U.N. Aide To Talk at 8 Tonight

A. Alagapan, presiding officer of the United Nations Staff Council and a member of the U.N. Secretariat for 7 years, will speak on "United Nations Progress and Problems" tonight at 8 o'clock in Furr Auditorium.

An open reception will be held after the talk in the Woody Hall basement.

Mr. Alagapan will attend a luncheon in Dining Room 5 of Lenz Hall, Thompson Point, between 11:30 a.m. and 1:30 p.m. All students, both American and international, are encouraged to drop in to enjoy the luncheon to meet him.

Mr. Alagapan's speech are part of the U.N. Week observance at SIU. The week commemorates the founding of the United Nations on Oct. 24. 1945, and is sponsored by the International Relations Club at SIU, the Southern Illinois United Nations Association of the U.S.A., and the Student Government International Affairs Commission.

"One of the things we are trying to do," said Paul H. Sehnb, supervisor of international programs at SIU, "is to take a look at the different technical services of the United Nations and show the good these groups are doing." Often the public knows little about U.N. activities, and critics neglect to analyze much needed effective work being done by the organization, he said.

Alagapan, who holds a master of science degree in economics from the University of London, has specialized in Far Eastern economics since joining the U.N. in 1942.

He has also been subeditor of the Helsinki, a contributor of the Student Government International Affairs Commission.

Among major topics to be covered will be campuses of the Hindu, a contributor of the Student Government International Affairs Commission.

Among major topics to be covered will be the role of the U.N. in development, regional cooperation and human rights in Asia, Africa, and the Middle East.

"We desire to have a discussion on the things we are doing," Mr. Alagapan said. "Often the public knows little about U.N. activities, and critics neglect to analyze the need for effective work being done by the organization," he said.

First Open Chess Tourney at SIU Attracts Star Players From Afar

The first Southern Illinois Open Chess Tournament held at SIU recently attracted contestants from as far as New York and Wisconsin.

The tournament attracted such stars as Donato Rivera, master, originally from Puerto Rico; Bill Martz, the Wisconsin state chess champion; Don Garberth, the Missouri state champion; and John Hagan, master and top player from St. Louis.

David Bierman, an 11-year-old from Sparta, starred the tournament by playing Donato Rivera. Although David gave him a hard time, Rivera won the match.

Frank Flenning, a graduate student at SIU and considered to be among the top three chess players on campus, drew Martz in the second round. Going into the last round, Rivera was to play Martz again. Up to this time, Rivera had won all of his games and Martz three. In order to win the tournament Martz had to win the round against Rivera; however, Rivera held him to a draw and went on to win the tourney.

Prize-winning SIU players were: Class B—Julius Huang and Frank Flenning; Class C—Dennis Missavage; and unrated—John Cort and Said Nateg.

Attracting Star Players From Afar

Area Families to Play Host To U.N. Week Discussions

As part of United Nations Week at SIU, a group of foreign and American students.

Friday evening will be the dinner guests of area families. Each family will have at least one foreign student and one American student as guests.

At 7:30 p.m., the groups will watch the program "Our People and Politics" on WSIU-TV. A film will be shown of an interview in which students and faculty members asked A. Alagappan, a U.N. official, questions concerning "Problems of World Peace" and the "Operation of the U.N.".

Students wishing further information about the program may contact Mrs. Mary Wakefield, coordinator of international students, at the International Student Center, or call 3-2473.
Arnold Air Society, Aquettes, Homecoming Committee to Meet

A make-up Sophomore Test will be conducted at 8 a.m. in Macklebros Auditorium, Champaign County Career Day Exhibits are on display today in the University Center Ballroom.

The Soil Conservation Service meets in the Family Living Lab at 8 a.m.

A Geography Seminar will be held in the Agriculture Seminar Room at 4 p.m.

The Aquettes meet at the University Pool at 5:30 p.m.

Intervarsity Christian Fellowship will meet at 6 p.m. in Room C of the University Center.

The Soil and Water Conservation Club will meet in the Agriculture Seminar Room at 7:30 p.m.

The International Relations Club meets tonight at 7:30 p.m. in Purrr Auditorium.

The Aquaettes meet at Room 101, Old Main, at 7:30 p.m.

The Marketing Club meets in the Morris Library Auditorium at 7:30 p.m.

