Karen Duke to Sing Today
At Freshman Convocations

Folk singer Karen Duke will perform at the 10 a.m. and 1 p.m. Freshman Convocations in Shryock Auditorium today. Miss Duke has a wide background in show business, including summer stock, radio and an off-Broadway play. She has performed at many colleges and universities, including Michigan State, Georgia Tech, North Carolina, and Duke. Her concert, "Songs with Guitar," offers a varied program of new and old folk songs. She has toured with a U.S.O unit in Japan and Korea, and conducted her own radio program on WTHP in Northampton, Mass. Added to her list of achievements is a role in the off-Broadway musical, "The Barker's Daughter.

Karen's father is John Duke, composer and a professor of music at Smith College in Northampton. She appeared in one of her father's operas, "Lovelock."

Council Seeks To Curtail TP Cycle Traffic

The Thompson Point Executive Council will seek permission from SIU housing officials to curtail motorcycle traffic at Thompson Point.

A resolution establishing hours for motorcycle traffic in the Lentz Hall area was approved by the Council Thursday night. It will be submitted to housing officials for their approval.

The resolution asked that no motorcycle traffic be permitted in the Lentz Hall area from 7 p.m. to 7 a.m. Monday through Thursdays, from 1 a.m. to 7 a.m. Fridays and Saturdays, and from 11 p.m. to 7 a.m. Sundays. Riders would have to stop their cycles and walk to their dorms or park them in the Lentz Hall lot.

SIU Women Retain Dating Advantage

The women at SIU still have the dating advantage. SIU men outnumber women 2 to 1, despite a total enrollment increase of 19.7 per cent over last fall quarter.

Loren Young, assistant registrar, reported 16,309 men and 8,193 women enrolled on the Carbondale and Edwardsville campuses combined.

Each campus maintains a 2 to 1 ratio with Edwardsville having 4,521 men and 3,012 women, and Carbondale having 11,788 men and 5,568 women.

Ag Professor Dies of Heart Attack

Lloyd V. Sherwood, 58, professor of agronomy, died of a heart attack at 7:35 a.m. Wednesday at his home.

Sherwood, who lived at 920 Woodriver Drive, was pronounced dead on arrival at Doctors Hospital.

Sherwood had heart trouble, according to his family, and had been working regularly up to the time of his death.

Born in Cassville, Mo., Sherwood was raised in Cassville. He joined the SIU faculty in 1959 after spending more than 10 years with the Monsanto Chemical Co.

He also served almost nine years as a faculty member at the University of Illinois where he received his bachelor's, master's and doctor's degrees in the fields of agronomy and agricultural economics.

Before going to Monsanto he served on the University of Arizona faculty for four years.

Sherwood was a member of the American Society of Agronomy, American Association for the Advancement of Science, American Association for the Advancement of Education, National Weed Society of America and American Association of University Professors.

Sherwood is survived by his wife, Paula; a son, Neil, who is a graduate student at Purdue University; a daughter Linda; 6, five brothers and one sister.

Services will be held at 1 p.m. Friday at the Hoffman Funeral Home.

Plaques will be presented to the winning organizations.

Phil Sigma Kappa is First Place Winner In Daily Egyptian's Scrapbook Contest

New Entries Sought for Freshman Convocations

The winning organization for the first-place award in the 1964-65 Daily Egyptian scrapbook contest, First Floor, Baldwin Hall, was runner up and Steagall Hall and Harper Squadron of Arnold Air Force were given honorable mentions.

It is requested that if everyone who wins a campus election, voting booth, or one there will be more booths than votes in the next election.
Rushing of 1st-Term Frosh Allowed

The Interfraternity Council voted Tuesday night to change the present rush procedures to include first-term freshman. Under the new rule freshmen who graduated in the upper third of their high school class can be rushed and pledged.

Under former rules rushers were required to have a three-point overall average and have been enrolled in college for at least 12 quarter hours. Also under the new ruling second-term freshmen with less than 12 credit hours are able to pledge if they had at least 3.5 average.

Starting Friday, anyone meeting these new requirements plus anyone who was eligible under the old rules can be pledged. The final date for pledging will be Oct. 25.

