Cultural Aide Talks on Life in U.S.S.R.

"If communism aims at the welfare of the people, then our projects cannot be built on the ruins of war," Russian cultural counselor said Thursday.

Bugrov, who has served as cultural counselor in the Russian Embassy in Washington, D.C., for two years and is a strong advocate of improved Russian-American relations, said that his country is undergoing a rigorous movement to perfect the living conditions of the Soviet people.

"The Soviet Union is a construction site," Bugrov said, and we must follow peaceful coexistence because it follows the needs of our principles concerning internal goals.

Bugrov spoke extensively on the economic and social advancement his country has made since the revolution in 1917. He said the Soviet Union had become a great industrial power in only a few short years.

"It has not mean to boast or to show a glimpse of the Soviet Union," he said, "but in my country things are going—not bad."

"In the last five years," he explained, "50 million people in the Soviet Union have moved into new homes."

The Soviet Union is a moving country, according to Bugrov.

"We are constantly building on what we already have to raise the standards of our people and the ideals of socialism," he said. "We believe in peaceful coexistence, because it is the most fair method of international relations," he said.
SIU Women's Club Plans Play Reading

The University Women's Play Reading Group will meet Women's Book Club, meet once a month to read a play. Guests may be invited to read.

SIU Workshop Proves ‘Opera Will Survive,’ Says Ex-Met Soprano Marjorie Lawrence

There may have been doubts in her mind five years ago, but today Marjorie Lawrence declares that "opera is going to survive."

Only three students were signed up for the Opera Workshop at SIU when Miss Lawrence, former Metropolitan soprano, arrived here in 1960.

Since then the number has steadily increased until this year the roster includes students from five states and four foreign countries. Operatic productions, other music students (vocal and instrumental) and sometimes dancers, swell the performers to as many as 150.

Opera, long confined to the metropolitan areas of the world, has since branched out to the campus. There are some 400 opera workshops rehearsing and performing at the nation's colleges and universities.

Miss Lawrence is currently conducting rehearsals for her 30-member Opera Workshop cast for its spring concert Sunday and a performance at Menard State Penitentiary, Chester, on Tuesday.

Southern's workshop is among the most active in the country, she believes. Some of the collegiate workshops present full-scale operas only occasionally, but Miss Lawrence has produced both an opera and an operatic concert each season since she came here five years ago. Her goal now is to stage two productions a year—one a classical opera, the other a twin-bill of one act operettas by contemporary composers.

Several of Miss Lawrence's students here have won scholarships for further operatic study. Two of this year's workshop members have already been signed for their second summer seasons with American opera companies—Edward Drake of Springfield, Mo., is with the Kansas City Opera Company, and Ludlow Hallman of Boston, Ohio, with the Santa Fe Opera Company.

The concert will be presented at 4 p.m. Sunday afternoon in Shryock Auditorium. The public is invited to attend without charge. The performance at the Menard prison will be at 1:30 p.m. Tuesday in the dining hall.

The subject of student participation in the formation of policies and decisions on student affairs has, in the past two weeks, become one of concern and interest. According to the Statutes of the University, the Student Council shall be the official organization designated to represent the students in matters pertaining to student affairs. Therefore, student participation in University planning and administration of policies and regulations is representative of only six percent of the full time student body and endorsements from almost all organizations as well as from the Student Council, the Fraternity Council, and the University's officials. Obviously, these are student voices that RAM has been ignored by the University hierarchy.

Since the President of the University is empowered by the Statutes to interpret, as a matter of policy, the actions of the entire student body, it is true that RAM has petitioned the President for the immediate and full participation of the entire student body in the administration of the university with some concern for the problem, and has indeed initiated action to form the necessary channels to proceed to actual realization.

If this is the case, we have the privilege of interpreting an order or an addition to the Statutes to guarantee student participation in policy formulation. The problem seemed to be a matter of interpretation of the Statutes. We have determined to petition the President for the immediate and full participation of the entire student body in the administration of the University with some concern for the problem, and has indeed initiated action to form the necessary channels to proceed to actual realization.
9 Workshops
Set by Home
Ec School

Nine special interest work­shops have been scheduled for the 1965 summer session, June 21 through Aug. 13, by the School of Home Economics.

