faculty, he has full authority over the football team and we sincerely hope that he will not be lax in any measures for fear of overstepping his authority. He’s going to make things go and produce a team up to the high standard set by Capt. McAndrews.

Capt. Joe Weiler

FOOTBALL U HIGH
Center 1915-16
Southern Illinois All-Star Team 1916

Joe has been picked Capt. of the Normal team. He’s going to fill the bill. With his additional weight and experience this year he will be even more formidable than last year, when he was the terror of all opposing centers (especially Commy).
MANUAL ARTS.

Another year is under way. The student is busy at his mechanical drawing, at his bench and construction work. About ninety students are taking training. Most of them are new. The old ones are out doing 'their bit.‘ Some of them are now applying their industrial knowledge in Uncle Sam’s service as soldiers, others in other contributory activities for progress and victory. The characteristic spirit of the Manual Arts student is that of earnest endeavor and this year that is manifested with a marked intensification.

The desire to acquire the practical side of education seems to dominate every student in the department. The truth that one has not learned a subject until he can apply it is more universally accepted today than ever before. We are coming to recognize that what really counts is that a person learns to DO things and do them WELL. What the world demands is that an individual, as such, must master some particular calling.

A theoretical or superficial knowledge of a subject is of but little value. The ordinary artisan’s skill is limited by his narrow experience.

The mastery of a subject or vocation calls for a broad knowledge of the related facts and experiences plus the technical training and the ability and skill of performing the practical application itself.

In the Manual Arts we are not confined to the sawing of boards and the driving of nails as some people, even in this day and age, think. Surely this is a part of what we do but we do more than that. We strive to gain an insight into the world’s activities—the art of design, the method of manufacture, the organization and management of industrial establishment, the mining, growing, transportation and transformations of the raw materials into useful objects.

In addition to the industrial education, involving the experience and progress of human kind, the student acquires an experience for himself which is gained by personal contact with actual problems. It is this work that plays so important a part in the students development. All his efforts and capabilities are summoned forth. The co-ordination of mind and muscle is in order that inevitably must mobilize pluck, persistance, perseverance and patience not to mention perspiration which generally follows this invincible army.

The battle is a stubborn one but awkwardness, thoughtlessness, shiftlessness, ignorance, carelessness, feebleness and helplessness will ultimately be routed and power, thoroness, preparedness and efficiency will get the reward.

Yes, every effort will be rewarded by added power. Every struggle, moral, mental or manual finds its reward in self-reliance, alertness and dex-

terity. Whatever national and personal sacrifices that now may be asked as we, taking a new position among the nations, enter into new (international) relations and new standards will be displacing the old will be compensated in the new lessons that we shall learn in economy, thoroness, efficiency, responsibility and discipline, personal and national.

NORMAL 1917

An INCOMPLETE list of last year’s Normal Seniors and where they are now:

Loren Abel is teaching Science and Athletics in Carbondale High School.

Joe Allen is a student in the Northwestern University Law School.

Eunice Banes is teaching in Hillsboro H. S.

Maude Barkley is teaching in the Johnston City H. S.

Ruth Bernreuter is a student in the University of Illinois.

Blaine Boicourt is teaching music in Harrisburg T. H. S.

Arlie O. Boswell is Prin. of Sesser H. S.

Edith Boswell is teaching Household Arts in Murphysboro T. H. S.

Fred T. W. Boswell is in military service.

Stella Brewer is teaching in Cobden H. S.

Ruth Britton is teaching 8th grade at Decatur.

Tracy Bryant is in military service.

Lois Carter is teaching in the Poetone grade schools.

Annabel Catheart is teaching in the Johnston City H. S.

Joe Chamberlain is in military service.

James Churchill is Prin. of Carlisle H. S.

Raymond Coleman is teaching in the Commercial Dept. of the Libertyville H. S.

Earl Collard is teaching in Herrin.

Mary Cowan is teaching in the grade schools of Thebes.

Margaret Craine is teaching in the grade schools of Murphysboro.

Noma Davis is Asst. Prin. of Stonefort H. S.

Ray Dodge is Prin. of Pinckneyville H. S.

Vera Devinney is teaching the upper grades at DuBois.

Gertrude Eckhardt is Asst. Librarian in the 3rd and 4th years of H. S. at Portsmouth, Ohio.

Adlai Eadsman is teaching in Marion H. S.

Eugene Epperson is Supt. of the schools of Grand Chain.

John Finley is Supt. of the Coulterville schools.

Owen Foster is Prin. of Stonefort H. S.

Frances Fowler is a University of Illinois student.

Winnie Free is teaching Math. and Eng. in
Hearst H. S.

Glen Goddard is teaching Manual Training and Athletics in Venice H. S. but is expecting an army call in the near future.

C. E. Goforth is Supt. of schools at Cobden.

Walter Gower is in military service.

Lois Gram is teaching in the Carbondale grade schools.

Herman Greer is in the military service.

Carl Gregg is Prin. of Carterville H. S.

Raymond Gregg is Prin. Jonesboro H. S.

Olinda Hacker is teaching in Kinmundy H. S.

Bernice Huffman is teaching in the Sesser grade schools.

Mabel Johnston is teaching the Anna grade schools.

Mr. and Mrs. James Karber are both teaching in the Equality H. S. he being Prin. of the school.

Gertrude Karr is teaching in the H. S. at LaPorte, Ind.

Margaret Kramer is teaching in the Sparta H. S.

Frank Lackey is teaching in Mounds H. S.

Ruth Liller is teaching in the grade schools of Anna.

Hazel McKenna is teaching in the Poetone grade schools.

