The ninth annual summer theater series at SIU will open Wednesday at 8 p.m. in the Southern Playhouse.
The season will be started with Ferenc Molnar's "The Guardsman," in which Alfred Lunt and Lynn Fontanne first achieved fame as an acting team.
It will be the first of five international comedies and dramas in the series, which will have a five-day run opening every Wednesday in the air-conditioned Playhouse.
The 1963 summer company includes graduate and undergraduate students from New York to California. The company was selected from applications received from all over the United States and will form the casts and crews for all five productions.

Southern's Budget
Sent To Kerner
For Signature
The Illinois House of Representatives passed the budget Wednesday and sent it on to the governor, who had previously passed the Senate earlier.
Kerner is expected to sign it into law as early as this Friday, according to the Associated Press.
The $56.3 million figure represents a $6.9 million reduction from the original request for $63.2 million SIU had asked for the next two years.
The $6.9 million slice was made by the state Board of Higher Education when it reviewed budget requests from SIU and other state schools earlier.
In trimming the SIU budget before sending it on to the state legislature, the higher education board sliced a $4,633,936 request for salary increases to $3,362,285.
It also trimmed $1.2 million from the university's building funds, $644,000 for physical plant and library personnel, $320,000 to hire new staff to reduce teaching overload, $500,000 for improvements in the program, $335,000 for deficiences and price increases, $393,900 for area services and $941,797 for year-round operation.
Jobs For Blind
Discussed Here
Developing employment opportunities for blind persons in competitive occupations will be the subject of a five-week training program beginning Monday at SIU.

Suggested Federal Fund For Work Aid

Federal legislation to provide funds for college student employment on a part-time basis has been proposed to congress by the director of the Student Work Program at SIU.

Frank C. Adams, recently selected to head a special House Subcommittee on Education in Washington, D.C., spoke for the Midwest Association of University Student Employment Directors.

He reported that eight schools affiliated with the association employ more than 32,000 students on-campus at an annual cost of $21,086,000.
He noted that total funds for such student work is significant when compared to the $93,000,000 allocated by the National Defense Loan Administration, distributed throughout the United States.

"Student employees in these specific schools earn an average of $650 annually, which amounts to a substantial contribution to the cost of their higher education," Adams said.

Adams' statement was at a hearing on House Bill 3000, now under consideration. It is designed to improve the educational abilities and opportunities throughout the country. His recommendations for a national work program were first introduced in the June issue of the Journal of College Student Personnel.

Trustees To Meet

The June meeting of the Southern Illinois University Board of Trustees will be held June 28 on the Carbondale campus according to information from the president's office.

Citizens Of Edwardsville To Visit Campus Sunday

A party of 39 citizens of Edwardsville, their mayor, city planners and aldermen plan to visit the Carbondale campus of SIU Sunday to advance their thinking on the future of their own SIU campus.

President and Mrs. Delyte W. Montgomery will greet the visitors, who were selected by the SIU architect, Charles M. Pulley.
Mayor and Mrs. D. Blaine Miller of Carbondale have been asked to join the party, according to an executive aide.

The Rev. Roy Green: New Face Will Fill Pulpit at Church of Good Shepherd

A new face will fill the pulpit at the Church of Good Shepherd beginning Sunday. The Rev. Roy Green, spring graduate of Eden Theological Seminary, Webster Groves, Mo., will officially take over the pastorate of the church on that date.

The Rev. Mr. Griebel replaces the Rev. Carl F. Beyer who resigned in February to accept the pastorate at St. John’s United Church of Christ in Jackson, Mich.

A former high school teacher, the Rev. Mr. Griebel is a native of Mascoutah, Ill., having attended an institution in the high school there for 21 years. In Mascoutah he had been active in the Boys’ State and church work for a number of years.

The Rev. Mr. Griebel was graduated from McKendree College, Lebanon, Ill., with an A.B. degree in 1949, and an M.A. degree from the University of Illinois in 1954. In 1960, he decided to prepare for the ministry.

