STC shrugs off Walker veto of $3.6 million

By Jeff Joeset
Daily Egyptian Staff Writer

The School of Technical Careers (STC) didn’t need the $3.6 million, anyway, Dave Saunders, STC information director said Tuesday.

"We couldn’t spend the money this year even if we did have it," he explained.

Saunders was talking about the $3.6 million on SIU’s appropriation tabbed for construction costs of an on-campus building, that Gov. Dan Walker vetoed Monday.

The parts of SIU’s appropriation signed by the governor include a $65,000 allotment to pay for planning the STC building, a Walker aide said Tuesday.

Construction funds were vetoed because they exceeded the level agreed upon with the Illinois Board of Higher Education (IBHE) and because plans for the project have not been drawn yet, the aide said.

Saunders said the funds cut wouldn’t delay the STC building since “we’ve been going on the assumption he (Walker) would veto it.”

SIU and IBHE officials had agreed to request $1 million for planning this year and for construction next year, Saunders said.

House Minority Leader Clyde Choaote, (D-Akron) added “the estimated construction cost to the SIU appropriations bill when it was in the house, Saunders said.

Also included in Walker’s $631.8 million vetoes was a reduction of pay raises for SIU employees from eight to five percent.

Dale Knight, SIU vice president for administration and campus treasurer, indicated Tuesday the five percent boosts would be made effective July 1 and the increase will be included in the paychecks starting Aug. 1.

Shade of difference

On a warm summer day, two children playfully eye the shade covering two radiators for the youngins at Old Main Mall fountain. Camera angle and telephoto lens make it appear that Alice Herman and Chris Newman, both 4, share the umbrella space, but shadow and light make it clear they're standing on the outside of the fountain. (Staff photo by Jack Cress.)

Honorary degree for Gray recommended by Sullivan

By Bill Layse
Daily Egyptian Staff Writer

Student Body President Dennis Sullivan has recommended that an honorary degree be awarded to Rep. Kenneth Gray (D-West Frankfort).

In a letter to various administrative personnel, Sullivan cited “the outstanding contributions made by him.”

Gray is retiring from politics after 26 years in the House. He was hospitalized about a year ago after a heart attack.

Sullivan said Tuesday that Gray is a “self-made man” and was elected without substantial financial backing.

"He's one of the few common people to get into politics and make it without having family money behind him.

Gray's service to Southern Illinois merits a recognition higher than a simple award.”

GOP lawmaker pledges to vote for impeachment

WASHINGTON (AP)—Rep. Lawrence J. Hogan of Maryland, a Republican member of the House Judiciary Committee, announced Tuesday he will vote to impeach President Nixon.

"I have come to the conclusion that Richard M. Nixon has, beyond a reasonable doubt, committed impeachable offenses which, in my judgment, are of sufficient magnitude that he could be removed from office," Hogan said.

"The evidence convinces me that my president has lied repeatedly," he added.

Hogan, 45, who is running for governor of Maryland, made his announcement the day before committee debate was scheduled on proposed articles of impeachment.

The judiciary panel scheduled the opening session of its official debate of the impeachment of President Nixon for Wednesday at 6:30 p.m.

The proceedings will be televised live on ABC and various Public Broadcasting System stations.

The National Public Radio system has said it will carry the debate live from start to finish. CBS has said its radio network will also carry the debate live but will break away for its regular six-minute newscasts every hour.

NBC Radio and ABC Radio have said they will air the debate only when coverage is warranted. The Mutual Broadcasting System has said it plans to carry highlights of each day's debate in special evening programs.

TV networks are expected to give special coverage of the debate.

NBC, ABC and CBS are expected to carry the debate every day the committee debates it. CBS is expected to have a news anchor team of Walter Cronkite andDocuments are being released publicly and released his tapes and I read in his own words things that shocked me."

In his statement, he said: "Those who oppose impeachment say it would weaken the presidency. In my view, if we do not impeach the President after all that he has done, we would be weakening the presidency even more."

Hogan generally was not listed among those committee Republicans most likely to support impeachment.

Nearly all of the 21 Democrats are regarded as virtually certain to support impeachment while 11 Republicans usually are listed as hard-line voters against. Hogan is the first member to formally announce his vote although others have indicated how they would vote.

