Lincoln’s Birthday No Holiday

By Robert Eisen

The Land of Lincoln will soon celebrate the birthday of its favorite son—Abraham Lincoln.

English Theme, Law Test
Slated in Muckleoy, Davis

The graduate English theme test and the law school admission test will be given Saturday.

The English test will be given from 1 to 4 p.m., in Room 168 of the Agriculture Building instead of Muckleoy Auditorium where it was originally scheduled. Graduate students who passed the objective portion of the graduate English examination on a conditional basis should report to the test with 10 cards and ball-point pens.

The law school admission test will be given in Morris Library Auditorium from 8:30 a.m. to 5 p.m. Only those students who have preregistered with Educational Testing Service, Princeton, N. J., will be tested.

How do you do. My name is John Baran and I’m a photographer for the Daily Egyptian. The editor suggested we remind people that Tuesday is Valentine’s Day. Would you care to help us by holding this Valentine? Thank you. Your name is Sherry Soensens and you are from Skokie? Thank you. Now let’s get some one to help us with this picture. Sh... would you care to...? Thank you.

Your name is John Salikowski and you’re from

Chicago: Fine. Nice town. Now John, try to get into the spirit of this thing; we’ve got to inform the campus about this approaching event. I’ll shoot a lot of pictures. Fine John, you’ll see that this modeling work isn’t too bad. And think of how this reminder will keep countless males out of doghouses next Tuesday. That’s fine, John; now you’ve got the idea.

Lincoln’s birthday a legal holiday. The state where he resided does not.

The University will not suspend classes Monday. Southern Illinois University has six recognized holidays. They are New Years, Memorial Day, Fourth of July, Thanksgiving, Labor Day, and Christmas.

Civil service employees on campus will remain on the job, according to a secretary in the Office of Civil Service. Although the state pays these workers, they are considered University employees, she added.

Spokesmen for two banks in Carbondale said they do not observe Lincoln’s birthday as a legal holiday, but they will be closed Feb. 22, Washington’s birthday.

Food Price Reports
Available on Campus

Food price charts will be available today at the information desk in the University Center and at Morris Library newspaper stands.

The free charts, comparing prices of basic foods of four Carbondale food stores, are published weekly by members of the Carhus Senate Committee for Lower Food Prices, and the campus forum.

Gus Bode

Gus says he’s called a truce on account of his hangover from a Chinese New Year party.
Activities

Chinese Descant
Set at 4

A psychology colloquium will be held at 4 p.m. today in the Library Auditorium. Cinema Classics will present "Night of Cabiria" at 8 p.m. in Davis Auditorium of the Union Education Building.

Probe will discuss "The Struggle of the Chinese Raves" at 8 p.m. in the Library Auditorium.

The Faculty Playreading Group will meet in the Home Economics Lounge at 8 p.m. The Southern Players will present "Peter Pan" at 8 p.m. in the Communications Building Playhouse.

Movie Hour will show "Ride The Wild Surf" at Purcell Auditorium in University School at 6, 6, and 10 p.m. A dance will be held at 8 p.m. in the Roman Room of the Union Education Building.

Chinese Upheaval Portends Gravest Possibilities

Mao-thinkers Drive Masses To Scribbling

The specifics of the upheaval in China are unknown, but the information available and the generalizations that can be made from it are enough to warrant grave misgivings.

Mao-Tse-tung's "Great Proletarian Cultural Revolution" is a reactionary struggle to return mainland China to an unstructured condition in which Mao, whose health and leadership have flagged, would once again reign supreme and unchallenged. The defilement of Mao Tse-tung and the entrenchment of Mao-think is the state religion. And there is no as-

mOlin g c ha o s remove and do not control the county.

 pon e nt s eno u gh, but the information would once again reign supreme and unchallenged.

Abraham Lincoln: 1809-1865

Abraham Lincoln, that distinguished son of Illinois ..., was born ... It is not until they are required to reconstruct that they run into trouble, ... She has explored, even down to the influence of his arithmetic education.

