**Changed Driving Laws in Effect Today**

SIU motorists will have to alter some of their driving habits today as a result of new traffic regulations passed by the Illinois Legislature. Old driving laws were passed during the last session of the State Legislature.

The Illinois Bar Association has condemned some of the changes which the average diver will have to learn on Tuesday.

On the highway, outside of congested areas, signal intentions must be made at a turn for at least 200 feet before the turn.

The old rule was to give the signal at least 100 feet before making the turn. The 100-foot rule still applies to on-off turns.

Signal when leaving a parallel parked position.

Use the electric turn signal when leaving a parallel parked position on the right hand side of the road.

Dim headlights at 500 feet.

Previously, drivers were required to dim headlights when within 350 feet of a vehicle from the opposite direction.

The new law for headlights also states that drivers must dim their lights if there is another vehicle within 300 feet ahead traveling in the same direction.

Pushing is now illegal.

Drivers may push another car only in cases of extreme emergency and then only the road or from or any immediate danger.

Alcoholic beverages may be transported only in original packages with the seals unbroken.

It is unlawful to have any alcoholic liquors in containers that indicate use.

Yield to the right when a car is trying to pass on the left and don’t speed up.

All passing maneuvers must be completed on the left side of the vehicle being overtaken, except for specific cases when passing on the right is permitted.

There’s a limit to interior decorations. Religious or lodge statues not exceeding six inches in height and wearing apparel suspended behind the driver in a manner that will not obstruct his view are the only objects permitted.

Studded tires are permitted only for winter driving.

Previously, studded tires—those equipped with small metallic anti-skid devices imbedded in the rubber—were illegal in Illinois.

**Experimental Program**

SIU Students Start Training as Police

Four SIU students will begin training Monday for jobs on the Carbondale Police Department as radio-dispatchers and compliance officers, Chief Jack Hazel said.

Hazel said the training program will be from 20 to 40 hours.

The program will consist of a compliance report writing, recording in logs as required by the Federal Communications Commission, and briefing on procedures and routines.

The four entering the program are John A. Hudson, a senior from Mt. Carmel; John R. Huffman, a freshman from Carbondale; Bernard J. Peter, a senior from Mt. Carmel, and Albert M. Suguitan, a junior from Chicago.

"This program is in the experimental stage," Chief Hazel said. "I think we have some good men."

The hiring of students was being done in cooperation with the SIU Student Work Office.

Hazel said he hopes this new program will also serve as a liaison between the city police enforcement department and university students.

There are four openings for jobs for dispatchers.

**Vending Machine Servicemen End 11-Day Strike on Campus**

ARA vending machine drivers went back to work Friday after an 11-day strike. Area management personnel had been serving machines lacking some 300 on the SIU campus.

The International Brotherhood of Teamsters Local 347 was the bargaining agent.

The walkout was reportedly caused by the company’s laying off a driver who had refused to work on Saturday.

Police Check Out Narcotics Rumor

SIU Security Officer Thomas Gus Bode was called to check out a rumor that narcotics were just a rumor.

Local police said they received several calls inquiring about the rumor but believe the recent story telling of two SIU students being arrested in Mattoon had started the stories.

Carbondale manager Carl J. Runkel said contract terms were not available from the Carbondale ARA office.

**Grand Jury Gets Narcotics Cases**

The cases of two SIU students—a junior from Mt. Carmel and a senior from Mt. Carmel—and a car rental from Carbondale.

The two students were charged with violating federal narcotic laws and were booked by the Carbondale County Grand Jury, which meets at 9 a.m. Monday.

Charges against the trio include possession of dangerous drugs, violation of the narcotics act, and violation of the Hypodermic Syringe Needle Act.

Charges against Richard Green, 18, of Urbana; Miss Diane C. DeClercq, 20, of Kewanee; and, Miss Carolyn M. Ronzani, 25, of Chicago, Green and Miss DeClercq are currently enrolled at SIU and Miss Ronzani is a former student.

The preliminary hearing was held Friday at Charleston.

**White Sox Out; Tigers Postponed**

Phil Ortega pitched a 4-hit shutout to lead the Washington Senators over the Chicago White Sox, 1-0, and eliminate Chicago from the American League pennant race.

Washington’s only run, scored in the first, was unearned. The Detroit Tigers double-header with the California Angels was postponed because of bad weather.

