Male Glee Club Replaces Choir
For Freshman Convocations

42-Member Group To Perform
Numbers From Bach to Pop

The Male Glee Club replaced the University Choir Thursday at the Freshman Convocations at 10 a.m. and 2 p.m. in the Audito- rium. Robert W. Kingston, assistant professor in music and director of the glee club, said the men would perform in blue jacket wardrobe instead of formal attire because of the hour.

The choir was originally scheduled to provide the convocation program.

Author of a half-dozen novels, Paris-born writer will show a film made by her husband, Peter Bertrand, at 8:30 p.m. in SIU's Morris Library Auditorium. She also will lecture.

Housemother Died Twice:

Instructors Report, Evaluate ‘Con’ Techniques Of Students

The Glee Club has 250 Tickets Still Available

For ‘Music Man’

Meredith Willson’s “The Music Man” opens this three-day engagement at SIU’s Auditorium Friday, and the attraction is number 250 tickets still available.

David Davidson repeats his summer role of Professor Harold Hill, who organizes a boys’ band in River City.

The Broadway hit was considered one of the number one summer performances at SIU.

Check Your Ducat Numbers:

Stolen Tickets To SIU Plays
Hunted In Off-Stage Mystery

The Southern Players are staging their third production of "The Thirteenth Guest" as a follow-up to "The Golden Age of Crime" in the Southern Playhouse early in October.

Four of the coupons from the books were exchanged for others to the production of "The Thirteenth Guest" which enabled the Theatre Department to track down the exact numbers of the stolen books.

According to a Theater Department spokesman, the stolen book was numbered 761 through 1250.

He asked that persons who may have purchased these books, unaware that they were stolen, contact the SIU Security Office as soon as possible and give the name of the seller.

"It is possible that a number of persons could have purchased these books from someone without knowing that they were stolen," he added, "and is going to do this student, but I certainly enjoy the policy treatment."

An English instructor: "Many students aren't ashamed enough to con a teacher... the instructors resent it because it is an insult to their intelligence."

A graduate assistant: "This has come up recently--the reason I missed the exam--the classes don't work if it is attempted.

Accounting Department: 

Ridiculous! It never works." The once tried most popular plea for sympathy added.

One faculty member with long experience recalled an incident in which the student's use the death of his housemother.

One problem: She died twice.

Another told of a student who turned in a paper with a claim it had been written in class. It was typed written.

Still another traced a student's work to the Encyclopaedia Britannica, complete with a sub-topic heading in bold type. Another found all the sentences "lifted." "The two sentences that were his own were so miserably written that they stood out," this present-minded professor noted.

One faculty member has a William Blake print on the wall of his office, for the benefit of visiting students. The figure in the print has a long beard with wild hair in his eye. "This print should be entitled, 'Student After A Conference,'" this instructor declared.

All this can extend into the educational system, a student member reported. He told of receiving regular calls from the number of a former (Continued on Page 5)

Wilson, Senior In Marketing
Named 'Student Of The Week'

Steve Wilson, a senior majoring in marketing, has been named 'Student of the Week' by the Activities Department. Wilson's home is in Springfield, and at 10 a.m. he resides at the Teke House, Small Group House, and is one of the oldest members of the house.

Editor of the 1963-64 Obelisk, he has received a major appointment to the University in SIU. He has been named to the Student Association for the 1959-60 school year.

Wilson has also been named to the Student Government Association, and has served as a member of the 1963 Bond Issue Committee.

Uruguayan Home Ec Teacher Visits Southern This Week

Marta C. Garroni, a home economics teacher from Montevideo, Uruguay, will be a guest of the School of Home Economics this week. Miss Garroni is in the Social Welfare and Community Activities Project of the United States Department of State. She is in this country visiting various institutions and homes to gather information on camp administration, recreation and sports and other leisure-time programs, community development, family social work and agricultural extension services. She hopes to work for the Rural Youth Movement when she returns to Uruguay.

Mrs. Vera Morgan, instructor in home economics education, has arranged for her to meet home advisers from Williamson, Franklin and Jackson counties during the week.

Home advisers, who work in the Home Economics Extension Program, work with youth in 4H and outdoor education programs and with adult groups in teaching home economics techniques.