“it had always been interested in the ministry,” he said, “I decided this was the time to make the career change.”

Ordination ceremonies for the Rev. Mr. Griebel were held on June 6 in his home church in Mascoutah. He was graduated with the B.D. degree from Eden on this occasion.

At Eden Theological Seminary, the Rev. Mr. Griebel was the president of his class and worked for two years as an assistant in the seminary library.

Although the Carbondale church is his first pastorate, minstry work is not new to the Rev. Mr. Griebel. During his seminary years he served as student assistant pastor at St. Peter Evangelical and Reformed Church, Granite City, and teacher in the University Church, Belleville, Ill., Hope United Church, St. Louis, Mo., and De Soto United Church, De Soto, Mo.

The Rev. Mr. Griebel, his wife, Frances, and daughter, Juanita, are at home at 50 Orchard Drive in Carbondale.

A son, Gerald, is spending this summer as a counselor at a Boy Scout camp in Carlyle, Ill.

New Pope Blesses Throng in St. Peter’s Square

VATICAN CITY

The New Pope of the Roman Catholic Church stepped onto a sunlit balcony high above St. Peter’s Square yesterday to give his first blessing to a roaring sea of over 100,000 rejoicing persons spread before him as far as he could see.

Pope Paul VI - Giovanni Battista Cardinal Montini - stepped forward the crowd and gave his blessing just an hour after a white smoke signal announced his election.

During that hour a crowd of 10,000 had stood for hours in broiling sun for the reward of seeing the first puffs of smoke from the Sistine Chapel emonstracker.

Two eyes focused on the dull gray ball floating above the square. There was no motion behind the white-curtained glass doors.

At last they opened and the crowd roared. Alfredo Cardinal Ottaviani, senior cardinal and assistant stepped forward with attendants at his side. It was 48 minutes since the white smoke had appeared.

“annouce to you tidings of great joy. We have a Pope.” At the Latin word “Papa” pope - the crowd unleashed its jubilation. The deafening tumult drowned out the start of the Rev. Mr. Griebel. During Great busting noises went from lips in the square. The cardinal paused, then continued.

He named Montini but his voice sank, followed with tension, and he had to repeat it. Cries of “Montini!” came from the teeming throng.

Cardinal Ottaviani, his hands raised as if for attention, then pronounced: “He has chosen to reign under the name Paul VI.” “Viva Paolo!” roared the crowd.

The Pope of just one hour then stepped onto a wooden stand, his hands folded in front of him as though in prayer. For minutes he stood still while about 100,000 voices shouted in exultation and hundreds of只需要women. At last, Pope Paul VI chanted the ritual of with blessing, then raised his right hand slowly and said in a clear voice: “Deus la evi the name in the of the Father, and of the Son, and of the Holy Ghost.”

WASHINGTON

Senate Democratic leaders met opposition Friday in their efforts to enlist the support of 50 senators for President Kennedy’s civil rights bill.

Forecast A Long, Hot Summer

The list of co-sponsors reached 43 Friday amid indication that Humphrey of Minnesota, assistant Democratic leader, could add 10 or 15 senators to Kennedy’s far-reaching proposals.

SPRINGFIELD

A Republican proposal for re-establishing the line of state lines in the county was approved Friday by an 8-1 vote of the House. The bill received the minimum number of votes needed for passage, with all Republicans supporting it and all Demo­crats opposing it.

Final passage is expected in the GOP-controlled Senate. Democrats assailed the bill as “shameful and unconstitu­tional” and said they hoped Gov. Otto Kerner would veto it if it clears the legislature.

Los Angeles

Sen. Barry Goldwater of Arizona said a proposal of establishing a provi­sional Cuban government on the American-held Guaman­ islands was a “cost of establishing a free Cuban outpost directed toward the eventual liberation” of Cuba from the Castro regime.