Lillie Maddox is teaching in the Commercial Dept. of Hillsboro H. S.

Earl Minton is in military service.

Florence Mitchell is here in Carbondale.

Hazel Montgomery is teaching in Jonesboro H. S.

Ceridwin Morgan is teaching in the grade schools of Granite City.

Bertha Meyers is teaching in Jonesboro H. S.

Lucy Murray is teaching in Louisville H. S.

Wesley Neville is teaching in the schools near Pinckneyville.

Lottie Pergande is teaching in the Havana schools.

Mrs. Lillian B. Phelps is Prin. of Golconda H. S.

Raymond Pyatt is teaching Science in Carterville H. S.

Mary Rodman is teaching at Irving, Ill.

Lee Russell is in military service.

Ralph Schedel is Prin. of Roseclair H. S.

Ed Scherer is in military service.

Elsa Schuettze is teaching in the grades at E. St. Louis.

Marie Short is teaching Household Arts in Granite City H. S.

Russel Smith is in military service.

Paul Smith is in military service.

Stanley Smith is in military service.

Louise Stevens is teaching in the Murphysboro grades.

Jessie Stewart is teaching in Dongola H. S.

Clenn Sunderland is in military service.

Marie Trever is teaching athletics in Marion H. S.

Gail Ussery is Prin. of Ava H. S.

Claude Vick is teaching in Joppa, Mo.

Helen Welton is teaching music in Salem H. S.

Alfonse Woods is in military service.

(Continued on page 13)

MILITARY SERVICE

(By Edw. V. Miles Jr.)

M. Rex Martin of Centralia, passed thru this city Monday October 15, 1917, enroute to St. Louis to take the medical examination for aerial service in the American Army.

The examination is said to be a most strenuous one, and in his eagerness to pass, Rex has been walking a crack in the floor with his eyes shut and swinging around in an office chair to feel out his nerves.

Montelle Stoudt is in the 97th Co. Marine Barracks located at Paris Island, S. C.

Louis Red, a private in 82 Co. 6th Regiment is located at Quantico, Va.

Carl Mason is in the Machine Gun Co. 4th Illinois.

Willis E. Day's address is 12th Co., 3rd Bat. 159 Depot Brigade, Camp Zackary Taylor, Ky.

Tracy Bryant left Wednesday October 17 for Louisville, Ky. where he will train for U. S. Army.

David Warford is in the National Army.

Kenneth Brentlinger is in the Marines located at Paris Island, Va.

AT ANTHONY HALL

The members of the Smith family were delightfully entertained by their Mary, a student of S. I. N. U. The occasion being the homecoming of Jack and Bob Smith who are in the service of Uncle Sam. The party was also honored by the presence of grandma Smith, Aunt Rachel and Country Cousin Maggie.

Among those present were father Smith, Gladys Morse; Mother, Joe Galvin; Baby, Albyanna Field; Grandmother, Pearl Huck; Aunt Rachel, Mabel Huck; Twins, Blanch Welton and Sadie Hogenback; Soldier Boy, Affie Marlin; Sailor Boy, Gail Boynton; and Mary Smith, Catherine Kealey.

A delightful three course chicken dinner was served to which justice was done by all, especially mother and country cousin Maggie. Music and dancing were then enjoyed by all in the living room of Anthony Hall.

The friends of L. Neber were very much surprised to hear of his catastrophe. He was knocked clear off the “bachelor wagon” Oct. 6 by an electric shock. It is not known just how many “Watts” the shock carried. He is getting able to take nourishment now.

Entered as second class mail matter Nov. 4, 1916, at the Postoffice at Carbondale, Illinois, under the Act of March 3, 1879.

DO WE ALREADY FEEL the EFFECTS of this WAR?

Do we as a student body realize that we are embroiled in a real war that affects you and me?

The answer is most assuredly—yes! To use a concrete illustration to prove this assertion; let us for one moment stop and think if we as students in a school, far removed from any military organization, feel the effects of this war.

We, for example, can noticeably see the greatly diminished number of men of draft age in attendance. Every day the word is passed along that some one has quit school and entered military service or has gone to work. Is this in itself not conclusive proof that the war has greatly affected our institution?

The most convincing proof of all, is the absence of those of the faculty, student body and alumni, who have already responded to the call.

There are those among our number who are soon to leave in the draft, also a great many more who may follow. In conclusion, ask yourself this question, has the war affected my school life?

V. L. M.

YOU CAN'T DO WITHOUT IT.

Many old students who were here last year and who read the Egyptian last year are writing to the business manager subscribing for the Egyptian. They have tested the worth of this effort and as one puts it, "can't do without it" for the coming year. If those who are out of school can not do without the Egyptian, I wonder how the three hundred students who are in school can worry along and not receive the comments of the students on the acts of their fellows.

Now you students who have subscribed and are loyally supporting the school enterprises, make those who are not as loyal as you are feel that they are missing something.

NORMAL FILLS NEED.

Southern Illinois has, in the past few months, undergone a crisis in her educational circles. Last spring it became known to the authorities that there was to be an exceptionally large number of vacancies in the schools of this section. While the war was offered as an explanation, in part, for this phenomenon, still those well-informed in matters of the kind know that Egypt is making rapid progress in education. This is the real cause of the deficiency.

There was a danger that this progress would be stopped through lack of efficient teachers. The authorities of the State Normal realized this danger and met it in a thoroughly practical manner. S. I. N. U. sent out from its ranks last summer approximately 300 certificated teachers. Many of these were undergraduates. The school authorities willingly sent about 200 of this year's Juniors and Seniors to meet the need of education in this section, though their action caused a corresponding depreciation in enrollment this year. We of the school are glad that the school as a whole is successfully performing its function in producing teachers, and we sincerely hope that the citizens of Southern Illinois will appreciate this success and give credit to the faculty of this Normal, to whom the credit belongs.
WILL THE WAR END IN THE YEAR 1917?

