Summer Meets Winter

It was cold in Carbondale Sunday morning at 11:15 and the wind carried a light snow. Then two students dashed out of their dormitories to walk to class, hoping the weather would quickly change. The wind was warm and the sun bright, but the Rockets covered all academic territory, from the Book Room to the Gallery Lounge. As the students surveyed the library's exhibits, they learned about the history of the library, its facilities, and the work of its staff.

The SIU Tumblers, 62-59

The Saluki cagers squeaked past Toledo last night 62-59 at Toledo.

The second time SIU whipped Toledo and the Salukis set a win in seven contests with major basketball teams. SIU beat Toledo 59-54 when they met last in 1960.

Free throws by Paul Henry, Eledon Bigham and Lenfer held off a determined last minute drive by the Rockets.

Henry's free throw gave SIU a three-point lead, 62-59, with only 4 seconds left to assure the Salukis of victory. The game got off to a slow start before an estimated crowd of 3,000. The first score came on a free throw by Lentfer who was fouled after about a minute and a half of play.

The Rockets scored the first basket but the Salukis came back quickly, earned the score and moved ahead. At one point in the first half SIU had an eight point lead, the biggest in the game. But the Rockets began chipping away at it. SIU led 33-32 at half time. The Toledo Rockets managed to pull ahead only once during the second half. It was 43-41 Toledo's favor about midway through the second half but SIU quickly tied the score and moved out in front again. It stayed there the rest of the game.

It wasn't until the closing minutes of the game that either team showed any real drive. And then the mad scramble resulted in a number of fouls. Top scorer in the game was the Rocket's 6.6 center, Ray Wolford, with 24 points. Captain Dave Henson lead the Salukis with 19 points. Other Saluki scorers were: Frank Lentfer, 12; Paul Henry, 12; Eledon Bigham, 11; Lou Williams, 5; and Harold Hood, 3.

Coach Jack Hartman used Williams in a forward position and Lentfer as center, as the same positions they played Saturday against Chicago teachers.

The Salukis will have a 1-day layoff before returning to action. On Feb. 8 they will visit Princeton Central State and on Feb. 9 they will play a return match with Austin Peay. Both games will be here.

The Austin Peay whipped the Salukis 85-71, when they met in Clarksville, Tenn., on Thursday night.

Southern Service Award Forms

Applications are now being accepted for the annual Service Awards to Southern Awards which will be presented at the Theta Xi Variety Show.

Either an organization or an individual student may nominate for the award. Organizations, individual students or faculty members may nominate students for the award, a fraternity student.

Nominees must be a senior. The junior boy or girl who has given outstanding service to SIU through extra-curricular activities.

Awards will be given to both boy and girl on March 1, the spokesman said.

The application forms are available at the University Center information desk. They must be returned by Feb. 7.

Further information about the awards is available through the fraternity.

“Another ‘first’ for Southern will kick off this morning when the doors of the Ballroom open at 10 o’clock for the ‘Know Your University’ exhibition. The show will last throughout the day, covering the exhibits of all 29 departments of the University. Here 29 schools and departments of the University will portray their work and specialties. Students visiting the display will have a chance to see as apparatus used by the Research department, scale models of the geodesic dome developed at SIU, and similar special interest tools.

The exhibit will be open until 3:45 p.m., when it will close until 6 p.m. It will also be open from 6 to 10 p.m.

Academic units participating in the show include Area Services, Department of Administration, Transportation Institute, School of Agriculture, Department of English, School of Technology, Graduate School, Department of Elementary Education, Department of Geography.

Department of Music, School of Business, Office of Student Affairs, Department of Health Education, Department of Philosophy, Department of Chemistry, Department of Geology, Department of Design, Division of University Affairs, Department of Home Economics, University Museum, SIU Foundation, Latin-American Institute, Department of Nursing, Reading Center, Department of Higher Education, Department of Psychology, Department of Instructional Materials, and Department of Business Administration.

Alan Comstock and Carol Holzman are the chairman of the planning committee.

Mrs. Southern Contest
Nominations will be accepted until Feb. 1, for the Mrs. Southern contest.