Miss Garroni has a teacher's certificate in home economics and has taken graduate work in both home economics and rural development. She is teaching part-time at Cranston Institute, takes courses in group work at the University School of Social Work and is a volunteer in the rural youth movement. She also edits a bi-monthly page, "The Rural Home," in the "Information Bulletin of the Ministry of Live Stock and Agriculture."

Cities To Entertain Foreign Students

Invitations to international students to spend the Thanksgiving holidays with families in Robinson and Carmi have been received by Dean of International Students, Wila Swift.

A reception for the students on the eve of Thanksgiving Day and a local industry tour are planned for those visiting Robinson.

The program has been organized and carried out by the Robinson Council of Churches during the last several years. Carmi families are also inviting 10 students.

Those interested are requested to sign up at the International Student Center by Friday. They will be picked up from 1 p.m. to 2 p.m. at the center for the trips to Robinson and Carmi and returned to Carbondale the following Saturday night.

The conference will be held from 8 a.m. to 4 p.m. at the Faculty Club.

Palmer, born in Evansville, Ind., was raised in Providence, Ky. He attended college at Vanderbilt, Washington University in St. Louis and New York University, and majored in English.

After five years on the staff of The Evansville Courier, Palmer served as a monthly columnist for Theatre Arts magazine and as staff writer and non-fiction editor for Cosmopolitan. In 1969 he became executive editor of Cosmopolitan. He spent the summer of 1953 at the Handy Writers Colony in Marshall, Ill. His writing credits include: The Saturday Review, Theatre Arts, and Cosmopolitan.

The annual fellowship dinner is scheduled for 6 p.m. Dec. 10 at the University Center Ballroom. Mabel Lane Bartlett, who recently returned after serving in the SIU program in Viet Nam, will present the program on "Expectation for Education -- in Viet Nam."

AAUW Fellowship Dinner Scheduled In Ballroom

"Books We've Liked" were discussed by a panel at the Carbondale Chapter, AAUW, meeting Tuesday evening in Morris Library Auditorium.

The panel was part of the "Expectations for Education" program subject for the year. Participating with Ellen Frogner, were Mrs. Harold Rach, Vera Peacock, Viola DaPrain, and Sina Spiker.

Mrs. Ray DeJarnett announced plans for the Book Fair, Nov. 20-22 in the Unitarian Meetinghouse.

Members of the chapter expressed interest in cooperating with the SIU committee for the study of women's educational, career and cultural problems, and Marian Ridge- way will be chairman of the chapter's committee.

The annual fellowship dinner is scheduled for 6 p.m. Nov. 18. The fee for off-campus registrants is $12, and includes lunch. The SIU student and staff fee is $2--$3.50 with lunch. Registration should be made with the SIU Extension Division.
**Latin American Seminar Today in Library Lounge**

The Male Glee Club performs at the Freeeman Convocation at 10 a.m. and 1 p.m. in Shryock Auditorium.

A Latin American seminar will be at 7:30 p.m. in the Library Lounge.

An anthropological lecture will be at 3 p.m. in the Library Associates.

A geography lecture will be at 4:30 p.m. in the Agriculture Seminar Room.

The Illinois League for Nursing meets from 8 a.m. to 9 p.m. in the University Center ballrooms.

Student Employment Testing will be conducted from 1 to 4 p.m. in T32, Rooms 103 and 104.

Walter Jason, assistant professor in English, will speak on "The Problems of Poetical Translation of Racing" at 7:30 p.m. in the Home Economics Lounge.

Lorraine Mortin, graduate assistant in zoology, will conduct a seminar on "Friday Harbor Marine Laboratories" at 4 p.m. in Life Science Building, Room 205.

The Student Government takes group pictures at 6 p.m. in the University Center.

A discussion group will meet at 10 a.m. in Room C of the University Center.

A speech group will meet at 7 p.m. in Room B of the University Center, and will meet at 4 p.m. in Room D of the University Center.

The Conservation Club meets at 4 p.m. in Room D of the University Center.

The Panhellenic Constitution Committee in English meets at 10 a.m. in Room B of the University Center.

PI Lambda Alpha holds a meeting at 10 a.m. in Room D of the University Center and at 8 p.m. in Room D and E Interpreter's Theatre reopens at 3 p.m. in Student Theatre.

The Model U.N. Assembly committee meets at 3 p.m. in Room F of the University Center.

