Champion of Free Press Asks Investigation of 'Idea Market'

We must overcome the stigma of our stereotyped image.

Frustration Gets Outlet

Students Let Go Their Pet Peeves, Gripe About CS, Professors, Weeds in Woods

UNESCO May Seek SIU Ties

Representatives of United Nations Educational, Scientific and Cultural Organization may inspect SIU resources from here in coming months to explore possible involvement of SIU in UNESCO programs.

That is the opinion of John O. Anderson, coordinator of research and projects at Southern, who with William J. McKeefery, dean of academic affairs, attended conferences in Europe.

In Paris they met with officials of UNESCO to discuss a wide variety of programs in which Southern might be able to participate.

The discussions were directed to discussing the capabilities of the university in a variety of fields including the process of educational planning for educational programs, Anderson said. "Considerable interest was shown by UNESCO officials in programs being developed at Southern."

Southern already has been engaged in two UNESCO special assignment ventures in South America. W. Kendall, dean of the School of Business, has returned from a month in Venezuela, and Ernest J. Simon, dean of technical education, leaves today for Brazil on a two-month mission.

While in Europe McKeefery and Anderson talked with educators at the University of Manchester in England about possible projects between SIU and the British school in teaching English in Africa.

"Fine discussions were held on this matter," Anderson said. "Also, in the foreseeable future there might be several exchanges of personnel for specific programming. This is not our first contact with Manchester, however." The Geography Departments of the two schools have exchanged professors in the past.

Art Collections To Be Shown

Works of art from the permanent collections of the Morris Library Gallery will be on display in the Mr. and Mrs. J. William and Virginia Anderson Gallery in the Home Economics Building from Monday through Thursday, Aug. 15.

The exhibition includes several recent acquisitions that have not been previously exhibited here.

Young Musicians in Workshop To Give Final Concert Today

High School musicians attending the Music and Youth as an Extension of Learning Workshop will present the final concert of their two-week workshop at 3:15 p.m. today in the University Center Ballroom.

Guest conductor for the concert will be James Barnes of the Indiana State Teachers College. Barnes is director of the Woodfordlofts High School for Home- and Social Studies and a graduate of Elgin High School.

Barnes will conduct the orchestra in music by Dvorak, Grieg, Delius, Tchaikovsky and Rimsky-Korsakov. Rodby will conduct the chorus in selections by Wagner, Barber, Bartok, and Allen Sherman, Robert Knudsen of Webster Groves, Mo., will be the narrator for "The Blessing of Aaron," a number for chorus and speaker by Ramsey, Rodby will conduct the premiere of his own "All Earth Be Peace," which will be assisted by the MYS Brass Ensemble. The band under the direction of Steensland will close the program with selections by MacDowell, Chance, Gould, Bartok and a favorite summertime circus march, "Thunder and Blazes.

The 150 pre-college students from a five-state area who have been on Southern campus for this workshop have had a full two weeks of rehearsals and classes. They also have enjoyed a recreational program, Mel Siner has coordinated the workshop.

Gripping is a subconscious effort on our part to pass the buck in hopes that someone else will do something about the things of which we are complaining about, psychologists claim.

"Gripping is a part of our normal developmental process, beginning with our childhood crises when we turned to our parents to have them manipulate reality for us," according to Donald J. Shoemaker, coordinator of the Psychological Clinical Center.

Gripping shows our "ability to experience frustration," Shoemaker said. "We respond to frustrations by communicating them to others. What comes out is griping.

With these comments in mind, let us see what frustrations are bothering SIU students.

Linda J. Harris, a sophomore from Carbondale, said she was "frustrated with traffic on campus. Things are getting worse.

"Several professors make the classes harder than others," Harris said.

On the other hand, Marilyn J. Michaluk, a sophomore from Decatur, said one of her main gripes is "people who gripe about General Studies. I figure it is good for people.

A senator from Carbondale had romance on her mind when she said it is "whenever I don't get a letter from my boyfriend.

"I know people who have a wrong idea what the country shall decide what the country shall do," said another student.