The likeliest scenario for the debate is that it will open with introduction of a resolution declaring that it is the committee's recommendation to the House that Nixon should be impeached.

Then would come first phase of the debate, with each of the 38 committee members having 15 minutes to talk. The resolution may be tabled without a vote and then the committee will turn to debate on individual articles of impeachment.

The Democrats reportedly were working on three proposed articles of impeachment based upon the presentation made last week by John Dean, chief counsel to the impeachment inquiry.

The three articles would charge the President with obstructing justice in the Watergate investigation, with contempt of Congress for his refusal to obey committee subpoenas and abuse of power for his alleged role in surveillance activities as well as attempts to make the Internal Revenue Service more politically responsive.

Gus says he wouldn’t have any trouble spending $3.6 million.
State freeway projects hit with $79 million reduction

SPRINGFIELD (AP) — Transportation Secretary Ted Szuch said Thursday the state's road program for the next 11 months will involve a $79 million reduction in freeway projects approved in the current fiscal year.

Szuch explained details of the mammoth $2 billion budget for operations and the Department of Transportation in a series of news conferences around the state. "I've known Dan Walker announced plans Monday to trim the DOT bill by $300 million," Szuch said.

The reductions include $70 million in supplemental freeways, $18.4 million in road projects, $15 million for gas tax grants to local communities, $1.9 million for state aid to mass transit systems and $1.9 million for passenger railroad routes.

The budget includes money to award construction contracts for the Quincy Bypass, the Decatur Bypass and to acquire the remaining sections of land needed for the Central Illinois expressway from Springfield to Quincy.

Szuch and Walker said that the cuts in supplemental freeway projects were in areas which could not realistically be placed under contract by June 30, 1975, the end of the current fiscal year.

Supplemental freeways are four lane roads built to interstate standards. When completed, state officials hope to have 1,600 miles of freeways linking the state's major cities.

Among the projects which were trimmed were: the Rock Island to Jacksonville freeway, cut $1.9 million to $100 million; the freeway from Lawrenceville to Goodenow, cut $1.7 million to $250 million; the Marion Bypass, cut $900,000 to $100 million; and the Marion to Harrisburg freeway, cut $7.5 million to $10 million.

In Southern Illinois, the East St. Louis to Carlyle project was cut by $2 million to $8.8 million.

Walker and Bond contended when the DOT budget passed the legislature that many lawmakers wanted to include money for specific road projects to make themselves look good to voters in an election year.

Carbondale merchants left holding $660 in fake bills

By Bruce Shapin
Daily Egyptian Staff Writer

Carbondale merchants received $600 worth of counterfeit $20 bills during the weekend, Carbondale police reported Tuesday.

"So far, 23 counterfeit bills have shown up in the Carbondale area," said Lt. Jerry Reno.

Merlin's night club and Lee's Pepperoni Luncheonette were hardest hit. Bill Hitchcock, owner of both establishments, reported that he received 25 counterfeit bills some Saturday night.

"We didn't notice they were bad bills until we were counting the money Sunday morning," said Hitchcock. "Some of the bills were a bright yellow color."

Hitchcock said Saturday night one of his bartenders at Merlin's noticed one of the customers was passing a lot of $20 bills. "The bartender called over one of the managers and he took a look at one of the bills. It looked OK to him," said Hitchcock.

Buzbee to talk on SIU goals

State Sen. Kenneth V. Buzbee, D-Carbondale, will address the President's Advisory Committee on Goals and Objectives at a public hearing Wednesday.

Buzbee will speak at the meeting scheduled to begin at 7 p.m. in the Mississippi Room on the second floor of the Student Center.

The public hearing is the third scheduled by the goals committee seeking input from individuals and groups on or off campus regarding goals for SIU for the next ten years. About 45 persons attended the July 17 goals hearing and several indicated they wanted an additional chance to express their views, according to Terry D. Mathias, administrative assistant for the committee.

Panel will meet on revisions

The second meeting of the full Advisory Committee on Board and Executive Officer Relationships is scheduled for 7 p.m. Wednesday in Edible Bites.