The workshops are:
- Fashion, pantser, designing with special emphasis on fitting, June 21-Aug. 13.
- The school lunch program, June 21-June 23.
- Personal problems in family life education, July 6-July 16.
- Consumer problems and responsibilities, July 6-July 16.
- Maintenance and operation of the nursery school, July 19-July 30.
- Evaluation procedures in home economics, June 21-July 16.
- Wage-earning, June 21-July 16.
- Supervision of home economics, July 19-Aug. 13.

25 Cadets, Wives
To Tour Air Base

Approximately 25 senior AFROTC cadets and their wives will be the guests of the Junior Officer Council at Scott AFB, Ill., on Saturday. The cadets will tour the base, including visits to the chapel, hospital, flight line, BX and commissary. The tour is to give the cadets a look at problems they may have as junior officers, and also to explain to them benefits offered by the Air Force.

Junior Officer Council members' wives will provide the wives of cadets a view of life at the base from the viewpoint of the Air Force. The day will conclude with visits to the host couples' homes.

Students Received $2 Million
In Educational Aid Last Year

During the 1963-64 academic year SIU contributed $1,949,369 in financial aid to students via employment opportunities, a student work office spokesman said.

Figures from a national report issued May 11 show that helping students get through college has become a multi­-million dollar business for the nation's institutions of higher learning.

The 1,221 colleges and universities participating in the survey gave more than $251 million in student aid. This amount included about $120 million in scholarships, $85 million in loans, and $45 million in jobs.

These amounts do not include national scholarships, state scholarships, loan programs or even jobs which students get after arriving on campus.

Southern was among the 41 institutions that gave a million dollars or more in financial aid. Another 74 schools supplied from $300,000 to $999,999 in scholarships, loans and jobs.

The survey noted that almost half the total amount was awarded by only 10 per cent of the schools participating. Although public institutions in this report enrolled 64 per cent, they awarded only 37 per cent of the total aid reported.

Alumni Don't Report
Jobs, Bryant Says

Roye R. Byrne, director of the Placement Service, says one of the biggest problems the placement service has is the lack of response by students who receive jobs through the service or other channels after graduation.

The placement service has the responsibility of accounting for every graduate as of Oct. 1 of the same year.

In case you didn't know . . .

Tuition and fees at public institutions are far lower than at private colleges, and the need for financial assistance is not as great. Much of the aid granted students at public institutions is in state scholarship and loan programs.

Meets at Southern
Today, Saturday

The Illinois section of the Mathematics Association of America will meet today and Saturday in the Ballroom of the University Center.

The program will begin at 10:30 a.m. today with a talk by Charles O. Tenney, vice president for planning and review at SIU.

A dinner meeting at 6:30 p.m. in Ballroom B of the University Center will round out the meeting. Herrick will speak on "Travels of a Mathematician."

Saturday's session will begin at 9 a.m. with a talk by Donald Herrick, professor of Mathematics, and also to explain to them benefits offered by the Air Force.

Several other speakers will round out the meeting.

Eugene Hellmich, Northern Illinois University, will provide over the two-day session.

important educational responsibilities," he continued, "than to spin its wheels on motor vehicle problems."

Looking back to 1965, Joseph Zaleski, assistant dean and coordinator of Student General Affairs, explained the initiation of the policy by observing that SIU is designed as a low-tuition school where a person can get an education at a minimum of expense. "We don't want people to go broke."

The number of cars at SIU, and therefore the traffic prob­lems, is increasing with the growth of the university. In 1961, for instance, there were 3,800 cars registered at SIU, compared to 6,300 registered today. The next article in the auto­mobile at SIU series will deal with some of the proposed solutions to campus parking problems as well as the future of the automobile at SIU in light of the opinion expressed by Edward F. McDevitt, supervisor of the Parking Section: "I think they're here to stay."

Two American Soldiers Killed, 
Dominican Conflict Heats Up

SANTO DOMINGO, Dominican Republic (AP) - Two U.S. soldiers were killed today in a skirmish deep in rebel territory and the Dominican conflict appeared to be heating up again.

The rebel regime warned an attack would be opened on the Americans unless they left a power plant they occupied three days ago. The rebels said it violated the cease-

A three-man U.S. patrol, apparently lost in the maze of streets, was caught by rebel fire. One was killed outright. The other was wounded and died shortly thereafter.

Bill to Reduce Membership
On Education Board Filed

SPRINGFIELD (AP) - A bill introduced Thursday in the Illinois House would reduce membership of the Illinois Board of Higher Education from 15 to 13. SIU, the University of Illinois, Teachers College Board and the new junior college board would have one member each. The other nine would be public members. Southern, the U of I, and the Teachers College Board now have two members apiece.