An IFC spokesman stated that under the new system freshmen may benefit from the organized scholastic program.

The fraternities will continue the policy of a minimum three-point overall and a three-point the last term before pledges can go active.

Chris Was a Jump-Jumper!

Last Tuesday Yale university displayed a map possibly big enough to cover America. As the third world of a first world nation, I could not escape this lying down. Every such event at the university, however great, disclosed a Columbus discovered America.

In my possession a diary handed down through the family, I found in it a note by my ancestor, Nicole Ettore Rapetti, who sailed with Columbus. An excerpt from it reads:

"Anno Domini 1492, somehow saw dawning very bright-a. Il Rapetti on our way home very happy to see evidenza da land, because we was running out of provisions. I found a tree branch broken ana so I could make fire."

Letters to the Editor

Give SIU Football a Break, But Skip the Song 'N Dance!

Here we go again! Coach Shroyer says exactly the same thing every day. The team is a joke, the schedule is unbelievable. Is a joke and Dr. Macvicar's reply to this writer's similar letter last year was even better.

He said "Southern Illinois wouldn't support big time football."

I brought up before and I'll bring it up again, Southern Illinois is a college with 9,500 students, in a city of 12,000 people. The new stadium seating 60,000 will be ready next fall. If you'll remember, they dropped SIU after beating them so badly three years in a row.

Your administration always has a ready explanation for every spokesman to gidly reply to letters such as this, but they say nothing real and I've experien-

ciously done nothing about it.

Can't you hear some 6' 10" you stated that we were in the sponge. But you say very unbecoming to the Bureau's Image."

Anybody who doubts this ir-

refuseable source please write the editor. The team is a joke, the schedule is unbelievable. As a subscriber to your Papers, I have been associated with the Daily Egyptian for a number of years.

In your story on the Student Council meeting of Oct. 9 you stated that the Council was in agreement to have a half bill to co-sponsor a teach-in advocating withdrawal of troops from Vietnam. It is probably too much to expect that someone associated with the Daily Egyptian would know what a teach-in is. There have been teach-ins all over the world. Most have presented arguments about our policy in Vietnam. They are necessary because most people are not aware of the many facts about Vietnam, and the newspapers only present one side of the story. I can only hope that people realize there is almost always more to any issue than one side.

Unfortunately here at SIU we can only be said who will argue on behalf of govern-

ment policy. Maybe one day that will change. We are not alone in this. Unlike the right-wing press, the Daily Egyptian is a Democratic Society which is sponsoring the teach-in believes in presenting both sides of an issue. Only by knowing both sides of an issue can one other

be objectively capable of a per-

son come to a valid judg-

ment on the Johnson administration?

T. V. Tischauer

P.S. I did not question this letter, but I do question the Daily Egyptian political board.

"Teach..." I paused to look under the campaign poster on the announcement. It was about the "Teach-In" on Viet Nam and was to make this announcement visible. But I failed. The Daily Egyptian is too far fetched over it.

As I walked away, I thought to myself, "That seems typical."

How About TV Series "On 'TVA in Action'"

By Arthur Hoppe
San Francisco Chronicle

Our ever-alert FBI has crashed down on evil doers again. They recently cracked a new television show defacing FBI agents in action. The video is a fast-talking actor who had his coat unbuttoned, his hands in his pockets and a cigarette in his mouth. The FBI, according to Newsweek magazine, considered this "unbecoming to the FBI image."

The new FBI series is expected to be popular and, as a result, expect a spate of new programs glorifying Government agencies. We've given too much emphasis to Government agencies to have firm ideas on exactely how they want to be glorified.

Indeed, that other promising series, "Heroes," has already run into a controversy on a TV series. We've been accused of giving the public the wrong impression of our unsung "Bonded Heroes," and our "Heroes," will have to do."

The B.B. department, says Mr. Don Bresnahan, is about to toss those "Bonded Heroes," and that the producer, the man behind the scenes, will have to do.

The "Bonded Heroes," and the producer, the man behind the scenes, will have to do.

Egyptian Is "Marvelous Paper"

As a subscriber to your paper, and (I hope) a future student of SIU, I was pleased to see the section on the University of Illinois’ "We’re playing Lincoln!" Youngblood, S. E. Swarthmore, Pittsburgh, Pa. in our big 10,000 seat stadium.