The 26 member advisory group is studying the 1973 revisions to the SIU administrative structure "to insure maximum autonomy."

The committee is made up of 16 members from both Carbondale and Edwardsville, representing various campus groups. The group has been charged with reporting recommendations to the Board of Trustees by Oct. 1.

Truthful to the end

To the Daily Egyptian:

Robert Springer, in his editorial on the proposed Federal Campaign Spending Bill, reached a conclusion which I feel misleads people about it.

He evidently sees nothing wrong with forcing people to pay the campaign costs of politicians. If the politician is not representative of them, or if he is personally distasteful to them, that is too bad. They will just have to bear their whatever anyway. Doubtless, many students at SIU can remember someone in the last federal election for whom they would never vote, much less wish to monetarily support.

There is already in existence a Federal Campaign Fund, held by the Internal Revenue Service, which can, for example, be used to stop the corporations from buying the favor of the politicians. Since the money changed hands quietly, the country was not aware of what had happened until big government dropped suits and raised subsidies.

Since the corporations are able to move quietly but government cannot, the only way to stop the corruption in politics is to remove from the politicians the ability to grant favor to an individual or a corporation. With the removal of the influence, the money that bought the influences dries up. Under this system the legitimate desire to see the man of your choice elected would not be infringed upon.

Finally, Mr. Springer appeals to the "straight-thinking" humans in this country to consider that the system is inequitable and unmanageable and the way to have the system more flexible is to give the politicians and bureaucrats more control over all our lives. The inevitable consequences of that kind of thinking has been clearly established in Mussolini's Italy, Hitler's Germany, Stalin's Russia and Allende's Chile.

Mr. Springer, please in the future weigh cautiously your thoughts and words. Remember, too, that the freedom of others is not yours to dispose of. No individual or group of individuals has the legal or moral right to dictate the course of anyone else's life. Morality is what we all want, don't we?

Cinemasonics recital features SIU graduate’s compositions

By Michael Hawley
Daily Egyptian Staff Writer

A cinemasonics recital by composer and filmmaker Ken Loarie will be held at 8 p.m. Thursday in the Home Economics Building Auditorium.

Loarie, an SIU graduate, designed and was graduated in a special cinemasonics major under the sponsorship of associate professor of cinema Richard Blusenberg. Loarie’s recital will consist of five films with musical scores, four of the film’s scores composed by Loarie himself.

Loarie said that in all cases the films were made before the scores were composed. The majority of the music is modal synthesizer, with some manipulated guitar, all recorded on stereo.

Miniature golf course to open in spring of ’75

Carbondale residents will be teeing off on a 18-hole miniature golf course next spring if things go right for an SIU student.

Richard Griffith, an SIU senior in speech pathology and audiology, said he plans to build the one-acre course at 1891 Lewis Park Apartments on the east side of town.

Griffith said he plans to sink about $2,000 into the project to give it a professional appearance.

Douglas Eagan, an engineering student at SIU, is drawing up plans for the course and will give five percent of the course to Griffith.

Police equipment exhibit to be held Friday, Saturday

The Carbondale Police Community Service Center will present a crime prevention exhibit Friday and Saturday at J.C. Penney, 1401 E. Main. The exhibit will run from 10 a.m. to 5 p.m. each day.

“The exhibit will cover all the equipment that an officer normally has to use,” Cpl. Jim Rossiter of the police community center said Tuesday.

The exhibit will include a squad car, lock display, shot gun, tear gas, gas mask, handcuffs, helmet, night stick and riot gear.

Lt. Wayne Booker, head of the Carbondale Crime Prevention Center, said that several officers will be on hand to answer any questions.

Booker noted that a similar exhibit would be held at Sal Mart on Rt. 13 in the near future.

In addition to his own works, Loarie has also composed the music for a film titled “Paint Trails,” a film detailing the history of Southern Illinois Indians. Now that Loarie has graduated, he is still uncertain as to whether he wants to pursue music or film, or a combination of the two, film scoring.

“To me, the two are equally important. They feed off of each other.”

“It’s very hard to find a school which can accommodate what I’m into. Also, like anyone else I would like to have my own studio some day,” Loarie said.