Remarks on the above situations by students are included in Peewees, Gripe with the Weeds in Woods, Weeds in Woods, a survey conducted among Southern students.

The survey, which was conducted by the editors of the Morris Library, was shown to be an effective way of determining public opinion.

Another student was asked to figure it is good for people. A sophomore from Carbondale seemed to agree. "I'm fine, for right off the bat she said her main gripe is "when my mother asks me where I'm going when I walk out the door, I hate that worse than anyone.

Another comment from this student was, "I also hate a boy who is a nerd than I am.

Graduating seniors, Carolyn Brockway of Marion and Kay Busch of Murphysboro, commented on the problem of griping with the idea of graduating in August when they will not get their diplomas until late August after they complete their big senior work.

"One final note of discipline for my peers, I think the seniors in this survey was the comment by a junior from Carbondale concerning the weeds in Thompson Woods, "The weeds seem to have taken over the pathways; I fear someday of encountering a snake on my way to class.

MORRIS L. ERNST

Class of 1911 and 1923

MORRIS L. ERNST

"TV is an insult to the First Amendment," he told the editors. "It is simply a dealing in the sale of government permits."

He pointed out that the airwaves are public but the telephone networks and arteries, were being allowed to turn them into commercial ventures and were getting special tax advantages besides, Radio and television are now monopolies, situations, advertiser-controlled, he said.

Ernst criticized the quality of television programs and the lack of courage on the part of the networks to present anything that could be classified as controversial. He also was critical of the lack of television on matters of public interest.

He asked: "How do the electronic oligarchs really know what the people want? What is the oligarch? What right have three men to decide what the country shall decide what the country shall do?"

He expressed his concern over the organization of the corporation that will control the Dallas communications satellite system. Control of the satellite is a communications satellite system. Control of the satellite system, he said, will pass to private interests because the diffused small stockholders will not be able effectively to elect their members.
New Role for Husbands

Male Chefs Flourish in Summer With Burnt Hot Dogs, Raw Meat

By Larry Widrig

Hot summer days in Southern Illinois cause many SIU students outside for recreation—and meals.

As the family pushes through the door to get away from the heat of cooking inside, a new cook emerges. Dressed in a white apron and chef’s cap, the American male assumes a new role in his family. He is thus not only the breadwinner but also the meal maker.

With the same self-confidence with which he meets everyday problems, this new chef will attempt to turn the bright red meat into a mouth-watering meal. Equipped with only a barbecue grill, briquets and fire starter, the new outdoor chef will prove to his family and his wife he’s as good a cook as Chef Ardeo. The origin of barbecuing:

Today’s Weather

Continued hot. High in the 90s.

Mr. James Lemons says when her husband cooks outside, it gives him a feeling of accomplishment. "While he has the meat going," Mrs. Lemons says, "I have time to fix the other food for our meal. Now, if I could only come up with the magic word which would get him to clean up after the meal was over, I’d have it made," Mrs. Thies added.

The School of Agriculture will hold its annual Test Farm Tour Aug. 12. The program will include tours and discussions at Southern’s Dairy Test Farm and Steer-Hog Test Farm.

The Dairy Test Farm has been in operation for five years. It now consists of 120 brood cows and 257 acres of land. During this part of the tour the history of the dairy herd and the farm’s program, feeding system, cropping program and records will be discussed.

The program part of the tour will be at the Steer-Hog Test Farm. This farm has been in operation for over seven years. It now consists of 80 brood sows and 130 acres of crop land. The farm annually finishes for market 100 to 150 swine that are purchased as feeder stock.

Feed contracting, the beef feeding program, a new confinement swine building, the hog farrowing set-up, and test farm labor-share contracts will be discussed. Harold Byers, operator of the farm, will also join in the discussion.

Registration will be at 8:30 a.m. in the SIU Agriculture Building. The school’s Agricultural Industries Department and the Lincoln Farm Bureau Farm Management Association will co-sponsor the tour.