A $250 bridal gown is the, title is to be called Mrs. Susie Green, 457-5368, no later than Feb. 1.

Qualifications are that the entrant must be a married university student or the wife of a student. The preliminary auditions will be held in the University Center Ballroom Feb. 7.

Refreshments will be served.

The birthday party will be open to the faculty and student body. Busbee said. He added that except for a few special individuals no formal invitations have been mailed. Among the special guests invited include the Board of Trustees and University officials along with Mrs. Harley K. Croesmann of DeQuoin, widow of Dr. Harley K. Croesmann who contributed heavily to the Joyce collection at the Library.

Bite into the prime sirloin flavor of an Open Flame Barbecued Chuck Triple Sirloin and Barbecue Sauce. Try a heaping sack of golden brown french fries served piping hot, purloined to a creamy thick sauce. 372 E. Main.

BURGER KING

at the University Center is not the only one to cash in on the recent snow spell during the traditional 10 o'clock coffee break. Several "buckeye" students have devised a new way to add change to their pockets also.

Students pour into the Center at 10 o'clock bitterly cold, heavily clothed, and red-faced only to discover that every chair and table is occupied.

A very industrious student, obviously a thinking man, decided that the University Center should not have a monopoly on sales during the coffee break.

He was observing tried to sell his chair, the chairs of his three peers, and the two tables they occupied to a cold-suffering student for a nominal fee of 25¢.

Mexican Students Like Everything But The Cold

The group of Mexican students visiting SIU on a grant from the Department of State expressed warm feelings for everything but the frigid weather.

The six law and two architecture students leave SIU tomorrow and travel to the University of Chicago for a look at life on that campus. They hope for a higher temperature reading, but they don't expect to find any friendlier climate than that of SIU.

Hector Solis, a law student at the University of Mexico, said, "It was very impressive by the friendly feeling, but the size and beauty of the University were most impressive." He said if their are bigger schools than SIU, they must certainly be outstanding.

The students voiced disagreement of the weather, the first real winter they had seen, but commented that it had at least on advantage, "That was that ice skating was free."

City Plan Head

To Talk Zoning

To Householders

John F. Lonergan, chairman of the Carbondale Planning and Zoning Commission, will speak at a special meeting of the Householders Association at 7:30 p.m. Wednesday in the River Rooms of the University Center.

President and Mrs. Delyte W. Morris will be special guests at the meeting and will answer questions concerning University policy relating to off-campus housing.

The Householders Association is an organized group of off-campus housing landlords in Carbondale. Lonergan will discuss what city planning means to the householders.

He will explain how the new ordinances dealing with zoning and building inspection are of importance to the householders.

Tournament Week Closes, Champs Receive Awards

Campus champions in billiards, bowling, chess, checkers, table tennis and duplicate bridge tournament were named following final games played Sunday in the University Center.

The finals culminated several days of elimination play involving over 300 students. Tournament Week in an annual event at Southern. Winners in four of the events will be invited to play in a regional meet later.

Richard Broyles is the new men's bowling champion. His total pins for two games was 249 with a high game of 245.

The new women's champion is Sandra Carlson. Her total for two games was 375, with a high game of 203.

International students won all of the titles in table tennis. Women's singles champion is Zenebework Tesbome, while the men's singles winner is Bill Faruki.

Mens' doubles winners are Richard Chu and Jimmy Lee. Checkers winner is David Wu. Singles, players and billiard pinball are Bob Jackson and Steve Babirak.

South in the University Center, Gary Galub was declared the winner and David Brundage high pins.

Other program selections were Amos Black and Lyn Lewis.

Second, third, fourth and fifth place winners in bowling for men were also named. They are John Toole, Ed Miller, Allan Welge and Albert Unger respectively.

Second, 'third and fourth place winners in the women's bowling are Ann Strow, Barbara Horstman and Mary Ann Andolsek.

SIU champions in carom billiards, bowling, chess and table tennis will be invited Spelunking Meeting

Wednesday at 7:30

The SIU Speleological Society—cave explorers, that is, will meet at 7:30 p.m. Wednesday in Room F of the University Center.