I was very interested to wish Coach Shroyer the best of luck in his new coaching position at Illinois. As I walked through the stands, I noticed a long line of great guys who would not take it other than his, Coach. Would someone on the staff tell us the real reasons and the real culprit and real policy on SIU football?

Is SIU a Big High School?

Yesterday as I walked over to the football stadium, I was founded by posters all over -- on the walls, on the columns, on the fences. For what? For Queen and An-

nunciation, "What Is Queen and Annunciation?" (Yes it did.)

The most surprising thing was that I had left this kind of activity in high school. I was very disappointed in this massive campaign for Queen and Annunciation. I came to a telephone p.e. which had a large Queen campaign poster.

"This is a big High School, and we are trying to educate you, but you can't even do this," I thought to myself.

Religion Authority Serves As SIU Visiting Professor

Milton D. McLean, director of the Religious Affairs Center at Ohio State University and one of the nation’s authorities on religious education, is serving as a visiting professor for the fall quarter.

Prior to his position at Ohio State, he served as president of Lincoln College, Lincoln, Ill., for three years. McLean has written or contributed to more than a half-dozen books on religion and education. His “Life and Teachings of Jesus,” published in 1934, has become a standard source book in religious teaching.

At SIU, McLean is serving as a consultant to the College of Liberal Arts and Sciences advisory committee on academic relations with the religious foundations. The committee is concerned with long-range plans for accredited religious studies on the Carbondale campus.

McLean also will consult with Edwardsville campus faculty members regarding religious education plans here, and review with Office of Student Affairs personnel the non-academic role of the religious foundations. He also is teaching a course in sociology of religion.

A Tracy, Minn., native, McLean holds degrees from the University of Minnesota, Northwestern University; and Union Theological Seminary and Union Theological Seminary of Columbia University. He did doctoral work at the University of Chicago and has worked with the YMCA and was a USD admin-

Moon Shot Films Will Be Shown

Charles A. Rawlings, a former member of SIU’s School of Technology staff and now an engineer working on the Apollo moon project, will be on campus today and Friday.

He will present a seminar and films on the Apollo project at 6:30 and 8:45 p.m. today, in Room 168 of the Agriculture Building.

A graduate of Southern Illinois University, Rawlings held the position of assistant instructor in electronics until the end of the winter quarter of 1965. Last spring he joined the staff of North American Aviation, Inc., in Downey, Calif., where he is working on the Apollo project.

All interested persons are invited to attend the seminar.

SOUTHERN ILLINOIS UNIVERSITY NEWSPAPER

DAILY EGYPTIAN
Rush might be likened to a game. The players on one side are called rushers, and they play against the Greeks, who are divided into actives and pledges. The object of the game is for the rusher to decide if he wants to join the Greek's team, and for the Greeks to decide which rushers they would like to have on their side.

To be eligible for the game, the rusher must have a 3.0 overall grade average, and he must have completed at least 12 hours of college work.

It's expensive, this game called rush. It costs all of the players three nights of valuable study time. The Greeks spend money on food, bands and films to entertain the rusher while he is trying to determine which house he should choose.

At one house, 30 gallons of punch were consumed in the first two nights of rush.

While the rusher is being entertained, the Greeks make value judgments about his personality, dress and social graces. The rusher looks over the Greeks in the different houses and decides if they are the type of people he would like to live with for the rest of his college career.

This fall the game was almost over on Tuesday evening, when the rushers attended informal parties at the houses that they hoped to pledge.

The game will really conclude today, when rushers go to the University Center to pick up bids that they have received from the fraternities at which they registered. The rusher must then make his biggest move of the game—to decide which house is best suited for him.

Some of the Greeks feel that they have lost the entire game when some of the rushers whom they played for the hardest don't return a bid to their house. And some of the rushers believe they have lost when a certain house that impressed them didn't give them bids.

The real winners of the game are not the Greeks who gain the most new pledges, but those that gain men with character and ability most suited to the goals of the individual fraternity. So the rush game is over. But now, a bigger and better game begins—its name is called pledging.

