Proposed Southern Expansion Irks City

GS Exams Thursday

General Studies proficiency examinations will be given Thursday from eight to three o'clock in Mckelroy Auditorium. All candidates for proficiency examinations must register with the Registrar's Office before taking the examinations. Following is a list of General Studies Proficiency Examinations that will be offered on the above dates:

The $5 fee charged for each proficiency examination will be waived for candidates scoring in the upper 15 per cent of the nation on the American College Testing examination. Students who have the background in these courses because of special high school courses, travel, self instruction or work experience should register for these comprehensive proficiency examinations.

Flu Vaccination Program Effective

The flu vaccination program has been effective in preventing a large number of Asian flu cases at SIU so far this winter, according to Health Service officials. "It was anticipated that we would get an Asian flu epidemic this year," Dr. Joseph P. Miranti, acting director of the Health Service said.

"The flu vaccination program has played a large part in the mildness in the flu cases which we are seeing as well as in the small number of cases," he added.

Janet Winter - 1963 Off-Campus Sweetheart

‘Butterfly’ Singers Face Home Folks Tonight

Four students who sing leading roles in the SIU Opera Workshop's production of "Madame Butterfly" will have a strictly partisan audience tonight.

Ali are from West Frankfort where the opera will be presented in the high school auditorium at 8 p.m. They are Ruth Batshe who will sing the role of "Cio-Cio-San"; Jim McFainey who will appear as "Sharpless"; Zella Burton who sings the role of "Kate" "Pinkerton", and Joe McFainey who appears as "Bunzo".

Tonight's performance will be the Workshop's second appearance in West Frankfort. "Aida" was performed last year after two successful performances on campus. "Butterfly" also will be presented at Centralia Thursday night. "Butterfly" opened Saturday night and played to practically a sell-out audience.

Tardy Teacher Bill Withdrawn From Council

A Student Council bill recommending Board of Trustees formally adopt a policy that students do not have to wait more than one minute for a professor who has been withdrawn.

The action was taken at last Thursday's council meeting after an attempt was made to substitute another bill which avoided the issue of tardy teachers.

Marvin Weaver, Southern Admor president, offered the substitute bill. It noted that SIU be given an outstand­ ing university and that in-

Board Chairman Surprised By Response To Plan

A plan to expand the University's boundaries in two areas of Carbondale continued to come under fire from the Carbondale Plan and Zoning Commission, the Chamber of Commerce and private developers.

It was revealed last week that the University had discussed plans to acquire the property north of East Grand Avenue to Stoker Street between Washington Avenue and Wall Street (excluding Newman Foundation property) as well as the property north of Chautauqua Street to Mill Street between Elizabeth Street and Oakland Avenue.

The University has made no official statement on the exact amount of land it proposes to purchase or its proposed use. Plans were discussed only at an executive session of the Board of Trustees.

Charles Goss, chairman of the Plan Commission, expressed concern that the University did not indicate their intention to expand into these areas while new zoning ordi­ nance and city plan were being formulated. The areas involved had been set aside for dormitories and multi­ family housing in the zoning ordinance, officials said.

Private developers said they had been encouraged to go ahead with plans to con­ struct dormitories and other new buildings in the area. Goss said over $2.5 million in dormitory construction is under way or on the drawing boards for the areas north of East Grand Avenue.

The Carbondale Chamber of Commerce asked an letter to President Deloye W. Morris and the SIU Board of Trustees saying: "The Chamber is deeply disturbed" over the University's plans to expand into the city.

The letter said in part that the Chamber has been placed in the position of having rec­ ommended to investors that they proceed with development in an area that may be lost to another purpose. Fu­ ture developers may be re­ luctant to undertake such projects, it said.

(Continued on Page 3)
Final Exam Schedule

Wednesday, March 13
12 o'clock classes - 7:50, GSB 101, 100, and 102 - 10:10.
4 o'clock classes - 12:50, GSB 103 - 3:10.

Thursday, March 14
9 o'clock classes except 3-hour classes, which meet one of the class sessions on Saturday - 7:50.
4 o'clock classes - 12:50, GSC 103 and Psychology 201 day sections - 3:10.