Some 11 persons went on the group's trip last Sunday to explore the Ava cave. Another trip has been scheduled for 9:30 a.m. next Sunday. The group will explore the Equality cave.

HELMEN FOUNDATION OFFICERS — Greg

Hennings, newly elected president of the Newmen Foundation (center front row) is surrounded by his fellow officers and advisor. They are Pat Feeley (left) first vice-president, and Toni Miles (right) recording secretary. And (left to right, rear row) Bill Eversgerd, treasurer, Helen Helmans, corresponding secretary, the Rev. Cleitts, Heestschel, Foundation director, and Ed Keiner, second vice-president.

There will be student employment testing in Bar. T, Room 103 at 4:30 p.m.

The Agriculture Student Council will meet tonight at 6:30 in Room 200 of the Agriculture Building.

The Mississippi Valley Interdisciplinary Seminar will hold a dinner session tonight at 6:30 o'clock in the University Center Mississippi Room. H. M. Mayer, University of Chicago geographer, will discuss "Chicago's Waterways to the Sea."

Swift and Company representative, A. T. Watkins, will hold a special meeting tonight at 7:30 in Room 225 of the Agriculture Building. Watkins will discuss "Job Opportunities with the Swift Organization."

WASHINGTON---

A Senate report said Monday President Kennedy exercised virtual one-man direction of government action in the Cuban showdown and questioned whether this would be satisfactory in a prolonged security crisis.

The report, by Sen. Henry M. Jackson, D-Wash., was not critical of the presidential action, but it pointed the Cuban situation as one of many reasons for an overhaul of present machinery for dealing with national security problems. Jackson felt governmental machinery is dangerously cumbersome, unwieldy and inadequate for dealing with the swiftly developing crises of an atomic age.

Jackson said, "The very size of the national security organization is one of the problems. It is too big for any one man to know all about it."

His report questioned what would happen if other important issues were piling up during a crisis such as Cuba.

Jackson heads the Senate subcommittee on national security Staffing and Operations. He said his subcommittee would examine proposals that top executives both here and in the field be given more authority in national security matters to "hire, promote and reassign people, abolish and consolidate functions."

Also to see if diplomatic officials in the field could make decisions and conduct plans without instant Washington clearance.

NEW YORK---

New York's waterfront was back in full-scale operation Monday and work was resuming elsewhere in a swelling tide along the Maine to Texas coast line.

In some places there still were points to be settled, but the overall picture was of restored operations.

The strike by 60,000 members of the ILA caused estimated losses of $800 million. The strike settlement formula, worked out by the presidential mediation board headed by Sen. Wayne Morse, D-Or., provides for 24 cents an hour wage increases plus 13 cents an hour in fringe benefits over a two-year period.

EAST BERLIN---

East Germany's Communist economy, already in a state of emergency, may be considerably higher, than Monday's low of -16. A high of 20-28 was expected today.

Life under the Red regime has become even drabber than usual when theaters, schools and restaurants were closed to save coal.

The cold wave hit hardest at fuel supplies. The shortages of gas and electricity means a lowering of production in the chemical industry. Water supplies and transportation has also been hard hit.

BRUSSELS, Belgium---

Five Continental friends of Britain fought an 11th-hour battle Monday to keep alive the British application for Common Market membership and thereby prevent French domination of Western Europe.

Ministers of West Germany, Italy, Belgium, the Netherlands and Luxembourg, determined to maintain a solid front against French pressure, claim the future of the Common Market, the solidarity of the Western Alliance and the place of the United States and Britain in Continental affairs rested on their efforts.

The five ministers plan to put forward a compromise proposal to delay a showdown on the British membership issue for at least two or three weeks.

CLEMSON, S.C.---

Negro Harvey B. Gaunt was enrolled at Clemson College on Monday thus becoming the first Negro student in its 67-year history.

Clemson President Robert Edwards called it a historic day in South Carolina history. "Whether it's a great day, we'll let the historians say later," he said.