She never had to memorize the Gettysburg Address, which places her in a select group, McKenzie, once her teacher, said that she was halfway there, and then today was 66. She is successful in quoting almost the entire speech from memory even though 55 years are between. ... and from then on, the Lincoln researchers were off and running.

For a long time, the collection of Lincoln's manuscripts kept by his son, Robert Todd, caused a lot of excitement. The collection was shown to the public several years after the son's death.

People expected many discoveries about Lincoln from the papers, but when they were made public, little new information turned up.

Letters played a large role in piecing together Lincoln's Life, One written by Lincoln to his wife was discovered in the house of one of Adams's neighbors in Jacksonville, ... the speech and then reproduce it "letter perfect and punctuation perfect." If the student didn't then he continued to take the rest until he passed it and "your letter grade kept going down and down," he said.

The phrase, "dedicated to the proposition," was about as far as Berend could get, but he maintains that he got it right on the test the first time. His classmates, Holben, did not fare as well, while munching popcorn he attempted to quote Mr. Lincoln's words on the battlefield of that war. ... uhuh, uhhhh, to dedicate . . . that's it. I can't remember any more."

Whether Mr. Lincoln intended it or not, it appears that his words will long be with us. That is, providing that "the government of the people, by the people, and for the people shall not perish from the earth."
Services Held for William A. Joy

Funeral services were held Thursday at Biggin Funeral Home in Carterville for William A. Joy, 78, former faculty chairman of the Dental Laboratory Technology program at VTI.

Mr. Joy died at the family residence in Carterville at 4 p.m. Tuesday, following a brief illness.

A pioneer in the field of dental technology, he came to VTI in January, 1957, from the University of Kansas City Dental College to open Southern's two-year associate degree program. He served as its faculty chairman until September, 1966, when he resigned half-time assignment.

He was active in the formation of the National Association of Dental Laboratories which described him as "one of the foremost educators in the country in the field of dental laboratory technology," and served on the association's National Board for Certification.

He is survived by his wife, Margaret; a sister, Mrs. Mary Herring, 96, of Summerville, and two brothers, Maynard, 94, of Bedford, Mass., and Thomas, 78, of Summerland, British Columbia.

Services were conducted by the Rev. Joseph Vazquez, Carterville Presbyterian Church, with burial in Hillcrest Cemetery, Carterville.

Fulkerson Adapts, Directs 'Rose Garden'

Vance Fulkerson, an undergraduate majoring in speech, is the director of the Interpreters Theatre production "I Never Promised You a Rose Garden." The production deals with the world of insanity and one girl's flight back to reality.

Adaptation from novel to script was most challenging because of the complexity of characters, plot and the illness involved, Fulkerson said. Gross misunderstanding of the insane and the effect of the mentally ill exist, he said, but the interpreters' production will attempt to present the effect of mental illness and to clarify the stereotype image.

Fulkerson has been a member of summer stock with roles in "The Fantastics," "Brick and the Rose," "Mon-sieur Jordan" and "Would Be Gentlemen."

Last year Fulkerson directed the interpreters' production of "Tom Sawyer" and also had roles in their productions of "Thurber Carnival," "Pfeiffer," "Inclement" and "Western Star."

The production begins next Friday and will continue Feb. 18 and 19. It will be presented again Feb. 24 and 25. The presentations will be staged on the Calypso Stage, Communications Building. Fulkerson adapted the script from Hannah Green's novel "I Never Promised You a Rose Garden." The interpretation of summer stock with roles in "The Fantastics," "Brick and the Rose," "Mon-sieur Jordan" and "Would Be Gentlemen."

Mail Unclaimed

The Student Activities office reported that a large quantity of non-addressed mail for student organizations has piled up in the activities office typing room.

A spokesman for the office urged organization leaders to stop by the office and check the unclaimed mail.

