**Cagers Dealt 67—60 Loss**

*Cape Makes It 2 In Row*

By Tom McNamara

CAPE GIRARDEAU, Mo.—Southern Missouri snapped SIU’s four game winning streak last night with a 67—60 basketball victory here. The loss was Southern’s seventh in 20 games, and the Cape’s 18th win in 19 outings. SIU lead twice in the ball game. Cape’s natural captain, put the Salukis ahead for the first time with 14:50 left in the game.

**SIU To Publish 2 Nobel Prize Winners’ Works**

Two Nobel Prize winners will be featured in the University Press’ publishing list in the spring of 1964, according to C. W. Stenberg, director of the press, said yesterday.

They are Salvatore Quasimodo, Italian poet who won the Nobel Prize in literature in 1958, and Gabriela Mistral, the Chilean who won the prize in 1945.

Quasimodo’s book, “The Poet and Politician” is a series of essays which was translated into English by Thomas Bergin. The book will be included in the “Cross-Regnre linking” series, Stenberg said.

Mistral’s publication will be a collection of poems entitled "Poems by Mistral." It was translated by Eleanor Trumbull.

The book will include facing pages of poems in Spanish and English and will be published as part of the Press’ Latin American series.

**SIU, Carbondale To Build Modern Water Storage Tank**

Southern and the city of Carbondale are negotiating to build a new kind of water storage tank at a cost of $80,000, of the 750,000-gallon tank’s estimated $245,000 construction cost. Carbondale would finance a third of the project, plus other related municipal water improvements through an anticipated $354,000 federal government grant under the public works acceleration program as well as $690,000 from water revenue bond sales and other appropriations.

A proposed installation site is west of the main SIU campus, approximately 650 feet south of the Cape. The site is proposed for the current Street-Taylor Drive intersection. Lonerger said this is the highest land point.

---

**Convocation Features Glee Club**

The University Glee Club will perform at freshman convocation at 10 a.m. and 1 p.m. today.

Under the leadership of Dennis Jackman, Sr., the Glee Club will sing both classic and folk music.

**The Chariton**, a Negro spiritual, a German love song and an arrangement of "Seeing Nellie Home" are among the songs on the program.

**Dedication** by Farnz and selections from Bach will also be sung.

Lorry Johnson, Sr., will be the soloist and narrator. Admission of sitting area will be Jim Doyle, Donna Kranzr will be an accompanist.

The program will begin with the traditional opening "We Are Men Of Song."

The University Glee Club was begun in March 1962 under Robert Kingbury and is now under the leadership of Dennis Jackman, Sr. The Glee Club gave its first formal concert in late November and before that sang for the Illinois Music Educators’ Meeting.

Kingbury says that tryouts for the Glee Club will be held again in April, Juniors, seniors, freshmen and Juniors are eligible to participate and no previous musical training is required.
On this day of tender sentiment,

under the gentle gaze of St. Valentine,

we offer this sweet bouquet of literary roses.

How do I love thee? Let me count the ways.

O, my Love's like a red red rose That's newly sprung in June;
O, my Love's like the melody That's sweetly play'd in tune.

"My Love is Like a Red Rose"

Robert Burns

True Love in this differs from gold and clay, That to divide is not to take away.

"Epipsychidion"

P. B. Shelley

To be able to say how much you love is to love but little.

"Sonnet No. 137"

Petrarch

Life's one joy is this, To Love, to taste the soul's divine delight, Of losing most lovely soul or sight;-- To worship still, though never an answering sign Should come from Love asleep within the shrine.

"The Coming of Love"

Theodore Watts-Dunton

Love goes toward love, as schoolboys from their books; But love from love, toward school with heavy looks.

"Romeo and Juliet"

William Shakespeare

Love is anterior to life, Posterior to death.

"Poems"

Poe

The world has little to bestow
Where two fond hearts in equal love are joined.

"Delia"

Anna Letitia Barbauld

Little deeds of kindness, little words of love Help make earth cheerful, happy, like the heaven above.

"Little Things"

Julia Carney

Love is anterior to life, Posterior to death.