Friday, March 15
11 o'clock classes except 3-hour classes which meet one of the class sessions on Saturday - 7:50.
Tuesday, March 19 - 10:10.

Saturday, March 16
8 o'clock classes which meet one of the class sessions on Saturday - 7:50.
9 o'clock classes which meet one of the class sessions on Saturday - 7:25
11 o'clock classes which meet one of the class sessions on Saturday - 1:00.
Classes which meet only on Saturday morning.
Examinations will start at same time as the class sessions ordinarily start.
Monday, March 18
8 o'clock classes except 3-hour classes which meet one of the class sessions on Saturday - 7:50.
5 o'clock classes - 12:50.
Mathematics 106 day sections and GSC 108, 109, 114, 115 - 3:10.

Tuesday, March 19
3 o'clock classes - 7:50, GSC 101 - 10:10.
Make-up examination period for students whose petitions have been approved by their academic deans.

Evening Classes
Wednesday, March 13
Five-hour classes which meet during the first period (6:00 - 7:25 p.m.) on Monday, Wednesday, and Thursday - 6:00.
Four, three, two, and one-hour classes which meet during the second period (7:35 - 9:01 p.m.) on Tuesday and/or Thursday - 6:00.
Classes which meet only on Wednesday night. Examinations will start at same time as the class sessions ordinarily start.
Thursday, March 14
Five-hour classes which meet during the second period (7:35 - 9:00 p.m.) on Monday, Wednesday, and Thursday - 6:00.
Four, three, two, and one-hour classes which meet during the second period (7:35 - 9:00 or 9:15 p.m.) on Tuesday and/or Thursday - 6:00.
Classes which meet only on Thursday night. Examinations will start at same time as the class sessions ordinarily start.

Monday, March 18
Four, three, two, and one-hour classes which meet during the second period (7:35 - 9:00 or 7:25 p.m.) on Monday and/or Wednesday - 6:00.
Classes which meet only on Monday night. Examinations will start at same time as the class sessions ordinarily start.
Tuesday, March 19
Four, three, two, and one-hour classes which meet during the first period (6:00 - 7:25 p.m.) on Monday and/or Thursday - 6:00.
Classes which meet only on Tuesday night. Examinations will start at same time as the class sessions ordinarily start.

General Examination Information
Examinations for one and two-credit hour courses will be held during the last regularly scheduled class period prior to the final examination period. Three, four, and five credit hour courses will meet at the times listed above.

Two Suspended For Theft Of Bikes
Two freshmen students, both from Batavia, have been suspended from the University for theft of bicycles. They are Lewis Holmes, 19, and Jim Osborne, 18.

Authorities said the students admitted that each of them took a bicycle from campus, then dismantled and repainted the bikes to prevent identification.

Two new SIU pledges are selected.

MISS WOODY - Donna Holt is the new "Miss Woody Hall." She was selected at the hall's scholarship dance Friday night.

Bright Colored Beanie Mean Rush Is Over
A new crop of girls in greek-lettered beanie can be seen on campus as 34 women have been pledged by SIU's five social sororities at the start of winter rush.
The new Alpha Kappa Alpha "Twelve" are Doris Grimmett, Gwendolyn Betts, Marion Turner, Janie Stewart, Tenia Washington, and Charlotte Van Slat.
Alpha Gamma Delta pledged Sandy Marshall, Mary Middleton, Ellie Zimmerman, Susan Saffa, Cheryl Earhart, and Joan Schneider.

Proposed SIU Expansion Draws Carbondale Fire

(Continued from Page 1)
Both President Morris and John Rendleman, executive director for business affairs, were out of town yesterday and could not be reached for comment. However, it was reported last week that President Morris expressed a willingness to meet with individual or group affected by SIU's plans to acquire the additional property.

John Page Wham of Centralia, chairman of the SIU Board, said he was "surprised at the appearance of willingness" of the people and officials of Carbondale "to fall out with the University." The board members are only trying to fulfill their responsibility to the people of the state, he said.

Wham said the University has always attempted to cooperate completely with the city. He said dealings between the planning board and the university is an administrative matter and not the Board's function.