James Bond, Playboy & American Values"
WASHINGTON (AP) - Sec­ retary of State Rusk re­ jected Thursday Hanoi's call for an unconditional halt to U.S. bombing to reverse the Reds of violating the cease­ fire. "We regard the request as an attempt to reverse the damage being done by the bombing," Rusk said. The United States continued to press the North Vietnamese to clear all of the visit by four women and three men of the influence of various sets of diplomats. Rusk's Vietnam report, at a news conference broadcast by radio and television, put a pessimistic note nn starting peace talks. A second warning Thursday forcing a diplomatic break with the Americans against con­ trol of the area's prisoners of war. The administration listed 534 men as possible prisoners of Vietnam, government officials dis­ closed Thursday, with no signs that Hanoi is willing to nego­ tiate an exchange or permit neutral inspection of prisoner facilities. Sources emphasized in interviews that the United States remains in the dark on the health and well-being of the growing body of American prisoners of war in North Vietnam, despite recent reports from U.S. visitors to Hanoi. As of Wednesday, officials said, the administration listed 113 men as known prisoners of war, 48 as suspected captives, and 193 as missing over North Vietnam. Nearly all the POWs are pilots. U.S. airmen are being shot down and placed in the government's "possible prisoners" category at a rate of 25 a month. Officials, while making all POW reports are welcome, said the recent Hanoi visit by four women and three clergymen produced little substantial information about the status of U.S. POWs. Those U.S. officials who are concerned with the administra­ tion's prisoner problems emphasized there is some evidence that American POWs are receiving adequate food and medical care, but beyond that little else is known about their treatment. "Sure, he's not beaten up," said one top official said of the American POW. "His fingernails aren't being torn out or anything like that, but where's he been for the past 12 months - that's what we want to know. "What would be most useful and most important to us would be inspections," this official added. "We can't know until we get someone in there." Two Earthquakes

Strike Columbia

BOGOTA, Colombia (AP) — Two violent earthquakes struck Colombia Thursday, spreading damage and panic over a wide area and leaving at least 61 dead, with scores injured. The shocks were felt spreading damage and panic over a wide area and leaving at least 61 dead, with scores injured. The shocks were felt spreading damage and panic over a wide area and leaving at least 61 dead, with scores injured.

Calling this the worst earthquake ever to hit Colombia, the Interior Ministry said 28 persons were killed in Huila State, believed to be the epicenter of the quake some 180 miles south of Bogota.

Police reported 12 persons, two of them children, were killed in Bogota, some by falling walls. Thousands of people poured into the streets crying and praying after the second and strongest earthquake shock.

Downtown streets were littered with broken glass from the windows of tall buildings. Power failed and hundreds were trapped in elevators.

Authorities feared the toll would mount as disrupted communications are restored. They said many business buildings and homes were destroyed in other cities,

Sears, Roebuck and Co.: Seeking accounting and business majors for all phases of corporate operations.

3-Day Pan American Festival

To Begin Here April 19

Southern Illinois University will celebrate Pan American Week, April 19-22, on its Carbondale campus with its 14th annual Pan American Festival.

This year the theme is "Ruben Darío: Symbol of Latin American Cultural Unity." The program is in conjunction with the observance of the 100th anniversary of the birth of Darío, a Nicaraguan poet (1867-1916), who created in Nicaragua a new poetic style which spread to other Spanish-speaking countries.

The three-day activities at SIU will feature SIU President Delyte W. Morris speaking on "The University and Hemispheric Cultural Unity," SIU Vice President for Academic Affairs Robert W. MacVicar will discuss "SIU and Its Role in Inter-American Area Academic Affairs," and authorities on the Nicaraguan poet have been invited to partake in the program. They include John S. Brushwood of the University of Missouri, Ivan A. Schulman of Washington University at St. Louis, John Fein of Duke University, Fred P. Ellison of University of Texas, Evelyn U. Irving of North Central College, Naperville, Luis Leal of University of Illinois, Ernesto Mejía Sanchez from Nicaragua, Juan Loveluck of University of Michigan, and Boyd G. Carter, William R. Garner, and Hensley C. Woodbridge at SIU.