Vietnamese New Year Honored By Students

Guests included President and Mrs. Delcyte W. Morris, Vice President and Mrs. John E. Grinnell, Dean and Mrs. Willis G. Swartz, Mrs. Robert Jacob, Rev. and Mrs. Ronald Seibert, Dr. and Mrs. Howard R. Long, and Dr. and Mrs. J. Murray Lee.

A number of other guests and students were present.

W-2 Statements Now Available

Gene C. Turner, director of personnel, said today his office now has available the 1962 W-2 statements of earnings and taxes withheld for Faculty, staff and student employees.

Turner urged employees to pick up W-2 statements at the Personnel Office, 209 W. Harwood Ave. as soon as possible.

He said it would be possible for departments to pick up forms for all its employees if they furnish his office a complete list showing each employee's first, middle and last name.

Is this the only reason for using Mennen Skin Bracer?

Skin Bracer's rugged, long-lasting aroma is an obvious advantage. But it is everything. After all, Menthol-Iced Skin Bracer is the after-shave lotion that cools rather than burns. It helps heal shaving nicks and scrapes. Helps prevent irritation. Conditions your skin. Aren't these sound, scientific virtues more important than the purely emotional effect Skin Bracer has on women? In that case, buy a bottle. And - have fun.

Council Gives Support To Fenwick Proposals

Student Body President Bill Fenwick won strong support from members of the Student Council for most of the points in his "state of the campus message."

They agreed with almost everything he had to say last Thursday night--particularly his plea for a bill of student rights and responsibilities. However, their degree of agreement varied from enthusiastic to lukewarm. Here are some of their comments about the speech:

Ray K. Brandt, Sophomore Class President: "Fenwick's speech was a very good summation of what we've been working on. It indicates that Bill is a conscientious and capable student body president."

Linda Brummett, Sorority Senator: "I agree with what he said."

Bill Card, Freshman Class President: "Student rights is an area which should be explored. And I agree that Southey's bill should be raised. Almost anything can happen, the way it's set up."

Steve Carr, Off-Campus Men's Senator: "The solutions to the problems as Bill presented them tend to be idealistic. But if Fenwick's proposals are carried through, I believe they would be a great benefit to the entire student body."

Jerry Cunningham, Communications Officer: "I especially liked the tone of his speech asking for student responsibility."

Denis Gerz, Fraternity Senator: "I think Bill pointed out many problems in Student Government, but few answers."

In my opinion, the problems can only be solved by a totally new view of Student Government's purpose. Unfortunately, this year's Student Council is too bound up in personality conflicts, petty jealousies and traditions to enact any unconventional changes."

Bob Gray, Commuter Senator: "His speech was generally pretty good."

Ron Hunt, Thompson Point Senator: "Fenwick's speech was a very realistic statement of the Council's future problems. We should consider his appraisal of the need for better communication with the student body and amore complete understanding of student rights."

Carolyn Kruse, Thompson Point Senator: "The student body has no concept of student government, as Bill said. Communications are poor. On women's rights, his points were well taken. I think the Student Council has an obligation to clarify the confusion present and to impress upon women students their need to realize that they cannot blame the administration for regulations when students haven't voiced their own opinion."

Chuck Novak, Acting Election Commissioner: "Fenwick is proving himself to be one of the most effective presidents this university has ever seen. Earlier, he had a problem with his methods of achieving cooperation. However, he has realized this and has made an adequate change."

"He has developed an insight into the operations and function of Student Government far surpassing that of many past student body presidents."

Novak agreed with Fenwick on the raising of entrance standards, and said that Student Government should pass this bill.

Wendell O'Neal, Out-In-Town Senator: "Fenwick hit a lot of issues on the head. He told us to stress communication. It is an important problem; one we should anticipate."

The Bell Telephone Companies Salute: Jerry Cunningham

Northwestern Bell has been impressed with Jerry Cunningham (B.A., 1960) right from his first assignment. In fact, it was during this assignment that Jerry was selected to attend the special Bell System Program at Northwestern University.