---

Ogur Will Present Paper at Meeting

Maurice Ogur, chairman of the Microbiology Department, will read a paper at the Sixth International Congress of Bl-0

The paper is based on a research program supported by the American Cancer Society in which Ogur, his wife and two assistants, Lowell Coker and Al Roshamamet, have been engaged for the last year. Ogur discussed some phases of this work at an international meeting in France and at the International General Cancer Congress at the Hague, Netherlands.

Levinsohn Receives Two-Year Grant

Peter Levinsohn, associate professor of psychology, has received a two-year, $10,000 grant from Southern Illinois Department of Mental Patiens.

Levinsohn, a native of Berlin who received his Ph.D. degree from Johns Hopkins University, was in the psychology department last year. He previously spent five years at the Larue D. Carter Hospital in Indianapolis.

School of Agriculture to Hold Annual Tour of 2 Test Farms

The School of Agriculture will hold its annual Test Farm Tour Aug. 12. The program will include tours and discussions at Southern’s Dairy Test Farm and Steer-Hog Test Farm.

The Dairy Test Farm has been in operation for five years. It now consists of 120 brood cows and 257 acres of crop land. During this part of the tour the history of the dairy herd and the farm’s program, feeding system, cropping program and records will be discussed.
Activities

Dance, Play, Movie Scheduled Tonight

Saturday

ACT Testing, Muckeywood Auditorium, 8 a.m., noon. 
Bou to St. Louis, for the Cardinals-Mets game, leaves the University Center at 10 a.m.
Socialist Discussion Club meeting, Room F of the University Center, 3 p.m.
Iranian Students meeting, Ag Seminar Room, 6 p.m.
Movie Hours, "Eag Side, West Side," Farr Auditorium, 8 p.m.
"The Millionairess," presented by the Southern Players, 8 p.m. in the Playhouse.

Daisy Mae Leap Year Party, Roman Room of the University Center, 8:30 p.m. to midnight.

Sunday

Philosophical Picnic, at the Dome, 7 a.m., William Moore, professor of philosophy, will lead the discussion; hot dogs and lemonade wil be served.
Southern Nonviolent Freedom Committee meeting, Room D of the University Center, 4 p.m.
"The Millionairess," presented by the Southern Players, 8 p.m. in the Playhouse.

Monday

Freshman Testing, Room D of the University Center, 7:30 a.m. to 2 p.m.
Trips and Tours Committee meeting, Room F of the University Center, 9:30 a.m.
Home Economics Graduate Club's Annual Graduate Home Economics Group Picnic, at the Domes, 4 to 9 p.m.
Communications and Display Committee meeting, Room F of the University Center, 4 p.m.

Dirksen Interview, Discussion About Senate To Be Heard at 8 Tonight on WSIU Radio

Patricia Marx will interview Sen. Everett Dirksen and discuss the U.S. Senate at 8 p.m. today on WSIU Radio. Other programs:
1 p.m. News Report.
6 p.m. Music in the Air.
7 p.m. Overseas Assignment.
8:30 p.m. Saturday Night Dance Party.
10:30 p.m. News Report.

Sunday

Verdi's "Aida" will be featured at 8 p.m.
Other programs:
1:05 p.m. Salt Lake City Choir.
2 p.m. Music for Sunday Afternoon.

Dirksen Interview, Discussion About Senate

Patricia Marx will interview Sen. Everett Dirksen and discuss the U.S. Senate at 8 p.m. today on WSIU Radio. Other programs:
1 p.m. News Report.
6 p.m. Music in the Air.
7 p.m. Overseas Assignment.
8:30 p.m. Saturday Night Dance Party.
10:30 p.m. News Report.

Student Art Work Will Go on Sale

The Student Art Show and Sale operates Monday in Room A of the Activities Area of the University Center. The show will continue through July 24.

The works shown will be available for purchase. Art work by Larry Peters, Larry Wright, Juanita McNeely, Joan Wellington, Albert Good, Eric Demming and Joan Andrews will be on display.

Leap Year Dance To 'Marry' Pairs

Marryin' Sam will be on hand for the Daisy Mae Leap Year Dance at 8 p.m. Saturday in the Roman Room of the University Center.

