Petition Brings Answer From State Senator

The efforts of Southern to secure an engineering school were ended yesterday when student and petitioners received a letter from the Senator.

Senator Colleagues, the Student Council House of Representatives, the Board of Trustees and the administration have been informed of the plan to establish an engineering school at Southern Illinois University. The letter was written to convey this information and to urge support for the proposal.

The letter reads in part, “As the student body of Southern Illinois University, we hereby request your support in establishing an engineering school. The benefits that this school will bring to our community are numerous and significant. It will provide more opportunities for our students and enhance the economic and educational growth of the region.

The letter also emphasizes the need for funding and resources to make this dream a reality. The university is committed to providing the necessary support to ensure that this school is successful.

We urge you to join us in this important endeavor. Your support will help us achieve our goal of establishing an engineering school at Southern Illinois University.”

Senator: Patricia J. Rohrer

SiU Increases Tuition For Fall Quarter

Southern Illinois University will raise tuition for the fall quarter. The increase in tuition is expected to affect students across the university.

“Southern Illinois University is committed to providing a quality education to our students. However, due to various factors, including increased costs and budget constraints, we have decided to raise tuition for the fall quarter,” said President David C. Glassman.

The tuition increase will be effective immediately and will impact undergraduate and graduate students. Additionally, there will be a fee increase for certain programs.

The university is working on a range of initiatives to address these challenges, including seeking external funding and exploring cost-saving measures. We will continue to prioritize the educational experience of our students and make every effort to ensure their success.”

Further details on the tuition increase and fee changes will be provided in the coming weeks. Students are encouraged to consult their academic advisors to discuss the implications of these changes.

OSA Identifies 25 Students As Part Of Mob

Approximately 25 students have been selected as part of a mob that disrupted an academic event. The students were identified by OSA (Ohio Student Association) and are now under investigation.

OSA has identified these students as part of a group that created a disturbance during a lecture on campus. The disturbance involved verbal confrontations and the blocking of access to the lecture hall.

According to OSA, the students were identified through video footage and the use of social media. The university has been notified of the incident and is taking appropriate action.

Familiar To Students

Thank You—Come Again

By Mitchi Sparks

“Cakes and a cold bar, the weather was beautiful and the mood was lively.”

The campus was very small when I came in...”

Business transactions similar to this take place daily in the small bookstore located on campus and the Administration Center. The list of organizations and programs available on the campus is extensive.

The campus is a place of learning, recreation, and enjoyment for students, faculty, and staff.

OSA identifies 25 students as part of a mob that disrupted an academic event. The students were identified by OSA (Ohio Student Association) and are now under investigation.

Compliments To Police
Officer Tom LeFler, who is off duty from the Campus Police and Security Officer Tom Lefler for the applause and support he received at the student minute session.

The crowd remained in its seats for applause and recognition, and one of the organizers of theopération of the police. The police officers were seen in front of the young people, and in front of the young people. LeFler was seen with at least half the people there.

The applause was in response to the answer in a criminal disturbance.

Grades Kept Confidential
Transcripts of grades will be sent to prospective employers and other individuals, but will not be available to the student, in a result of a decision by the minutes of the meeting Friday night.

In addition to the above-mentioned concern of the transcript, the concern debated that only other educational institutions that are granted are to be able to use such information for the benefit of the students.

Information about dates of attendance and degrees earned must be available to everyone.

The Editors' Opinions
How About It?

I'm been out and about for a while now, and I have the idea that I'm not the only one with the same idea. Why

We'll see.

But I'm not sure if you and I are the same person. We're both in the same car, so why not both drive in the same way? The idea in my mind is to drive on the left side of the road, like I do, but not sure if you follow this rule.

And why should I even care about this? I mean, it's just a car. Why should I care about it?

The point is: I'm going to keep driving on the left side of the road, and why should you care?

The driver on the right side of the road should care about this too! I mean, it's just a car, right? Why should I care about it?

And why should you care about it?

And why should we care about it?

The point is: I'm going to keep driving on the left side of the road, and why should you care?

To the Police
Compliments go to me.

Norbert Rumpel... “Most Outstanding”

Shoot For National Title
Salsuky Beat McMaster In Doubleheader,
Then Move To National Tourney In Texas

American Record Holder Also Named Swim Captain

RUMPEL GETS MOST OUTSTANDING

American Record Holder Also Named Swim Captain

Norbert Rumpel, American swimming champion, was named the 1960-61 Indiana All-American of the Year, and he was presented with the swimming award for the year by the Indiana Swimming Association. The award was given to Rumpel in recognition of his outstanding performance during the 1960-61 season.

Rumpel, a freshman from Indiana, was also awarded the most valuable award for the swimming team, and he was presented with a $200 insurance policy for his achievement.

Rumpel, the first Swede to win the award, expressed his appreciation for the honor and the opportunity to compete in national swimming competitions.

Don Hubbard, holder of the 1961-62 national swimming award for men with two previous wins, was also presented with the award.

The award was given to Rumpel in recognition of his outstanding performance during the 1960-61 season.

Hubbard, a senior from Indiana, was also awarded the most valuable award for the swimming team, and he was presented with a $200 insurance policy for his achievement.

Hubbard, the first Swede to win the award, expressed his appreciation for the honor and the opportunity to compete in national swimming competitions.

Rumpel’s swimming career at Indiana University has been marked by his consistent performances in national and international competitions. He has earned numerous awards and accolades for his contributions to the swimming team and for his dedication to the sport.

His success has been a testament to his hard work, determination, and love for the sport. Rumpel’s achievements have made him a role model for aspiring swimmers and have set a high standard for future generations.

Rumpel’s dedication to swimming and his outstanding performances have earned him the respect and admiration of his coaches, teammates, and fans. His contributions to the Indiana University swimming team will be remembered for years to come.”