LONDON

Prime Minister Harold Macmillan Friday ordered a new inquiry into Britain’s security services in the wake of the Portu­mou scandal.

He announced an in­vestigation by judges, head­ed by one of the nation’s senior legal officials, Mac­millan ordered the inquiry after consulting with Labour Party chief Harold Wilson, but it was not the type of inquiry Wilson wanted and was subject to will and probability attack.

Midnight Tide Of Revered Workers Keeps All In Order While Students Stilled In Stately Slumber

A night attendant at the physical plant works on a huge coal stoker. The boiler sends off steam for heating in the winter and cooling in the summer.

A campus police officer on patrol makes periodic inspection on every building.

Graduate students engaged in their research projects are often seen in physical science labs, late at night.

Before closing up, the custodian makes a thorough inspection of the building.

WASHINGTON - Rep. Paul G. Rogers (D-Fla.) said yesterday he had been advised more than 3,000 invaders have landed in Cuba.

Rogers' office said it could not disclose the source of the information. "We can only say that they have proved very reliable in the past," said Robert Smith, an assistant to the Florida congressman.

The Cuban Revolutionary Council, announcing in Miami that some of its commando forces had infiltrated Cuba, gave no number. Other exile sources in Miami estimated that about 500 men had gone ashore.

LONDON - The House of Commons convicted John A. Profumo of "grave contempt" for lying in Parliament about his sex life with Christine Keeler.

Commons adopted without dissent a motion offered by Conservative party leader Ian McLeod, which resolved:

"That Mr. John Profumo in making a personal statement to this House on March 22, 1963, which contained words which he later admitted not to be true, was guilty of a grave contempt of this House."

The action spelled political doom for Profumo, ex-member and ex-war minister. He now is occupied further with Scotland Yard as a witness in a multiple inquiry into vice, narcotics, perhaps blackmail, and equally sordid phases of high life in high places.

WASHINGTON - President Kennedy's four-country tour of Western Europe will include a new conference, a major address, and two stops at the Berlin wall, the White House announced Tuesday.

The President will leave Andrews Air Force Base, Md., at 9:30 p.m. today and fly nonstop to West Germany. The White House announcement also indicated Kennedy intends to go ahead with plans to visit Italy despite the latest government crisis in that country.

WASHINGTON - The civil rights question's focus was shifted to Congress Wednesday, with President Kennedy's legislative recommendations for new federal action.

This set the stage for an expected congressional battle over the rights in nearly a century, included the following:

Bar racial discrimination by hotels, restaurants, theaters, stores, and sports arenas; add $40 million to next year's budget to broaden existing and proposed federal programs aimed at training and developing manpower; authorize the attorney general to start federal court suits to force desegregation of public schools and colleges when students have been "denied equal protection of the laws".

Create a federal community relations service to work with local bi-racial human relations committees; and enact a law making it clear that the federal government is not required to furnish an kind of financial assistance to an apartment or activity in which racial discrimination occurs.

The President called on all members of Congress to get rid of "sectious and sectional political ties" as he termed a time of national crisis.

The spent the balance of Wednesday in a medical center for examination to determine the effect of their prolonged days of flight in a state of weightlessness, according to the Soviet news agency Tass.

LONDON - A spokesman for Actress Elizabeth Taylor confirmed today that she plans to marry Actor Richard Burton.

Her secretary, Richard Hanley, said he did not know when the wedding would take place.

Miss Taylor, 31, and Burton, 37, are still married, she American Singer Eddie Fisher and Burton of Sybil Williams Burton.

ROME - Premier-designate Aldo Moro abandoned efforts Tuesday to form a new center-left government.

The action plunged Italy into a deepening political crisis less than two weeks before a scheduled visit by President Kennedy.

Italy has been coasting along under caretaker government of Christian Democrat Amintore Fanfani since parliamentary elections were called in February. In that time almost no government action has been taken.