Sam will have marriage certificates and wedding rings, so girls, get that guy over to the dance first thing. Proper attire for the wedding will be your best Saturday go-to-meetin' clothes, Dog Patch said.

Percy Challenges Goldwater Remark

SAN FRANCISCO--Charles H. Percy, Republican candidate for governor of Illinois, disavowed Friday with President Ronald Reagan's support for Barry Goldwater, remarking that "Extremism in the defense of liberty is no vice." Percy told a news conference in Chicago that "an awful lot of ribbing" in politics.

The convention there has been "flooded with telephone calls from disgruntled Republicans." The committee chairman, state Sen. John Johnson said the callers are offering to support President Johnson in the forthcoming campaign.

In Chicago, Miss Mary McKinley, secretary of the Cook County Democratic Central Committee, said the situation there was much the same.

Rocky Scolds Goldwater on 'Extremism'

SAN FRANCISCO--The bitter Republican debate over "extremism" roared on past the GOP convention Friday with New York's Gov. Nelson A. Rockefeller denouncing a statement on the point by presidential nominee Barry Goldwater and Goldwater flaring back with a challenge to Rockefeller to define the term.

Rockefeller issued a statement tearing into what Goldwater said on the subject in his speech Thursday night accepting the nomination.

The target was Goldwater's declaration that "Extremism in the defense of liberty is no vice. Modern man in pursuit of justice is not a virtue."

"Dangerous, irresponsible and frightening," said Rockefeller.

He said his own reaction was one of "amazement and shock."

As he said it "raises the gravest question of the hearts and souls of Republicans in every corner of our party."

Within minutes, newspaper editors in Goldwater's home state of Arizona came to the St. Francis Hotel to address the new Republican National Committee.

Told of the Rockefeller reaction, he came back with questions.

"Is it extreme action for our boys to give their lives in Viet Nam?"

"Did the governor fight for his life?"

"That would be an extreme action.

Harding's Daughter Discloses Secret

GLENDALE, Calif. -- A Glendale woman who is the mother of three has given up a secret kept for more than 20 years. She is the illegitimate daughter of Warren G. Harding, 29th president of the United States.

Mrs. Henry E. Blasing, 46, told the Los Angeles Herald Examiner she was the late president's daughter by a mistress, Nan Britton. It was learned from recently discovered love letters from Harding to another mistress, Mrs. James Phillips of Charlotte, N.C., referred to in a biography of Harding as "the secret child" Miss Britton said she bore out of wedlock.

"The Los Angeles Herald Examiner found Miss Britton living in this suburban community, Miss Britton, now 67, lives in Evanson, Ill., 46 miles from Chicago. Miss Britton was born Oct. 22, 1919, in Ashbury Park, N.J., Harding, then a U.S. senator, was 54, married and just one year away from the presidency.

Convicted Wife Killer Sheppard Released Pending Hearing

COLUMBUS, Ohio -- Convicted wife slayer Dr. Sam Sheppard, accompanied by his fiancee and an attorney, took off in an automobile from a Columbus motel Friday--destination unknown.

His abrupt departure, apparently decided upon suddenly, climaxed a hectic 24-hour period which began with the Goldwater-Miller Goldwater's speech calling for checks and balances.

"We had to find ways in our devotion to liberty to make certain what we're fighting for on the liberty we are trying to preserve.

"This is exactly why I favored the amendment offered by Gov. Romney so we could go on record recognizing there is extremism.

ike Says Ticket Wasn't His Choice

SAN FRANCISCO--Former Republican Ticket Chairman D. Eisenhower warns he will support the Goldwater-Miller Republican ticket although "it was not my personal choice."

The comment, which came on television Thursday, had a certain ambiguity. It was not clear what Eisenhower meant by his choice whether he was referring to vice-presidential candidate William M. Miller alone or to both Miller and his former suburban Cleveland lawyer campaign. that part of Goldwater's speech calling for checks and balances.