"Poems"

Emily Dickinson

Student Peace Union Meeting Set Saturday

The Student Peace Union is sponsoring the film "Autopsy on Operation Abolition" 8 p.m. in Browne Auditorium on Saturday. SPU will lead a discussion.
Rehearsals, Seminars On Valentine's Day Agenda

Campus Victors To Compete In Regional Tournament

Two hundred and sixty-two students were chosen by the Recreational Activities Board to participate in the first regional tournament of this year. The Recreational Activities Board is sponsored by the National Foundation for Infantile Paralysis.

The tournament will be held on Friday, February 20, at 7:00 p.m. in the Student Union Building. The tournament will be followed by an informal dance in the Student Union Ballroom.

Prizes will be awarded to the winners of each event. The winners will then go on to compete in the state tournament in March.

The Recreational Activities Board is a student run organization that sponsors activities such as dances, intramural sports, and other social events. The board is sponsored by the National Foundation for Infantile Paralysis.

The tournament is open to all students and will be held in the Student Union Building.

**African Students Fight Red Cops In Vienna**

VIENNA, Austria

The disconcert of African students behind the Iron Curtain erupted into a street battle with Communist police in Sofia, Bulgaria, informed sources said Wednesday. The clash was symptomatic of discontent among students from newly independent African nations studying in Communist lands.

It is known, for example, that more than 100 African students in Moscow have applied at the U.S. Embassy for help in transferring to American schools.

LONDON

Foreign Secretary Lord Home declared Wednesday that whatever criticism may, the North Atlantic Treaty Organization "is the framework within which the defense of Europe must be organized.

Without mentioning President Charles de Gaulle of France by name, Home told the House of Lords: "On that we are quite clear, Britain will play on it as we possibly can."

Some British critics of the Nasser agreements have condemned that they reduce Britain to the position of a U.S. satellite — a view also voiced by De Gaulle.

MOSCOW

Both South Africa and Red China observed Wednesday the 13th anniversary of signing their friendship treaty.

The Soviets extended a friendly hand. The Red Chinese spoke of friendship, but left unchanged the stand that divides the two powers.

LEOPOLDSVILLE, The Belgian Congo

A blockade on food entering the Congo capital, imposed by the neighboring central Congo province, has raised tribal hatred to fever point. Small-scale Europe and African alike fear a spark may touch off more serious fighting.

"We are suffering," say Congolese from the townships. Normally loyal to share their troubles with Europeans, they have had their tongues loosened by hunger.

Control of Leopoldville is lost part of the picture. The central Congo province, created last summer as a stronghold for the Bakongo tribe living between Leopoldville and the Atlantic Ocean, claims the city as its bailiwick.

Premier Cyrille Adoula and his government last November neutralized the city as a nontrivial federal capital for the Congo.

MAMI, Fla.

Rescue teams and investigators Wednesday searched for bodies and a reason for the crash of a Northwest Orient Airlines jet in the Florida Everglades minutes after its Tuesday takeoff.

There was no indication that the plane, which sent 43 persons to their death, had attempted to make an emergency landing. Tight security measures were enforced by Civil Aeronautics Board.

**SU! Offers Flight**

To New York

Over Vacation

A charter flight to New York over the spring vacation is being sponsored by the Student Government.

Approximate cost of the round trip with Student Union aid is $65.60. But if enough students sign up, the price may be reduced, a spokesman said.

Persons interested in the trip are requested to stop at the Student Government Office in the University Center or the Student Union at 406 University and leave their name, address and approximate date they wish to leave and return.

U.S. NAVAL WEAPONS LABORATORY, Dahlgren, Va: Seeking math majors, BS and MS for research and development in ballistics and weaponry.

EASTERN ILLINOIS AREA OF SPECIAL EDUCATION, Mattoon, Ill: Seeking EMH and Speech Correction majors.

GENERAL TELEPHONE COMPANY, Bloomington, Ill. Seeking electronic technology associate degrees from VTIC. Interviews will be held at VTIC.

FRIDAY, FEBRUARY 15:
STANDARD REGISTER COMPANY, Chicago: Seeking marketing and liberal arts seniors for marketing and sales management training programs in the business forms field.

