**Grand Avenue Closed for 30 Days**

**Rush-Hour Traffic Snarled; New Routes to Ease Flow**

Through traffic on West Grand Avenue will be prohibited for at least 30 days, according to Stanley Thier, associate university architect. Thier said Grand is dug up to make way for a project that promises to permit installation of a sewer in connection with the new reciprocal joint municipal street project just northwest of the Life Science Center.

"Weather permitting the job should be completed in about 30 days," Thier said.

West Grand is open on the east side of Memhard Library parking lot and on the west as far as a campus drive, he said.

The roadblock on Grand put a major strain on narrow Mill Street at the morning and evening rush hours, causing some frustrated motorists to be late for work and classes Thursday morning.

Officials said they hope the traffic pattern will smooth out just as soon as drivers get used to taking a slightly different route to the campus.

Meanwhile, the Carbondale City Council has granted a request by the SIU Security Office to change the traffic sign and change stop signs at two intersections.

A slow sign or intersection sign is to be placed on the west side of Fisc Mill Street, east of South Lake Street, and four-way stop signs will be installed at the center of West Grand and Campus Drive, The intersection is now a two-way stop.

Four-way stop signs will be put up at the corner of West Grand and South Forest. The intersection is now a four-way stop.

SIU will provide the signs and the labor.

Closed Preferential Primary? Illinois to Have One April 14

Primary elections will be held in Illinois on April 14. What is a primary, how does it work, and what is its purpose? These are questions that may puzzle the uninitiated voter.

Illinois has a closed, pre­ferential primary at which voters nominate political party candidates and elect party committeemen. The election is referred to as "closed" because a voter must first declare his party affiliation before getting his ballot and may vote for candidates from only one party.

DAILY EGYPTIAN

All candidates seeking office will be nominated at the polls April 14, except presidential candidates, trustees of the University of Illinois, school board directors and township officials using the caucus nomination, and boards of education who nominate by petition.

All party committees, including precinct, ward, township, state central and representative district, are elected at the primary.

Delegates and alternates to the national nominating con­ventions are elected in each congressional district at this primary, but delegates and alternates-at-large are chosen later by the state party conventions.

Since this is a presidential election year, the voter may express his preference for president. This is only an advisory vote and is in no way binding on delegates to the national convention.

Memory of Hectic Life

Coeds Who Can't Keep Dorm Tidy Insist They'll Make Good Wives

Behind nearly every so-phisticated SIU coed there probably lies a bea-tiful story of work, clothes, dirty dishes, an un-mended bed and the memory of a hectic life.

Many girls now in school claim they are looking for mates, but are they learning enough about homemaking while in school? Does dorm life help prepare a girl for successful marriage?

Take life in bustling Woody Hall, for example. A few confessions from residents might make the male a bit wary.

"When I iron a blouse, I iron only the part that's going to show," comments Effie McKinley.

Another coed noted that she used to iron everything, including sheets and pillow-cases, but "not now!"

Still another misses claims she washes clothes every other week but hasn't ironed once this quarter.

"When I was at home, I didn't even know how to use a washer. When I came here, I broke one," a per-sophomore sadly recalled.

Befuddled by the complexities of a washer and dryer, another Woody Hall resident recalls:

Jews Begin Passover Tonight;
Marks Exodus From Egypt

Exodus of the Jews from Egypt. Passover is the annual feast of the Jews, which according to Exodus XIII commemorates the sparing of the Jews when God, killing the first born in Egypt, "passed over" the houses of the Israelites, who has marked their doors with the blood of a lamb.

Celebration begins on the 14th day of the Hebrew month Nisan, and it includes the eight days following. During this time only unleavened bread may be eaten.

"Seder," which means order in Hebrew, is a feast. Much of the food eaten at a Seder has symbolic implications. Horseradish stands for the bitter herbs the Jews were forced to eat during hard times; a mixture of apples, nuts, wine and cinnamon is comparable to the clay used to make bricks when the Jews were slaves of the Egyptians; salt water is placed on the table and it represents the tears of the Jews in bondage.