"We need to find ways in our devotion to liberty to make certain what we're fighting for on the liberty we are trying to preserve.

"This is exactly why I favored the amendment offered by Gov. Romney so we could go on record recognizing there is extremism.

The comment, which came on television Thursday, had a certain ambiguity. It was not clear what Eisenhower meant by his choice whether he was referring to vice-presidential candidate William M. Miller alone or to both Miller and his former suburban Cleveland lawyer campaign.

It also raised speculation that Sheppard would marry German--born Ariaene Tell--75 Negro Students Protest Shooting

NEW YORK--About 75 students, most of them Negro, peacefully marched in protest Friday outside an East Side school where an off-duty white police lieutenant shot a Negro boy to death on the street.

The lieutenant said the boy came at him with a knife. The circular march was orderly, despite the pickets' chants:

"Kill a cop! Let's go! Kill a cop! Let's go!"

The lieutenant said the boy came at him with a knife. The circular march was orderly, despite the pickets' chants:

"Kill a cop! Let's go! Kill a cop! Let's go!"

Pampered Creatures at Southern
Make Their Sacrifice for Science

A five - room, air- conditioned house with all you can eat and drink would be a good 
meal for many people in this hot summer.
The place is always cool and the inhabitants are fed on a special diet.
That is how 2,600 mice are living right now pending an experiment to study whether 
female sex hormones cause cancer.
"I feed all my animals on Purina laboratory chow," said George A. Gass, associate 
professor of psychology. He said it is the best food for them and the most expensive.
The price for this high standard of living and care is that the animals are used to 
serve for research experiments whenever needed.

Fish and frogs in the Zoology 
Department are kept under heavy - duty refrigerators, and like the mice enjoy good 
food and care.
However, in drawers next to the refrigerators, are sharp knives and glaring micro-
scopes, all ready to be used.

The science departments are limited in the kinds of 
animals they can use because of 
anti-vivisectionist regulations.
"We only use members of the rodent family," Gass 
said.
Mice and rats are used most 
often. The researchers also use guinea pigs, toads, frogs and fish. Of course there are 
also beakles, flies and other insects available for research.
The physiology department also keeps dead animals as teaching aids. Sometimes the 
department has kept monkeys.
"You can't fool a monkey," 
said Gass.
"They won't eat meat. They 
have to be fed on special monkey chow."

Probe of 'Idea Market' Asked
(Continued from Page 1) 
bers of the board of directors, he said.
This will mean, according to Ernst, that another small 
handful will decide who the 
world class will see of the U.S. 
and U.S. of the world.
Ernst told the editors that 
the weekly newspapers serve as 
the First Amendment's vehicle for the market place of 
ideas. It preserves the 
community and it conveys opinion including the right to be wrong, he said.
Some 300 persons attended 
the dinner.
The International 
Conference's annual meeting, which was 
attended by editors and 
publishers from dozens of 
states, Canada and Ireland,

Led SIU in Hitting
Outfielder Kent Collins 
Named to All-America

SIU's hard - hitting out-
fielder, Kent Collins, has been 
named to the 1964 College 
Division All-America base-
ball team.
Collins, an All-Big 10 
player his first season at 
SIU, was Southern's leading 
hitter this spring with a .381 
battting average and was a key 
factor in the Saluki sweep of 
the NCAA college division 
regional tournament. 
The price for this regular season, 
Collins led the Salukis in 
hits with 43 and doubles with nine. 
He hit four triples to tie for 
the team lead with Bob Bern-
stein and John Siblet. Collins 
drove in 23 runs to place 
second behind team leader 
Jim Long who had 29 RBI's.
Collins finished second in 
runs scored with 23,
Collins, who shared with 
pitching standout Gene Vin-
cos the honors of most 
valuable players on the 1964 
Saluki squad, was among 10 
players chosen for the first 
team by the American As-

sociation of College Baseball 
Coaches.

Last month the association 
recognized Saluki coach Glenn 
"Abe" Martin as one of eight 
small college baseball 
coaches of the year.