Also introduced in the House were administration bills carrying out a bipartisan agreement to set up a statewide master plan for public junior colleges.

The plan recommends that 75 per cent of building costs be furnished by the state and federal governments and the balance from local funds.

It also calls for the state to finance one-fourth of the cost of operating costs with the remainder to come from local districts.

It would be left up to local districts whether to charge tuition. However, Gov. Otto Kerner has recommended that tuition in newly formed schools under the master plan be limited to one-fourth of the cost of education and that existing junior colleges charge no more than one-third.

A HEAVENLY OCCUPATION - Edward H. White II, left, and James A. McDivitt use hooded flashlights to mark the galaxies, projected on the ceiling by the machine in the background, during a phase of their training at the Morehead Planetarium at Durham, N.C. The two U.S. astronauts are scheduled to be the next to orbit the earth in a Gemini capsule. (AP Photo)

Bon, Israel Establish Ties,
Arabs End German Relations

BONN, Germany (AP) - West Germany and Israel announced Thursday the establishment of full diplomatic relations and Arab governments, as forecast, began closing German embassies.

On one hand it was a day of reconciliation from the bitterness of World War II, on the other a sustained hostility from the Palestine war of 1948.

But Arab realization was swift. Iraq started the ball rolling by breaking relations with West Germany on Wednesday. Following suit were Jordan, Syria, Egypt, Saudi Arabia, Lebanon and Yemen. Kuwait, which was about to exchange ambassadors with Bonn when negotiations with Israel began, abrogated the agreement.

A landside analysis of Middle East affairs said they expected Algeria and Sudan to go along with the majority of the 13-nation Arab League which adopted a resolution in Cairo on March 15 calling for such a break. They expected Morocco, Tunisia and Libya to hold out.
Disguised Reds Overrun Plant, Kill 5 Men

SAIGON, South Viet Nam (AP) — A Red force involving the use of Vietnamese marine uniforms dressed the war back to Saigon's doorstep Thursday.

A platoon of about 30 Viet Cong guerrillas, garbed as marines, got past the guard at a suburban textile plant without challenge and then opened fire.

A U.S. spokesman said the guerrillas killed five militiamen assigned to the plant, in a recently developed industrial area north of town on the Saigon-Bien Hoa highway. Another regional soldier and three civilian employees were wounded.

In the rice lands 120 miles southwest of Saigon, government forces skirmished with a Red battalion near Bas Lac, a commercial center of 14,000. One U.S. adviser and 16 Vietnamese soldiers were reported wounded and 16 Viet Cong killed.

In a factory area 30 miles north of Saigon, another Red platoon was reported killed and three civilian employees were wounded.

LATINS HELP LATINUS - Medical team of six doctors and 15 nurses arrives in the Dominican Republic after its flight from Caracas, Venezuela, in a Venezuelan air force plane. The Latin American country was the last to go to the aid of revolt-torn Santo Domingo. (AP Photo)

1968 Is Deadline for Stopping Runaway Race To Develop Nuclear Weapons, Official Warns

LONDON (AP) — An American official said Thursday the world's great powers have until early 1968 to stop the runaway spread of nuclear weapons.

"After that," the informant said, "as many as 20 countries will be able to manufacture cheap but deadly atomic bombs."

Among those 30 countries, President Johnson's administration believes, are India, Pakistan, Japan, Indonesia, Israel, the United Arab Republic and Sweden.

The source said Washington is satisfied that the Soviet Union and France are in general agreement with the Americans and British in their wish for an early non-proliferation pact between the nuclear powers. "We have only two or three years in which to agree on ways of stopping the spread of these weapons," the source said.

With this in mind the United States and Britain are launching an urgent and determined bid to achieve an accord along these lines.

Setting for this attempt probably will be the 17-nation disarmament conference in Geneva, which is expected to resume work this summer.

Speaker to Fight Against Poll Taxes

WASHINGTON (AP) — Speaker of the House John W. McCormack joined Thursday in the fight against state poll taxes, while the Senate defeated another Southern amendment to the Negro voting rights bill.

McCormack, the top House Democrat, said he favors legislation that would outlaw the poll tax as a requirement for voting in state and local elections.