You're a perfect Tent Type

Be important! Don't be content with ordinary clothes when you have so much potential going for you. Picture yourself in one of our super Tentallyrizing dresses or free-swinging coats.... and believe us, you'll be attracting attention.

top-tip:

Don't just have your hair cut! The style takes a turn-for-the-best if cut with scissors by a professional. You can have a party whirl or let it go straight...great!
Evidence of Hog Social Caste Revealed in Swine Research

By Allen G. Pilger

There's a classy hotel for swine in Southern Illinois, but is it a social success? The "Bacon Bin," as it has been dubbed, is equipped with automatic systems of environmental control, liquid feeding and waste disposal.

To the tenants, the Bacon Bin may seem like the Waldorf. Then again, living in the circular steel bin may seem as bad as living in Grand Central Station.

Researchers at the SIU Swine Center are concerned with social problems of swine created by cramming hogs into small living areas. The Bacon Bin houses lean Yorkshire hogs on two 17-foot decks. Joseph E. Burnside, associate professor of animal industries, said Yorkshires, the predominant breed at the swine center, react animalistically, said with social problems of swine.

"The Bacon Bin is air conditioned, Controlled environment by air-conditioning and suitable ventilation should figure significantly in keeping the hogs happy this summer."

The body heat which warms the building in the winder accumulates in the summer, so the tightness of the confinement gives the heat a factor which could result in environmental conditions unfavorable to swine contentment, he said.

Through a grant-in-aid, the Whitpool Corp., made the eight air-conditioners available. Its representatives also collaborated in the ventilating system.

Researchers at the SIU Swine Center are concerned with social problems of swine created by cramming hogs into small living areas. The Bacon Bin houses lean Yorkshire hogs on two 17-foot decks. Joseph E. Burnside, associate professor of animal industries, said Yorkshires, the predominant breed at the swine center, react animalistically, said with social problems of swine.

"The Bacon Bin is air conditioned, Controlled environment by air-conditioning and suitable ventilation should figure significantly in keeping the hogs happy this summer."

The body heat which warms the building in the winder accumulates in the summer, so the tightness of the confinement gives the heat a factor which could result in environmental conditions unfavorable to swine contentment, he said.

Through a grant-in-aid, the Whitpool Corp., made the eight air-conditioners available. Its representatives also collaborated in the ventilating system.

ENGINEERING CLUB SCHEDULES DINNER

John Kennedy, president of James Electronics, Inc. of Chicago, will be guest speaker at SIU's annual Engineering Club dinner Feb. 20 in the University Center ballroom.

The dinner will be part of a series of events sponsored by the School of Technology during National Engineering Week, Feb. 20-24. Paul Chemea, vice president for academic affairs at Purdue University, will be a special guest at the dinner. He is in the consultant on accreditation to the School of Technology.

Other events scheduled during the week will include displays by several Southern Illinois industrial firms. The exhibits, open to the public, will be in "A" wing of the Technology Building Group.

5 SIU Educators
To Attend Meeting

Five faculty members in the SIU College of Education will take part in the annual meeting of the American Education Research Association Feb. 16-18 in New York City.

Scheduled to appear are John V. Casey of the Department of Student Teaching, and Bruce R. Ambie, Aleen Park er, Donald L. Beggs and Gerald L. Blumenfeld of the Department of Educational Psychology and Guidance.

Casey will present a paper, "Utilization of an Intrinsic Program to Study the Problem Solving Processes of Gifted and Average Children," Ambie's paper is entitled "Phrase Reading Training with Third Grade Students," Mrs. Parker and Beggs will present a paper, "A Study of Negatively Stated and Positively Stated Multiple-Choice Items," and Beggs also will discuss "Uniformity of Growth in the Basic Skills throughout the School Year and during the Summer." Blumenfeld will be chairman of a session on programmed instruction.

Shakespeare Talks, Readings Planned

"Speaking Shakespeare," an oral interpretation of selected Shakespearean writings, will be presented in two parts on Feb. 24 and 25, by David and Carminta Hedges, The Hedgeses, both authors and instructors at Northern Illinois University (NIU), will conduct a lecture-recital at 8 p.m. on Feb. 24, and a workshop from 9 to 11 a.m., and 2 to 4 p.m. on Feb. 25.