**Lawyer Analyzes 'Prayer Decision' At Sunday Seminar**

The recent Supreme Court decision on prayers in public schools will be analyzed during a public discussion Sunday by Irving Kovarsky, professor of management.

Kovarsky, a member of the Illinois Bar Association for some 16 years, will speak at the Sunday Seminar at 8:30 p.m. in the Ohio Room of the University Center.

He joined the SIU faculty in 1957 after some five years as a lawyer in Chicago. He is the author or co-author of several books and more than a dozen magazine articles on the subject of law.

Bruce Harkness, newly-appointed chairman of the English department, has been released from the Creative Insights program at 7 p.m. Sunday in the University Center Conference Lounge.

His topic will concern the creative process utilized in the writing of poetry and novels. Harkness came to SIU this fall from the English Department of the University of Illinois.

**Movie On Mental Illness Will Be Shown On WSIU-TV**

Today at 8:30 p.m., WSIU-TV presents a full-length film, "The Right Day," starring Patrick O'Neil and Madeleine Sherwood. The story concerns a music teacher who becomes mentally ill, and his fight to regain his place in society.

Other highlights:

- 3:30 p.m.: Play On A Higher Level--Physical education series.
- 6 p.m.: Economics--The Modern Corporation.
- 7 p.m.: Israel, Land of Miracles--"The Story," this program covers the reclamation of land and swamp lands in Israel.
- 8 p.m.: SIU News Review--Campus news and sports of the week.

**Center Offers Bridge Playing**

The University Center Programming Board's special committee will sponsor twice-weekly bridge games in Room F starting this Sunday.

The cards will be dealt out every other Sunday from 2 to 4 p.m. The committee said competent players will be present to coach beginners.

---

**WSIU Broadcasts Beethoven Work**

This afternoon at 3:30, WSIU-Radio presents Beethoven's "Symphony No. 7 in A Major."

Other highlights:

- 8:45 a.m.: Coffee Break -- WSIU-Radio's "Today" show.
- 3 p.m.: Radio France -- music and commentary.
- 7 p.m.: Page Two -- NAEB program of editorial comment.
- 10:30 p.m.: Moonlight Serenade.

**Center Offers Bridge Playing**

The University Center Programming Board's special committee will sponsor twice-weekly bridge games in Room F starting this Sunday.

The cards will be dealt out every other Sunday from 2 to 4 p.m. The committee said competent players will be present to coach beginners.

The United States has demanded the release forthwith of Prof. Frederick C. Barghoorn of Yale University, held by the Soviet Union as a spy.

The demand was made on Wednesday by Ambassador Foy D. Kohler in a 15-minute session at the Foreign Office with Deputy Foreign Minister Valerian A. Zorla. Kohler called the arrest unwarranted and insisted on being allowed to see Barghoorn at once.

The Foreign Ministry announced the arrest Tuesday and refused to give the embassy any details of the time, place or circumstances. Officials here presume it must have been soon after 0:31.

On that date Barghoorn, author of books critical of the Soviet system, had drinks with Walter Stoessel, minister, counselor of the embassy, in the Stonewall apartment in the embassy building.

Barghoorn is here on a tourist visa. He had visited Alma Ata and Tashkent in Central Asia before the Communist danger increased.

Diplomatic sources confirmed that Barghoorn is being held in Warsaw for the arrest in Brussels of a group accused of espionage.

President Kennedy will call attention anew to the American man-to-moon program Saturday by touring launching sites in the Cape Canaveral, Fla., area, the White House announced.

Kennedy will fly to the Cape by airplane from his weekend retreat at the Kennedy Compound in Hyannis Port, and will inspect the Merritt Island launch area which will be the starting point for U.S. efforts to reach the moon.

After a look at other facilities in the area, Kennedy will be flown by helicopter to the deck of the missile support ship Observation Island, some 25 miles offshore in the Atlantic, to witness the firing of a Polaris A-2 missile from the USS Andrew Jackson.

STAND TALL! with the leader in Worldwide Communications
Bell System Companies will interview on campus
November 20

Would you like to work with a company that starts you in a responsible position? Would you move up in your job? Promotes from within? Give you a present, as well as a future? Then the Bell Telephone System may offer just the opportunity you're looking for.

You'll learn the exciting field of communications...with advancement dependent on your ability. You'll develop your ability to direct and work with people...and you'll be working with one of the fastest-growing, most vital industries in the world.