12 Games Slated Next Week 
In Intramural Softball League

The summer intramural 
softball season moves into 
its third week of action this 
Monday with a full slate of games 
scheduled.
Monday, 6 p.m.: 
Field 1 -- Whiz Kids vs. 
Swampers, Field 2 --N.S.S.F. Math vs. 
Nice Guys, 
Tuesday, 4 p.m.: 
Field 1 --C.B.'s vs. Chem 
Gems, Field 2 --Keynes Kouters 
vs. Red Birds, 
Tuesday, 6 p.m.: 
Field 1 --Computing 
Center vs. Woody Wildcats, 
Field 2 -- Downfall vs. 
Super Cubs, 
Wednesday, 6 p.m.: 
Field 1 -- T.P. Mets vs. 
Biology Teachers, 
Field 2 -- Woody C-2 vs. 
Woody C-1, 
Thursday, 4 p.m.: 
Field 1 -- Red Birds vs. 
Field 2--Chem Gems vs. 
Woody A-1, 
Thursday, 6 p.m.: 
Field 1 -- Woody B-3 vs. 
Woody B-2 South, 
Field 2--Fontane vs. Woody 
B-1.
News in Perspective

Goldwater Gives Voters Long-Lost ‘Clear Choice’

Campaign Will Put Basic Issues to Test

By James Marlow
AP News Analyst

SAN FRANCISCO—The Republican party, under conservative Sen. Barry Goldwater now begins a presidential campaign that is unique in the 20th century and will be remembered for generations.

The four-day convention that made Goldwater the party’s candidate against the Democrats’ President John Kennedy to lead the party this year. Others moderates declined to make the nomination if the Goldwater forces, moderated in the pursuit of liberty, were not for the cause. They have accomplished.

And, as he has said before, he would diminish both the role and the power of the federal government, he said.

“We Republicans define government’s role, where needed, at many levels, preferably the one closest to the people involved. Our towns and cities, our counties and states, and only then the national government.”

That is the ladder of liberty built by decentralized power. On it also we must have balance between bureaucracies of government on every level.”

Never once in his speech did he say a word about what he thinks should be done on civil rights for Negroes, although, because of this vote last month against the Johnston-sponsored civil rights bill, this will be a major campaign issue.

It is hard to believe this will not be one of the roughest cam­paing in this century—perhaps the toughest.

Less than two weeks ago Goldwater said one of the main issues of the campaign will be the “scandal hanging over the White House.”

Two nights ago, discussing John­son’s role in civil rights, Goldwater called him a faker and a phony. Thursday night he said “our people have been given bread and circuses, spectacles and even scandals.” And he talked of “corrup­tion in our political life.”

At this moment it is impossible to know how much appeal Gold­water will have to the masses of voters, or even to Liberal Repub­licans, although it seems unlikely he will need all the Republican sup­port he can get.

If he loses, particularly if he loses badly, Republican power in this country will probably be shattered for years. If he wins, the country will have to reverse its course and take a sharp turn to the right.

Then a whole new evaluation of the government’s role at home and its foreign policies.

In the past, at least back to 1940, the two parties have looked pretty much alike, except for semantic hair-splitting on issues that looked meaningful to most people.

Thus for years voters have not been given a clear choice between liberty and highly conservative parties. They’ll get that chance this year.

DON’T BE A LITTERBUG! turn to the proven ways—not only because they are old but because they are the ladder of liberty built by decentralized power. On it also we must have balance between bureaucracies of government on every level.”

Goldwater himself has done

By Jack Harrison
News in Perspective

Sen. Goldwater was chairman of the Republican Senatorial Campaign Committee for three terms. He thereby traveled throughout the country, made more than 800 speeches and raised $6 million for the party.

But many political commentators say Goldwater would never have won the nomination if the GOP moderates had not made such a lackadaisical effort to maintain control of the party.

Seemingly before the moderates realized it, the Goldwater forces had quietly built up an organization entirely capable of controlling the convention in San Francisco, New York Gov. Nelson Rocke­feller, the heavy favorites for the 1964 nomination back in 1962, divorced his wife and remarried, which essentially killed his chances to lead the party this year.