Pi Sigma Epsilon meets in Room B of the University Center at 8:30 p.m. and in Room F of the University Center at 9 p.m.

The Homecoming Steering Committee meets in Room D of the University Center at 9 p.m.

Arnold Air Society will meet at 9 p.m. in the Studio Theater.

The Off-Campus Executive Council will meet in Room C of the University Center at 9 p.m.

The Student Education Association will meet in Room B of the University Center at 7:30 p.m.

Naval Information Interviews Set

A Navy Officer Information Team will be on campus this week to interview students interested in the Navy Officer Program.

The team will be here from today through Friday, from 9 a.m. to 4 p.m., in Room H of the University Center.

Applications are being sought from juniors and seniors for officer training after graduation in the following fields: aviation (pilot and non-pilot), air intelligence, general staff, supply corps, civil engineering corps and other specialized and professional fields.

Applications for WAVES officer training and for the Navy Nurse Corps are also being sought.

In addition to meeting technical requirements, the training program emphasizes leadership, management and administrative techniques.

Foundation Official Joins Park Board

Dean Olive of the Bellwood Park District, has been named to the board of directors, Illinois Association of Park Districts.

The state-wide organization is composed of park district commissioners and professional staff members. Thomas J. Olive of the Bellwood Park District, is 1964-65 president, Millner will serve as sergeant-at-arms. He is also a member of the association's committee on park and recreation foundations.

Television Operation Featured

On WSIU-TV Fare Tonight

Eye on the World features a step by step account of an operation in Barnes Hospital in St. Louis, at 8:30 p.m. today from WSIU-TV.

Other highlights:

5 p.m.

What's New: Visit to Sable Island, the graveyard of the Atlantic off the Nova Scotia coast.

7 p.m.

The Indian Experiments: Effects of India's Industrial Revolution on the family.

7:30 p.m.

Bold Journey: Following the elephants in the jungle of India.

8 p.m.

Film Concert: Celebrated Franklin Named To Planning Body

Richard G. Franklin, director of SIU's Community Development Laboratory, has been named to a nationwide committee to plan the training of community leaders.

He is one of seven members from six universities appointed to the executive committee of the National Training Laboratories Community Leadership Program. The group is affiliated with the National Education Association.

President Delyte W. Morris of SIU and about 20 faculty members, as well as a number of students, have participated in recent sessions of the NTL program of education in applied behavioral science.

Women Swimmers Elect Miss Milner

The 1964-65 Aquettes have elected Larossa Milner president.

Other officers are Marilyn Triple, vice president; Kassandra Winstor, secretary-treasurer; and Joan Benzig, publicity chairman.
Cold War Fable

Psxxtls on the Loose

By Arthur Hoppe
San Francisco Chronicle

Once upon a time in the Beautiful Green Valley where the wildflowers grew, the Goodguys and the Badguys achieved an uneasy peace. Because the Goodguys didn’t even throw rocks at each other which, because of the dread Psxxtls, The Psxxtls were terribly huge. The Goodguys and the Badguys were afraid the Psxxtls would get loose.

Oh, the Goodguys still believed in Wonderfulness, and the Badguys still believed in Awfulness. And each wanted to save the other from what they believed in. But they didn’t even throw rocks at each other. Because the dread Psxxtls, The Psxxtls were terribly huge. The Goodguys and the Badguys were afraid the Psxxtls would get loose.

So the Goodguys and the Badguys dwelt in uneasy peace and the wildflowers grew prettier every year.

Then along came a Brave New Leader. The Goodguys and the Badguys said, “To save our Beautiful Green Valley from Awfulness, we must win total victory over the Badguys!”

“Hey! The Badguys. Only,” they added nervously, “you’re not going to let these huge leaden-brained beasts loose, are you?”

“Of course not,” said the Brave New Leader. “I am the New Leader, so by definition I am the Goodguys. Many. Most. All. And I alone can save us from Awfulness.”

“But why?” asked a cow­fordly Goodguy, “See! Me!”

“Because,” said the Brave New Leader, “we’ve got more baby Psxxtls than they’ve got. So we win total victory. And thereby save the Badguys from Awfulness.”

“Holy Smokes!” cried the Brave New Leader triumphantly, “Total victory over the Badguys!”