In your work, you'll be associated with the companies that have developed the Telstar satellite, the transistor...and the Optical Maser—perhaps the greatest single communications development since the transistor.

If you're in the upper-half of your class—with either a technical or a non-technical degree—Bell System interviewers are very much interested in talking to you. Simply make an appointment at your placement office.

Bell System Team Invitations:

- Science and Engineering Graduates
- Liberal Arts and Sciences;
- Business Administration Graduates

Track Team Gets Running Mate

STU's track team has a new running mate—11-year-old Paul Karlin.

Just in case anyone gets the wrong impression, Paul isn't going in for any of this "male" jazz—he's really training.

It all started when Paul wrote Lew Hartzog, STU's track coach, this letter:

Dear Mr. Hartzog,

"I am very interested in track and have won lots of awards. The state sponsors a track meet every summer. If you win in Carbondale maybe you can go on to other town. I won the race in Carbondale so I went to another town. I was at a disadvantage. Everyone else is in the 56-yard dash, which I had won, were using starting blocks and spikes. I didn't know how to use either one."

"Our school doesn't have a track training program. Would it be possible to work out with your track team? I hope I hear from you soon."

Hartzog replies promptly and the young track enthusiast's dream came true. He now spends almost an hour everyday, with the exception of Tuesday when he takes a piano lesson, working with Hartzog's Salukis.

"Of course it's impossible to tell at this early date how Paul will develop in the next six or seven years," Hartzog said, "but the little fellow sure can move his legs fast. I think he has a good chance of becoming a good one."

Hartzog, who encouraged the nationally-prominent Stuy-:

track team, Don and Dave, to first come out for track in high school while at Denver, Colo., and later guided Don to a world's record while at Northeast Louisiana, has not even given Paul a time test yet.

La Casa Manana
Elects Officers

Linda Cross, an Ottawa senior, has been named president of La Casa Manana, 304 W. Mill St.

Members of the house also elected Margaret Bock, vice-president; Linda Rawlings, secretary-treasurer; Barbara Birken, reporter; Laura Smith, social chairman; Ginger Moschi, kitchen chairman; and Antonette Riggen, scrapbook chairman.

Bill Cornell, Brian Turner, Paul Karlin and Jim Dupree

11-Year-Olds:

"There's no sense in running the little guy along," Hartzog said. "He'll just work on short wind sprints for quite a while before we'll even think about timing him. Don't worry, though. He should be ready for the 1973 NCAA meet."

ILLINOIS BELL TELEPHONE
Dear Wheelchair Student,

If you pause a moment before going down this ramp, no one will blame you. We know of no other ramp on campus as unsafe as this one southeast of Altgeld Hall--and the American Standard Association would agree with us.

ASA is the national clearinghouse for standards activity. It is a nonprofit working with the President’s Committee on Employment of the Physically Handicapped and with the National Society for Crippled Children and Adults, published standards for making buildings and facilities accessible to the physically handicapped.

While adherence to this American Standard is not a legal requirement, it represents expressions of the best current research in the field. You and the other 40 wheelchair students who travel this ramp every day know its handicap. Would you like to know why?

After a session with a tape measure, our rusty high school geometry, and the ASA-approved maximum of 7 feet 6 inches for sidewalks, we found the angle of the steps to be about 5 degrees. We are sure you were aware that 5 degrees is less than ideal, but you considered it a compromise.

Interestingly, a 33-inch ramp would be 12 feet long. The angle of 5 degrees corresponds to a curb slightly over 4 feet away. Width is lessened, too, by the lamp-post base, which was at least 8 feet into the clearway at the foot of the ramp. The ramp’s 3.5 foot width is adequate for your chair, although without an occasional scraped arm you should brush the masonry. An occasional student stumbling on the retaining wall at the right, his legs dangling over the edge, may make it even harder for you to get out.

Should you wish to come back up, you face another haul. Watch out for any unsteady bicyclists hurtling down the ramp—the only meeting would be head-on.

All your remarks on the sharp right turn at the bottom and wheel yourself up to the platform. This is a safety hazard. You face a left hand turn and a slope whose rise we could not measure, before you reach the ramp.

SIU prides itself on liberal admission policies for rehabilitated students. Men and women with physical handicaps who appear for their attendance at any other university in the country may seek a college degree here. Their presence at SIU implies that rehabilitative facilities here should be among the very best, yet this ramp remains.