After completing this program, Jerry was named Assistant Manager in Sioux City. His work there earned him a promotion to Manager in Northwestern Bell's Marshalltown, Iowa, Commercial Office. He's now responsible for the telephone needs of 9,200 customers.

Jerry Cunningham and other young men like him in Bell Telephone Companies throughout the country help bring the finest communications service to the world to the homes and businesses of a growing America.
The Soap Box

Comedy In 13 Articles

It is hard to see the value of a Judicial Board with little jurisdiction over the students. It is hard to see the value of an election system without a standard set of election rules. It is hard to see the value of a Constitution without these shortcomings, but Southern has one.

The Judicial Board implies a board of justice for students. If the board is to exist at all, it should be utilized in the areas where justice is of direct concern to the students. The lack of Judicial Board authority to deal with student disciplinary action reflects serious defects in the Constitution. SUI needs a Constitutional framework for strong Student Government—not a comedy in 13 articles.

The board should also be playing an important role in ratifying the constitutionality of Student Government decisions. The Constitution itself implies a need for the board to define the procedure. It does not say whether the board has original or appellate jurisdiction in this matter, nor does it state what must initiate a charge of unconstitutionality.

The Judicial Board's unclarified power of interpretation of the Constitution reflects serious defects in the Constitution. The board is intended to exist, but it is not given adequate powers to make it a significant campus force, nor is it given adequate means to do so.

Yet at SUI it has been several years since anyone trying to solve the student body could get into Southern Illinois without fear of student action. Large, well-received rallies for and against the United Nations, for and against the Atomic Bomb, against and for the Peace Movement, for and against the McCarthyism allegations have been able to. This will be changed by the completion of the Military Training and Physical Education Building, so-called because, after all, it will be used for activities other than basketball.

Southern's Future In Athletics

No. 5 In A Series

Needed: Scholarships

The new dome structure raises several questions. Will the campus be a real boon to athletics at Southern, or will it be another example of the problems to disappear. Intercollegiate athletic competition is a part of college activity. Perhaps, there will be less rivalry if everyone sees that there is no advantage to not playing. If Southern athletics can continue to grow, it is inevitable that the field house will not solve; Scholarships.

Offering athletic scholarships will enable the student body to get into Southern with a better knowledge of how to support his school. The fact that students will be able to get a better education and look far better to have a chance at basketball success will increase the number of students who will apply for admission to Southern. The most SIU can presently offer is tuition and fees. Why not offer more? LOYAL Americans feel regarding the Student Peace Union and its policies. The slogan of "Erik Stottrup at Any Price" and "Better Red Than Dead" is not displayed in a very loyal, patriotic American spirit. Are these the feeling of the present scholarship policy which should by all means be retained? Is that of granting aid for four years, even if a player should be injured after year three? Do they think the principles under which our Constitution is based? And of the thousand and one other reasons, SUI should and die to preserve rights. Should they have gone down with a fight and accepted Nazism? Fascism? No, they must stand up. It is our great American way of life, that the board is not being given adequate means to work towards complete Constitutional revision. Erik Stottrup

Freedom Must Be Preserved

Editor:

In reference to Mr. T. Haines, in his letter to the Egyptian January 22, 1963, accused the Student Peace Union and its policies. The slogan of "Erik Stottrup at Any Price" and "Better Red Than Dead" is not displayed in a very loyal, patriotic American spirit. Are these the feeling of the present scholarship policy which should by all means be retained? Is that of granting aid for four years, even if a player should be injured after year three? Do they think the principles under which our Constitution is based? And of the thousand and one other reasons, SUI should and die to preserve rights. Should they have gone down with a fight and accepted Nazism? Fascism? No, they must stand up. It is our great American way of life, that the board is not being given adequate means to work towards complete Constitutional revision. Erik Stottrup

A Glee Club For SUI

The purposes of Southern's Glee Club endow the group with special qualities which will enable it to make the thing the entire campus can enjoy. The Glee Club is certainly not an original idea, and yet there appears to be something fresh about it. Its originality is due to the initiative of the Club members and their director, Robert Kingsbury and his vision of the importance of music and of the Glee Club.

