The barker, who has been doing it for many years, is supposed to be the one who has been doing it for many years. When the barker for the radio station visited the barker for the shows, he was surprised to find that the barker for the radio station was doing a better job.

Division Of Mississippi Separates Rivermen

By Bob Pass

There are two major divisions of Mississippi rivermen, the upper end and the lower end. The upper end includes the upper Mississippi, from St. Paul, Minn., to the mouth of the Mississippi River, and the lower end includes the lower Mississippi, from the mouth of the Mississippi River to the Gulf of Mexico.

In RIVER SLANG many of today's rivermen call each other by nicknames. Most nicknames are based on a riverman's appearance, accomplishments, or personality.

The FIRST TRIP I made on a riverboat was a memorable one. I was about 18 years old and had just graduated from high school. I was ready to experience life on the Mississippi River.

Today Deadline For Southwestern Geography Trip

Readers deadline for the trip to be held August 15-25 will be July 18. Students who wish to go on the trip must complete the application form and return it to Bob Pass, 301 East 10th Street, by July 18.