Ages of Presidents, Kings and Emperors Disclose the Date—Strange Isn't It?

The ages of presidents, kings and emperors who figure in this world's war, plus the years they have been in office and again increased by the year they were born, in every case foots up 3834 years, which divided by two gives 1917. This has been figured out by the Pittsburg Gazette-Times. The coincidences are startling to say the least. Here are the figures. Can you solve it?

Pres. Wilson was born ................ 1856
  took office in ...................... 1913
  has been in office ................ 61 years
  has lived ....................... 64 years

3834

Pres. of France was born .............. 1860
  took office ........................ 1913
  has been in office ................. 4 years
  has lived ........................ 57 years

3834

King of England was born .............. 1865
  ascended throne ................... 1910
  has reigned ...................... 7 years
  has lived ....................... 52 years

3834

Kaiser was born ...................... 1868
  came to throne .................... 1888
  has reigned ...................... 29 years
  has lived ....................... 49 years

3834

King of Italy was born ............... 1869
  ascended throne ................... 1900
  has reigned ...................... 17 years
  has lived ....................... 48 years

3834

Czar of Russia was born .............. 1868
  ascended throne ................... 1894
  has reigned ...................... 23 years
  has lived ....................... 49 years

3834

King of Belgium was born ............. 1875
  ascended throne ................... 1909
  has reigned ...................... 8 years
  has lived ....................... 38 years

3834

Emperor of Japan was born ........... 1879
  ascended throne ................... 1912
  has reigned ...................... 5 years
  has lived ....................... 38 years

3834 divided by 2 equals 1917.

—The Leader.

I HAVE A RENDEZVOUS WITH DEATH

(Alan Seeger)

I have rendezvous with Death
At some disputed barricade
When Spring comes round with rustling shade
And apple blossoms fill the air.
I have a rendezvous with Death
When Spring brings back blue days and fair.

It may be he shall take my hand
And lead me into his dark land
And close my eyes and quench my breath;
It may be I shall pass him, still,
I have a rendezvous with Death
On some scarred slope of battered hill,
When Spring comes round again this year
And the first meadow flowers appear.

God knows 'twere better to be deep
Pillowed in silk and scented down,
Where love throbs out in blissful sleep,
Pulse nigh pulse, and breath to breath,
Where hushed awakenings are dear,
But I've a rendezvous with Death
At midnight in some flaming town,
When Spring trips north again this year,
And I to my pledged word am true,
I shall not fail that rendezvous.

This poem was first published in the North American Review in October 1916. In November 1916 it was published in the Literary Digest. Since then it has been printed by various magazines.

As most of you know, this is one of the many poems brought forth under the stress of this great war. Alan Seeger was a member of the Deuxine Regiment Enranger in the French Army. He was killed in a battle at Belloy-en-Santerre in July 1916.
The Orchestra.

The orchestra is holding up very well even tho
some of the very best of the talent is gone. It has
suffered much in the last year, having lost our reg-
ular director, Mr. Bainum, whose ability as a con-
ductor has been so clearly shown; also Mr. Moore,
who has played trumpet, bassoon and oboe for sev-
eral years in the organization. His place will be
very difficult to fill, because they are very rare men,
who can perform on these instruments and at the
same time be efficient on all of them. He is now
playing bassoon, at the Great Lakes Naval Train-
ing Camp, under John Philip Sousa.

The services of Mr. Ralph Swain have been se-
cured in Mr. Bainum’s stead, whose ability as a
musician is well known thruout Southern Illinois.

The personnel of the orchestra is:
1st Violins—
Julia Dickerman Chastain
Helen Fraley Bastin
Zeta Minner
Frances Smith
2nd Violins—
Helen Eagleson
Mae Floyd
Viola—
Lonnie E. Etherton
Clarinet—
Clarence Moschenross
Claude Creager
Trumpets—
Claire E. Carr
Harold K. Pritchard
Horn—
Monroe Myers
Stringed Basses—
Arthur Browne
Paul Gregg
Tuba—
William Kayser
Piano—
Helen Smith
Organ—
Dorothy K. Lynn
Drums, Tympani, etc.—
Harry Feahrs.

News of the Classes

Senior Items

Gladys Tweed, of Marissa, who was not in school
the beginning of the term because of illness, was
enrolled last week.

Wanted—Some member of the Senior class to
write a class song. The music has already been
promised providing some talented member shows
his ability in the literary line.

Loel Hindman, of Anna, was enrolled recently as
a member of the Senior class. He attended Illinois
University last year, where he took the Agricultural
Course, which course he is also taking here.

Probably for the first time in a number of years
or since the custom was established, the Seniors
are not getting sweaters, but considering the eco-

nomic spirit, at the present time, they were
thought too expensive and after several high-spiri-
ted discussions at the class meetings during the first
two weeks of school, the question was voted down.

The Senior class officers were nominated and
elected the second week of school. It is customary
to elect them during the latter part of the Junior
year but owing to the unsettled conditions last
spring, it was thought advisable to defer this elec-
tion until the beginning of school this fall. The
following are the class officers: President, Guy
Kimpling; Vice President, Herman Duncan; Secre-
tary, Ella Gerlach and Treasurer, Hill Warren.