Kingsbury, in outgoing for his hopes for the Glee Club, said he feels that it is necessary for the club to remain in contact with the student body. This cannot be done if the club concentrates on extra-university performances. An organization such as the all-male Glee Club, which is unversity, could be used to reach students and alumni in the community. Kingsbury hoped that his club could become a credit to the University and the community.

The Glee Club's success may determine whether other student activities will be able to make a credit to the University.

A number of dances and other student activities, Kingsbury indicated that it was his desire to continue the work of the club. Kingsbury said that the Glee Club is not to be a credit to the University and the community. Kingsbury hoped that his club could become a credit to the University and the community.

Kingsbury hoped that his club could become a credit to the University and the community.

Gus Bode Says

...the new clothes at the Military Ball Style Show revealed a much broader market for Merteloch than he had ever dreamed of. The press, he felt, even the slightest of the imagination.

Editor:

The University architects are drafting plans for a pedestrian underpass beneath the railroad tracks. If the University is going to spend this much time and money, it would seem that the logical step would be to further and make this underpass a reality. This will enable to solve the problem of the traffic that goes to the east side of town. This problem seems to be the most common among these people living in Southern Illinois. Kingsbury, and Trailer Court, and private homes. Many of these people have cars and add to the problem. Gus Bode says that the Underpass will be a great help for a better world free from the scourge of war.

McAneney Sets Mark In 500-Yard Freestyle

January 29, 1963

In 500-Yard Freestyle

Day when McAneney's 4:57.4 clocking for the time to be accepted for the National AAU swimming championships to be held in April.

Since the 500-yard freestyle is a new event this year there is no world record. But the world's best of 5:01.3 was held by Ron Smart, equal to the world's best 1500 meters.

McAneney will get a chance to do it all over again Saturday when SIU's freestyle swimmer will compete against Fenwick High School. He must turn in a time in the official meet to witness the national AAU swimming championships to be held in April.

Swimming hasn't been easy for the shorter distance racers for the time to be accepted for the National AAU swimming championships to be held in April.

Swimming was so nervous before the meet. He didn't begin swimming until the eighth grade and ran into trouble immediately.

"I got my foot caught in the gutter on a turn," McAneney said. "I was ready to give up swimming after that but I'm glad I didn't now.

"I was so nervous before the race I didn't know what to expect," McAneney said. "I felt fine after the 250 mark but the noise from the crowd kept me going."

Ralph Casey, SIU swimming coach, was at the microphone during the race doing a play-by-play account. "He went in 33 seconds," Casey said. "That's the final and 0.000 that rate we'll have to fish him out at 300 yards."

Casey didn't have to fish him out and was glad he didn't. "He was so excited before the race from all the publicity," Casey added, "but I frankly didn't know what to expect from him."

"I needed to compare like distance running," Casey commented. "The runners get better as the season progresses."

He added that the swimming season is comparatively early and that McAneney should get much better.

Final Score - 54-41:

SIU Swimmers Sink Unbeaten Iowa State

Jack Schiltz, SIU captain, and Ray Padovan each won two events to pace SIU to a 54-41 victory over unbeaten Iowa State. The win was Southern's second to go with a lone set-back. It was Iowa State's first loss of the season.

A standing room only crowd witnessed the meet including SIU president Delyte W. Morris and Mrs. Morris. Padovan won the 50 and 100-yard freestyle events. His time for the shorter distance was 21.9 seconds and the 100-yard time was 49.5.

"He could easily have broken 48 seconds," Ralph Casey said, "but he thought he would have to anchor the relay so hechose the last 25." Schiltz came through with victories in the 500-yard freestyle and 200-yard individual medley. His time for the individual medley was 2:07 only five-tenths of a second off his previous time.

Darrell (Skip) Green, sophomore from North Miami, captured the 200-yard breaststroke race for the final SIU first of the meet.

SIU's next meet is Feb. 9 when North Central College meets. National small college champions, called at University School pool for a 3 p.m. meet.