It may have been adequate in the years before standards made facilities accessible to the physically handicapped. However, since before SIU acquired a sizable rehabilitation population, most of these wheelchair students here then had more complete use of their limbs and were longer and stronger than all SIU wheelchair students. Some, although able to walk, probably have less strength in their shoulders.

This ramp is unsafe, especially for them. It either should be reconstructed or replaced with a safer one.

Nic Peasquall

Letters To The Editor

A Happy Hunting Ground?

Re: Julie England's editorial "A Happy Hunting Ground" (Nov. 5).

Time was when, to oppose the axiom that "Women’s place is in the home," was similar to opposing Newton’s Laws of Motion. Time was when, with the passage of the age-old Laws of M-Vrriage, these men were a happy lot.

"Women are more capable of a woman’s work is cooking, serving meals, washing, rearing, and, in preparing the house for five or six members of the family would enter and be allowed to enjoy the fruits of this industrious wife and obedient children.

My bow times have changed. In modern society the place for the wife is out in the yard and behind the selling counter so that the family may keep up with the Joneses. Who is expected to cook, wash, rear, etc.?

Well, send the kids to Mother Hubbard Nursery until they are old enough to let the teacher babysit with them. Send the clothes to Quickie Laundry. Open a canned sauce for supper and—yes, a Hint and do the chores.

Men of the campus: think before you marry. Is this college-educated fellow wage earner really the girl of your dreams? A "happily hunting" ground for your future wife.

Frederick A. Dominick

Humorizing Reaches Height Of Absurdity

I have often, with disgust and astonishment, noticed your publication’s unsuccessful attempts at humorizing important public concerns.

Congratulations! In your latest issue you have risen to new heights of absurdity and ignorance. The only time you have come close to brilliance was in your late slur at the Negro civic rights movement, although even that was not worthy of your latest attack.

You have informed that Goldwater (one of the original members of the NAACP in Arizona) was not worthy of your latest sentiment.

I have noticed that Goldwater is the original member of the NAACP in Arizona. I have noticed that you always ignore, underwrite, and have been interested in the statement of your publication’s unskilled right-wing critic accused of "smear." The cartoon (Daily Egyptian: Nov. 5) entitled "The Great Science and the Conservative," is, in poor taste, for when the word is based on the falsification of fact it smack of a "smear."

For example, the John Birch Society has never called former President Eisenhower "a Red." Robert Welch may have made this assertion, but to attribute it to members of the Birch in a perversion of fact.

Again Reference to "states right" as "a myth" is indicative of ignorance of history and American government.

I happen to enjoy the work of this particular cartoonist, although not without occasional smudges. However, when he undertakes caricatures of your candidate far right, the extremism behind the pen eradicates the humor.

John Lulves Jr.

Statement Of Policy

On the question of compulsory ROTC here at SIU the parties concerned seem to be divided into the following three groups: the students opposed to compulsory ROTC; the Air Force (also supposedly opposed to compulsory ROTC) which carry out the program because it was set up by an act of Congress; and the University administration (apparently in favor of compulsory ROTC, but for obscure reasons).

I am a party of the first group and am directing this letter to the remaining two. In an earlier letter, D. E. and K. Varr, stated, "The Air Force should probably have this program on a voluntary basis." However, our humble, base电动 officers in Congress made it mandatory. I would like these two gentlemen to state the specific congressional act which requires compulsory ROTC to exist at SIU.

From the third party—the administration—I would like to state all policy on the matter. Does the administration find compulsory ROTC compulsory at SIU, and if so why?

Before this triage of mandatory ROTC can produce positive results, a better understanding of the respective positions is needed. This letter is a request that you understand and establish these positions.

Tom Woderzki

Fallacy Seen In 'Insert' Proposal

As a journalism student and as an SIU student in general, I was inerested in the "Sil "em" proposal of the Student Council (Nov. 6, p. 6) to improve our school newspaper.

The Council plan contends, "The present Egyptian does not provide an outlet for general student creativity nor does it devote enough space to campus news and activities." The Council feels that an insert should be included in the Egyptian that will remedy the faults of the paper. The editor of the insert "will be responsible to the advisor and the Student Council."

I think most SIU students are the fallacy of the Council argument of the scarcity of campus news in the Egyptian. Anyone who has read the paper cites refute this argument. I could exhibit many pairs of worn-out sneakers used in helping to track down the abundance of campus news in the Egyptian.