At the same time Johnson said that dissent at home will not turn him from his course.

Johnson said that dissent at home will not turn him from his course.

In a major summary and defense of his position in Vietnam, Johnson claimed military progress for the Allied cause, cited leaders of Asian nations as backing the U.S. stand in the conflict, and appealed anew for peace talks.

But his conclusion bore down hard on what he termed Hanoi’s mistakes about the nature of domestic debate over the war.

The president’s speech was prepared for the National Legislative Conference here.

His message sounds not to mislead our enemy. Let him not think that debate and dissent will produce wavering and withdrawal. For they won’t.

"Let him not think that protest will produce surrender, because they won’t."

"Let him not think that protest will produce surrender, because they won’t."

"Let him not think that protest will produce surrender, because they won’t."

**LBJ Says Will Stop Bombing If Assured of ‘Productive’ Talks**

SAN ANTONIO, Tex. (AP)—President Johnson said Friday night he would stop bombing North Vietnam and meet with President Ho Chi Minh immediately if this would lead to "productive discussion."

But Johnson said Hanoi has not accepted any of this country’s proposals, and it is he who North Vietnam’s choice alone that the war continues.

In sum, Johnson noted, what he was saying to the nations of the world was that he would stop bombing North Vietnam and meet with President Ho Chi Minh immediately if this would lead to "productive discussion."

But Johnson said Hanoi has not accepted any of this country’s proposals, and it is he who North Vietnam’s choice alone that the war continues.

Upperclass Honors Program

In English Lists 19 Students

Nineteen SIU students are participating in the upperclass honors program in English this year. The program was started two years ago.

To qualify for honors, students must be second term juniors and have maintained "B" or better grade averages in English and overall University averages of "B" or above. An honors committee makes final selections following an oral examination. The reward for those chosen is specially tailored seminars and a reading course instead of the usual 12-hour sequence of English courses required of majors in the senior year. At graduation, those who finished with high grades receive "honors" citations on school records and letters of recommendation.

Richard Lawson, director of the program, said that seven coveted Woodrow Wilson Fellowships won by SIU students in the past two years, went to English honors participants.

Chile: Dry Country

In parts of northern Chile, rain falls for five or 10 successive years.

PRISON EMPLOYEES ENROLL.—Employees of the United States Penitentiary at Marion and Illinois State Penitentiary were the first correctional personnel to enroll in a new two-year associate degree program in corrections and law enforcement at the SIU Vocational-Technical Institute. Lt. Frank Deere of Vienna institution, standing, registers for 13 state prison guards with VTI Director M. Keith Hamblin and Chief Academic Adviser Harry Soderstrom, seated at end of table. The six Federal prison employees are, seated to left of Hamblin, Larry Crowe of Herrin and Don McSpadden and B.G. Stockwell of Marion and, seated to right of Soderstrom, Leslie Akins, Ed Hartmus and Jim Hollifield of Marion.

Working in Aerospace

SIU Grads Reassigned by USAF

Three SIU graduates, now serving in the U.S. Air Force, have received new assignments.

Major Frank D. Mayberry, a 1956 SIU graduate from McLeanboro, has been assigned to Wright-Patterson Air Force Base, Ohio, as a member of the Air Force Systems Command which manages USAF scientific and technical resources to develop new missiles, and aircraft. Mayberry recently graduated from the physiological training course at Brooks AFB, Tex.

Captain Joe E. Johnson, who previously served with the AFROTC detachment on campus, has been assigned to Clark Air Base in the Philippines.

Johnson, a native of Mt. Vernon, is assigned to a unit of the Pacific Air Forces, which provides tactical airpower supporting the U.S. and its allies in Southeast Asia and the Far East.

A 1967 graduate of Southern Illinois University, Second Lieutenant Richard G. Hasten is stationed at Clark Air Force Station, N.C., as a member of the Air Defense Command which provides aerospace defense against hostile aircraft and missiles.

Plan to Test Radar Device

Carbondale police will begin testing a radar speed detection unit next week according to Chief Jack Hazel. Hazel said the unit will be aimed at helping police study speed limits, learn speed patterns, and set effective speed controls.

In the past, he said, police cars stationed on certain streets in response to citizen complaints have been spotted by potential speeders.

The new unit will end this problem because it can be placed as far as 1,000 feet from the street.