President Morris has said that he has been unable to devote any satisfactory methods of informing the community of possible future land purchases without risking the chance of seeing the land's value rise before actual purchase.

Spring Orientation Leaders Needed
SIU students who would like to become leaders a part of the orientation process for new students entering in the spring quarter, should apply now.
The blanks are available at the Information Desk in University Center. They should be returned by Feb. 22, according to student activities spokesman.
People selected for this volunteer work must attend a leadership training meeting Feb. 26 at 8:30 p.m.
Activities

Buses Supply Rides
To BB Game Tonight

Activities for today among SIU students will center on the bus supply rides to BB games with Western Kentucky. The game will be played in the Carbondale Community High School gym. Game time is 8 p.m.

Two buses will be taken to students to the game from campus. The first one will leave the University Center at 7 p.m. It will pick up passengers at Thompson Point at 7:10 p.m. and at Group Housing at 7:15 p.m.

The second bus will leave the Center at 7:30 p.m., pick up passengers at Thompson Point at 7:40 p.m. and at Group Housing at 7:45 p.m. The buses will be on hand to return students to campus from CCHS, according to the Spirit Council.

Several seminars will be held on campus today.

The International Relations Club will sponsor Guenter C. Wiegand, professor of economics, who will discuss his experiences in India in 1962. The meeting will be held at 7:30 p.m. in the Library Administration Building.

"Midway Island," will be discussed at a zoology seminar to be conducted by Harvey I. Fisher, chairman of the Zoology Department. It will be held in Life Science Room 205 at 4 p.m.

The Department of Applied Sciences will sponsor a seminar at 7:30 in Brown Auditorium. J. D. White, a student in engineering, will speak on "Materials." Students are invited.

Rehearsals will occupy some class time today.

A rehearsal for the University Choir is called for 3 p.m. in Room 115 of Altgeld Hall.

What About 1964?

Council Debates Its Role
In Activities Fee Study

Should this year's Student Council plan what next year's Council will do?

Members of the Council debate this at the Thursday night meeting during a discussion of the Council's current Student Activities Fee Study.

The Activities Fee Study is being made before the Council makes recommendations on the use of fees to various activities such as the Egyptian and the Oklahoma. This week the Council should make its decision on the activities which receives funds from the Activity Fee.

And since all activities seeking funds for next year are being required to present detailed programs for next year, the question of the Council's plans for next year, also.

One side maintained that a detailed plan be drawn for the Council wishing to make an exception of itself in the fee study.

Opponents to the idea said a program recommendation would be valueless to next year's Council.

Senior George Graham, originator of the fee study, said his plan was most of the activities which receives funds from the Activity Fee.

U.S. Spends Too Much On NATO Defense - Home

LONDON

Foreign Secretary Lord Home said Monday the United States carries too much of the load for European defense and urged a reappraisal of the burdens.

Home spoke before the 50th Jubilee Conference of a foreign affairs study group of diplomats and scholars. He said in 1962 the total defense expenditures by NATO were $73 billion and the U.S. contributed over $54 billion. "The contributions of the rest of us seem puny by comparison," he said.

"I feel the United States has a grievance at the relatively heavy payments she is making to Europe and that this is a subject that needs re-examination. The reconstruction of European prosperity in the past 10 years has created a quite new economic situation within the alliance," he added.

He also suggested that NATO allies could create a multinational nuclear force consisting of "multimanned ships or multimanned units of the land forces or perhaps squadrons of the air force."

Because he has a throat infection, Home's speech was read for him by Peter Thomas, an undersecretary at the Foreign Office.

WASHINGTON

The Supreme Court Monday declared unconstitutional activities of a Rhode Island "Commission to Encourage Morality in Youth," because it held they amounted to a form of governmental censorship.

The court said the commission's activities had gone "far beyond" advising book distributors of their legal rights and liabilities in the commission's drive against obscene literature. The law, which the Rhode Island General Assembly set up in 1956 "to educate the public" about publications containing obscene, indecent or impure language, was not struck down by the court.

WASHINGTON

President Kennedy yesterday nominated Sidney Yates as U.S. representative on the United Nations Trusteeship Council. Yates is a Democratic member of the House, was defeated last November in the Senate race in Illinois.