I would welcome any new outlet for student creativity in its own right, but a "news" paper is set up primarily for news and not for student fiction, poems or what-have-you.

Jim Tierney

Gus Bode...

Cartoon Called 'Hotcheck Job' The cartoon (Daily Egyptian: Nov. 6) entitled "The Great Science and the Conservative," is, in poor taste, for when the word is based on the falsification of fact it smack of a "smear."

For example, the John Birch Society has never called former President Eisenhower "a Red." Robert Welch may have made this assertion, but to attribute it to members of the Birch in a perversion of fact.

Again Reference to "states right" as "a myth" is indicative of ignorance of history and American government.

I happen to enjoy the work of this particular cartoonist, although not without occasional smudges. However, when he undertakes caricatures of your candidate far right, the extremism behind the pen eradicates the humor.

It is a nonprofit working with the President’s Committee on Employment of the Physically Handicapped and with the National Society for Crippled Children and Adults, published standards for making buildings and facilities accessible to the physically handicapped.

While adherence to this American Standard is not a legal requirement, it represents expressions of the best current research in the field. You and the other 40 wheelchair students who travel this ramp every day know its handicap. Would you like to know why?

After a session with a tape measure, our rusty high school geometry, and the ASA-approved maximum of 7 feet 6 inches for sidewalks, we found the angle of the steps to be about 5 degrees. We are sure you were aware that 5 degrees is less than ideal, but you considered it a compromise.

Interestingly, a 33-inch ramp would be 12 feet long. The angle of 5 degrees corresponds to a curb slightly over 4 feet away. Width is lessened, too, by the lamp-post base, which was at least 8 feet into the clearway at the foot of the ramp. The ramp’s 3.5 foot width is adequate for your chair, although without an occasional scraped arm you should brush the masonry. An occasional student stumbling on the retaining wall at the right, his legs dangling over the edge, may make it even harder for you to get out.

Should you wish to come back up, you face another haul. Watch out for any unsteady bicyclists hurtling down the ramp—the only meeting would be head-on.

All your remarks on the sharp right turn at the bottom and wheel yourself up to the platform. This is a safety hazard. You face a left hand turn and a slope whose rise we could not measure, before you reach the ramp.

SIU prides itself on liberal admission policies for rehabilitated students. Men and women with physical handicaps who appear for their attendance at any other university in the country may seek a college degree here. Their presence at SIU implies that rehabilitative facilities here should be among the very best, yet this ramp remains.

It may have been adequate in the years before standards made facilities accessible to the physically handicapped. However, since before SIU acquired a sizable rehabilitation population, most of these wheelchair students here then had more complete use of their limbs and were longer and stronger than all SIU wheelchair students. Some, although able to walk, probably have less strength in their shoulders.

This ramp is unsafe, especially for them. It either should be reconstructed or replaced with a safer one.

Southern's football hosting this Saturday is Toledo—sports a somewhat anemic record of one win in eight games this season, but a closer look indicates that the Rockets can't be classed as "patates." Toledo is a member of the Mid-American Conference and, unfortunately for the Rockets, most of the other teams in this conference include this season as the entire league began to flex its muscles as one of the country's better circuits. The Rockets jumped into the thick of this situation with a new coach, a new offensive system and question marks at several positions.

The head coach and athletic director, Frank X. Lauterbur, an ex-Marine, to Toledo the wing-T offense and his own version of the "Monster Defense," which he originated at Army, installed last year at Pitt and helped in winning the Indiana State and Miami of Florida.

The Lauterbur-rugged defensive tactics can be seen in Toledo's position as it leaders against passes among the nation's major schools. In their first seven games, the Rockets allowed only 25 completions in 105 attempts.

In addition, they'd given up 305 passing yards, an average of 11.8 yards per attempt. The Rockets have also intercepted 18 passes.

Last week, against powerful Miami of Ohio, the Rocket defense was completely shut down as the visiting Hurricanes registered a 6-0 victory over Toledo. Toledo's guests produced only 12 points against Miami's 22.

SIU's chances of repeating as NCAA champions in the Midwest Open gymnastics meet at Chicago next month look bleak. The Rocket squad, which won the Midwest Open in 1969, will have to beat the nation's top four gymnastics teams. The Illinois State University lettermen in Southern's 10 sports as SIU's most outstanding athlete. Southern will still be well-staffed when the team travels to the opening meet in Chicago, with several other experienced veterans again back in harness.