But, unfortunately, the Badguys were unwilling to accept defeat. In desperation, they unleashed umpteen Psxxtls 13 1/2 inches long. “See!” cried the Brave New Leader, “That’s the Goodguys!”

The Badguys retaliated with as many as five Psxxtls. Seven feet, three inches from nose to snout, they were huge. In defense, struck back with... well, anyway, all the Goodguys that they could manage. And inevitably are everybody up. They thereby saving the Badguys from Awfulness, and thus, as the Brave New Leader predicted, it was a total victory. For both sides, there was only the Badguys, redolent.

So everybody was happy, at least those who didn’t care who won. The Goodguys, who didn’t care much for the total victory, one way or another.

Moral: A Psxxtl is a Psxxtl.

Irvine Dillard

Barry and the High Court

Sen. Goldwater makes big headlines but small sense with his violent attack on the United States Supreme court. Denouncing the decisions dealing with the proper rights in public schools and equitable appportionment of state legislatures according to populating requirements. The senator, a self-appointed champion of minority students, delivered a denunciation of members of the American Political Science Association, as well as the schools of Chicago. He attacked these actions “as raw and naked power.”

The words “ raw and naked power” are commonly used to describe the extraterritorial activities of such as those of the Commonwealth in Soviet Russia, of the Vatican in Hull, of Nazi Germany, Fascist Italy, and Franco Spain. Since Goldwater used the same words about the Supreme court the conclusion is reasonable that the senator regards Chief Justice Warren and his colleagues as a bunch of would-be tyrants.

Will He Switch Again

Can it be that a major party’s standard­ bearer is so little equipped for even a present post as to believe all this? Or will he be taken back before election day, as he has on his opposition to social security and other

fundamental gains achieved by the American people since the start of the New Deal?

The nine Supreme Court Justices are appointed by four Presidents. Eisenhower appointed four sitting justices—Warren, Harlan, Brennan, and Stewart. But Harlan who retired because of illness. Is there anyone be­ side the President who would think that our World War II supreme commander would name five tyrants to the nation’s highest court?

All Served in Uniform

Every member of the present Supreme court served in the armed forces. In either World War I or World War II. Every member made his contribution to the defense of democracy in uniform. Yet Barry Goldwater in his attacks against the Supreme court’s jurisprudence! How pernicious!

What is the Supreme court guilty of? It is guilty of being too much. It is guilty of making too many decisions that square with the needs of the American people. It is handing down decrees to keep church and state separate. To protect the rights of the accused. To guarantee our basic freedoms of speech, press, and assembly. To guard the cornerstone of free government. It is guilty of these. It is guilty of many things.

Benefits of rotten borough districts and others with vested interests do not like these decisions. So they are screaming to high heaven. Let them scream all they want—just as long as the American people understand what the shouting is all about.

Thanks!

Idol of Economic Growth Blocks Path to Prosperity for Poor Lands

By Robert M. Hutchins

The idols of our time are economic growth and the national project. Scarcely anybody ever asks what the components of the Gross National Product are or whether we can seriously believe that it makes any difference if we have fewer of them. The GNP includes slot machines, switchblade knives, and hydrogen bombs as well as medicine, science, art, and books. When we throw our hats into the air and cheer the national project, the news that one of the "good" things is rising, we don’t really know what we are applauding.

And we don’t really care, because we all believe—that is a global illusion—that economic growth is the reason for our existence. It is the indefinable sign of progress. Ask a Frenchman or a Hawaiian how their things are going, and they will smile, and they will sing in terms of the curve of the GNP.

The illusion is universal, but it is nonsense. Illusion is not progress. That a government’s reflection will suggest that the GNP is rising, we don’t really know what we are applauding.

Idol of Economic Growth Blocks Path to Prosperity for Poor Lands

Some of the very people who complain about government give-away programs educated through college programs financed by tax money. They don’t complain about a government handout then!

Washington, D.C., October 20, 1964

An educated man is never less alone than when alone, or seldom finds anything more pleasant than solitude. —Ballinger (Tex.) Ledger

Still to come is "sidelash," "toplass" and "bottomlash." —Washington (D.C.) Citizen
Forestry Chairman Is Air Reservist

First of a Series

A major in the Air Force Reserve who still likes to fly planes, is the new chairman of Southern's Department of Forestry.

