Race, Religion Theme Set

"Race and Religion" is the general theme of the annual Religion-in-Life Week slated for Sunday through next Friday at SIU, according to an Inter-Faith Council spokesman.

The Inter-Faith Council, composed of representatives of religious foundations, centers or clubs clustered around the campus, is sponsoring the religious emphasis week.

Keynote speaker will be the Rev. John Le Beau of Indianapolis. A member of the Society of the Divine Word, he will present a public lecture at 9 p.m., Wednesday in the Morris Library Auditorium. The Rev. Mr. Le Beau will also appear at the 10 a.m., Thursday breakfast convention.

During the Religion-in-Life Week observances, various student denominational organizations will present programs dealing with "Race and Religion." Most are scheduled for the Morantz Library Auditorium.

Sunday a panel on "The Church, and State Relations" will be presented immediately following a 6 p.m., dinner at the Carnegie House. The Baptist Student Union is sponsoring the Rev. W. O. Vassort of Little Rock, Ark., who will speak on "From Little Rock to Birmingham." Mr. Vassort's 7 p.m., Monday lecture in the library auditorium is sponsored by Inter-Yarnity Christian Fellowship will introduce the Rev. D. John, director of Bureau of Commerce Placement director at the university.

EXTREME ON EXTREMISTS -- Gordon Hall talks with students immediately following yesterdays conversations at which he urged students to "shun the extremists" and join the political normalcy; the local, feasible middle-of-the-road. (Photo by Ric Cox)

Extremists in Focus

Better Ideas Are Answer to Propaganda, Hall Says

"The only way to beat the problem of the political extemist is to defeat them with bigger and better ideas," Gordon Hall told yesterdays' convocation audience.

In a speech on the "Extremist Groups in America," the mild-mannered "Battler Against Bigotry" urged students to concern themselves with the serious and mounting problems confronting the country; the activities of nine million political extremists.

"I urge you to shun the extremists until you have gained a frame of reference with which to judge these organizations," he continued. "Only then will you realize that both extremes are important."

The extremists appeal especially to college students, he said, because these students often discover America only after their arrival on the campus.

For the first time, the college student begins to realize the problems facing his country, and the extremist groups -- especially the extreme leftists -- seem to be the only ones doing anything about the problems.

He quoted Herbert Hoover as saying both extremes "have become a national disgrace" and referred to several incidents of extremism.

Hall, a free-lance writer, researcher and consultant in the field of international relations, became interested in the problem of bigotry and propaganda while touring with a basketball team in the special services during World War II.

He had on display examples of current propaganda material and offered to mail such literature to students who send him a written request.

He explained that he has so much material because he collects it everywhere he goes. "I figure the more I collect, the more they have to distribute," he said.

Chicago Teachers College Will Play Here Saturday

Missouri Miners put a scare into Southern's basketball team last night, but it didn't last long as the Miners dropped a repeat performance to blast the Miners again 110-72 at Rolla.

The Miners seemed like a completely different team from the one that was swamped by the Salukis here last week 103-39 but with 14 minutes gone in the first half, co-captain Joe Ramsey pumped through three long jumpers at 23-23 and the Salukis coasted from there.

The Miners jumped out in front of the Salukis early as Bally and Brian Howard hit on long shoes.

Christian Rally Set for Sunday

An all-campus youth rally will be held at the Baptist Foundation at 8:45 p.m. Sunday, immediately following the scheduled "Race and Religion" program. (Continued on Page 5)

The Salukis had help from their bench as Rundy Goin and Dave Lee, who was replaced in the starting lineup by Eldon Bingham, hit for 10 and 19 points respectively. Lee paced the Saluki scoring as he hit for 19--all in a reserve role. Ramsey failed to comment as to why he started Bingham instead of Lee in the starting lineup.

Ramsey followed Lee in the scoring column with 18 points, Henry and Duane Waring both added 14 points as the Miners were more aggressive against the Miners as he led the Salukis off the boards with 11 rebounds.

The Miners had a well balanced attack around as, six players hit in double figures. GeorgeMcNeill, who came back to the lineup after missing four games with a back injury, didn't seem to be hampered by the long layoff as he hit for 11 points.

Farber took scoring honors for the second time and for the second time saved the Miners some face as he racked up 22 points. Larry Howard was the Miners second leading scorer for the second time against the Salukis as he forward hit on 9 baskets and two free throws for 20 points.

Student President Urges Better Health Facilities

Student President Dick Moore called for improved medical facilities at Southern in his annual State of the Campus message last night.

"Medical services are six years behind the University," Moore told members of the Student Council, meeting in the University Center ballroom.

He said that the matter of improved medical facilities will be put to a student vote on Jan. 29 when students will be asked whether or not they would support an increase in activity fees to pay for a new medical center building.

He said that the matter had received considerable support. He expressed a belief that a vote would be favorable for the new medical building.

In other points of his speech, Moore, as he complimented the Daily Egyptian on its recent improvement in content and format. But he expressed a belief that a vaccine still will be needed after it is fully approved.

Two pledged renewed support of the SIU Closed Circuit Radio. The original bill was the most recent of the Public Information Committee by the University Council meeting Jan. 11, in Edwardsville.

THE BELL TELEPHONE COMPANIES

SALUTE: TOM BENSON

When Tom Benson (BS, Engineering, 1956) joined Michigan Bell in 1960, he was asked to put a new method of handling telephone repair assignments into operation in his Detroit Plant District.

So expertly did Tom prove out the new method, his company sent him throughout the Division and promoted Tom to Staff Service Supervisor.

On his new job, Tom introduced a new cost results plan to the field force. Another success, another promotion!... this time to Supervising Foreman. Now Tom is responsible for installation results in the entire Wyandotte District with 50 installers and five supervisors reporting to him.