Court Unveils New Illinois District Map

By William J. Conway

CHICAGO (AP) — Federal and state judges made public Wednesday a new map of Illinois congressional districts that might result in an even split of the 26 seats between the two major parties.

Democrats now hold 13 and Republicans 11.

“It might end up with 12 in each column,” commented Chief Judge William J. Campbell of the U.S. District Court.

The biggest change was in the 19th District in the west-central section of the state. Rep. Gale Schrader, D-London Mills, wrested the area from the Republicans in 1964. The judges added it to Whiteside County, which normally favors the GOP.

Whiteside had been in the 18th District.

The judges kept other districts more or less the same by retaining the nucleus of each.

Downstate has the same number of districts — 12. Cook County also has 12, including 10 that are wholly or partly in Democratic Chicago.

Mayor Richard J. Daley, the No. 1 Democrat in Chicago and Illinois, indicated the Cook County revisions were acceptable.

He conceded the downtown ward was safely Republican. The 16th District was safely Republican. The 19th District was safely Republican.

The judges had the task of opposing Schrader. With the proper type of campaign, Scott said, Schrader could be elected.

Scott also expressed the belief that John J. Heilner, Republican elderman of Chicago’s 47th Ward, could win in the 11th District if he ran.

That seat now is occupied by Democratic Rep. Roman Pucinski.

Judge Campbell, a Democrat, told reporters that possible swing districts include the 2nd and 3rd on Chicago’s far South Side, the 19th and the 23rd in south-central Illinois — all held by Democrats.

A spokesman for Sen. Gen. William C. Clark, who captured the Democrats in reapportionment talks, expressed disappointment at the map.

The panel of judges this summer produced a new map of the Illinois Senate, allowing 21 districts to Chicago — a gain of 3 to 9 to Cook County outside Chicago and 28 downstate.

The Senate and National House district shakeups were handled by the courts after the Legislature and party negotiators failed to do so.

The all campus favorite ... a 100% pure sirloin hamburger, coupled with a thick shake. Budget priced but extravagantly prepared.

Ask China to Talks: Kennedy

WASHINGTON (AP) - Sen. Robert F. Kennedy urged Wednesday that Red China be invited to join the disarmament talks in Geneva when they resume in January to make them more "meaningful" by including all the nuclear powers.

The New York Democrat, in a far-ranging Senate speech, also declared that France, by developing its own nuclear force, is setting "a dangerous example" for other European nations which sooner or later will feel the need to do the same.

While Kennedy touched on a variety of world problems, he emphasized a need for the United States to accelerate its efforts to prevent spread of nuclear weapons.

He said this country must "enlist the help of the United Nations, and all other nations—including Communist China—in an effort to prevent nuclear catastrophe."

Sack Red Youth Headquarters

Demonstrators Continue Protests Against Indonesian Communists

JAKARTA, Indonesia (AP) - Young demonstrators stormed and sacked a Red youth headquarters here Wednesday in support of the army's anti-Communist campaign, reported to be in line with the President Sukarno.

About 2,000 strong, the mob smashed windows, seized documents and broke furniture in the Communist youth hall only 100 yards from Sukarno's palace. The hall has been a traditional gathering place for anti-Western street demonstrations.

As in other such raids since Moslem youths burned the headquarters of the Indonesian Communist party—PKI—here last Friday, the demonstrators shouted for destruction of the party and the death of its leader, D. N. Aidit. "Hang Aidit!" they cried. "Crush the PKI!"

They made a bonfire of the documents and broken furniture.

Troops nearby watched without interfering. Palace guards moved in with fixed bayonets and broke it up when it seemed the demonstrators might get out of hand.

Ike Raps Opposition To Viet Nam Policies

By Reiman Morin

AP Special Correspondent

NEW YORK—Former Presiden Dwight D. Eisenhower, on the eve of his 75th birthday, said Wednesday "I think it's terrible" for Americans to demonstrate publicly against United States policy in Viet Nam.

In a steely voice and with his eyes flashing, he asked, "What do they know about it?"

He also said:

1. He received as informal promise in 1959 from the government of India and Pakistan not to go to war over Kashmir.

2. He is worried that "some kind of moral demoralization" has set in among Americans, as evidenced by efforts to evade the military draft, and signs of diminishing respect for law and order.