He is John W. Andresen who came to SIU after serving four years on the forestry department faculty at Michigan State University.

Andresen succeeds Neil Hosley who asked to be relieved of administrative duties for health reasons but continued as professor of forestry for teaching and student advisement.

Andresen, a native of New York City, received his bachelor's degree with high honors from the New York State University School of Forestry at Syracuse and his doctorate in forestry from the State University of New Jersey at Rutgers.

He is currently doing research in taxonomy and ecology of pines of southwestern North America.

Andresen is a member of many scientific organizations and is the newly-elected secretary of the Silviculture Section of the Society of American Foresters.

The wide mixture of forest tree varieties in southern Illinois provides a unique opportunity for teaching and research.

Andresen was elected secretary of the silviculture section of the Society of American Foresters at its recent meeting in Denver.

Andresen also was named to the committee for tree improvement at the National Tree Breeders Conference at Lincoln Neb.

Your hair - a very individual part of your beauty...

YOUR PERMANENT SHOULD BE CUSTOM-CREATED JUST FOR YOU...

WITH OUR NEW SPECIALIST SALON WAVE

Your hair - the texture, the type, the condition of it - is uniquely yours. This is why...to give you the most perfect permanent wave you've ever had...we analyze your hair and custom-blend a one-of-a-kind Rayette Specialist Wave just for you! As full-bodied, soft, and beautifully lustrous as you've ever dreamed of...no matter what the present condition of your hair. As wavy as you want it, or as smooth...and individually styled into one of our stunning new coiffures. Call us soon. Ask for a Specialist Wave appointment.

John Andresen

search in forestry, he says, "The climate is conducive to good timber growth."

Andresen would like to see much of the worn out farm land in the area planted with strains of forest trees that have been developed by plant breeders for rapid growth and high quality timber.

Andresen was elected secretary of the silviculture division of the Society of American Foresters at its recent meeting in Denver.

The training programs will be conducted Oct. 25 through Nov. 24, Feb. 14 through March 20 and May 17 through June 10. "It has been estimated that there are 350,000 blind persons in the United States," Vieceli said, "many of whom when properly trained and self-supporting can become productive and self-respecting members of society. Helping them reach that goal is our objective."

The training program for job placement counselors for the blind was undertaken by the SIU Rehabilitation Institute in 1938. Counselors trained have come from throughout the United States. Many have been sighted themselves.

Rehn to Cor-Juct Curriculum Study

Dean Henry J. Rehn of the School of Business, accompanied by faculty members from the Carbondale campus Departments of Marketing and Management, will meet with the faculty of the Business Division Wednesday at the Edwardsville campus.

Direct Telephone Line to Link 2 Southern Campuses Soon

Direct line telephone communication between SIU's Carbondale and Edwardsville campuses will be possible in about 60 days.

Paul W. Isbell, director of business affairs, said Southern will use four of 12 lines which the state is leasing at "Telpak Rates" from the telephone companies.

"It will result in a saving of toll charges, give faster communication, and further implement the revision of university statutes ordered by the Board of Trustees," Isbell said. He referred to the action of the Board in July at which Southern's administration was changed to a functional rather than geographic basis.

The positions of vice presidents for the Edwardsville and Carbondale campuses were replaced with vice presidents for planning and review, academic affairs, student and area services, and business affairs, who will function from offices on either campus.

Both General Telephone Co. of Illinois and Illinois Bell Telephone Co. are involved in the direct line arrangements. It will be December before the service is completed.

SIU Student Dies As Car Hits Tree

The first SIU student to die in a car accident this school year was killed about 1 a.m. Saturday on Route 460 near Belleville.

Roger Mengerson, 18, a transfer student from the SIU Alton campus, died when his car went off the road and ran into a tree, according to Belleville police.

Mengerson was living at the Suburban Dormitory on Route 51, south of Carbondale.

Funeral services were held Monday in East St. Louis. Burial was in Valhalla Cemetery, Belleville.

Alpha Gams Elect Five New Officers

Alpha Gamma Delta Sorority has elected the following new officers:

Hillary Kostbel, rush chairman; Mary Halling, junior Panhellicnic representative; Kathy Stewart, first vice president; Gayle Turkton, second vice president; and Carolyn Goshal, editor.