All of these returning warriors have the stamp of champions with most of them bringing experience in the NCAA Finals to this year's crew. Most were members of the 1962 squad which finished second in the national finals.

Juniors Dennis Wolf, Pico Rivera, Calif., and Bill Halbick, Lincoln, Neb., were from Southern's 1962 squad which finished second in the national championships. Dennis Wolf, Pico Rivera, Calif., and Bill Halbick, Lincoln, Neb., will move to the front as team leaders with Mitchell missing. They'll be backed up with strong support from senior Tom Geocaris, Mt. Prospect, Charles Ehrlich, Dayton, Ohio, and Charles Wreese, Park Ridge, along with Junior Steve Pasternak, Park Ridge.

Meade has high hopes for newcomer Bill Wolf, a brother of Dennis. "Bill will also be a big help," Meade said. "Bill is an identical twin of Dennis and performs equally well as well as several events."
For High Schools:

SIU Basketball Clinic Is Planned Saturday

Students in SIU's Women's Physical Education Department are busy this week making final preparations for Saturday's SIU High School Basketball Clinic.

The annual affair, which is an attempt to keep area high schools informed of happenings in women's physical education, is expected to draw more than 320 southern Illinois high school girls and their instructors to Carbondale.

A full day of activities is scheduled for the large group and includes sessions on women's Physical Education Department problems. All available gymnasiums in Carbondale.

"I'm looking forward to the clinic because I know the students and staff have worked hard to make it a success," Dorothy Davies, chairman of the SIU Women's Physical Education Department, said.

With junior and senior physical education majors and minors serving as instructors, the high school visitors will first be taught the skills of basketball and then given a chance to put what they have learned into practice under the watchful eyes of the SIU coaches.

Team strategy and the new women's basketball rules, which almost revolutionized the game last year, will also be points of discussion during the one-day institution.

And if they can squeeze it into their busy schedule, the visitors will have an opportunity to see Southern's newly formed gymnastic team in action at 12:30 p.m. in Men's Gym.

Fair Will Teach Seminar On South Africa Next Quarter

Thomas J. Fair, regional planner for the Illinois Development Agency, will teach a regional seminar on Africa during the winter quarter.

Fair, who is originally from South Africa, will also teach a seminar on general regional planning in the spring quarter.

The numbers of the courses are respectively 522 and 527.

Fair received his Ph.D. from the University of Natal, Durban, South Africa. He has been a lecturer in geography at the South African Native College and the University of Natal. Fair was a fellow of the Royal Geographical Society and was a Carnegie traveling fellow to the United States, 1961–2, to study schools of African studies.

While Fair was a Carnegie fellow, he was appointed to the "Chair of Geography" in the School of General Studies, Australian National University, Canberra. He was also president of the South African Geographical Society, 1958, and was editor of the South African Geographical Journal in 1955.

Fair's most recent publications include "Regional Thinking: An Approach to the Problems of African Development.

Area Air Service Proposal Backed

The Carbondale City Council has approved the leasing of the city reservoir property to the Carbondale Park Board.

The long-term lease will enable the Park Board to improve the recreation facilities at the lake.

In his opening statement at Tuesday night's council meeting, the mayor authorized the city attorney to file a petition with the Illinois State Commerce Commission stating Carbondale's approval of Lincoln Airways' pending application for air service to Carbondale and other Illinois cities.

Among the SIU student senators--Terry Cook, David Davis and Bill Carrow--attended the council meeting and talked with the commissioners before the meeting about problems of current interest to the city and the University.

The proposal was amended by Mayor D. Blair Miller and the four commissioners were pleased to hear that the SIU Student Council has proposed a resolution in support of the University's annexation to the city.

Women's IM Hockey Squad Loses 4-0 In Principia Match

The women's intramural hockey team ended its season on a sour note—a 4-0 loss to undefeated Principia, host for the match.

Members of Joan Stahl's squad meeting there final action of the year were: Judy Miller, Sue Rohr, Judy Toeneboehm, Jane Johnson, Daren Grant, Mary Ann Gritor, Charlene Simonar, Karen Branden, Sue Buckley, Geni Blakemore.