The unit can track any moving vehicle and is equipped with a graph that charts rates of speed. It can be used either by the police car in which it is placed or in conjunction with a “chase” car, Chief Hazel said.

Hazel, who considers speeding a “serious problem” in Carbondale, said acquisition of the unit for testing was hastened by recent fatal auto accidents in the city.

On September 22, two SIU students were killed and one injured seriously when they were struck by a car on Wall Street.

Signs advising motorists of the presence of the radar unit will be posted at the city limits in accordance with state law, Hazel added.

Medical, Dental Society to Meet

The SIU Pre-medical Pre-dental Society will have its first meeting at 8 p.m. Tuesday in the Life Science Auditorium.

The society is formed to provide information, insight, assistance, association and fellowship in the various fields of medicine and dentistry.

Visiting Professor McLean to Help Start Religious Studies Program

Milton D. McLean, noted religious educator and former President of Lincoln College (Ill.), has been appointed visiting professor of philosophy at SIU and will serve as coordinator of a newly organized program of religious studies during its initial phases.

McLean retired this summer from the Ohio State University where he had directed the Religious Affairs Center for 12 years.

He spent the fall of 1965 as a visiting professor in sociology and consultant on religious studies at SIU, and helped conduct a three-day national Consultative Conference on Religious Studies in Tax-Supported Colleges and Universities.

The new program, offered in the College of Liberal Arts and Sciences, provides for a minor in religious studies. Embracing Biblical studies, Western and non-Western religious thought and designated courses in either history, English, philosophy, sociology or psychology, McLean has written or contributed to more than a hundred books on religion and education. He is the co-author of “The Teaching of Religion in State Universities”.

A native of Tracy, Minn., McLean holds degrees from Women of Menard to Help Start Religious Studies Program.

Six Adult Evening Courses

Openings remain in six adult evening courses being offered during the fall term at SIU on the Carbondale campus.

Persons interested may register and pay tuition and fees at the first class meeting, according to Assistant Dean Glenn E. Willis of the Division of Technical and Adult Education.

The six courses are:

1. Real Estate Law I, meeting from 7 to 9 p.m. Wednesdays for ten weeks beginning Oct. 3 in room A222 of the Technology Building. Tuition is $75 plus $8.93 for textbook.
2. Medical Self-Help, 7 to 9 p.m. Thursdays for seven weeks beginning Oct. 5 in room A44 of the Agriculture Building. Tuition is $5.60 plus 76 cents for textbook.
3. Basic Art: Form and Color, 7 to 10 p.m. Thursdays for ten weeks beginning Oct. 5 in room A109 of University School, tuition $12.
4. Driver Improvement, 7 to 9 p.m. Tuesdays for four weeks beginning Oct. 3 in room A222 of the Technology Building, $100 materials fee, Business Correspondence, 7 to 9 p.m. Thursdays for ten weeks beginning Oct. 5 in room A308 of the Technology Building, tuition $8 plus $4.20 for textbook.
5. Keys to Good English, 7 to 10 p.m. Tuesdays for ten weeks beginning Oct. 5 in room A310 of the Technology Building, tuition $5 plus $1.58 for textbook.

Fire Truck Purchased For New SIU Station

A new fire truck valued at $38,000 has been purchased by SIU.

Shawnee Library Destroyed Friday; Loss $1/3 Million

The building which housed the Shawnee Regional Library in Marion was destroyed by fire early yesterday morning, destroying 26,300 to 25,000 books.

The library, which serves 18 counties, was moved from SIU last June.

Estimated loss is listed as between $275,000 to $350,000. The loss to the library system was estimated by Director James Ubel as being between $100,000 and $200,000.

Plans for a new building have been approved for construction west of Carterville.

False Alarm

A false alarm was reported at noon yesterday at the Holdenville Fire Department, Hospital 512, at noon yesterday at the Holdenville Hospital.

Accidently set for the city fire department, the alarm was estimated to be completed in November.

The new fire station will be located on U.S. 51, adjoining the coal storage yard at the SIU stream generating plant. The 55 by 44-foot structure could house two trucks, but present plans call for only the one pump.

The SIU fire station will service the University area as well as assist the Carbondale Fire Department.

At present, the University fire truck is being housed at Carbondale's number two station on Oakland Avenue.