The first film of Loarie’s recital will be “Kata’s” a study in movement based on the katas, or exercises of Karate expert Joe Ron Lee. Loarie said the katas are a great subject for film because of their expressive motions and dance-like quality, and “motion is the defining characteristic of life,” he added.

“Separation,” a film made by Doug Cragin with music by Loarie, is second on the program. Described as “a social commentary on today’s T.V. society. Are we voyeurs or participants?” Loarie says the film is composed of color separations, warped time and “people breaking out in the country.”

Loarie made both film and soundtrack for the third film, “Noeums,” a cinemasonics thesis studying the synthesis of music and image in a time-space-motion continuum. Water is used as a source material, Loarie said, and the film explores the many forms water can take and the “visual music” it creates.

The sun god, “Helius,” provides the title for the fourth film, made by Loarie and scored by Bryce Rubley. Subtitled “A galactic journey through a karmic karma kracker,” Loarie says the film and music are evidence that he is definitely not into reality.

The final piece of the recital, “Of Beggars and Leaves,” is a compilation of various slides taken by Loarie. With music also composed by Loarie, the film runs in a somewhat Japanese vein, he said.

The public is invited to attend this recital in cinemasonics. There will be no admission charge.

 Authorities still seeking suspect in weekend rape

Jackson County authorities were still searching for an unidentified man Tuesday who raped an SIU couple early Saturday morning.

The 21-year-old woman told police Saturday night that she was attacked and raped by a white male in the 900 block of 6th St. between 2 and 4 a.m.

The woman told police that she was hitchhiking on East Walnut Street when the man stopped and forced her to drive his home.

Instead of driving her home, the man traveled to his isolated rural area on Reed Station Road where he raped the woman under a threat to strangle her, police said.

The woman told police that the incident took place between 1 and 3 a.m.
City councilmen deny own pay hike

By Dave Bate
Daily Egyptian Staff Writer

A proposal to give city councilmen and the mayor pay raises met with resistance from the very people the raises were to benefit.

City councilmen and Mayor Norbert Eckardt Monday night considered opposing a raise in the salaries of City Council members from $2,000 to $2,500 a year, and in the mayor's salary from $2,500 to $4,000 a year. The City Council spoke for a raise in the mayor's pay while disclaiming a pay hike for themselves. Councilwoman Jean Westberg suggested at least a $2,500 salary for the mayor.

"I do not support over a $2,000 salary," Eckardt replied.

The report also recommended raising the mayor's car allowance from $60 to $75 a month. In other business, one of the former dormitories at the University City municipal complex may have to be torn down to make room for a parking lot, according to a progress report on leasing the complex.

The report, prepared by Phillip A. Rauser, division of industrial development, stated that one parking space should be reserved for each 150 square feet of office space rented out. Since 180,000 square feet are available for leasing, space must be set aside.

"There are only two possible solutions: one, to acquire adjacent property; the other is to demolish some of the existing buildings and convert the space to a parking area," the report said. "Confidential information is being gathered on both these alternatives."

Additional parking space would be needed for users of the swimming pool and the administrative office building, the report noted.

SAFETY GAS
INCREASE Addition to your gas bill will be made in
March 1947 for the purpose of carrying out an
improvement program in the gas distribution system.
This program is necessary to ensure the safe and
efficient operation of the gas system and to provide a
maximum of service to our customers.
SAVE GAS AND MONEY
Your gas bill will be increased by the amount shown
below on March 1, 1947. This increase will be used
for the improvement program mentioned above.

March 1, 1947

| Amount
| Description |
|------|-------------|
| 3.00 | For improvements to the gas system |
| 2.00 | For improvements to the gas system |
| 1.00 | For improvements to the gas system |
| 0.50 | For improvements to the gas system |

This increase will be in addition to any other regular
monthly increases that you may receive on your bill.
We hope that you will agree that the increase is
necessary and important for maintaining the
quality of service that you have come to expect from
us.

`Old' controversy of firing appeal
occupying council

A month-old controversy has resurfaced before the City Council with body's consideration of a proposed appeals process for police and fire chiefs dismissed by the city manager.

That process would be set up if the council approves an ordinance amendment discussed by the informal meeting Monday night. No action was taken.