LA PUENTE, CALIFORNIA, SCHOOLS: Seeking all fields of elementary and Jr. high.

INTERNAL REVENUE SERVICE, Springfield, Ill.: Seeking accountant and liberal arts seniors for positions as Special Agents, Revenue Officers, Intelligence Agents, and Collection Agents.

SATURDAY, FEBRUARY 16:
LA PUENTE, CALIFORNIA, SCHOOLS (Cont.)

Missionary-Engineer To Speak At Wesley Foundation Tonight

John T. Schevenius, a young Methodist engineer who has been in charge of building and maintaining school, churches, hospitals and other buildings in Southern Rhodesia for five years, will speak at the Wesley Foundation today at 9 p.m.

Schevenius, whose American home is Minneapolis, Minn., has returned to the United States for a year's furlough from missionary service.

On arrival in Rhodesia in 1947, Schevenius immediately put his engineering education and experience to work as supervisor of buildings. He oversaw the construction of hospitals, clinics, schools, churches, dormitories and houses. He was also in charge of their maintenance.

Though stationed at the large Nyasiri mission center, he worked at other Methodist centers throughout Rhodesia. In addition to his engineering work, he took an active interest in lay evangelism and was secretary of evangelism for the Southern Rhodesia Methodist Conference.

Schevenius attended the University of Minnesota and was graduated with the bachelor of civil engineering degree. For six years before becoming a missionary, he was civil engineer for Minnesota Highway Department. He also served as the lay pastor of a Methodist church in Minneapolis.

Parts Remain For 'Raisin In The Sun' 

Tryouts for parts in "Raisin In The Sun" will continue today at 7:30 p.m. in the Southern Playhouse.

The play calls for an all Negro cast except one male actor, according to Edlin Harrison, lecturer in the Theater Department who is directing the play. "Raisin in the Sun" by Lorraine Hansberry is the story of a Negro family's attempts to move into an all-white neighbor­hood.

Mrs. Harrison said there are also openings for student workers on the stage crew. All university students are eligible to try out for parts on the stage crew.

"An Interpretation Of The Ecumenical Council" By Dr. Douglas Horton
816 S. Illinois Carbondale
Health Service Evaluation Needed

Ask almost any student on the SIU campus what he thinks of the Health Service and he'll 11,000 required to take every sniffer and pain to the doctors, clinics and hospitals in Carbondale or the surrounding area is reason enough.

That the Health Service is used is verified by the figures. During fiscal year 1958-59, 24,418 students were treated at the Health Service, 25,841 during fiscal year 1959-60, 26,915 during 1960-61, and 33,194 last year.

SIU is going to have to decide whether to enlarge the scope of the services provided. If quarantine, major surgery or specialties are required, students must now be referred to a Carbondale hospital or an appropriate doctor.

The Carbondale Health Service is staffed with three full-time doctors, one part-time doctor, eight nurses and five laboratory technicians. Is the number of cases treated at the Health Service high enough at this time to prompt serious consideration of enlarging the staff?

According to Dr. Joseph Miranti, acting director of the Health Service, it is not unusual for an excess of 200 students per day to file through the Health Service. He said the number is far greater than practical capacity.

The Health Service is available to students from 8:00 a.m. to 5 p.m. Any analysis of the Health Service and its benefits to students will have to include consideration of increasing student activity fees to provide 24-hour service.

These and many more problems are going to have to be faced, not only in public outcry, and a decision made as to the relative need for an expanded Health Service and the ability of the student body to pay.
Saluki Swimmers Hope For Upset
In Meet With Indiana Saturday

Hoosiers Rated Top Swimmers in Nation

SIU travels to Bloomington (Ind.) Saturday for a swimming meet against Indiana, which is regarded by most swimming authorities as the best team in the U.S.,

Coach Jan Strem, world record-holder in the breaststroke, Ted Stickle, Tom Stock and Larry Schulloff are four of Indiana's top swimmers and are back from a 14-day tour of Europe.

The quartet impressed the Europeans with its swimming ability in the respective meets and clinics which were held. Dual meets were held against England, Germany, and France.

