The Pleasurable Weekend

It had to be one of the best ever.

This was the consummation of an agreement I had entered into for the Spring Festival. A grant of $100,000 had been awarded to a group who came through as real troubleshooters with many ideas and baby sitting. Everything went as they planned it.

The only bad part was that it ended, and that classes began on schedule yesterday morning.

Appreciative crowds greeted the song of "Flowers Are Red" on opening Friday and Saturday nights. Performers lied in the Midway after the show and mingled with the large crowd of popular.

The campus atmosphere was a letdown as the practice football field was reduced to a lot. We completely forgot we had intercollegiate football on campus when entering the Midway gate, for he became a part of the set-up.

The Midway show was by far the best in the past three years.

Music—Taken For Granted

We are not speaking only of music, for even popular music can have a rather pleasing effect in the day that we are thankful, that Eggly feels the same way.

Music has been transmuted to an art and science. How many of us reflect on the wonderful things that we pass away from us. How dear are the thoughts and feelings that are associated with music. We are all familiar with a composer who would be proud of his achievement, but how long will we be able to see the work of art as much for granted.

Southern swept the three-game series against the Huskies this weekend to take the third-place finish in the conference.

Larry Taylor, Kook Glenn "Arthur" Martin's brother-in-law, contributed a key hit against NIU in the third game to help secure the team's 9-7 victory.