WEATHER FORECAST

Considerable cloudiness with temperatures in the 40s or 50s is today's weather forecast. A few light rain showers are likely in the extreme south.

Dilliard Says:

'Have Deep Concern For Vital Issues'

Columnist Irving Dilliard urged students to come out of college with a burning concern for the vital issues of their times.

Dilliard, past national president of Sigma Delta Chi, professional journalistic society, and retired editor of the St. Louis Post-Dispatch editorial page, addressed an initiation dinner commemorating the sixth anniversary of SIU's SDX chapter.

Dilliard paid tribute to Charles C. Clayton, professor of journalism and past national president of Sigma Delta Chi. Clayton has been advisor to the SIU chapter since its installation in 1957, except for one year in Formosa.

In a speech to 35 undergraduates and professionals, Dilliard, whose column appears in the Egyptian, "put together an editorial page."

His lead editorial, Dilliard said, would be a denunciation of "the weird set of proposals to amend the U.S. Constitution coming before state legislatures."

Dilliard described the proposals, one of which would forbid the Supreme Court to have anything to do with redistricting in state legislatures, as "utterly fantastic."

"The most ruinous of the proposals would set up a super supreme court," made up of justices of state supreme courts. Dilliard said "newspapers have been very lax in not searching out the origins" of the scheme.

In ceremonies preceding the dinner, the chapter initiated three professionals and six SIU students.

New professional members are: Fred Fritzinger, reporter for the Anna (Ill.) Gazette-Democrat; Dave Hooks, reporter for the Southern Illinoisan; and Ray Mofield, SIU instructor in radio-TV.

Undergraduate initiates are: Paul Hartman, Tom Gray, Alan Goldfarb, Richard Keen, Glen Loyd, Jr., and Walter Waschick.

**A Little Walking Music Please**

Presidents are walking, attorney-generals are walking, teachers are walking, the troops are walking, and students, as if they didn’t get enough, are walking. It all started when the Marine Corps commandant sent President Kennedy Theodore Roosevelt’s 1909 order to the Marines. The only trouble is that the whole idea was to challenge the military to prove in physical fitness, and instead civilians have led the way. JFK was no fluke. He knew that all Democrats, underweight and overweight alike, go falling over themselves trying to be the first to walk 50 miles.

But to dribble a basketball 50 miles—that of course adds an even greater challenge to its 50-mile nature. Soon we’ll be reading about the first man to walk 50 miles twirling a yo-yo. The beats will get in the act too. Imagine the prestige of a high school non-morning student while reciting poetry.

Walking Clubs are as follows. There might even be a P.E. course added. It would have been obvious. Advantages of bringing common plodding up to the proper level of sophistication.

Regardless of all the jokes about walking bad brings on one must admire an individual with the will power. But enough callouses out here and hike 50 miles. But we’re going to sit right here and read about it—maybe in the knowledge that our country is safe, the prodding 50 miles. We would feel a lot safer, though, if the local contingents asked us to prove that the Air Force can do it too.

Erik Stottrup

---

**Indian Rebellion**

The advantage of a partisan crowd a basketball game is certainly appreciated. But it is a long time someone realized that good sportsmanship on the part of both teams added something to the sport of basketball. The attitude of Southeast Missouri State University, as far as the Olympic Games and was being a 67 victory.

Cape Girardeau has a fine team and a large following, but there are enough teams in the Midwest for Southern to play without having to put up with the childish antics and rebel yell of the 5000 from Cape Girardeau.

E.S.

---

**Smoker’s Rights!**

All those who have been condemning cigarettes cannot now deny that they are a natural blood-pressure to return to normal. Someone has in- vaded a basic principle of our food. Ingredient formerly thought to be essential—tobacco. The cigarette is made of vegetable fibers.

According to Gerald M. Schaflander, president of the Cigarette Manufacturers Association, the cigarette "contains no nicotine, courmain, glycerine, arsenic or other poisons common in all cigarettes." The Cigarette company contends, however, that it "fulfills the craving for nicotine and other substances con- tended by 90 per cent of the smokers." Those who have smoked the new cigarette report that the taste of a tobacco, to describe,

Disregarding the tech- nological advances represented by the new cigarette, there are many students a state where says a cigarette made of vegetables is a vio- lation of smoker’s rights.