GENEVA - The Soviet Union formally agreed Thursday to set up a "hot line" teletype circuit between Moscow and Washington so that President Kennedy can keep in instant touch with his White House counselors.

Its aim is to prevent "accidental war."

The United States approved the plan immediately after it was announced June 4, but the Soviet Union held off. Informed sources said the Kremlin did not want the agreement signed by Soviet and American diplomats who are primarily delegates to the deadlocked disarmament conference.

MOSCOW - New records in space and a bruised nose were brought down by the two Soviet cosmonauts who landed safely Wednesday.

The bruised nose was that of Russia's blonde first lady of space, Valentina Tereshkova, who completed a three-stage Delta rocket which blasted into the prodawn darkness from Cape Canaveral at 4:50 a.m.

GADSDEN - Ala. - Some 300 to 500 Negroes maintaining a sit-in on the courthouse lawn were dispersed early Wednesday when force of about 100 state troopers moved in to clamp a tight security lid on this racially troubled city.

The riot-trained troopers, under the command of Col. Albert Lingo, state public safety director, quickly brought an end to the vigil started after the arrest of 396 demonstrators Tuesday. The Negroes had said they would continue until those arrested were released.

The arrival of the state troopers, who used night sticks and electric prods to run off the Negroes and the crowd of about 200 white spectators, ended for the time being the first full-scale conflict. Lingo set up a tight patrol of the city's downtown sixth largest, with his helmeted troopers.

The President will leave Andrews Air Force Base, Md., at 10 a.m. today and fly nonstop to West Germany. The White House announcement also indicated that Kennedy intends to go ahead with plans to travel despite the post-Vietnam government crisis in that country.

WASHINGTON - The civil rights question's focus was shifted to Congress Wednesday, with President Kennedy's legislative recommendations for new federal action.

He called the stage for an expected congressional battle over the pre-sanged main issue of the year. A late entry in the President's array of recommendations was reported to be a "vague, vocational education and training program that Sen. Hubert Humphrey of Minnesota hinted might cost up to a billion dollars."

A major point in the Kennedy recommendations was already at issue, between Democratic and Republican congressional leadership. This is a proposal to outlaw racial discrimination by private business firms that deal directly with the public. Senator Everett M. Dirksen of Illinois, GOP leader in the Senate, has said he could go along with all of Kennedy's proposals with one exception.

His contention that the government has no authority to order private property desegregation drew support from Sen. Barry Goldwater of Arizona.

President Kennedy sent a five-point civil rights program to Congress Wednesday and the congressional reaction varied from pledges of Northern support to Southerners' declarations of opposition.

The President's group of proposals, one of the most broadcast in civil rights during the last 50 years, was addressed to a nation still deeply divided on the issue, as well as to the 117th Congress which will consider them.

Welsh Returns To Botany Post

W. B. Welsh, Chairman of the Botany Department, recently returned from the University of California, where he spent the 1962-63 academic year doing some research while on a sabbatical leave. He spent most of the time studying and photographing plants and flowers in the gardens and parks of Los Angeles and various other parts of California. For some time he was at the Riverside School of Horticulture. In 1955-56, he spent another sabbatical at the University of Arizona. Welsh has been at Southern for 25 years and has been chairman of the Botany Department for the last 17 years. Robert Mohlenbrock, an associate professor of botany, was acting chairman while Welsh was away.

Klimstra Reelected To Conservation Committee Job

W. D. Klimstra, director of the Cooperative Wildlife Research Laboratory at SIU, has recently been reelected chairman of the Conservation Committee of the Illinois State Academy of Science. The election came during an annual meeting held on the Carbondale campus of SIU. An article written by Klimstra and Jay Bergstrann, published in the July, 1962 issue of the Journal of Wildlife Management, will be reprinted for distribution by the E. L. du Pont de Nemours and Co. Title of the article is "Taxability of Dybar" in Bob-white Quail."