The Senior class is indeed fortunate in having
such good musicians: Emmitt Hinchcliff beside his
regular work in school is teaching music three hours
daily in the training school. Claire Carr is a cor-
netist of rare ability and his services are always in
demand. Others of our class having musical talent
and who deserve special mention are Anna Niehoff,
Hazel McCracken, and Arthur Browne.

The Obelisk Staff as made up from members of the
Senior class is as follows:
Editor-in-Chief ................. Roy Hall
Business Manager .............. Albert Shannon
Stenographer ...................... Edw. V. Miles, Jr.
Cartoonist ....................... Raymond Colyer
Literary ........................ Hazel Perry
Art ............................ Anna Niehoff
Athletics ........................ Roy Pixley
Social ............................ Gladys Morse

All are well capable of handling the affairs of the
department for which they have been assigned
and here is hoping that the Obelisk put out by the
class of 1918 will be better than any preceding
annuals here, and a deserving model for those to
follow.

The enrollment of the Senior class at the present
time is seventy-five. Last year our Junior class
numbered a hundred and fifty strong and though
we have slightly reduced in quantity, we make up
for the loss in quality. Many of our class are

learning but it would take just a short time longer
to learn that many more have shown their true spir-
it by answering their country’s call. Though we
must naturally be somewhat disheartened at first
by conditions over which we have no control, let
us awake to the possibilities of our class—The class
of 1918 and make it the best ever graduated from
S. I. N. U.

The order for the class rings has been placed
with Weiler Jewelry Store of Carbondale. The president appointed a committee of five to consult with Mr. Weiler in regard to designs, prices, etc. After which the designs were submitted to the class and voted upon.

The design for the ring is an oval Normal Seal. There was no other such important body as the Senior Class in the whole school for about two weeks when class meetings were quite the fashion being held almost every day. This was due to the ring proposition as the question before the house lead to much debating. Several members of the class won great notoriety as public speakers at these various meetings.

Considering the advancing prices in paper, an invitation committee for next spring's invitations was appointed. The committee is as follows: Winfred Cruse, Ferne McDonald, Miriam Jones, Emmett Hinchcliff and Wendell Perkins.

It will be interesting to most members of the class, teachers and other students to learn the where-abouts of former members of this class who are now teaching.

Leona Selbert is teaching her home school near Freeburg.

Catherine Crane of East St. Louis is teaching the third and fourth grades at Millstadt.

Elizabeth Longbons has a position as teacher of the third grade in one of the schools in Marion.

Waldo Smith is teaching near Freeburg.

Edna Young, of Enfield, has a position as fourth grade teacher in her home town. Miss Young was connected with the Free Press here last year as reporter of Normal notes.

Theodosia Meng, has secured a position in the Belleville Township High School as teacher of typing, penmanship and spelling. She spent a few days here recently visiting old friends and schoolmates.

Cornelia Willmann of Belleville, is teaching the Barth school near Mascoutah.

Adella Brielmaier of New Athens has secured the school at Fayetteville, St. Clair County.

Louise Hewitt is teaching in Johnson City.

Eugene Eckert of Marissa our class representative to the Egyptian last year, visited old school mates and friends here one day at the beginning of the term. He has had a wide experience in newspaper work and was a credit to the class in this line as well as others. Mr. Eckert is teaching sixth grade at Herrin this year.

Irene Ballance is teaching in the grades at Collinvsille.

JUNIOR CLASS

The Junior class organized September 27 with an enrollment of 79 members. The following officers were elected for the ensuing year: Dow McKnelly, president; Louise Zerweck, vice president; Gail Boynton, secretary; Richard Browne, treasurer.

Miss Zerwick left school a week after her election causing a vacancy in the office of vice president. At another meeting called to fill the vacancy, Lonnie Etherton and Paul Gregg were nominated, and as both of these young gentlemen were very well qualified for the office a close fight ensued. Mr. Etherton was determined that Mr. Gregg should have the office and Mr. Gregg was as equally determined that his opponent Mr. Etherton should be the one elected. They were voted upon and Etherton was elected.

The class was very enthusiastic about plans for the coming year and if they go into it with the same spirit as they had in electing officers there is no doubt about the success of the Junior class.

SECOND YEAR CLASS

On Sept. 24th, the second year class had its first meeting and elected the following officers: President, James Norfleet; Vice President, Glenn Tate; Secretary, Ralph Warren; Treasurer, Mildred Lewis; Sergeant at Arms, Clark Kimber. Gladys Free was appointed as Reporter for the "Egyptian".

This meeting was adjourned without any further business and another was called Oct. 2nd. At this meeting Mr. Warren's resignation as Secretary was accepted and Walter Hargis was elected to fill that office. Motions were then made and carried to have wiener roast that night. Bessie Chapman, Carrol Bright and Earl Holt were appointed for the refreshment committee and were instructed to have a BOUNTEOUS supply of WIENERS, pickles etc. at the Normal Gates that evening at 7:00 o'clock.

Looking forward to these refreshments and the many other pleasures many responded. After they had assembled we started on our way "Down the Railroad Track" with Mr. Bailey as chaperon.

After a walk of about one-half mile we descended into a valley, not filled with gold, but with cockle-burrs, and climbing under a woven-wire fence we roasted our wieners in the woods. Then we returned to the "cockle-burr valley" and after playing several interesting games we all returned, all pleased with the evening's events. We are looking forward to our next social gathering.
ORGANIZATIONS

Pep Club

As soon as it was announced that there would be a Normal football team this fall, there was a call for a meeting of the Pep Club. The meeting was held immediately after general exercises Monday, October 15. With considerable enthusiasm on the part of the old members of the Club it was voted to continue the organization this year, and the following officers were elected: President, Lillian Gubelman; Vice President, Gladys Morse; Secretary, Josephine Galvin; Treasurer, Arabela Hinchcliff; Yell Leader, Ella Gerlach.