Tom Benson, like many young engineers, is impatient to make things happen for his company and himself. There are few places where such restless energy is more welcome, or rewarded than in the fast-growing telephone business.

No doubt there was a general feeling of dismay when the news broke that the Builders' Four would not appear in Shryock on January 18, 1964. The major disaster was turned into a major triumph by the appearance of the leader of the Builders' Four, Joseph White. It is easy to see why Joseph White is one of the country's leading folk singers. He combines the rare gift of musician and showman, Strumming his banjo, he is both entertaining and abandoning. White took his audience with vividness by employing a wide variety of folk songs. His selections ranged through English, Scotch, Australian, and American. White sold each song on its own merits. His singing is characterized by abruptness and change in vocal quality, rhythm, and volume.

The most surprising feature of Mr. White's concert was his colorful handling of the guitar. It frequently became a solo voice on its own, completely holding the audience while appearing the man. In truth, his guitar playing is so natural that it is difficult to extract from the song itself in some cases, as one is drawn into the community of the guitar-playing.

On the whole, Josh White treated his audience to an entertaining display of wit, good-natured, delightful singing, and breath-taking mastery over his instrument.

The first objective is to achieve "Combination." The Egyptian is essentially extra-curricular. It is a laboratory course required of journalism classes. Particular courses that contribute to and maintain this newswriting and reporting the newspaper are supplementary to the general campus and provide the general campus with a greater variety of content in its daily newspaper.

Saluki Swimmers Will Meet Cincinnati Team Saturday

Cincinnati, the Missouri Valley Conference's defending swimming champions, will provide the opposition for Southern tomorrow afternoon at 2 when the Salukis make their first dual meet appearance of the season at home. Coach Ralph Casey's squad, which scored a one-sided 65-28 win over defending NAIA champion North Central College last week, will be seeking its first win over the Bearcats since 1961.

Two years ago, on Cincy's last trip here, the visitors won the final relay race to gain a narrow victory and last year they edged the Salukis 48-47. Both are anticipating strong clubs again this year and the meet could be the finest of the season as the Salukis will rely on veterans Ted Petras, captain Jack Schits, and Darrell Green and sophomores Thom McMeeney, and Dave Winfield, to snap the Bearcats' skin.

Salukis Look to 20th Victory
In Iowa Gymnastics Meet

Iowa State will probably become the 20th victim in a row for Southern's gymnastics team as the Salukis travel to Ames tomorrow to take on the Cyclones.

The Cyclones are figuring on their best squad in the short three year history of the program at the Ames campus, as seven lettermen return from last year's 2-4 club.

The Cyclones finished third in last year's Big Eight Conference and are hosting the conference's championships this year.

Jim Selby is the standout performer for the Iowans as he finished sixth in the trampoline competition in last year's National Collegiate Athletic Association championships at Pittsburgh, Selby will have a comparatively easy time on the tramp tomorrow as SU's only hopeful entry in that event is sophomore John Probeck.

17 Leagues in First-Place Tie
In Fourth Week of Intramurals

Numerous battles for first place are being waged up as the intramural basketball season enters its fourth week.

There are now first-place ties in 17 basketball leagues. Following is the list of first-place teams by league, as of Jan. 8:

Fraternity - Delta Chi 1-0, KTE 1-0.

Men's Residence Hall N. 1, Bailey Bombers 2-0, S.A. Road Runners 1-0, Pele's 3-1-0.

MRH No. 2 - Abbott First 2-0, G'Da's of 113 1-0, Warren Warriors 1-0.

MRH No. 3 - Five Fifths 1-0.

MRH No. 5 - Warren Rebels 1-0.

Off-Campus No. 1 - Bearers 1-0, Wolf Pack 1-0, Better Finger 3-1-0.

O.C. No. 2 - Alta-Phillida Geys 2-0.

O.C. No. 3 - Stage 1-0.

O.C. No. 4 - Unknowns 2-0.

Hustlers 2-0.

O.C. No. 5 - Animals 2-0.

O.C. No. 6 - Wheeler Dealers 2-0, Springfield Cape 2-0.

O.C. No. 7 - Taurus Terrors 2-0, Zero's 1-0.

O.C. No. 8 - ROTC No. 2 1-0, Teens 1-0, Demonic Members 1-0.

Coach Bill Meade is probably willing to give up a few points on the trampoline but he most likely will have little trouble in the other six events.

Captain Ken Wiggers give the Cyclones some strength on the high bar and parallel bars along with returnees Bob Stewart and Dave Block.

Dick Daley and Larry Hatfield are the Cyclones strongest performers in free exercise. Daley is also Iowa State's leading tumbler, Dick Minser, while only a sophomore, is in the Cyclones all-around performer.

Rusty Mitchell will lead the Salukis against the Cyclones and should be the favorite to take free exercise, parallel bars and tumbling.

Bill and Denny Wolf will challenge teammate Chuck Ehrlich on the rings and Steve Pasternak should be about ready to take Mitchell in the side horse competition.

Lacking Manual for Class, Professor Writes His Own

A SIU chemistry professor, plagued by the need for a comprehensive laboratory manual for one of his courses, has found a practical solution.

He wrote his own, George E. Brown, serving his second year on the SIU faculty, prepared a 42-page booklet for use by second-term chemistry students enrolled in the University's General Studies Program. The booklet was tried previously in mimeographed form and found to be successful.

Titled "Energy and Particles III," the publication was printed by the University Printing Service and may be bought by students in the campus book store at cost, 33 cents a copy.

The manual covers such topics as atomic theory, behavior of gases, electronic configuration, ionization energies and more than a dozen others.