In the Senate, Democratic Leader Mike Mansfield of Montana was a top hand in the battle against an outright ban. It ended Thursday with a 49-45 victory for a compromise plan that would send the government to court to challenging the taxes still required in Mississippi, Alabama, Texas and Virginia.

But the House Judiciary Committee rekindled the controversy by hammering a flat ban into its version of the voting rights bill.

Mrs. Jacobini Wins Award
In History for High Grades

Mrs. Billie C. Jacobini has been awarded the Caldwell Prize, the highest honor that can be given a history major. The announcement came at the Honors Day Convocation Thursday night.

Mrs. Jacobini had the highest average in history studies of 74 senior history majors. She is the wife of N. B. Jacobini, professor of government. She intends to become a candidate for an M.A. degree.

The oldest of the four Jacobini children, Charles, is a sophomore majoring in political science at Trinity College in Hartford, Conn.

Robert, the second child, is in the graduating class at University High School in Hartford. In the fall he will register at the University of Illinois.

Pamela is a sophomore at University High School and Michelle is a fifth grader.

U.S. Must Keep Its Pledge To Vietnamese, Chuong Says

(Continued from Page 1)

Nam are enough to cripple the nation, but it has not been enough outward activity to arouse a larger nation to come to Viet Nam's aid, he said.

The Communists, in no costs, want to risk an open war by attacking or challenging. Instead, they let weaker nations do the fighting for them by supplying the small country with arms and equipment.

Persons who want the United States to sign an immediate cease-fire in Viet Nam will have to worry, Chuong said. The Communists won't do anything to give the United States a chance to step into the war full force.

The effectiveness of the behind-the-back tactics of the Communists is evident in the Philippines. The effectiveness of the internal governing structure of the country's organization, began assassinating village chiefs about 1957, the one-time minister of the Federation of French Indo-China said.

By 1961, the Communists had murdered about 4,000 minor officials in South Viet Nam. By murder and kidnapping, and before anyone had ever spoken of war in Viet Nam, the Communists had robbed the central government of most of its power, Chuong said.

The war in Viet Nam is an evil one, with an evil end that would enslave the Vietnamese people and force them to communism, he stated.

"But if this is true," Chuong said, "why are there so many Vietnamese fighting on the side of the Viet Cong?" "If you lived in a Communist-held territory for 24 hours, you would not ask that," he added.

The North Vietnamese claim they are trying to liberate South Viet Nam, he continued. "But for what purpose, and what are they trying to liberate us from? It's ridiculous," he said.

"For North Viet Nam to claim to liberate South Viet Nam is like East Germany to claim to be trying to liberate West Germany," Chuong said.

The war of Viet Nam is not a war of liberation, he said, but a war to stop murder, kidnapping and terrorism.

Deerfield Sophomore Granted Chinese Language Scholarship

Robert F. Keller Jr., sophomore from Deerfield, has been awarded a scholarship of $850 to study the Chinese language at Washington University this summer.

The scholarship is granted by the U.S. Department of Health, Education, and Welfare on the basis of Chinese language proficiency and academic achievements in the University.

Keller, 23-year-old son of Mr. and Mrs. Robert F. Keller Sr., is majoring in government. He has been studying Chinese for one year. He made 4.32 grade average last year at SIU. Keller plans to go into the diplomatic service.

Africans to Show Film, Dances, Art

The African Students Association at SIU will hold its annual "Africa Day," beginning with a free film on modern Africa at 7:30 p.m. Friday in the Studio Theatre of the University School. Exhibits of African art and culture will be on display in the University Center Ballroom from 1 p.m. Saturday.

A seminormal dance sponsored by the association will be held in the Ballroom from 8:30 p.m. to midnight, with live music. African students will also present a cultural dance show at intermission.

Tickets for the dance are $1 per couple or $0.50 per individual. Tickets may be purchased by calling the Student Activities Center, or the association secretary at 7-7940.
Women's Tennis Meet
Set Saturday at SIU

Southern's women's tennis team will hold a sectional meet here for women intercollegiate tennis players in Illinois Saturday. Thirty-eight players and their advisors are expected.

Colleges and universities entering players in singles and doubles competition are Western Illinois University, the University of Illinois, Chicago Teachers' College South, Morton Junior College of Cicero, Northwestern University, Principia College and SIU.

The tournament will be on an elimination basis, with separate brackets for winners and consolation players. Players may enter either singles or doubles competition, but not both.