On Thursday, October 18, the Normal song was distributed among the students as an offering from the girls. The officers are planning to have the Club give some form of demonstration at the games played on Normal Field.

The organization hopes to live up to its reputation as "Loyal Supporters" of the team, and asks the support of every girl in the school.

Zetetic Society

The Zetetic Society has been enjoying good programs for the past month. We are glad to report that several of the former members are back this term and are working vigorously for the society. Some of the new students have become members and we welcome them heartily.

Friday night, October 12th, the Journal was given by Marie Young and Hazel Perry. It was very interesting.

A quartette has been organized. The members of the quartette are Arthur Browne, Emmit Hinchcliff, Anne Niehoff and Hazel MacCracken. We invite everyone to visit our Society and hope you will become a member.

Socratic Society

The Socratic Society has been decidedly on the boom for the past month. There are twenty-five new members, and judging from the number of names proposed at each meeting there will be many more.

The programs too have been very successful. Knowing the educational value, as well as the pleasure, derived from music, the program committee has arranged for good musical selection all through the year.

The Socratic play, Uncle Dick's Mistake, given last Friday night, was enjoyed by all. Another quite as good is now being prepared and will be given soon. There is to be a play in motion during all of the three terms. This is an effort on the part of the entertainments committee to make use of as much of the splendid talent in our society as possible.

Ag Club

The Ag. Club started out in full blast with DeWitt Venerable as president for the first term. The membership is steadily increasing, and good work is being done. Many new students have joined and are entering into the work with true Ag. Club spirit.

"ARGUNOT CLUB"

The first meeting of the "Argunot Club" was held in Association Hall, Friday October 12. This meeting was for the purpose of bringing together all old members of the society.

The officers for the fall term are: President, Hazel Perry; Vice President, Winifred Cruse; Secretary, Josephine Galvin.

Another meeting was held Monday, October 15, to which all girls of the school were invited who wished to join the society.

The membership of this society is limited to twenty-five and by the next meeting we hope to have the required number.

All the students of the S. I. N. U. are cordially invited to attend our meetings. —Signed—Secretary J. Galvin.

Y. M. C. A.

The Y. M. C. A. has had four good lively meetings this year, with good attendance. The speakers were Mr. Lentz, Mr. Warren, Mr. Boomer and Mr. Felts. We have also had one visit from our State Secretary, Mr. Little.

The association was handicapped at the first of the year, by the absence of most of the officers elected last spring. Pres. Ora Oldfield was in Canada; Vice Pres. Harold Looney remained on the farm; Sec. Wallace Cummins was in Wisconsin; the Treasurer Herman Duncan being the only one who returned to school this year. The advisory board nominated men to fill the vacancies, and called an election. The new officers are: Pres., Herman Duncan; Vice Pres., Harvey Wiley; Sec., Davie McGuire; Treas., Homer Penrod. Most of the other places on the cabinet have been filled.

A quartet has been organized by J. Emmett Hinchcliff. He expects to furnish a special piece of music for each meeting.

The Y. M. C. A. is recognized in all civilized nations, as a most up to date Christian organization. This is because of the fact that it is ever ready to minister to the present day needs. The war department of the Y. M. C. A. is the most important
branch of the association at present and the students Young Men’s Christian Association of the Southern Illinois Normal University is ready to do its part in this world wide movement.

Pulaski County
(Nota Edwards)

On Friday, October 12, the Pulaski County students met and formed their county organization. The following officers were elected for the term: Edith Conant, President; Edith Emmert, Vice President; Mildred Lewis, Secretary and Treasurer;Nota Edwards, Representative. This meeting being only of a business nature we soon adjourned.

Another meeting was called on October 16. At this meeting we appointed a committee of five, to plan for an afternoon outing on October 27.

It is our aim, however, to do much for the interest of our organization as well as to plan many social occasions.

Washington County
(Ida Rolf, Sec.)

The students from Washington county have met, organized and elected the following officers: President, Frieda Grommet; Vice President, Pearl Huck; Secretary Ida Rolf; Treasurer, Marie Griese.

There are thirteen students in school from Washington county. Two of these are Seniors and five are Juniors.

Marion County
(By Etta E. Davis)

The students from Marion county met September 28, organized, and elected the following officers: President, Pauline Conant; Vice President, Bryan Doolen; Secretary, Florence Ayre; Treasurer, Earl Holt; Seargant-at-arms, Glenn Ayre. There are 21 students from Marion county of which 3 are Seniors and 3 Juniors.

Franklin County

The students from Franklin county met October 2, and perfected an organization. Frank Akin was elected President; Frank McKennii, Vice President; Thyda Keen, Secretary; and Audella Eisenhauer, Treasurer.

Owing to the studious habits of the members or officers nothing as yet has been accomplished along social lines, but plans for an interesting affair are being made for the near future.

Massac County
(Bessie Fullmer)

A meeting of the Massac county students was called October 2 for the purpose of electing officers for the term. The following officers were elected: President, Alma Alligaier; Vice President, Ernie Harper; Secretary and Treasurer, Mary Bremer; County Representative, Bessie Fullmer.

The names of students enrolled from Massac county are: Alma Alligaier, Mary Bremer, Vera Burgess, Bessie Fullmer, Ernie Harper, Margaret Hempler, and John Meyer.

St. Clair County.
(Marion Leonard)

The first meeting of the students from St. Clair County was held October 8 for the purpose of electing officers. Those elected were: President, Geo. Christophe; Vice-president, Mrs. Catherine Coombs; Secretary and Treasurer, Josephine Galvin; Representative, Marion Leonard.