Dupree Wins Event

Jim Dupree won the Oregon Indoor Invitational 1000-yard event Saturday with a 2:15 time. Dupree was the only SIU trackman competing in the meet.

McAneney Sets Mark In 500-Yard Freestyle

Thomson McAneney, SIU freshman swimmer, turned in the world's fastest time for 500-yard freestyle Saturday in an exhibition race prior to the SIU-Iowa State swimming meet.

McAneney's 4:57.4 clocking makes him the first man ever to swim the distance under five minutes and is equivalent to running a four-minute mile in track.

His performance tops him as a favorite in the event at the April tryouts for the Pan-American Games U.S. swimming team. It also puts him in a strong second place in the National AAU swimming championships to be held in April.

Since the 500-yard freestyle is a new event this year there is no world record. But the world's best of 5:01.3 was held by Ron Smart, equal to the world's best 1500 meters.

McAneney will get a chance to do it all over again Saturday when SIU's freestyle swimmer will compete against Fenwick High School. He must turn in a time in the official meet to witness the national AAU swimming championships to be held in April.

Swimming hasn't been easy for the shorter distance racers for the time to be accepted for the National AAU swimming championships to be held in April.

"I got my foot caught in the gutter on a turn," McAneney said. "I was ready to give up swimming after that but I'm glad I didn't now.

"I was so nervous before the race I didn't know what to expect," McAneney said. "I felt fine after the 250 mark but the noise from the crowd kept me going."

Ralph Casey, SIU swimming coach, was at the microphone during the race doing a play-by-play account. "He went in 33 seconds," Casey said. "That's the final and 0.000 that rate we'll have to fish him out at 300 yards."

Casey didn't have to fish him out and was glad he didn't. "He was so excited before the race from all the publicity," Casey added, "but I frankly didn't know what to expect from him."

"I needed to compare like distance running," Casey commented. "The runners get better as the season progresses."

He added that the swimming season is comparatively early and that McAneney should get much better.

Final Score - 54-41:

SIU Swimmers Sink Unbeaten Iowa State

Jack Schiltz, SIU captain, and Ray Padovan each won two events to pace SIU to a 54-41 victory over unbeaten Iowa State. The win was Southern's second to go with a lone set-back. It was Iowa State's first loss of the season.

A standing room only crowd witnessed the meet including SIU president Delyte W. Morris and Mrs. Morris. Padovan won the 50 and 100-yard freestyle events. His time for the shorter distance was 21.9 seconds and the 100-yard time was 49.5.

"He could easily have broken 48 seconds," Ralph Casey said, "but he thought he would have to anchor the relay so he chose the last 25." Schiltz came through with victories in the 500-yard freestyle and 200-yard individual medley. His time for the individual medley was 2:07 only five-tenths of a second off his previous time.

Darrell (Skip) Green, sophomore from North Miami, captured the 200-yard breaststroke race for the final SIU first of the meet.

SIU's next meet is Feb. 9 when North Central College meets. National small college champions, called at University School pool for a 3 p.m. meet.

Dupree Wins Event

Jim Dupree won the Oregon Indoor Invitational 1000-yard event Saturday with a 2:15 time. Dupree was the only SIU trackman competing in the meet.

STORK CHARMS
Ken's Win For Team

With All-American Ken Houston back in the line-up, Southern's wrestling team got back to winning ways Saturday with a come-from-behind victory over Miami of Ohio.

But perhaps the deciding factor was not Houston himself, but the Houston's new baby girl, Holly Colette, Mr. and Mrs. Houston were blessed with the new arrival last Tuesday, Jan. 22.

Houston reciprocated to the joyous occasion by bolstering his team's win with a decisive victory in the closing minutes of the meet.

According to the elated Houston, "the baby is 20 inches long and weighs 6-pounds 8-ounces. My wife and I are very happy because we got what we wanted, a little girl."

Both mother and baby are doing fine.

FOR THE BEST
Hood’s 19 Points Paced SIU Cagers
To 71-67 Win Over Chicago Teachers

Harold Hood scored 19 points to lead SIU’s balanced scoring attack in a 71-67 basketball win over Chicago Teachers Saturday night in Men’s Gymnasium.