Both presentations will be held in the University Theater in the Communications Building. Convocations credit will be given for the lecture according to Mrs. Marion Kleinau, associate professor of speech in charge of oral interpretations at SIU.

The event is sponsored by the Departments of Speech and Theater.

Shakespeare Talk Program
Scheduled for Today

Shakespeare’s “Henry IV” will be the subject of a faculty play reading session at 8 p.m. today in the Home Economics Lounge. The public is invited.

The event, directed by Richard Lawson, assistant professor of English, is held monthly by the faculty group.

At its last session the group heard John Gardner, associate professor of English, who read his own play, “Delphi.”

Chicago Tribune

SIU STORY STARTS MONDAY IN THE CHICAGO TRIBUNE

From a small time school to a major university in record time—that’s been the history of SIU.

Starting in Monday’s Chicago Tribune is Richard Dozer’s Profiles of SIU, called by some the fastest growing university in the country. Basketball, of course, has brought SIU much fame—and problems too.

Dozer tells you what some of these problems are in this revealing Chicago Tribune series beginning Monday.
Hartzog Enters Team at Chicago

Saluki track Coach Lew Hartzog announced a switch in the scheduling, his Salukis were originally scheduled to compete in the Michigan State Relays this weekend but Hartzog has decided to enter the team to the University of Chicago Track Club Open meet. Because of the expense of traveling up to East Lansing for the Michigan State meet Hartzog would not be able to take approximately half of his team. The remainder would have to stay home and miss the experience of a meet that is so vital as this time of the year.

Hartzog now will be able to enter the entire team of 21 to Chicago on the train Saturday morning and return to

Ernie Terrrell
Operated On For Eye Injury

PHILADELPHIA (AP) — Ernie Terrrell was operated on Thursday for an injury of the left eyeball which his surgeon said caused double vision from the eye. Terrrell was incurred in Monday night's heavyweight title fight against Cassius Clay.

The 6-foot-6 Terrrell claimed after the 15-round bout in the Astrodome at Houston, Texas, that Clay stuck a thumb in the eye in the third round and later aggravated the injury by clamping a headlock and rubbing the eye on the ring.

Terrrell, who lost the decision to Clay while absorbing a savage beating, maintains he saw a number of images of Clay after the third-round eye injury, He said he could hit the heavy-weight champion only by foiling him with one hand, while letting loose with the other.

Dr. Arnold G. Scheie, chairman of the department of ophthalmology at the University of Pennsylvania Hospital, said X-ray diagnosis of Terrrell's injury disclosed a "flapwise fracture in the bony structure beneath the fighter's left eyeball."

Activity Cards Needed
At SIU Pool, Arena

Students interested in using the University Pool or Arena for recreation this weekend must present their student activity cards.

The University Pool will be open from 1-5 p.m., Sunday. The Arena will be available Saturday and Sunday from 8-10:30 p.m.

Carbondale Saturday night.

The trip to East Lansing would take three days and travel would have been by car.

Hartzog said that the competition in the Chicago meet won't be as tough as the Spartan Relays, but this is offset by the advantages of taking the whole team, Lincoln University, Loyola, Depaul and The Chicago Track Club will be represented at this meet.

The Saluki team for this meet will be made up of 15 varsity and 6 freshman. Ross MacKenzie is running better but will only compete in the relays and won't be sprinting Saturday. MacKenzie has a pulled leg muscle he suffered in the Kansas meet last weekend.

The meet will be held in the Chicago Field House. The Salukis will send three individual winners from the Kansas meet. Mitch Livingston, who won the high jump with a leap of 6-8 against the Jayhawks, will compete in the high jump. Oscar Moore is entered in the 2-mile run and the 2-mile relay and Jeff Duxbury will run in the 1,000 and the 2-mile relay.