It is beyond us to predict some consequences to the man- ners of smoking, but it seems that at least a nfime’s cure might be made which would have as its sole purpose the pleasure of the smoker’s pleasure in burning the "per- nicious weed."

It will not be as assumed, however, that there will be a sudden and complete stop to the smoking of vegetable cigarettes—such as vegetarians, for these few are an only right that the makers of this new cigarette reveal just what type of spinach goes into the product so that those who may roll their own,

**Irrelevant Attack**

I have just read the letter by T. Haines (2/12/63) on your editorial page.

So irrelevant to an attack on the policy of the Student Peace Union are the argu- ments he set forth that I will not bother to reply to him here. I only state that there is no student on this campus who’s views are so uncomfortable that they are not welcome in the SPU. We meet at 7:30 p.m. every Fri- day in the Olympic Room of the University Center, T. Haines and anyone else with the wish to appear is en- tered to attend.

As for answering the charges hurled at us, the SPU will be glad to uncou- nter this debate between myself and Mr. Haines if he challenges my defenses. I will be only too happy to let him state the proposi- tion and either defend his posi- tion or attack ours under it. His reply is eagerly awaited.

William Tranquilli

---

**These Students Say Conditions Worse Than Reported By Kelly**

In regard to David Kelly’s letter (Feb. 12) concerning conditions at the dormitories, we wish to say that he has been way off. So much for the truth—conditions are twice as bad.

It is unfortunate if the only events of the night are a wrestling match and a game kick-the-can. Outside our room seems to be the scene for the Olympic Games meets (time trials at 10:30, main event at 12:00, furniture throwing contests, wrestling matches, yodeling contests, not to mention the remaining water throwing team. They are all very skilled along these lines (practically make perfect)

It seems that it is more fun to do it among midnight—bothers more people. Some residents at Thompson Point must think that “quiet hours” is the name of a tropical bird. What should be done to cor- rect this? The Resident Fel- lows do not seem to have an understanding of our rules. The Judicary Boards which were supposed to be dissolved last September still have not been organize- ed and put into operation. So it is desperate needed to be done in man fashion. Perhaps what Mr. Kelly proposed—move out University "regulated" housing.

**Worker Says Many Cardholder Abuse Right To Use Center**

I would like to make a reply to some people who have writ- ten in the Egyptian that the University Center is not meeting the needs of the students.

I have worked in the center for a year and a half, and I am now a student supervisor of student workers, so I feel qualified to comment on the work conduct of students using the center’s facilities.

Many of the students abuse the right to use the center in the Olympic Room, for exam- ple, anyone can see the seats on the floor left by student’s cigarettes. In the snack bar, trays and dishes are left on the tables. The Ballroom floor is also scarred by careless

---

**These Students Say Conditions Worse Than Reported By Kelly**
Carbondale Gym:
SIU Cagers Host Western Kentucky

SIU hopes to bounce back to the basketball victory column tonight against West­ern Kentucky in an 8 o'clock game at Carbondale Community High School's gym.

Southern has a two-game streak against small­college teams but tonight will be facing its eighth major­college foe of the season in 14 tries for its 14th victory of the season.

The Salukis turned back the extrapolated earlier this sea­son 88-79 and would like to duplicate the victory here tonight.

Tickets for this evening's game will be given out on a first-come, first­served basis at SIU's gymnasium beginning at 1 o'clock. Students must present both their activity card and identification cards.

Lou Williams scored 15 points to pace SIU's scoring output in the 69-65 loss to Kentucky Wesleyan Saturday night. Doug Walsh poured through 30 points for the winners.

Wesleyan's victory avenged an earlier 99-68 setback to the Salukis in Carbondale. SIU held a 58-57 lead with 3:18 to play after tallying as many as 11 points in the second half. At halftime the Salukis led 38-33.