Southern's entries for the singles are Margaret Stagner, a senior from Murphysboro, and Beverly Rusick, a freshman from Granite City. The doubles entry will be Connie McNish, a senior from Centralia, and Pam Roy, a junior from Park Ridge.

The tournament is being planned by physical education students at SIU in cooperation with the women's tennis team. Cathy Mockop is general chairman of the tournament and manager of the team. Jean Kahl, Jane Hucklebridge, Miss McNish, Miss Roy, Miss Rusick, and Miss Stagner are serving on the planning committee for the tournament.

Student Workers to Return Financial Declaration Forms

Student workers are again reminded that their financial declaration forms are due at the work office by Saturday. These forms require the signatures of both the student and his parents, and both signatures must be notarized. Raymond P. De Jarnett, assistant director of the Student Work Office, said that a signature can be notarized free of charge by his office, if the student signs the form at the work office.

De Jarnett also said that for students who wish to work during the summer term, prompt return of the form to his office could make a difference between working and not working.

Latin American Meeting

The Latin American Organization will meet at 7:30 p.m., today in Room F of the University Center.

All members are urged to attend, as there will be discussion of important points for the organization and members. Visitors are welcome.
Gridiron, Cage Aces
Win Athletic Awards

The winners of SIU's most covered athletic awards were named Wednesday.

Joe Ramsey, a senior from Sandoval, received the Leland P. Lingle Award, and Rich Weber, a senior from Mattoon, was chosen for the Harry Bobbitt Spirit Award.

Ramsey, who captained the Saluki basketball team this season, received the Lingle Award as the most deserving physical education major this year.

To be eligible for the award, physical education majors must have an overall academic average of 4.0 or better, must have been a member of a varsity or junior varsity athletic squad and must have been active in the Physical Education Majors Club. They must have shown an exemplary professional attitude and have demonstrated leadership in other campus activities as well.

The Lingle Award was formerly known as the Physical Education Honor Award. The name of the award was changed in recognition of the many years of service to Southern by the late Leland P. (Doc) Lingle. Lingle coached Saluki track teams for nearly 30 years and was a member of the Department of Physical Education until his death last summer.

Weber is the first athlete to receive the Bobbitt Award. The honor was initiated this year and will be presented annually to the Saluki football player who best exemplifies Bobbitt's style of play.

Harry Bobbitt was a former captain of the football Salukis, Southern's all-time leading pass receiver, and an outstanding defensive back. Bobbitt was a favorite with SIU football fans for his fiery style of play. He died last summer prior to his final year of college eligibility.

League to Sel!
Burgers for Umps

Members of the Carbondale Junior Baseball League will operate McDonald's Carry-Out Restaurant on May 18 in an effort to raise money to pay for umpires for the city's summer baseball programs.

Don Carsrud, owner-operator of the restaurant, donated his facilities and help to the league to SEL.

All persons who are interested in participating in the summer baseball program as an umpire may attend a meeting at 7:30 p.m. on May 27 at the Carbondale Teen Town.
Cheerleader Tryout
The final practice session for students interested in trying out for next year's cheerleading squad will be held at 1 p.m., Saturday on the blacktop area next to the SIU Arena. The final trials will be held May 22. Application blanks, which can be picked up at the Information desk of the University Center, should be turned in before May 22.

Saluki Netmen Risk 4-Meet Victory Streak
In Saturday's Game With Memphis State

Coach Carl Sexton's tennis team will put its four-meet victory streak on the line Saturday when the men travel to Memphis, Tenn., to play the Tigers of Memphis State University. The Tigers are 5-4 for the season, but that's still five more victories than they were able to muster last year when they dropped all eight matches, scoring in only three of them.

Memphis State has suffered one serious loss this year in Bonnie Dondeville, a Tiger bass who didn't win a lot of matches but still managed to embarrass a few of her male opponents.

Miss Dondeville has decided to leave tennis competition to the men to devote more time to her studies.

Coach Murray Armstrong, who took over the Tigers' sagging tennis fortunes this year, is expected to go with Phil Adams, his No. 1 player, Dave Sigmund, Talbert Kelley, Pete Howell, Bob Stuart and Jim Vermilyea.

Sexton will counters with Lance Lumsden, Thad Ferguson, Larry Oblin, Vic Seper, John Wykoff and Rich Snyder.

All six have managed to improve their singles record during the last four meets, in which the team record has improved to 3-3.

