Meet Prof Program To Resume

The "Meet Your Professor" program, initiated last year in an off-campus residence in becoming better acquainted with the University staff, will begin at 7:30 p.m. Wednesday at various off-campus locations.

In Area I Jerome J. Hollenhorst, lecturer of economics, will be the guest at the informal discussion at the Washington Square dormitory.

At University City in Area II, Thomas E. Cassidy, assistant professor of English, will be the guest.

In Area IV Paul J. Campbell, professor of sociology, will visit with the students at Forest Hall.

Off-Campus Group Slates Host Night

Thirty-five off-campus houses have been selected to play host to other off-campus houses in their area for the annual off-campus-night, Friday, Aug. 30.

Mrs. Anita Kuo, supervisor of off-campus housing, said the night is designed to give off-campus students a chance to meet other students off campus.

Mrs. Kuo hopes that Host Night will become an annual off-campus institution and promote greater unity among the various housing units.

Guests will be divided up into eight areas with host houses in each area sending invitations to students in their area.

Said she: "The planning stage is a small-scale Host Night for Carterville and Murphysboro area students."

Homecoming Application Deadline Is on Friday

Deadline for submitting Homecoming queen and float applications is Friday.

Applications are available at the University Center Information desk and must be turned in by 5 p.m. Friday.

Plenty of Tickets Still Available For Homecoming Show Oct. 30

Some 3,000 to 4,000 tickets are still available for the Homecoming stage show starring Dave Brubeck and Allan Lenhorst.

The tickets are on sale from 8 a.m. to 5 p.m. daily at the information desk in the University Center. They will also be sold at the door.

Most of the remaining seats are the $1 bleacher variety, Elizabeth L. Mullins, coordinator of student activities, said.

However, there are some 40 tickets of the $3 and $2 type still available. Most of these are single, Miss Mullins said.

The stage show will be held at 8 p.m., Oct. 30 in the SIU Arena.

Tickets to the Homecoming dance are also on sale, for $3.50 a couple, Miss Mullins said there are many of these left. The dance can accommodate 1,000 couples.

College of Liberal Arts and Sciences and small institutes.

Students Confer With McKeefery

Members of a Student Council committee are convinced the new system of scheduling final examinations will be beneficial to students if its theory is effectively put into practice.

The committee, formed to present objections to the plan recently adopted by the administration, met Monday with William J. McKeefery, dean of academic affairs.

"If the proposed system works—that is, if all faculty members don't give their exams during the last week of the quarter, and all the students desire it will be met," said Pat Micken, student vice-president and chairman of the committee.

Among the objections the committee presented to McKeefery were the following:

1) That the requirement that all classes meet during the last week of the quarter would present problems in the registration problem of 14,000 students leaving the campus the same day.

2) That students had no method of appeal should they have several exams on one day.

3) That going to class all week would cut down the time for preparation for finals.

"Our conclusions after talking with Dean McKeefery are that these objections Hold Your Ears While Blast Lasts

Hold your ears when you are in the southeast corner of the campus and be patient. The Power Plant may continue to blow its stack for the next few days, according to G. Donald Shepferd, chief engineer.

The screaming jet of steam is aimed from the roof where the blast is being tested this week by the Wickers Boiler Co. of Michi­gan. The blast will hit all well, according to Shepferd, will not last a few days. But if problems develop, it must take longer, and perhaps the blast will not start again at a later date.

Each of the boilers, which will be used both for heating and for air conditioning, is capable of producing 80,000 pounds of steam per hour, would be minor—likely isolated cases—if the system gets phased in properly," said John H. Nuck, a committee member and student welfare commissioner.

In addition to the objections to the new system of finals, the committee also criticized the administration's choice of the five voting sites for the proposal without first consulting the student body.

The list of objections was prefaced with the following statement:

"The Student Council of the Carbondale campus strongly objects to what seems to be the University policy of presenting the student body with accomplished arbitrary facts of life as evidenced by its presentation of the new final examination schedule."

"We are in the unfortunate position of seeming to be compliance instead of participants, "McKeefery offered the following reasons to the committee for the procedure of adopting the new final examination schedule.

1) It was becoming more

On-Campus Jobs Open for Students

The Student Work Office still has job openings available.

Raymond P. Dejarnette, assistant director, said that the Union Center needs workers during the noon and evening hours.