Frank Lentfer continued his hot streak with 10 points. It was the sixth straight night that he has been in double figures. Southern's number two scorer Paul Henry scored only two points in the loss to the Wesleyan Panthers, Harold Hood picked up the scoring slack as he had flashed earlier with a 10 point performance.

Kentucky Wesleyan won the game at the free throw line hitting 17 of 25 free throws. Southern managed 13 of 17 free throws. Both teams scored 26 field goals.

Intramural Score: 49-45:

Indianapolis Club Slips Past Saluki Freshman Swimmers

Southern's freshman swim­ming team, dropped its second dual meet of the season Saturday, as the Indianapolis Athletic Club nipped the Salukis 49-45 at the University swimming pool.

Coach Ron "Sticks" Ballew, last year's varsity captain, and the first year as he helm of SIU's freshman swimmers, was well pleased with the meet despite the nar­row loss.

"I didn't think we'd come so close," commented the coach. "It was the best team effort of the year."

Indianapolis' Dick Bluck was a double winner, as he captured first in the 50-yard freestyle with a time of 23.2 and then came back to take the 100-yard freestyle with time of 51.2.

It was Southern's sensation­al freshman, Tom McAneny, however, who stole the show despite being hampered with a cut chin sustained the night be­fore. The 6-3 Florida swim­mer broke the pool and SIU freshman record in the 200­yard freestyle with a record shattering time of 1:48.7.

The lanky swimmer was ap­parently riddled by the cut chin and consequently it held down his time in the 500-yard freestyle. Although taking the event away going away, McAneny's time was a relatively "slow" 5:16.9.

The tall freshman holds Southern's pool record in that event with a sensa­tional time of 4:57.4.

Although no world records are considered in the new 500 event, McAneny holds the world's best time at that dis­tance. Roy Saart held the pre­vious best time of 5:03.14 and-route to the world's best 1500 meters last year.

The SIU freshmen lost its meet of the year to one of the nation's finest swimming high schools, Fenwick of Chicago, 63-32.

The Forestry Club will meet tonight at 7:30 in the Agricul­tural Building Seminar room. Ronald Beazley will discuss "Tanganyika -Forests and Forestry."

SIU Gridiron Play Includes 3 MVC
Schools Next Fall

SIU will play three Missouri Valley Conference schools next fall now that Louisville has joined the MVC. Louisville accepted an invitation to join the conference last week.

Southern also will play North Texas State and Tulsa next season.

Louisville's acceptance into the MVC ended that school's 14 years of unaffiliated participation in athletics. It has been an independent since it dropped out of the Ohio Valley Conference in 1949.

The Cardinals will be eligible to compete for championships starting this spring. They will play six MVC opponents this year and will try for the football and basketball titles as soon as round robin schedules can be drafted.

The school has MVC members North Texas State and Wichita on its 1963 football schedule and might compete next fall if it can to add more league opponents.

Its entry into the basketball race probably will be year after next, a spokesman said.

St. Louis, Bradley, and Wichita already are on the basketball schedule.

ROTIC Commandant
To Visit SIU Unit

Col. James Sweeney, Air Force ROTC Area Commandant from Maxwell Air Force Base, Montgomery, Ala., will visit the SIU campus Feb. 26 and 27.

According to Sgt. Major Beavin Parsons, director of the detachment's information service, Sweeney is making a routine staff visit to inspect operations.

St. Louis Billikens Take On
Frosh Basketball Team Tonight

St. Louis University's once-beaten freshman Billikens will play George Isbel's SIU Frosh team tonight at 6 o'clock before SIU takes on Western Kentucky in the main game of the evening.

St. Louis's loss came to Fort Leonard Wood by a score of 76-74. The first-year Billikens led for most of the game and came within two points of tying the game with 2 minutes remaining.

Rick Binberg, former Ole Miss star, is one of the Billikens' leading scorers with 120 points. He is followed closely by Sam Ulrich and Randy Albrecht.

THE SAFE WAY to stay alert without harmful stimulants

NoDoz keeps you mentally alert with the same saferefresher found in coffee and tea. Yet NoDoz is faster, stronger, more reliable. Absolutely not habit-forming.

Tastes Great because the tobaccos are!