The cast of the play "The Fantasicks" and a children's play, "Jack and the Beanstalk," to audiences in 22 communities throughout the state, including Eastern Illinois University at Charleston and Northern Illinois University at DeKalb. "The Fantasicks" concerns a boy, a girl, two fathers and a wall. The fathers have created a feud to make sure their children fall in love. Accomplishing their task and creating other conflicts molds the plot into a musical parable about love.

Members of the cast include: Alfred Ericson as the narrator, Pam Worthy and Pauluffy alternating the role of the mate, Gary Carlson as the boy, Judy Sink as the girl, Robert Pevitts as the harp, and Burton Dikelsky as Mortimer.

Robert Pevitts will direct "Jack and the Beanstalk."

The cast of the play includes: Dick Barton as Jack, Larry Wild as Donny, Karen Fleveig as Widow Boss, Gary Carlson as Frihool, Burton Dikelsky as Rafe Heywood, Alfred Ericson as Nicholas, Judy Sink as Jean, Pam Worthy as Old Tyl, Jane Chenoweth as the giant's wife, Paul Ramirez as the giant, Pat Duffy as the harp, and Alfred Ericson as the man in the moon.

Students Double Pleasure, Fun

Hundreds, perhaps thousands, of SIU students are doubting their pleasure and fun with chewing gum. Partial evidence, as shown in the accompanying photograph, is collected on the undersides of desks all over campus.

The company orders 16 throughout the undersides of desks all over campus. That's 1,380,000 sticks, laid end to end they would reach from here to Pinckneyville and back. After chewing, the sticky remains would cover the bottom of every desk on campus.

Further evidence comes from ARA Service of Southern Illinois, suppliers of campus vending machines. An ARA spokesman cited convincing figures.

The company orders 16 cases of gum every two and a half weeks. There are 1,200 packages to a case and five sticks in every package. About 90 per cent of this quantity finds its way to campus vending machines. The other 10 per cent is distributed throughout the rest of the Carbondale area, during a 60-week academic year. 230 cases of gum are sold on campus. That's about 13,80,000 sticks. Laid end to end they would reach from here to Pinckneyville and back. After chewing, the sticky remains would cover the bottom of every desk on campus.

Bulldogs Bring 3-1 Record

Salukis Face Drake Saturday

The team that could be Southern's toughest opponent yet this year will be here Saturday.

The Drake University Bulldogs will bring a record of 22 lettermen and a 3-1 record into the contest against the thrice-beaten Salukis.

Drake has won three in a row after dropping its opening game to arch-rival Iowa State 21-0. The victories have come mainly from an experienced defensive unit which has limited its opponents to two touchdowns in the last three games.

After the loss to Iowa State, Drake rebounded by white-washing South Dakota 17-0. The following week the Bulldogs licked previously unbeaten Southwest Missouri 24-8. The Missouri team had been averaging 36 points a game before meeting Drake. The Bulldogs upped their record to 3-1 last week by trouncing State College of Iowa 31-7. Southern edged that team 23-16.

This year Drake is under the reins of a new coach, Jack Wallace, who hasn't had a losing season in 11 years as a head coach. Wallace has inherited a team long on experience, but shallow at some key positions.

The leading offensive performer is probably quarterback Ron Royer, who may be the school's all-time passing leader by the end of the year.

DRAKE'S BOB PEREZ

He has passed for 1,634 yards and nine touchdowns in his first two seasons, and is also a good running quarterback. He ran two of his team's touchdowns in the Southwest Missouri game.

Behind Royer in the backfield is Ray Brown, a 205-pound sophomore, who handled the school's all-time passing record into the contest against the Bulldogs last year.

The Drake line has good experience at every position except center. The leading defensive performer is probably quarter-back Royer, who may be the school's all-time passing leader by the end of the year.

men will probably start at the ends, Manley Sarnowsky, a 24-year-old Canadian, play tight end and does the kicking. The other starting end will probably be Steve Traill, a 200-pound senior letterman, Cocaptain Bob Perez, a 225-pound senior, will be the starting tackles along with Steve Chevreau, a 210-pound senior.