The proposal would amend an ordinance giving the city manager the power to hire and fire police and fire chiefs. That authority would not be changed, but the amendment would grant the right to appeal such dismissals to the Board of Police and Fire Commissioners.

The intent of the amendment "is to make the language the same in the thrust of the firings as the hearings," according to City Manager Carroll Fry.

Mayor Neal Eckert opposed the amendment. If fired by the city manager, police and fire chiefs should have only one channel for appeals—through the courts, Eckert said.

To grant a right of appeal through the City Council or the Board of Police and Fire Commissioners would give police and fire chiefs an unfair advantage over other department heads, Eckert said.

To an extent, Fry concurred. "The minute department heads can go to court and cry to the council, you've lost control," Fry said.

The control in the dismissals of the department heads has to be vested in the city manager, or you don't have a managerial system,

The City Manager has the right to hire and fire department heads, Fry emphasized. However, "anyone has a right of appeals to an appeal board with the power to override," Fry said. "But the council doesn't want to pass the amendment.

Fry maintained that according to special provisions of the Illinois Constitution, better rules cities such as Carbondale have the power to set their own guidelines for hiring and firing department heads.

How far this right goes has been a subject of controversy since January, when the old Board of Fire and Police Commissioners tried to block the transfer of its hiring and firing functions to the city manager.

In the ensuing discussion the City Council, acting on a request made by Mayor Eckert, dismissed the three-member board on Feb. 4 and appointed three new members.

Black arts festival
LAGOS, Nigeria (AP)—At least 71 nations have registered to participate in the second World Black and African Festival of the Arts and Culture, to be held here in the fall of 1975.

A government announcement said, however, only 15 countries have so far paid the required $10,000 registration fee.
Union official tells of efforts to move men before rail fire

DECATUR (AP)—A rail union official says that for several months before yesterday's explosion through a freight yard killing four persons by the smoke and flames, the same freight house moved to a safer spot.

The four victims, employes of the Norfolk and Western Railroad Co., were believed to have been in the building in the center of the yard when a tank car blew up Friday.

The freight house, which sleeps about 20 men, was 20 feet from tracks used frequently for switching operations handling cars carrying hazardous materials.

3 SIU students awarded EPDA grad fellowships

Three SIU students have been awarded graduate fellowships under the Education Professional Development Act, according to Wayne B. Ramp, professor of occupational education. Two other EPDA fellows, one a former student, also will enroll at SIU this fall. All will be in doctoral studies.

This is the first year the school has qualified to give training for EPDA fellowships, Ramp said, although for more than a year the school had been conducting an intern training program in competency-based occupational leadership, funded by the Illinois Division of Vocational-Technical Education, Ramp said.

The EPDA program will be "piggy-back" to the existing internships coordinated by Ramp and James Parker of the department of educational administration, he said.

The present SIU students receiving the fellowships with stipends of $4,300 plus fellowship allowances are Marcia Allen of Ridway, John McLuckey of Du Quoin and Kenneth W. Smith of Illa Beta, Miss.

In addition, James Anord of Pontiac, a graduate student at SIU, currently teaching in California, and Thomas M. McGinnis of Indianapolis, a bachelor's and master's graduate of Indiana University and currently employed in the Indiana Department of Education, also exercise their fellowships at SIU.

Wednesday Activities

Orientation: Parents and New Students, 8 a.m., Student Center Illinois Room, slide show "Sketches of a Portrait-SIU," 9 a.m., tour; 9:30 a.m. from front of Student Center.

High School Music and Youth Camp: 8 a.m. to 5 p.m., Shryock Auditorium.

Illinois State Advisory Committee on Alcoholism: meeting and lecture, 1 p.m., Student Center Ohio Room.

Little Egypt Grotto (SIU Cavers): meeting, 8 to 10 p.m., Wham 228.

Recreation and Intramurals: Pullman pool, gym, weight room, activity room 1 to 10 p.m.; beach 11 a.m. to 6 p.m.; boat dock 11 a.m. to 6 p.m.; tennis courts 6 p.m. to midnight.

Ch. 8 to screen taped hearings

The House Judiciary Committee's debate and votes on articles on impeachment will be seen starting at 6:30 p.m. Wednesday on WSIU-TV, Channel 8.