Other moderates declined to make serious bids for the nomination, because conditions were not right and they feared defeat.

Perhaps Goldwater never took his candidacy too seriously in 1962 and 1963. But things began to break his way and it seemed that he had a good chance to gain control of the party.

By the end of 1962, the Draft Goldwater Committee, directed by White, had operations underway in 37 states.

Many of the political newcomers who joined the Goldwater movement have displayed an extraordinary enthusiasm for the cause. They have fought and worked long and hard to see their man win the nomination.

The job ahead—defeating Presi­dent Lyndon B. Johnson—is even more formidable than that which they have accomplished.

WONDER WHAT MR. HYDE WILL LOOK LIKE!

Extremism for Liberty Is No Vice, GOP Told

SAN FRANCISCO (AP)—Launching his presidential campaign with the declaration that “extremism in the defense of liberty is no vice,” Arizona Sen. Barry Goldwater moved to cement his control of the Republican party.

Goldwater told cheering, stamping, horn-blowing convention dele­gates as he accepted the GOP nomi­nation in the Cow Palace Thursday night that “it is the cause of Rep­ublicanism to ensure that power remains in the hands of the people.”

“One Good Lord raised up this mighty republic to be a home of the brave and to flourish as the land of the free—not to stagnate in the swampland of collectivism—not to cringe before the bullying of communism,” he declared.

Cheered throughout his speech he got his biggest hand from dele­gates who had been warned about the threat of extremist elements to their party when he said: “Ex­temism in the defense of liberty is no vice. Moderation in the pursuit of justice is no virtue.”

Goldwater marched triumphantly to the podium after his unanimously elected running mate, Rep. William E. Miller of New York, had ac­cepted the vice presidential nomination.

4 Pct. of GOP Delegates
In John Birch Society

LOS ANGELES (AP)—Estimates of the number of Republican con­vention delegates and alternates who are members of the John Birch So­ciety run as high as 6 per cent, John Rousselot, the society’s public rela­tions director, said Thursday.

**WORKSHOP STUDENTS TO TOUR ST. LOUIS**

Next Monday morning will find the students of the Journalism, Photography, and Speech and Drama departments of SIU packing up the way by bus to St. Louis, where they will spend the day touring past and present points of interest. Upon arriving at their destinations, the students will be assigned to College Role Hard to Play

The role of the high school student as a spokesperson and director of theatre activities is a difficult one. Even before the present generation of 17-year-olds was born, the role of girl in the family consisted of cooking and cleaning the house. By the time of Mrs. Ivy League is one of the programs the high schoolers are attending. When this year's students first arrived, they were introduced to the idea that there were few facts about how they should or should not act while on campus. However, the general trend seems to be that even the most students are high school seniors, they should "grow up" for the sake of the college students' examples. Others believe that the college students would remain secret with the role of "campus cats." Workshop instructors realize that they should carry the responsibility for the students' activities and that the students should be aware of how they are being perceived. The role of the high school student as a spokesperson and director of theatre activities is a difficult one. Even before the present generation of 17-year-olds was born, the role of girl in the family consisted of cooking and cleaning the house. By the time of Mrs. Ivy League is one of the programs the high schoolers are attending. When this year's students first arrived, they were introduced to the idea that there were few facts about how they should or should not act while on campus. However, the general trend seems to be that even the most students are high school seniors, they should "grow up" for the sake of the college students' examples. Others believe that the college students would remain secret with the role of "campus cats." Workshop instructors realize that they should carry the responsibility for the students' activities and that the students should be aware of how they are being perceived.

**TIME CHANGES SIU; 50-YEAR GROWTH SEEN**

Being on the modern SIU campus, one would find it hard to imagine what it was like 50 years ago. Change has been apparent from student dress to nine-story glass and brick buildings that dot this complex college community. First of all, the area of enrollment has changed greatly. In an address that President Parkinson made on April 3, 1909, he stated that the enrollment of the college as of that day stood at 328. He had to add in a subdued voice, "including those in high school.