There are openings left in janitorial service during the 10 a.m. to 2 p.m. periods, and a few clerical jobs remain unfilled.

Students wanting to apply for these jobs should contact the Student Work Office.

Scrapsbook Contest Begins; Alice Cartright Is Chairman

Alice Carrington, a junior from Murphysboro who will major, will serve as chairman of the Daily Egyptian's third annual Scrapbook Contest.

The contest is aimed at encouraging better coverage of organizational activities. It is open to any male and women's organized living unit, off campus, on campus, or local.

Scrapbooks should consist largely of newspaper clips and are judged by the Daily Egyptian. They should be submitted to the beginning of the school year.

The deadline will be May 1. Plaques will be awarded to the winning groups.

All organized houses will receive further information enclosed in the mail. Questions may be addressed to the Scrapbook Contest Chairman, in care of the Daily Egyptian.
Wesley Foundation
To Sponsor Retreat

Southern's Wesley Foundation will sponsor its annual 24 Spiritual Life Retreat this weekend at Camp Carew on Little Grassy Lake.

The retreat will cost $5. Interested students should register by 5 p.m. today, at the Wesley Foundation or by calling 457-8165.

and more difficult to provide time blocks and space.

(2) Setting aside a whole week for exams was a waste of valuable time, which under the new system could be used more beneficially.

(3) A two-hour exam period required under the old system was not always necessary.

(4) The increase in exams stolen seemed to indicate too much emphasis was being placed on finals.

McKeefery also indicated to the committee, Huck said, that faculty members had relied heavily on old hourlies and finals and weren't trying

Sen. Goldwater Says President Neglects Duty

TOPEKA, Kan.—Sen. Barry Goldwater charged Tuesday that President Johnson is neglecting his duties for "full-time politicking" that "could carry us into campaign chaos."

The Republican presidential nominee referred to a cam­paign trip Sunday by John­son that included a visit to a church in Phoenix, Ariz., Goldwater's hometown.

Goldwater said the Presi­dent had "visited church after church and city after city in a political travesty of the Lord's Day."

After a quick flight here from Phoenix to open a new week of campaigning, the Ari­zona senator renewed his de­mands that Johnson agree to a televised debate.

"If the man who now oc­cupies the White House wants to be more of a full-time President between now and election day, there is a way," Goldwater said.

The way, he said, is a national televised debate that "could be tuned, so as to avoid the possibility of the White House doing a mis­take that might jeopardize na­tional security."

Goldwater added, "It could be done at a time and place of his choosing, so as to permit him to spend more time at his desk."

The senator, in a televised interview Monday night, said he felt the "Bobby Baker case" was hurting the Presi­dent more than anything else and that the Repub­lican ticket was beginning to draw more support from the voters.

"Our polls that we saw Sunday show us now over the 40 per cent mark in almost every state," he said.

In his Topica speech, Gold­water said, "We face full­time responsibilities around the world..."

"But not once do we hear from them of our part-time President."

"He gives us handshakes and handouts.

Terrorists Release Air Force Officer
CARACAS, Venezuela — Communist terrorists have released U.S. Air Force Lt. Col. Michael Smolen unharm­ered after two of the five­man gang that abducted him Tuesday, Friday were arrested.

Smolen, 32, who was put out of a car on a street cor­ner in eastern Caracas, a pas­sing police car spotted him immediately and took him to a police station. He arrived at the embassy early Tuesday.

Interior Minister Gonzalo Barrios said the two terror­ists seized in a downtown Car­acas apartment early Monday were Spanish-born members of the Red underground called the Armed Forces of National Libera­tion (FLAN).

Smolen told newsmen his abductors said they kidnapped him to make propaganda for their underground war against Venezuela's democratic gov­ernment.

The 45-year-old officer from Chandler, Ariz., said his abductors never mentioned any plan to trade him for po­litical prisoners in Venezuela or for a condemned Com­munist Viet Cong terrorist in South Viet Nam. Various anon­ymous telephone callerra had reported such proposals.

Soviets Land Craft; 3 Spacemen Safe

MOSCOW — The Soviet Union's three-man space ship, the world's first to carry more than one astronaut in orbit, landed safely Tuesday after completing 16 trips around the earth in 24 hours and 17 min­utes, an official announcement said.

The program of scientific research, designed for 24 hours of flight, was accom­plished in full, said the offi­cial announcement.