At a second meeting a wiener roast was planned, to be given at Brush’s Hill on Saturday evening, October 27.

Perry County.
(By Clara Weatherford)

Perry county is represented this term by twenty students, who met and organized soon after the beginning of the term. They elected the following officers: Eric Griffith, President; Florence Brown, Vice-president; Maurice Pyatt, Secretary and Treasurer; Clara Weatherford, County Reporter.

WILLIAMSON COUNTY ORGANIZATION

The Williamson county organization was first established, in this normal school, in 1893, almost one-quarter of a century ago. It has been a very successful organization and has done some great work in getting new members into this school from our county. It ranks among the first in enrollment. There were 54 present last fall term.

I don’t know the exact number in attendance this term, as the members of this organization seem to be extra busy especially when the meetings are called. We have tried, unsuccessfully, twice, to get the present enrollment. Some of our members are out this term on account of the shortage of the teaching force in our county.

We have as yet had no form of entertainment, but are hopefully looking forward to a good time. We are hoping to have a better attendance at this affair than we have had at our meetings. We probably shall for we shall have something to eat, and that generally has somewhat of a magnetic power.

We have in our association two members of the faculty of which we are very proud. They are Professors Felts and Lentz.

Our elected president for this term is Mr. Raymond Chamness from near Marion. Miss Dempsay from Creal Springs is Vice President. Secretary Lola Mouser is from near Marion. Our organization hopes to do some good work this term by getting several new students in before next term.
GALLATIN COUNTY ORGANIZATION

On Thursday, September the twenty third, the students of Gallatin County met in room fourteen, for the purpose of electing officers for the term.

The following were elected: President, Belle Foster; Vice President, Ruby Stevens; Secretary, Madaline Mitchell; Treasurer, Mattie Mitchell; Representative, Pauline Strong; Doorkeeper, Thomas Speer.

There are ten students from our county this year, which number is five less than the fall term last year. We think this is very good, because the war took so many of our boys. It is quality that counts, not quantity.

On Saturday night, October the fourteenth, White and Gallatin county students met in front of the Library and went on a wiener roast, with Miss Templeton as chaperon. There were about thirty present and all enjoyed a social time.

Every student from our county was present with the exception of one, who had gone home for the week end.

JACKSON COUNTY ORGANIZATION

With John Hincliff in the presidential chair; Miss Lucrease Brush as Vice President; Mr. Bernard Lollar as Secretary and Mr. David McGuire as Treasurer, we are looking forward to banner term.

Our enrollment at the date of this writing, was fifty five members. All these seem very enthusiastic in the support of the organization. (These figures include only those who have paid the dues of the association and are placed on the official roll)

Although our association has not yet become active in a social way, a committee on socials has been appointed, and we expect some rousing good times in the near future.

Aside from its pleasure the association is really worth while from the standpoint of its work. The organization keeps in touch with the county superintendent of its county and so does a work that is worth much to those members who expect to become teachers. Many of those activities in which we as students are vitally interested; such as tuberculosis prevention, can only be carried on thru the county association.

We can see from this brief statement that the county organization is realy one of the vital institutions of the school; accordingly, one of the best ways in which you can show your loyalty to the S. L. N. U. is to become an active, loyal member of your county association. The other counties will naturally look to Jackson, at least in some measure, for leadership.

Do your bit by paying "two-bits" to the treasurer today. Boost Jackson County. It's worth it.—Carl Robinson.

WAYNE COUNTY ORGANIZATION

Wayne County has the honor of being the first county represented in school to organize.

A meeting for the purpose of organization was called by Miss Hassie Blackburn Sept. 24. The following were elected: Pres., Miss Nena Forth; Vice President, Miss Rada Travers; Secy. and Treas. Miss Theresa Bunting. The following named persons have identified themselves with the organization: Evert Burroughs, Hassie Blackburn, Pearl Berg, Clarence Stein, Hershel Whitacre, Jessie Burgess, Louis Oder, Emmet Wood, David Fishel, Grace Frederick, Royal Barth, Marie Faulkner, Wilma Jessop, Orbit Sholten, Joe Elliot. Leland Elliot, Lester Orr, Gilbert Carson, Gladys Hickey, Genevieve Oder, Florence Seniff, Veda Denny, Susie Price, Mamie Lofton, Virgil Fishel, Homer Trowbridge, Roy Rainwater, Ruby Keen.

Saturday evening, October 13, the Wayne County students assembled at Normal Gate, to go en masse on a wiener and marshmallow roast.

While waiting for our chaperons Mr. and Mrs. W. G. Cisne, we were accosted by two students from White county, who asked if their county crowd could go with us. They said that their reason was that they had only three boys. Our girls, after due deliberation, firmly refused. Our boys were more sympathetic and some strayed away, but their loyalty to old Wayne brought them back in good time.

When our chaperons arrived, census was taken; and it was found that only three were absent. Miss Hassie Blackburn, who was called home, and the Mssrs. Brick and Fishel, who sent no excuses. The absence of the boys was comically explained by one of the boys present.

We were pleasantly surprised to find that we had with us Prof. A. D. Frederick, of the Golden Gate High School, who was visiting his daughter and son.

When we arrived at the hill on the State Farm, we found the White county party already in possession. This necessitated our going about one-half mile farther south.

All had not yet arrived by the time the foremost had the fire kindled. Then came the search for sticks. The wiener and marshmallows were next passed and all 'fell to' with zeal.