Cardon's on-campus enrollment will soon be 40 times that number, "not including those in high school." The campus itself has expanded in the last 50 years. On what was once a cow pasture, enclosed with a fence, now stands University School.

**SIU CONSERVATION WORKSHOP EXTENDED**

A two-week high school workshop in conservation, initiated by Mr. Dan Miller, director of geology at SIU's Little Gray Lake camp, was extended to six weeks this year. It began on June 28 and will continue to Aug. 7.

**INSTRUCTOR INJURED IN KITCHEN FIRE**

Mr. Bill Hollada, a Journalism Workshop Instructor from Centralia, Ill., suffered second degree burns on his hands, feet, and face as a result of a kitchen fire in his home July 11.

Mr. Hollada was taken to St. Mary's Hospital in Centralia, where he was treated for his burns.

The fire started when a skillet of grease overheated. On the patch of rash out-of-doors, Mr. Hollada was overcome by smoke and fell, injuring his head.

Mr. Hollada was graduated from the University of Washington in 1949. He was employed by "The Egyptian," and was a reporter before becoming newspaper adviser for Centralia High School.

**TINKLING OF BELLS ATTRACTS WORKSHOP GIRLS FROM DORMS**

The only boy on campus who can ring a bell and bring a hundred girls running after him is Jim "the sandwich man.

Upon hearing the tinkling of a bell each evening around 10, workshop girls can be seen tripping down dorm steps in pajamas, robes and curlers with cold cream on their faces, rushing through the halls running to purchase a little money, turning with a cry which is quickly becoming familiar, "Jim! I want a sandwich.

Jim offers the girls a selection of sandwiches, danishes, pastries and drinks, all ready to be eaten out of the refrigerator by the students.

**LINEN, SHOES, GIRL AMONG THE MISSING**

Have you ever tried to get up without an alarm clock, wash clothes without soap, or brush your teeth without a toothbrush? These changes have been initiated by Mr. Dan Hollada, who has left his home with all linens, clothing and was a push-button man.

**HIGH SCHOOL STAFF**

Gary Blackburn, managing editor; Shirley Pearson, associate editor; Billy Carroll, photography, Lynn Wymann and Margaret Leonard, layout editors.

**'SHOPPERS ENACT PLAY EXCERPTS**

Thirteen high school theatre students, training in acting with emphasis on performance, presented scenes from great plays Thursday evening, July 16, in Furr Auditorium.

Those scenes presented were:

1. Of Mice and Men—directed by Mr. Charles Bertram; Lennie—Steve Rubin; George—Ken Plenkowy.
2. The Mad Woman of Chaillot—directed by Mr. Ken Plenkowy; Countess Aurelia—Ann Hamilton; Gabriele—Jackie Chappel; Comtesse—Jane Atene.
3. Aresnic and Old Lace—directed by Mr. Beverly Cook; Mortimer—Douglas Drenk; Abby—Donna Mankey; Martha—Linda Thornton.
4. The Taming of the Shrew—directed by Mr. Charles Zoeckler; Antu Hatter—Joan Wheeler; Nicolo—Donna Mankey.
5. The Girls in 509—directed by Mr. Charles Zoeckler; Aunt Hattie—Joan Wheeler; Niece—Donna Mankey.
6. Scene from Glenna—written by Mr. Charles Zoeckler; Mrs. Alvig—Anita Thomas; Parson Manders—Douglas Drenk.
7. Playboy of the Western World—written by Mr. Charles Zoeckler; Pegeen Mike—Linda Thornton; Chummy—Sandy Thomas; Widow Quin—Sandy Thomas.
8. Witches Scene from Macbeth—directed by Mr. Charles Zoeckler; Anita Thomas; Jackie Chappel, Jan Thibeau, and Gabriele Drenk.

These scenes were presented under the direction of Mr. Charles W. Zoeckler, associate professor of theatre and supervising director of the high school theatre workshop, with the assistance of Mr. Max Golligher and Mr. Joseph Rohlin, both graduates students in speech and theatre.