During the dinner Jewish children ask questions of their elders. The Questions have a definite order. They ask, "Why do we have Passover and the answer is given, according to Exodus.

As part of the holiday tradition, a Seder supper will be held at 6:30 p.m. at Temple Beth Jacob on Rt. 2, Carbondale.
Senator Rights Bill To Bypass Committee

WASHINGTON -- The Senate has defeated an attempt to adjourn the civil rights bill to its Judiciary Committee. The referral motion, offered by Sen. Wayne Morse, D-Ore., was killed Thursday on a motion by Democratic Leader Mike Mansfield of Montana.

The roll call vote was 50 to 34.

The vote represented an important victory for the bipartisan group supporting the bill. It was viewed as the first real test of strength on the legislation.

Earlier in the day, the Senate had voted 67-17, on the 17th day of debate, to take up the House-passed bill formally for consideration.

With these two tests out of the way, the Senate planned to recess quickly for a brief Easter holiday before beginning debate on provisions of the bill itself Monday. That means the start of a Southern filibuster that might last for months.

Morse argued that Judiciary Committee consideration of the bill could well improve its chances for final passage.

Senators opposing Morse's motion said it would only lead to further delay. Morse drew backing from Sen. Barry Goldwater, R-Ariz., who charged the bill a "revolutionary measure" and accused senators voting against it of "massive pressure."

The Senate went on to consider two more filibusters in contempt of orderly process, for the voice vote of the whole Senate, Goldwater said. "We cannot, in sum, enact bad law."

Tanker Explosion Fatal to Crewman

PORTSMOUTH, Va. -- An explosion ripped through the American tanker Jan Jacinto off the Virginia coast Thursday, leaving one crew member dead and the two sections of the ship wallowing helplessly in 3 to 10 foot swells.

The master of the stricken vessel, Harold J. Titus, who remained aboard the bobbing stern with 33 of the 37 crew members, radioed that all survivors were well.

Two of the San Jacinto's crew members were aboard the tanker Mobile Pegasus to carry their ship's papers to safety and it was one of these - a steward, M. Dotilla - who died, apparently of natural causes.

Four Men Indicted In Rail Bombings

MIAMI, Fla. -- A federal grand jury has indicted four former Florida East Coast Railway employees on charges that they conspired to "dismantle, disable and wreck" trains of the strike-bound railroad.

All four men, the last of whom was arrested Wednesday, are charged on two counts of conspiracy and with actually plotting to dismantle a train.

Dates of the alleged conspiracy are given in the indictments as "from Feb. 1, 1961 to the present." Five FEC trains have been blown off the tracks since Feb. 1.

The indictments were returned, the Miami News reported that dynamite found loaded in the FEC tracks near Vero Beach March 12 was part of 500 pounds seized from the Horace Company near Homestead the weekend of Feb. 1-3.

Laten to be arrested in the case by FBI agents was John Konzak, 41, a part-time College student, father of four, and the secretary of Local 555 of the Brotherhood of Railroad Carmen.

The Pahst auto and one driven by Mrs. Carol Clement collided at the intersection of Route 13 and Emma Drive. Pahst was given a ticket for failure to yield the right of way at a stop sign.

Ire Leads to Fire; Student to Retire
Paul Kunatz, 19-year-old sophomore from La Grange Park, has been suspended from the University through the spring quarter on a charge of underage drinking and starting a fire at the Tau Kappa Epsilon house.

The Office of Student Affairs said that Kunatz, a member of the social fraternity, became angry March 10 when a group of students looked themselves in a study room and refused him admittance.

The student affairs spokesman said Kunatz poured lighter fluid under the door and set it afire. The flames spread to a couch inside the room.

According to the report, the students inside the room had removed the doorstop to keep Kunatz out. They found they could not leave the room.

As the room filled with smoke, the students broke a window and brought a fire extinguisher in. The fire did small property damage.