Taped coverage of the committee's proceedings will be provided by the National Public Affairs Center for Television through the Public Broadcasting Service. The debate will continue through the week and possibly into next, and will be broadcast at 6:30 p.m. daily.

Correction

It was incorrectly reported in Tuesday's Daily Egyptian, that SIU employees should file all prescription drug and major medical claims for Blue Cross-Blue Shield to the benefit section of the Personnel Office.

The claims should be sent directly to the Blue Cross-Blue Shield Office.

Gibron goes with ‘Hey you’ squad

Vets plan picket of Bears-Pack game

RENSSELAER, Ind. (AP)—The improved Chicago Bears and Green Bay Packers are scheduled for a game-type scrimmage at Green Bay, Wis., Thursday night with likely picketing by striking veterans of both clubs.

Plack Tanner, representative of the Percival, directing current picketing of the Bear camp here in Rensselaer, said Tuesday five or six Bear veterans would go to Green Bay “to help Ken Bowman, Packers player representative, picket with his veterans.”

Although the Bear-Pack scrimmage is not listed on the National Football League exhibition schedule, it may be the first contest at which an admission is charged to be picked by the striking NFL Players Association.

A $1.00 admission will be charged in a benefit for the Green Bay police and fire departments, the Brown County Sheriff Police Department and the Packers’ Alumni Association.

The players union already has indicated it will try to prevent the NFL’s nationally televised Hall of Fame game between the St. Louis Cardinals and Buffalo Bills from being played at Canton, Ohio, Saturday.

What would have been the opening of the NFL exhibition season, the College All-Star game with the Miami Dolphins at Soldier Field this Friday night was canceled because the All-Stars refused to cross picket lines to play.

No bona fide veterans have reported to Bear Coach Abe Gibron since practice started July 13, although Percival classifies as “yes and no” veterans three members of the club’s 1972 taxi squad currently in camp.

They are running back Reggie Sonderson, tackle Steve Kinney and wide receiver Mike Reppond.

Although some 114 veterans have crossed picket lines at other camps and the NFL Management Council Monday ordered salary increases for all players now training, Percival said “so far, all I can say is people are staying pretty well put.”

Meanwhile, Gibron has been toiling with a squad of 10 drafted players and 40 free agents on a more or less “hey, you” basis.

“I don’t want to name any names yet,” said Gibron. “But we’ve got a couple of running backs who look good. We’ve also got a couple of linebackers and a couple of offensive and defensive linemen who could possibly make the team.”

Among a trio of aspiring quarter-backs are draftees Alan Chutick of East Tennessee State, Craig Holland of Texas-Arlington, and a converted running back, Joe Barnes of Texas Tech.

Top rookies in camp include a pair of first-round draft picks, linebacker John Pyramid of Green Bay and defensive end Dave Gallagher of Michigan.

Dent hard to rate in Sox history

By Joe Moonshl
AP Sports Writer

CHICAGO (AP)—Classic shortstops have been the trademark of the Chicago White Sox.

They had Luke Appling who made the Hall of Fame. They had Chico Carrasquel, the “Cuban Cat” who played as well off the field as on and they had Luis Aparicio, the graceful Venezuelan who led them to a pennant in 1959.

Now along comes Bucky Dent, a 22-year-old antithesis to his illustrious predecessors.

Dent, 5-foot-9 and 179 pounds, will never hit with Appling. He has nowhere near the range of Carrasquel nor the rifle arm of Aparicio.

“He’s hard to rate,” said Manager Chuck Tanner. “He doesn’t have size, he doesn’t have great speed and he doesn’t have a big bat. All he does is hit you.”

Dent came up last year when the Sox were hit with a rash of injuries and impressed Tanner to such an extent that the White Sox manager kept insisting all winter that “Bucky will be our shortstop.”

“I never told him he had the job,” said Tanner. “I just played him in spring training and when we’d split our squad, he’d be with the regulars.”

“When the season started and he had a little trouble adjusting, I sat him out a couple of games. I noticed he was a little down and came to him in the office.