SIU led all the way in the game after taking an early 4-0 lead on two baskets by Lou Williams.

The Salukis increased the lead to 14-4 and maintained an eight to 10-point lead throughout the first half until the Teachers cut the margin to 37-32 at halftime.

Chicago Teachers pulled to within two, 47-45, with eight minutes left in the game but Hood hit a jumper and Frank Lentfer scored on a three-point play to pull the Salukis out of reach of the upset-minded Chicago Teachers.

Gymnastics
Win Two On Road

Southern’s gymnasts are on their way to the national championships as they remained unbeaten in dual-meet competition by downing Mankato State 80-31 Friday night and the University of Minnesota 76 1/2-35 1/2, both meets being on the road.

In sweeping every one of the events in both meets, the Salukis have now won three consecutive dual-meets. Two of the three teams which SIU has faced are members of the Big Ten conference but the Salukis have not run into any trouble. In defeating Iowa, Mankato State, and Minnesota, the Salukis have one by margins of 38 points, 49 points and 41 points respectively.

All-American Rusty Mitchell paced the Salukis over the weekend and compiled a total of 45 points by capturing five firsts. In the Mankato meet, Mitchell won the tumbling and the free exercise events. At Minneapolis before a crowd of 8,000 fans, the California star took the free exercise and tumbling again and then added a first on the parallel bars.

Sophomore Denny Wolf and Bill Simms showed runner-up honors in the scoring department with a two meet total of 30 points each. Wolf finished first in the still rings and parallel bar competition at Mankato and added second scores in the high bar and parallel bars against the Gophers the following night.

Simms showed brilliance in the side horse and high bar events by taking two doubles in both departments. The 6-1 senior finished a strong second behind Mitchell at Minneapolis in the parallel bars.

Hugh Blaney added strength to Southern’s weakest event—the trampoline by capturing two firsts in both meets. Sophomore John Simms added extra points by finishing right behind Blaney against the Gophers.

Fred Orlofsky was the only first place winner for SIU as the former Olympian copped the still rings event against Pat Byrd’s Minnesota squad. Orlofsky only competed in the ring events and added a second in that event.

Hood’s 19 points came on seven baskets and five free throws. But they were not enough to take game scoring honors, Bob Ghodotii of Chicago Teachers scored 22 points for high scoring honors.

Ghodotii kept the Teachers in the game with his high arching jump shots from the corner. Ghodotii hit eight of 13 field goal attempts.

Paul Henry, Lentfer and Williams all scored in double figures for the winning Salukis. Henry ended the evening with 13 points, followed by Lentfer with 11 and Williams 10.

Both Williams and Lentfer fouled out with six minutes remaining. Both pulled down eight rebounds each before retiring to the sidelines.

The game was sloppily played with both teams making numerous floor mistakes. There were 35 personal fouls called in the game which also dulled the game from a spectators viewpoint.

Bill Samuels of Chicago Teachers was ejected from the game when he shoved Eldon Bigham of SIU into the second row bleachers underneath the Salukis’ basket. Bigham was attempting to score on a drive in when Samuels pushed him.

Spin Salario, Chicago Teachers coach, requested that Samuels be ejected so the officials gave him the wish.

SIU scoring—Hood 19, Henry 13, Lentfer 11, Williams 10, Henson 6, Bigham 6, Warning 4, Ramsey 2.

Faculty Bowling Tied

Athletics maintained their slim one-point lead in the SIU faculty bowling league. Athletics are in front with 33 points followed by Chemistry II with 32.

There is a three-way tie for third place among Industrial Education, Rehabilitation Institute and University Center. All have 31 points.

Chemistry II rolled the team high series and team high game. Chemistry II team high series total was 2,874 pins, its high game total was 1,032.

Norm Zwals, SIU freshman football coach and a member of the Chemistry II team, captured individual high game and high series.

Assignment: put more pep per pound into Ford-built engines

Result: New family of lightweight powerplants... including a new V-8 that weighs 110 pounds less than the comparable V-8 it replaces.