Lumsden, currently 4-2, has the best record on the team, but in second best at 3-3, while Usbin and Ferguson are even at 4-4. Wykoff, 2-0, and Snyder at 1-6 follow.

The Salukis will meet the Tigers here in a return match May 21.

Last Ball Game of Season Set
The last intramural softball game of the regular season will be played at 4 p.m. today between the Heavy Sticks and the Forest Hall Mets on Field 1.

At 1 p.m., Saturday the playoffs will begin to determine the intramural softball championship. On Field 1 Phi Kappa Tau will play Delta Chi. Both teams were tied for first place in the fraternity league.

The Pierce Phantoms, winners of the title in Men's Residence Halls league 1, will play the Abbot Rabbits, winners in Men's Residence Hall 2, on Field 2.

In playoff games using the 16-inch ball, Siucra Dorm and Chemistry Department, both tied for the top spot in Off-Campus 1, will tangle on Field 3. The Demons, victors in Off-Campus 3, and the Tumas, leaders in Off-Campus 9, will play on Field 4.
Swish of Don Kirkland's Fastball Is Music To Sovich and 'Taps' to Opposing Batters

By Gerald E. Duwe Swish!

That's the sound many opposition batters associate with the name Don Kirkland.

Kirkland is SIU's freshman pitching sensation whose blazing fastball has become sweet music to the ears of Coach Frank Sovich and his Salukis but who has sounded taps to enemy batters this season.

Kirkland has claimed 32 strikeouts in 14 innings this spring. He whiffed 18 batters in his first appearance in Saluki uniform and added another 14 to his total in his last outing against Paderborn Junior College.

As a prep ace at Chleney, Ind., high School, Kirkland once struck out 22 batters in a seven-inning game. His catcher dropped the ball after one of the strikeouts and it rolled forward. First, Kirkland had to strike out an extra man. That game was one of six no-hitters that he pitched as a Hoosier high school.

The 5-foot-10 160-pound freshman averaged 13 strikeouts per game in prep circles and may better that mark as the top hurler on Sovich's pitching staff.

Kirkland is unbeaten in two starts this season and has gone in the distance in both. In addition to the 32 strikeouts he has posted in his pair of seven-inning efforts, he has allowed only seven hits and has yet to give up an earned run.

Sovich, who calls his 18-year-old pitcher "one of the most coachable boys I have ever worked with," attributes Kirkland's success to his near-perfect control and his fast ball. He says the right-handed strikeout artist should be a 'good college pitcher' on the varsity level.

Kirkland served notice to the Saluki Varsity that he might be just that. In an intersquad game last week, the varsity put men on base against him with a hit and error and nobody out, but could not score. He struck out the side.

Special Invitation

Cornell in California
For Mile Competition

SIU's greatest and most promising miler will compete in the Coliseum Relays at Los Angeles, Calif., tonight on special invitation.

Bill Cornell, a two-time Saluki All-American who in the final year of intercollegiate competition, will challenge a star-studded field in the mile run, while promising SIU freshman Oscar Moore will go in the two-mile event.

Although Cornell lacks the super effort this year, he turned in a 4:12.8 mile last weekend.

Cornell, a senior from Clemson, South Carolina, however, has been 1:51 in the half-mile and 4:09.9 in the mile this season, although he has career records of 1:48.1 and 4:00.5.

The distance ace is expected to compete for the mile in the NCAA championships next month, although he hasn't been emphasizing the distance this season.

However, he is probably not at home running the mile where he finished second behind Oregon's Dyrol Burleson in 1962 meet.

Meanwhile Moore, who was the United States' third qualifier in the 5,000-meter run at the Olympics last fall, just beginning to come into his own.

The first term freshman missed most of the winter season with a severe rounding injury. Last week, however, he established a new McAndrew Stadium record in the two-mile event with a 4:37.2.

Moore showed his first sign of recovery three weeks ago in the Drake Relays when he finished second in a special three-mile race. He was timed in 14:34.13 seconds behind Mike Colley of Notre Dame, who won.

Moore has career records of 8:49 in the two-mile, 4:07.1 in the mile and 13:38 in the 5,000-meters.

The 1965 deer season for archery hunters will last for six days. William T. Lodge, director of the Illinois Department of Conservation said the season would be divided into two three-day periods in 63 counties.

The first three-day period will open Nov. 19 at 6:30 a.m. and the second period will start at 6:30 a.m. on Dec. 3. The season will include hunting in Jackson, Williamson, Perry and Hamilton Counties.
