Fulmer Views

R. Buckminster Fuller, back from his fourth world tour in six years, presented a rosy picture of an automated world—presenting for the first time his “designer of industries” plan. The 44-year-old Massachusetts Institute of Technology professor predicted, “We will be able to make the world work for the first time.” His three-hour address on “World Design,” delivered without notes, received a standing ovation.

Fulmer predicted that automation will allow Red China to outperform the rest of the world by 1975, after only a quarter of a century since its beginning. He said China’s present program of full automation of industries will enable it to operate for world markets.

He said this trend will force the United States to switch to full automation, delayed now because of the enormous investment in obsolete industrial processes and operations systems.

Fulmer said that the nation’s space program—with its “do-or-die” approach to “material” philosophy—will result in the first scientifically designed house for man.

Cuban Exiles Attack A Castro Sugar Mill

MIAMI—The opening attack of a promised war of sabotage and harassment against the Fidel Castro regime in Cuba was reported Wednesday by an exile group who said Cuban sugar was to be cut off with a sugar mill at Puerto Pilon.

The Revolutionary Recovery Movement (MRRE) reported a successful attack on the mill, but gave no details. Puerto Pilon is on the southeastern coast of Oriente Province, the most eastern in Cuba.

Three anti-Castro groups, including MRRE, have announced plans to be fighting for Cuba's independence anniversary May 20. The MRRE, organized in 1959 by members of the Fidel Castro's rebel army, is headed by Dr. Manuel Artime, former officer in Castro's rebel army, and civilian chief of the Bay of Pigs Invasion in April, 1961. He was taken prisoner but liberated with others on pay- ment of half a million dollars in ransom.

Exile groups say additional attacks by MRRE and other groups may be expected at any time.

Headquarters of Artime's group here said it did not know whereabouts. It added the attack on the sugar mill was by members of the MRRE group who recently landed in that area.

Exiles have vowed for several months they would resume this month active efforts to harass Fidel Castro's economy and strive for eventual overthrow of his regime.

The extent of damage to the mill and the nature of the weapons used to attack it were not announced by MRRE.

"This is the first of a series of attacks to come im mediately," said a spokesman.

Our immediate objective is to liquidate targets vital to the hangman Castro. Later on we shall go in for establishment of large scale guerrilla forces in our homeland."

"Eventually we shall carry big scale war to Cuba against Castro and his Commissars."

Turkey Says It Would Accept NATO Mediation in Cyprus

THE HAGUE, Netherlands—Turkey demanded an immediate halt to violence on Cyprus and told the North Atlantic Treaty Organization meeting here Wednesday that it would accept an allied solution for the island's future.

Foreign Minister Feridun Cicek said Turkey, speaking to a secret session of NATO foreign ministers, brought up the bitterly controversial issue.

Persons who attended the meeting said he offered to accept NATO mediation in Cyprus provided the fighting stopped. The island has been torn by conflict between the Greek and Turkish Cypriot communities since December.

Erking said he would submit a specific plan for a Cyprus political solution to his conference.

Earlier the ministers heard an attack by Belgian Foreign Minister Paul Henri Spaak against France's lone wolf policies throughout the world.

Persons who attended the session arrived at Spaak's statements as energetic and pointed, although he refrained from mentioning De Gaulle of France by name.

Spaak criticized De Gaulle on at least three points—the internal organization of the alliance, relations between the United States and Europe, and De Gaulle's policy in Southeast Asia.

France wants the NATO structure loosened to give members a stronger voice in policy, and to cut down the dominant U.S. role, members believe.

The only decision announced after the morning session was the appointment of Manlio Brosio, veteran Italian diplomat, to be NATO secretary-general to guide the alliance through the difficult period of reorganization.

Brosio on Aug. 1 will suc ceed Dirk U. Stijker of the Netherlands, who is stepping down because of ill health.

As the ministers emerged from the Juliana Barracks meeting hall, nearly a thousand women from NATO countries silently paraded in the neighborhood under a steady spring rain to protest the nuclear arms race.

A delegation of 15 women, each carrying a paper daily with the word "peace" in various languages, passed through police lines and presented a petition to NATO officials. It called for general and controlled disarmament and banned any spread of nuclear weapons.