After the repast, all enjoyed an excellent talk by W. G. Cisne. Next a ring was formed around the fire and the game, drop the handkerchief, was begun. The girls won the honor of holding 'center'. Some of the unfortunate girls were heard to insinuate that the boys had anticipated the game and had filled their pockets with handkerchiefs. Never-theless they did some efficient running.- The next game was greatly enjoyed, in fact it was so popular...
that it, with a slight modification (3-1) was carried out most efficiently in the homeward trip.

(Theresa Bunting, Wayne County)

UNION COUNTY

The students from Union County met September 27th and elected the following officers: President, Glen Tygett; Vice President, Lita Hindman; Secy. and Treas. Marie Atkins; Co. Representative, Leal Hindman; Appointed Reporters, Estelle Hindman, Ruth Barringer.

For several terms Union county has had a greater number in attendance at the normal than any other county except Jackson. This term is somewhat decreased but there are still thirty-five or forty students from union county among whom are six seniors and six juniors. The first year class has a very noticeable increase.

Under the present conditions we are proud of the fact that Union county is so well represented.

At our first call meeting we arranged to have a wiener roast on the following Thursday night. Our plans worked out quite successfully and everyone enjoyed himself.

Union county’s standard has been very high, but we hope to be able to live up to that standard. We are especially proud to mention the fact that Union county has produced so many capable teachers. We believe that part of their ability, as least, is due to their training in dear old S. I. N. U.—Reporters Estelle Hindman, Ruth Barringer.

WHITE COUNTY ORGANIZATION

White county students met October 3, 1917, re-organized, and elected officers for the fall term as follows: Gladys Wakeford, President; Affie Marlin, Vice President; Clyde Williams, Secretary and Treasurer; and Ralph Duncan, Doorkeeper. There are twenty one students from White county attending school here this term.

Saturday evening October 13, the students from Gallatin and White met at the front of the Library promptly at . . . and the merry bunch started down the railroad track for a wiener roast. We went down the track about one mile, built a fire, roasted wiener and toasted marshmallows. Afterwards we amused ourselves by telling stories and playing games in the bright light of the fire.

Everyone reported a good time and we hope that the Gallatin county students will join us again in the near future.

NEWS FROM RANDOLPH

A meeting of the Randolph county organization was called on Thursday, Sept. 27th for the purpose of electing officers and getting acquainted with the new students in attendance here this term. Quite a number of new ones are here from Randolph, undoubtedly having been influenced by the work carried on by the county organizations last year. The following officers were elected: President, Eila Gerlach; Vice President, Mary Kuhrtz, Secretary, Ira Beare and Treasurer, Loretta Gerlach. Let us hope for a still larger attendance next term.

Randolph county is very proud of the fact that she had two seniors who graduated last year and who are now holding very good positions in prominent high schools of this section of the state. Margaret Kramer of Sparta was one of these graduates and she is now teaching in her home town, assisting in mathematics in the Sparta township high school. She is capable and has the ability to do whatever she determines to do so we prophesy much success for Margaret in her teaching career. The other of these graduates was Hazel Montgomery of Steeleville, who graduated from the Commercial course and who is teaching in the commercial department of the Jonesboro high school this year.

Mary Kennedy of Chester, class of ’16, has her old position as teacher in the grades at Tamms. She, had the honor of being the only Randolph county graduate in the class of 1916.

JEFFERSON COUNTY

The students from Jefferson county met early in the term and organized for the coming school year. The following officers were elected: President, Hill Warren; Vice President, Glenn Tate; Secretary-Treasurer, Herman Duncan; Sergeant-at-arms, Gladys Frea; Egyptian Reporter, Marie Philp.

There are about twenty-five from Jefferson county this term, including six seniors.

As usual we are well represented in every phase of student life. We feel honored that students from our county hold the following responsible offices: Business Manager of the Egyptian, Vice President and Treasurer of the Senior class, President of Third year class, Secretary and Egyptian Reporter Second year class; President, Secretary, and Cholister Zetetic Society, Vice President and Sergeant-at-arms Socratic Society, Treasurer and Social Chairman Y. W. C. A., and President Y. M. C. A.

The organization decided to have a wiener roast October 6. As it was found at the last moment that no faculty member was available as chaperon, the party by special invitation proceeded to a private home in Carbondale, where the evening was joyfully spent. We were very grateful for the hospitality shown us.

We are resolved to live up to the brilliant reputation that our alumni and ex-students have long possessed, and are determined to make this year the best in the record of the Jefferson Club.

Furthermore, since the S. I. N. U. is helping us to brighter, nobler achievements, let us reciprocate by boosting her.

Marie Philp.
THE FACULTY

On account of the war, this year finds us with a great many changes and vacancies in our roll of faculty members, some of which have been filled, while it seems impossible to replace some of the teachers until the present difficulties are settled.

The additions to our faculty are Miss Sue Hutchison, Miss Frances Foote and Miss Gertrude Fleming.

We feel very fortunate in securing Miss Hutchison, as she has had a wide experience in educational work, having been critic teacher in the New Mexico State Normal and also a member of the State Board of Examiners of that state. Later she was graduated from University of Missouri College of Arts and Science, and the School of Education. In 1915 she served as member of State Board of Examiners in the state of Minnesota and is now assistant critic in the Junior High Department of our own Training School. "Don't Chu See Mr.—" Miss Hutchison.

Mr. Ralph Swain conducts our orchestra this year, and is getting much out of it, considering the fact that it is as torn up as our school is. As to his ability as a violinist, the student body can judge for themselves from the difficult solo which he played only a few days ago, a fantasía by Tobbani, on the original "Hail Columbia."