Drew Pearson to Address Convocations

Drew Pearson, noted columnist and author, will address University Convocation Thursday in Shryock Auditorium.

Pearson, born in Evanston, Ill., has been an active figure in American journalism as well as in politics. In 1922 he interviewed "Europe's Twentieth Century". He was a member of the U.S. military and has been a member of the International Olympic Committee.

According to a spokesman, a false alarm was reported by the University fire department.

"Have a cook-out without charcoal!"

Here's an idea for a "cook-out without charcoal"! Just drive in at the nearest McDonald's Golden Arches, and there you are! Super-fast "carryout" service, and a girt-edge value that lets you take home a complete meal—McDonald's hamburger, french fries, and a shake—for about fifty-eight cents per person! No fuss. No muss. And a McDonald's meal is a whole lot easier to clean up after than a wicker butter plate!

This coupon, plus just $2.00, will thank Mom and Dad five days a week.
Every time Saluki ends John Fernence and Jim Massey catch a pass today against Lincoln in McAndrew Stadium they will be enjoying school records for receptions.

Both receivers own one all-time SJU mark, Fernence for most career catches (he's tied with Jim Battle — 85), and Massey for most yardage gained through receptions — 1,245.

Ference has gained 1,033 yards with his receptions and Massey's record total yardage was on 73 catches. So each has a chance of overtaking the other before season's end.

Lincoln Coach Dwight Reed said late in the week, "We don't have a kicker or a passer who has been tried under pressure." But Reed does have his leading rusher and his leading scorer back from last year's squad, Willie Lewis, a 196-pound right halfback, was the top Tiger rusher in 1966 with 92 carries for 413 yards, a 4.4 average.

His running mate, left half Homer Cavite, a 185-pounder, was the leading Lincoln scorer last fall, he racked up 26 points.

This Tiger duo hasn't been quite as productive this year. Lincoln hasn't appeared on the scoreboard in its two losses, 13–0 to Morrisdale and 27–0 to Arkansas AM&N.

One of Reed's top problems is at quarterback, where Ronald Stuart is the only returning letterman. And, according to the Tiger mentor, "he played just enough to better last year."

Lincoln's ranks were practically demolished by academic losses before the season started and the Tigers are just now beginning to recover from the loss of seven starters.

Their offensive lineup will look like this today: ends — Jim Kitchener, 200-pounds, and Joe Berryman, 170, tackles — Aaron Martin, 205, and Oliver Holt, 250; guards — Harry Burnett, 240, and James Sullivan, 240; center — Melvin Cross, 220; quarterback — Stuart, 170; halfbacks — Lewis and Cavite; and fullback — Charles Belden, 180.

On offense Southern will start — end — Ference, 211, and Massey, 195; tackles — Bob Hudspeth, 275, and Isaac Brigman, 238; guards — Rich Joyce, 210, and Bill Sanders, 203; center — MIke Barry, 214; quarterback — Barry Stine, 201; halfback — Roger Kuba, 206, and Charles Pemberton, 179; and fullback — Doug Holsinger, 166.

Game time is 1:30 p.m.

Frazier Bench by Pulled Ligament

Walt Frazier, former Saluki basketball star who was the top draft choice of the New York Knicks, passed away last month in a hospital in Caviate, a suburb of Rome.

Frazier had been hospitalised in a Rome hospital earlier this month with a pulled ligament in his ankle.

He had been expected to return to the court in a week, but had to be ruled out for another two weeks.

Frazier was a prolific scorer for the Knicks, averaging 24.7 points per game in his six-year career.

He also won the NBA Most Valuable Player award in 1970.

Griffith Wins Title Decision

NEW YORK (AP) — Emilie Griffith, fighting with the desperation of a scorned_ex­_champion, ended the five­_month reign of Italy's Nino Benvenuti as world middle­_weight king Friday and won a majority decision in an 18­_round title match at Shea Sta­_dium.

Snatching back the title he had lost last April 17 in a tremendous upset, Griffith used a solid left jab and a body attack to even matters with the blood stained Italian, who bled from the nose throughout the bitterly fought match.

Managers' Meeting Scheduled Monday

Managers of flag football teams are to meet at 4:50 p.m. Monday rather than Tuesday, as previously re­_ported. The meeting will be held in Davis Auditorium of the Wham Education Build­_ing.