Last year Ray Padovan won the only events for the Salukis against the Hoosier swimmers. He probably will have to do the same thing again.

Last year he won the 50 and 100-yard freestyle events for Ralph Casey's squad.

He will be swimming the 100 and 200-yard races Saturday.

Indiana is undefeated this season which is expected with the abundance of talent it has. The Hoosiers are not eligible for NCAA Championships meet because of a suspension by the NCAA for illegal recruiting practices in football.

SIU is fresh from a 67-27 win over the National Association of Intercollegiate Athletes swimming champions, North Central. Southern's swimmers won nine of the 11.

Coach Bill Meade's unbeaten gymnasts are idle this weekend but are busy preparing for the Feb. 25 meet against Michigan State in East Lansing.

Michigan State is the last team to beat the Salukis since 1957. SIU now has won 18 straight meets.

Events in the meet which saw two new school records set. Jack Schlitz, SIU team captain, and Padovan set the new records.

WSIU-TV Schedule

"Idiot's Delight" will be featured on WSIU-TV today, and should provide very delightful viewing.

7:30 p.m.

Mt Vernon
Officials To Confer Here Today
On Area's Water Problems

Problems and possible re-
search approaches to Southern
Illinois' water problems will
be aired here today and Fri-
day in a meeting between state
and government officials and
SIU School of Technology
Dean, Julian Lauckner.

The conference is an out-
growth of planning by the
School of Technology to im-
plement a long-range re-
search project dealing with
water resources, pollution,
assistance and supply.

Working with the School is
a 12-man Water Resources
Advisory Committee made up
of various government and
University officials and a
four-man "action" committee
including Lauckner, R.E. Pav-
reus, regional engineer for the
Illinois Department of Public
Health; Larry Sheffield, rang-
ger at the Crab Orchard
Refuge, and Verdon Randolph,
assistant chief engineer for the
Illinois Department of Public
Health in Springfield.

Attending this week's meet-
ing will be Henry Steed Jr.,
chief of research grants for
the environmental engineering
branch of the U.S. Public
Health Service in Washington
and R. Z. VanDerwerker, re-
gional program director for

'Tudy In Motivation' Topic Of
Scientific Fraternity's Lecture

David Ehrenfreund, chair-
man of the SIU Psychology
Department, will be the Leo
Kaplan lecturer for the Feb.
21 meeting of the Sigma Xi
scientific fraternity, accord-
ing to Dewey Amos, assistant
professor of geology, who is
in charge of program
arrangements.

His discussion at 7:30 p.m.
in Browne Auditorium will be
open to interested persons.
The topic will be "A Study
In Motivation—Hunger Fru-
stration," dealing with some
of Ehrenfreund's research.

BB Team Clicks With
Lentfer In Line-Up

After running hot-and-cold
much of the season, SIU's
cagers apparently have found
the right combination with 6-8
Frank Lentfer supplying the
big lift in recent weeks.

Lentfer, a senior center
from Riverdale, has been
shooting at a phenomenal pace
in Southern's past eight games
and has been promoted to the
starting five as a result.

An all-tourney selection in
NCAA regional play last sea-
son, Lentfer has more than
doubled his average by hitting
35 of his last 59 shots from
the floor and now appears to be
a solid fixture in the line-
up.

In addition to carrying a
season's shooting percentage
of .479, Lentfer has bolstered
Southern's rebounding
strength which last weekend
was primarily responsible for a
one-sided 81-61 victory over
Austin Peay State College.

Also playing vital roles in
the victory were guards Paul
Henry and Harold Hood.

Winners in 13 of their 19
games this season, the Salukis
were anxious to avenge one
of their previous setbacks
against the Governors and
raised to a 41-19 halftime ad-
vantedge in the process.

Southern met second-ranked
Southeast Missouri last night
at Cape Girardeu and travels
to Owensboro, Ky., Saturday
night to play Kentucky
Wesleyan.

Senior Men...

Here is your opportunity to enter
into a career of satisfaction with
the College Life Insurance Company
of America.

Look At
The Benefits:

Opportunity for Substantial Income

For the past several years the average income of College Life representative completing their first year in the business has exceeded $7,200.