President Briefs Legislators On Events in Communist Bloc

WASHING TON -- President Johnson said Monday that developments in the Communist world require a "stated watch and only reinforce the need to continue basic, bipartisan foreign policy."

The President made the statement while talking with newsmen following a 2 1/2-hour White House conference attended by 17 congressional leaders of both parties.

He said the congressional leaders had been briefed on the world picture and steps the United States is taking in light of the shakeup in the Soviet leadership and Communist China's first successful nuclear test.

Johnson called it a "highly classified briefing" and said he had asked for criticisms or proposed changes, and indicated he got none. But, he added, that didn't necessarily mean the silence meant approval. He said numerous questions were asked.

After the briefing House Republican Leader Charles A. Halleck of Indiana called it "very interesting and informative."

Sen. George A. Smathers, D-Fla., said "this was as full a briefing as we have ever had."

Johnson also told newsmen that he would meet with his special advisory committee on foreign policy Wednesday. He said he wanted to draw on broad experience on a bipartisan basis in his consideration of last week's events in China and Russia plus recent developments elsewhere in the world.

He cited, for instance, the chance in British leadership stemming from last week's general election, and he told newsmen that he will hold a preliminary meeting next week with the new British Foreign Secretary, Patrick Gordon Walker.

The White House briefing followed the President's televised report to the nation Sunday night. In that report he said a good beginning had been made in U.S. relations with Russia's new leaders.

Johnson also told newsmen that he's been off his gadgets, his hobbies and political speechmaking. "This is taking in a 2 1/2-hour suite at the Astor Hotel."

MOSCOW--In his first public appearance on a bipartisan special advisory committee on developments that he would meet with his leaders of both parties.

He expressed hope they would join in renewed efforts to prevent the further spread of nuclear power, and denounced the possibility that Red China might try to engage in "nuclear blackmail" stemming from its successful test of a low-yield device Friday.

Johnson said Secretary of Defense Robert S. McNamara briefed the congressional leaders on current and future defense plans, taking into account the Chinese nuclear test.

Heart Attack Fatal

To James Mitchell

NEW YORK -- James P. Mitchell, 65, secretary of labor in the Eisenhower administration, died Monday in his suite at the Astor Hotel. He apparently suffered a heart attack. A physician was with him when he died.

Mitchell, big and bluff, but with an air of relaxed charm, had little formal education but a vast background in personnel management when President Dwight D. Eisenhower named him to the Cabinet in 1953.

SIU Ad Fraternity Wins Award, Tops 50 Chapters Across U.S.

The SIU chapter of Alpha Delta Sigma, national professional advertising fraternity, was the fraternity's best chapter in 1963-64.

The Charles H. Sandage Chapter, official name of the local chapter, won the award in competition with nearly 50 other chapters across the nation.

The award, called the Donald W. Davis Award, after a deceased national president, will be presented to the chapter at the fraternity's annual convention in Miami, Fla., in April.

The honor is awarded annually, on the basis of points scored on the chapter's report of their year's activities. Among its accomplishments last year, the SIU chapter held one of the most extensive Advertising Recognition Weeks ever held by an ADS chapter, and assisted in the formation of the first professional chapter to be directly associated with a university.

Southern's chapter had been rated No. 10 the previous year, but had been in the top five for the three preceding years.

Local officers during the past year, the chapter's adviser, were:

Donald J. Burnett, president; Gary W. Finch, vice-president; Harry L. Bickelhaupt and Gary E. Kilgus, who shared the secretary-treasurer duties for the year.

Last year also marked the first year in the fraternity's history that its top two national officers were on the same campus: Billy I. Rose, president; and Donald G. Hileman, executive secretary, both of the SIU campus. Hileman is the chapter's adviser.

Scene of Writer's Conference Shifting to Alton Nov. 7

A regional writers' conference, which has been held in Carbondale for the past four years, will be held in Alton this year on Nov. 7. James L. Ford, professor of journalism and conference chairman, said there will be sessions devoted to the novel, short story, poetry, playwriting, nonfiction for magazines, company and industrial publications, and writing for the juvenile audience.