“He was really worried. I told him forget it. I was just trying to get him to relax. You know what he told me. He said, ‘Well I thought I was going to be sent down,’ I put him back into the lineup and can’t get him out of there.

“It’s hard to compare. He’s small, like Phil Rizzuto but he doesn’t play like a Rizzuto. He’s more like the Pittsburgh Pirates. He’s smart and makes the good plays. He has no fear. The tougher the games, the better he plays. He’s just hard nosed and he could be the White Sox shortstop for a long time.”

Dent appeared in 46 games for the Sox last season and batted a creditable .248.

“I had heard things in spring training that I would be the regular shortstop,” said Dent. “But I didn’t want to get my hopes too high. I decided to go out and try as hard as I could.”

“The coaches like Al Monchak and Jim Mahoney were working real hard with me every day. They still do and they’ve been a great help.”

“Of the writers was talking to me the other day and he mentioned guys like Appling, Carrasquel and Aparicio. I don’t know about them because I never saw them play. But I know they are the types who come along once in a lifetime. They had all the skills.”

“Myself! I don’t have any one thing going for me. I just go out and hit as hard as I can with what talents I have.”

So far this year, Dent has been in on most of the 107 double plays executed by the Bears-Packers. He is batting .335 with three home runs and 27 runs batted in. And he has been selected as the Outstanding Player of the College of Science. Guyon topped Mark’s chances of a clean sweep, winning 12-7, 21-4.

Near sweep in handball

Mark Van Tuinen very nearly swept the Office of Recreation and Intramurals Handball Tournament honors. Van Tuinen and his doubles partner, SIU Trainer Bob “Doc” Spackman, best three consecutive opponents, toppled Ron York and Mike Dew in the finals, 15-21, 21-6, 21-5.

In the singles competition Van Tuinen again made his way into the finals, this time versus John Guyon, the Dean of the College of Science. Guyon toppled Mark’s chances of a clean sweep, winning 21-7, 21-6.

The 1974 SIU baseball brochure that was awarded “Best in the Nation” award was edited and written by Sports Information Director Butch Henry. Assistant Mike Needlemann did the research on the booklet. The cover photo is of Coach Ithch Jones when his team went to the College World Series in 1971.

The 1974 SIU baseball brochure that was awarded “Best in the Nation” award was edited and written by Sports Information Director Butch Henry. Assistant Mike Needlemen did the research on the booklet. The cover photo is of Coach Ithch Jones when his team went to the College World Series in 1971.

SIU’s baseball brochure voted nation’s best

The 1974 baseball brochure compiled and designed by the SIU Sports Information Department has been voted “Best in the Nation” by the Baseball Writers Association of America. Butch Henry, sports information creator, and Assistant Mike Needlemen, who lead the award certificate this week. Henry accepted the award earlier this month at the National College Sports Directors Association annual meeting in St. Paul, Minn.

Michigan State University had won the award for five consecutive years, but finished second to SIU’s booklet this year. Clemenson’s brochure was voted third best.

“This is a real honor,” Henry said Tuesday. “The credit also goes to Mike Needlemen, who updated all the records, and Rip Stokes, whose photographs were used frequently by media in other parts of the country who did feature stories on our team.”

Other awards went to Columbia University for the best football game programs, the University of Texas for the best basketball game programs, Army for the best soccer game brochure award, Marquette the best basketball brochure award, Oregon had the best volleyball brochure award and West Carolina won the best swimming brochure award.

IM softball meeting, canoe race planned

The Office of Recreation and Intramurals will conduct a softball manager’s meeting Friday for all summer teams that have won a minimum of 50 percent of their games.

The purpose of the meeting will be to discuss and schedule the season-ending single elimination tournament to begin next Monday, July 29.

The meeting will be at 10:30 a.m. in the Office of Recreation and Intramurals, Room 128 of the SIU Arena. All teams planning to participate in the tournament must have a representative at the meeting.

“Interested students, faculty and staff are invited to attend,” said Butch Henry, Activities Coordinator for the men’s intramural two-ogan canoe race that will be held on the Lake-on-the-Campus boat dock.

Men’s competition and mixed competition are both open.

For more information contact the Office of Recreation and Intramurals or call 432-2710.