Kennedy Says Many Problems Delay Accord on Amendments

WASHINGTON—Ally. Gen. Robert F. Kennedy said Wed nesday "there is still a lot to be done" before a final package of amendments to the Senate-passed civil rights bill can be reached.

As he arrived at the capital for a conference with Senate leaders of both parties, Ken nedy told newsmen that serious problems remain to be settled.

Earlier Sen. Everett M. Dirksen, R-Ill., the GOP leader, had told newsmen that a full accord had been reached on the proposed changes, with the exception of the exact language remaining.

Sen. Hubert Humphrey and House Speaker John McCormack and floor manager—old newman—still are three of four or five on which complete agreement has been reached.

The objective is to devise a package of amendments that will win the support of the required two-thirds majority—of all 100 senators or majority vote—to invoke the cloture rule to limit debate.

Dirksen appeared to concede that a jury trial amend ment—the Southerners might be adopted by the Senate. But he said that if it were enacted it wouldn't stay in the bill because it could knock out the remainder.

White Dirksen didn't pre-empt. Neither the clock nor the evening session, such as the Senate had had earlier, might be expected tonight as "folding costs and shoving bills" for senators.

At the same time he said he expected the package of amendments as a whole to be accepted by party leaders might lead to a vote on a comprehensive bill in about three or five weeks.
Evansville Gets Air, Branching-18-1 Defeat
By Alan Goldfarb

It appeared Tuesday that Evansville played basketball perhaps one of their basketball players could get a little free press.

The Aces may have a very good basketball team, but the air is still not too clear to see who is going to win this game. The game is going on with six runs on triples with Walter and Kent scoring and home run by pitcher Gene Vincent.

You might say that it was a pitcher's day, although the score wouldn't indicate it. The Three Saluki pitchers, Vin­cent, Ken Everett and Denny Gentsch not only combined to allow the Aces only one run and five hits, the trio went four for four at the plate including a home run and two doubles to score four Salu­ki runs.

Vincent got the win by pitching three perfect innings before yielding to Everett in the fourth. It is his seventh win in eight starts.

Bullard, the Ace starter, was hit in the face by a line drive, a hit in eight hits in only 2.1 innings. He got the loss but was "happier" (five hits and six runs) and Curt Hahn (three hits and four walks).

Bullard didn't get too much offensive support, as the Aces committed eight errors, includ­ing three by first base­man-left fielder Bob Glaser and two by shortstop--basket­ball player Wayne Bonting­house.

The Saluki pitchers gave up nine errors on balls (one each by Everett and Gentsch and struck out 10 Evans­ville batters (three by Vin­cent, five by Everett and two by Gentlech).

Southern's next outing is a doubleheader against Arkans­a State Saturday afternoon at Riverside Park.

The line score of Tuesday's baseball game:

Evansville--.000 000 1-5 8

hitting five in five trips to the plate, he drove in four Saluki runs on the strength of two 300-foot triples and a single. He also scored four of 52 points himself.

The Saluki big inning was the sixth (actually they scored in every inning except the fifth) when they came up with six runs on triples with Walter and Kent scoring and home run by pitcher Gene Vincent.

There is no way that it was a pitcher's day, although the score wouldn't indicate it. The Three Saluki pitchers, Vin­cent, Ken Everett and Denny Gentsch not only combined to allow the Aces only one run and five hits, the trio went four for four at the plate in­cluding a home run and two doubles to score four Salu­ki runs.

Vincent got the win by pitching three perfect innings before yielding to Everett in the fourth. It is his seventh win in eight starts.

Bullard, the Ace starter, was hit in the face by a line drive, a hit in eight hits in only 2.1 innings. He got the loss but was "happier" (five hits and six runs) and Curt Hahn (three hits and four walks).

Bullard didn't get too much offensive support, as the Aces committed eight errors, includ­ing three by first base­man-left fielder Bob Glaser and two by shortstop--basket­ball player Wayne Bonting­house.

The Saluki pitchers gave up nine errors on balls (one each by Everett and Gentsch and struck out 10 Evans­ville batters (three by Vin­cent, five by Everett and two by Gentlech).

Southern's next outing is a doubleheader against Arkans­a State Saturday afternoon at Riverside Park.