Paul Tomich, a 235-pound junior, is a possible starter at one of the tackle positions.

Drake has slim-pickings for guard duty. Only Bill Hoffman, a 205-pound sophomore, and Bob Lynch, a 200-pound senior, have offensive experience, Frank Fuller, a 240-pounder, is in the third line, but he operates mostly on defense.

Dave Dorn is the only returning center with much offensive experience. The 200-pound senior will be backed up by Wayne Sanford, a 205-pound sophomore, who handled the kicking chores on punts last year.

All signs point to another tough game for the Salukis. Drake will be favored, having won three in a row compared to three consecutive losses for Southern. The Bulldogs also have the SCHOOL'S all-time passing record into the contest against the Bulldogs last year.

Phys Ed Club to Meet

The Men's Physical Education Club will meet at 9 a.m., today in Room 121 of the Arena.
John Landa is always the first to show up at football practice, and the last to leave. He has never appeared in a football game for Southern and he never will.

No, Landa isn’t a devoted coach or a true-blue fifth-string defensive back. He is the equipment manager for SIU’s football team.

During workouts Landa is busy fixing broken equipment, helping the team’s trainer, Robert Spackman, or just listening to the players’ complaints.

After the practice sessions are over and the players have made their way to the showers, Landa stays a few minutes behind to put the equipment away.

Game days are even busier for Landa. He must take all the equipment from the Arena to the road field. The equipment which is broken, and see that both teams are supplied with adequate supplies of ice water.

During the game Landa finds time to catch his breath — until a time-out is called. He then must sprint on to the field with a bucket of water and towels to refresh the weary players.

When the game has ended he must gather his equipment and take it back to the Arena in preparation for the next game.

"Home games are a map," says Landa, who also travels with the team on road games. "The road games are the hardest."

During those trips Landa spends most of his time loading and unloading equipment from the trucks, planes and buses.

For Landa, who is a junior majoring in engineering, being an equipment manager is a way to meet a time-consuming one that,

Minnesota Twins Tie Series; 'Mudcat Grant Blasts Homer

MINNEAPOLIS - ST. PAUL (AP)—Jim (Mudcat) Grant, pitching with only two days rest, squared the World Series for the Minnesota Twins Wednesday by hurling a one-hitter and belting a three—run homer in a 3-1 sixth-game victory over the Los Angeles Dodgers.

Grant's triumph, the Twins' third in three games at Metropolitan Stadium after losing three straight in Los Angeles, threw the Series into a decisive seventh game Thursday.

So far, it has been a home park series.

Bob Allison's two—run homer off Claude Osteen on the fourth gave the muscular Grant the margin he needed. Then he came up in the sixth with two on and blasted Howie Reed's first pitch into the left field stands.

A record crowd of 49,578 rose to a thunderous ovation to greet the Twins started out the Series with Lou Burdette this time. The Twins ran the Twins' starting pitcher in the fourth and had won the game.

The Twins started out the Series with Lou Burdette this time. The Twins ran the Twins' starting pitcher in the fourth and had won the game. He was erased on a holdover grounder in the fourth. The Twins trailed the Series 1-0 and had only one hit in four trips, ripped into Osteen's third pitch and drove it into the lower pavilion in left for the two—run homer that really won the ball game.

Grant, beaten Sunday in the fourth game when he was knocked out in the sixth inning, came back strong as though he had a month's rest. He had a no—hitter going until Ron Fairly opened the fifth with a single and then went for the plate.

Fairly's seventh inning home run ruined Grant's bid for a shutout, but the big hitter walked off the field stands.

The entire Twins' bench came out to greet the Twins’ third pitch and drove it into the lower pavilion in left for the two—run homer that really won the ball game.

First decision to the Minnesota sluggers after beating them six times. The crafty lefty had shut out the Twins in Los Angeles in the third game last Saturday—Aug. 4. The Twins started out making life miserable for Osteen in the very first inning while Zoile Versailles led off with a single. He was erased on a holdover grounder in the fourth. Allison, who had struck out one hit in 10 trips, ripped into Osteen’s third pitch and drove it into the lower pavilion in left for the two—run homer that really won the ball game.