As for athletics they are almost dead without "Mac", yet we are prouder of him than if he were here, for he is now Capt. Wm. MacAndre of Uncle Sam's army. Mac's place will be waiting for him when he comes home. He and Mr. Bainum were among the first to volunteer.

Mr. Bainum is first lieutenant and is conductor of a military band. He too is missed and we might say the music department, the efficiently conducted still cannot reach the height that it did under his supervision. His fire and snap could do wonders even where it seemed hopeless. His ability as a director was far greater than is usually found in a school of this size.

It took "Mac" to put pep into athletics and "Rusty" to put snap in the orchestra.

Miss Frances Foote, now one of our critic teachers, is a native of St. Louis, and received her early education there. Later she finished her education in the East and has since done much institute work in the Central and Northern part of the state. She has also traveled from the Atlantic to the Pacific as a professional story teller and has been principal of Whittier School in Clark Park. Lastly she was an instructor in Old Normal from whence she come here. We have rumors that she is the best reader in the state of Illinois.

Miss Gertrude Fleming, who teaches in the English department is a graduate of the University of Illinois. Her former experience as a teacher has been in the Herrin, Pekin and Olney Township High Schools. She surely does know her subject matter. "Taking into consideration the fact that —" Miss Fleming.

Miss Buck and Mr. French, who were our two oldest instructors, have retired from active service. It will surely seem different without them, for they have been associated with the school for so long that they are almost part of it. Miss Gubelman takes Miss Buck's position.

On account of Mr. Taylor's resignation, Mr. Warren has been transferred to the Normal Mathematics Department. He also acts as general supervisor of athletics during "Mac's" absence.

Miss Bradley oversees the Normal Music Department in Mr. Bainum's place.

Mr. Felts went to McLeansboro on October 4, where he delivered an address before the Farmer's and Teachers' Institute.

When the last call of drafted men left for active service, Mr. Shryock was chosen as speaker of the occasion. We are justly proud of Mr. Shryock's ability as an orator.

Miss Newsen is Curator of the Museum, taking Mr. French's place. Those wishing information on any specimen in the museum will do well to consult her.

Miss Hollenberger has charge of physical training for both boys and girls, taking some of Mr. MacAndrew's work.

"All yous wishing to play ball after school and on Sundays please see me immediately after these exercises." —I. Hollenberger.

ORGANIZATION OF FIRST YEAR CLASS.

The first year class met, organized and elected the following officers: Pres., Clyde Casper; Vice Pres., Alice Hatchet; Sec. and Treas., Pearl Anderson; Social Committee, Roy Rainwater and Fern Gaston; Reporter to the Egyptian, Benton Miles; Door Keeper, Maurice Pyatt.

Several meetings were held for the purpose of giving the organization a firm basis.

The number of First Year Students is about one hundred fifty.

There has been some interference by Upper Classmen, but this interruption is being rapidly diminished, thanks to the Pres. and thanks to the intellectualty of the First Year Class.—Benton Miles.
KINDLY MAIL CHECK
How dear to our hearts is the steady subscriber
Who pays in advance at the birth of each year.
Who lays down the money and does it quite gladly.
And casts 'round the office a halo of cheer.
He never says, "Stop it; I cannot afford it;
I'm getting more papers than now I can read."
But always says, "Send it; our folks all like it—
In fact we all think it a help and a need."
How welcome his check when it reaches our sanctum
How it makes our pulse throb; how it makes our heart dance.
We outwardly thank him; we inwardly bless him.
The steady subscriber who pays in advance.

Wayne Walker, attending Northwestern University.
Maude Allard, unknown.
Edwin Fitch, unknown.
Russel Sheets, unknown.

Y. W. C. A.
The Young Women's Christian Association has held four regular meetings this term. At the first meeting the president, Miss Mae Floyd, told us some of the things the Y. W. C. A. means as a local organization, and, also, as a world-wide movement.

At the second meeting, the regular Bible study meeting, Miss Lula Roach talked.

At the third meeting, Mae Floyd, Gladys Morse, Esther Brockett, and Marguerite Blatter, the girls who went to the Lake Geneva conference, gave their report of the conference. Marguerite Blatter gave a detailed description of the day's program. Gladys Morse told of some of the social gatherings and sports that were provided for the girls at the conference, Esther Brockett told of the emphasis upon patriotism with especial reference to the two patriotic days, and Mae Floyd gave us a splendid idea of "that greater thing" which Geneva means to a girl who attends this conference.

At the fourth regular meeting, Mr. Felts talked about "The Christian Ideal."

There is to be a Bible study class organized soon The class will be taught by Mr. Felts, and will meet Thursday afternoon at four fifteen in the Association Hall.

Miss Hollenberger (making announcement in Normal Hall) boys wishing to play base ball after school and on Sunday see me 7th hour. 9 rahs for Sunday baseball.

Ferne McDonald (in history of Ed class) The monitors had books which he (Lancaster) afterwards wrote.

Mr. Colyer—Miss Glenn, where would these falls and rapids recede to.
Miss Glenn—Well, I just naturally don't know.
Mr. Colyer—Now you know artificially.
The remarkable story of Gordon Edwards, the American who invented "Nikalgin," an anesthetic, which has saved the lives of thousands of Frenchmen has just been published in a magazine. When the British and French surgeons, bound in their tradition and convention, refused to listen to Mr. Edwards, Miss Anne Morgan, daughter of the late J. P. Morgan, gave him money to manufacture his drug. By her aid Mr. Edwards has finally compelled the surgeons to recognize him and use his solution in the hospitals. Now the French wounded themselves demand the anesthetic from the surgeons. With its use wounds may be operated on and cleansed without pain.