It added that the doctor, scientist and engineer aboard the space ship Voskhod-Sun­rise—conducted observations "directly in outer space." The Russian space agency Tan said all three men "are feeling well."

The capsule had completed 16 circles of the earth when its commander, Col. Vladimir Komarov, was ordered to switch on braking devices, Tan reported.

Komarov, who is commander of the Soviet Union space program, said the landing was "perfect." The three-man space ship, the world's first to carry more than one astronaut in orbit, landed safely Tuesday after completing 16 trips around the earth in 24 hours and 17 min­utes, an official announcement said.

Komarov, who is commander of the Soviet Union space program, said the landing was "perfect."
The feeling of the SIU officials in the press box above Memorial Stadium Monday night was that if a new star had been born. The new star, however, is not one football player, but an entire Saluki football team — Southern's freshman football squad.

At the time morale was low — the varsity had dropped two games in a row — Frank Sophy's freshman squad rolled to their second victory of the season (seven in a row) with Washington University of St. Louis falling victim 49-12.

All eyes were on Duane Steve Groves, and the game got underway. Brooks sparked the Salukis in their first outing of the year. But focus on every maroon shirt on the field.

Brooks humbled when he was hit hard the first time he had the ball against the Bears. But in the second period and the third stanza, Black Low Cross, seeing action for the first time went one yard off left guard for the team's second victory of the year. But soon the Bears were hit hard the first time they faced the Saluki defense.

Larry Kristoff, one of four Southern entries in the 18th Olympiad in Tokyo, was eliminated in the heavyweight wrestling division by Ramit Kaplan of Turkey Monday.

Larry Kristoff, one of four Southern entries in the 18th Olympiad in Tokyo, was eliminated in the heavyweight wrestling division by Ramit Kaplan of Turkey Monday.

The Bears did have one bright spot as they had the longest scoring play of the night. A tube pass to...
Charles Warren, who started his first game at fullback this year against Ft. Campbell last Saturday night will be out for the season due to severely torn knee ligaments.

Midway in the second quarter, Warren skirted right end for a big gain but was hit from the side by an Eagle tackler, Warren, who is from Centralia, was taken to Doctor's Hospital where he underwent "an exploratory" operation on the knee Tuesday afternoon.

6 Football Games Scheduled Today

Intramural flag football continues with six more games scheduled to start today at 4:15 p.m.

Field No. 1—All Stars vs. Alkies.
Field No. 2—Wesley Foundation vs. Broncos.
Field No. 3—Mason Dixon vs. Village Scorpions.
Field No. 4—VI-Counties vs. Hot Rods.
Field No. 5—U. City Ramblers vs. Wolf Pack.
Field No. 6—Alpha Phi Alpha vs. Phi Kappa Tau.

The Cardinals, except for shortstop Dick Groat's error in the ninth which paved the way for Tom Tresh's game-tying homer, sparkled in the field. Costly errors by catcher Elston Howard and second baseman Bobby Richardson in Monday's game provided New York's sixth and seventh errors of the Series, and ruined sharpshooting rookie Mel Stottlemyre's attempt to win his second series game.

An error on an interference play helped the Cardinals fill the bases in the third inning, but young Stottlemyre pitched his way out of the jam. But in the fifth, after pitcher Bob Gibson had singled with one out, Curt Flood slugged a double play ball straight at Richardson. He bobbled the ball and all hands were safe.

One of the big benefits of THE BENEFACtor. College Life's famous insurance policy, is the way it pays off in case of accidental death:

DOUBLE—If you lose your life in an accident:
TRIPLE—If your death results from an auto accident or as a passenger in a plane or other common carrier.

But the Real Pay-Off is that THE BENEFACtor doesn't have a lot of strings attached to it which prevent payment of the extra money.

These Typical Exceptions are Not Found in THE BENEFACtor

• The taking of poison or inhaling gas—voluntarily or otherwise.
• Engaging in riot or insurrection.
• Infamy of mind or disease.
• Committing an assault or felony.
• Any bacterial infection other than that occurring in consequence of an injury on the exterior of the body affected solely through external, violent and accidental means.

THE BENEFACtor's honest-to-goodness accidental death benefit is typical of all its nine big benefits. You get so much more for your money because College Life insures only college men and college men are preferred risks. Get the full BENEFACtor story from your local College Life representative.