The remainder of the Saluki entrees are:

Al Ackman and Gordon Raines, 880-yard run; Dale Gardner, 600-yard run; MacKenzie, Rob Kavan, Richard Campbell and Bill Gardner, 440-yard dash; Bill Jefries, Al Dept and John Cul len, 60-yard dash; Butch Hohn, the marvel, John Vernon and Jan Sharpe, triple jump; Joe Janeczek, high jump; and Thomas and Frank White man, 60-yard high hurdles. The freshman 880-yard relay team of Deppe, Gardner, Campbell and Jeffries; the varsity 880-yard relay team of Quillion, Sharpe, Covevry and MacKenzie, varsity mile relay; Deppe, Thomas, Campbell and Jeffries, freshman mile relay; Gardner, Moore, Duxbury and Ackman, 2-mile relay and Dave Chisholm, steeple chase.

HアメリK ENTERS TEAM AT CHICAGO

Saluki track Coach Lew Hartzog announced a switch in the scheduling, his Salukis were originally scheduled to compete in the Michigan State Relays this weekend but Hartzog has decided to enter the team to the University of Chicago Track Club Open meet. Because of the expense of traveling up to East Lansing for the Michigan State meet Hartzog would not be able to take approximately half of his team. The remainder would have to stay home and miss the experience of a meet that is so vital as this time of the year.

Hartzog now will be able to enter the entire team of 21 to Chicago on the train Saturday morning and return...
Tennis Coach Dick LeFevre is putting some empty space on the schedules of a number of coaches and using and taking his team along to Arizona with the gymnasts. LeFevre felt that Sprengelmeyer felt that this would be an excellent opportunity for his squad to get some early experience under its belt. They have been practicing indoors on the arena concourse and it will be their first opportunity to play tennis under normal conditions in some time.

Southern finished the season with a 17-4 record last spring.

For sale 1957 Leader (24 ft.) 3500

LeFevre took six competitors from Arizona with the gymnasts. LeFevre felt that Sprengelmeyer, a junior and Yang all participated on the team's No. 1 man at the end of last season, Pena was voted Most Outstanding in the Daily Egyptian's annual sports all-star ballot selection.

FOR SALE

LeFevre will face some disadvantage in this respect at Arizona, because both opponents have had warm-up and ample experience to log several hours outdoors lately, due to Arizona's consistently one of the ten best collegiate teams in the country, according to LeFevre, whose teams have produced a 93-35-1 record at SIU.

Saturday Marks Final Home Show for 6 Senior Swimmers

This weekend SIU swimming fans can say goodbye to six seniors on the Saluki swimming team. They will compete in their last two home meets of the year Friday and Saturday. Richard Evertz, Kimo Miles and George Morley will all be competing in their last home swimming meets.

Evertz, a physical education major, specializes in the 1,000-yard freestyle, 200-yard individual medley and the 500-yard freestyle. Last Saturday against Evansville he set a new University School pool record in the 1,000 with a time of 10:56.7.

Morse is a diving specialist majoring in physical education. He is a transfer student from Illinois. Morse has been improving this year and is the backbone of Coach Ray Essick's diving team.

Westenreider is majoring in German and has been a steady performer for the Salukis in his three year varsity career. His best two events are the 400-yard medley relay and the 200-yard freestyle. Against the Purple Aces Westenreider pulled an upset by defeating Ted Poland in the 200-yard individual medley.

Shaffer, a marketing major, has been a strong team member for three years. His two specialties are the 200-yard freestyle and the 200-yard individual medley. He also helps out on the Saluki 400-yard freestyle relay team. In his most recent outing against Evansville, Shaffer took first places in the 200-yard backstroke and the 200-yard freestyle.

Pearson is a breaststroke specialist majoring in education. He was an all-American swimmer last year in the breaststroke. Pearson owns the school and the University pool record in that event. He established the school record in the NCAA finals in 1965 with a time of 2:23.1. His University pool record time is 2:22.4.

Miles, a physical education major, is the Saluki captain and also a former all-American. His specialty is the 200-yard butterfly with a time of 1:55.6 which he established in the NCAA championships in 1965.