Through efforts of the SIU Alpha Epsilon chapter's. the conference is being moved from Carbondale to Alton this year.
**The Indian Captive** Opens

**Children's Theater Series**

"The Indian Captive," first of the 1964-65 Children's Theater Series, will be presented next week and Friday. Morris was appointed to the commission by Gov. Ona Keener.

On the agenda for the two-day meeting is a report of work done for the Wabash River Basin Survey, a progress report on a study of the area by the Corps of Engineers and an aerial tour of the Wabash Delta.

Saturday President Morris will be back in Carbondale for a University Senate meeting. Monday evening he will address the Rotary Club. At the University, Dudley and Jerry Patton, Modlets Larry Dudley, of Christ­

"The Indian Captive" was presented to five children's audiences last week as the first of the 1964-65 Children's Theater Series. The series is sponsored by the Carbondale chapter of the Association of American University Women and the SIU Department of Theater. Children from Carbondale and area schools attended the five matinee performances of Charlotte Chippingen's play at the Southern Playhouse. The second play in the current series will be presented at the playhouse Dec. 7-11. The play, "Marlin the Magnifi­

deeds will be obliged to speak only Russian. The program at SIU will be supplemented with slides and films of Russia and by visiting specialists in Russian history and culture.

Johnson Bolts 97 Yards to Score, After Grabbing Fumble

By Richard LaSusa

Combine an accurate passing attack with a powerful running game and a spirited defense and a football team has a better than average chance of winning a ball game.

Coach Don Shaver's unpredictable Salukis followed the above formula in their 28-19 senior catching victory over a stubborn Drake University outfit.

The triumph left the Salukis with a 3-3 record.

The victory, the first by Southern in three meetings with Drake, was a team effort. Several Salukis chipped in with key performances, both on offense and defense.

For the first time this season, the Salukis scored more than 10 points in a game, and quarterback Jim Hart proved that his highly acclaimed passing arm was still a lethal weapon.

The Morton Grove junior, who set some SIU passing records last season, kept the Salukis offense humming all afternoon with his veteran signal-calling and pinpoint passing.

In all, Hart tossed three touchdown passes in the second half. His 53-yard pass to Southern's four-yard line and spirited 97 yards for a touchdown. Phillips added the extra point, and Salukis had a comfortable 21-6 lead with 4:38 left in the third quarter.

While Johnson's breathtaking run stung the 3,200 partisan fans in Drake Stadium, it appeared to have little effect on the Bulldogs defense.

Southern's offensive unit was the center of attention in the third quarter as an appreciative moment by scoring two quick touchdowns following Johnson's score.

With a little more than four minutes remaining in the third quarter, a 50-yard razzle-dazzle pass play started by Drake's Royer caught the Southern defense napping and netted 31-14 loss. The Bowling Green Aces had no difficulty in overcoming SIU.

The Aces, who set some records, racked up 156 total points, giving up only six.

Three of Southern's remaining five opponents had failed to score in winning football games this weekend as Northern Michigan, Lincoln and Evansville raked up 156 points between them and all.

The Northern Michigan Wildcats, whom the Salukis meet next Saturday in Marquette, had an easy time with little St. Norbert, The Wildcat offense hummed all afternoon with his veteran signal-calling and pinpoint passing.

In all, Hart tossed three touchdown passes in the second half. His 53-yard pass to Southern's four-yard line and spirited 97 yards for a touchdown. Phillips added the extra point, and the Salukis forced to punt.

The Bulldogs moved their back to Southern's four-yard line, and Johnson snatched a Southern's fumble on the Drake 25-yard line.

48-0, the Bowling Green Aces had no difficulty in overcoming SIU. The Bulldogs offense hummed all afternoon with his veteran signal-calling and pinpoint passing.

In all, Hart tossed three touchdown passes in the second half. His 53-yard pass to Southern's four-yard line and spirited 97 yards for a touchdown. Phillips added the extra point, and the Salukis were forced to punt.

Hart scored six of the back to Southern's four-yard line, and Johnson snatched a Southern's fumble on the Drake 25-yard line.

On Saturday, Nov. 21, who usually plays halfback, played fullback just to bullet the tumor off until the back in the ball season starts, continues to gain easy victories in what is probably the best Ace foot- ball season in many years.

The Salukis had no difficulty in beating Valparaiso, 48-0, to keep their slim clean in five games.

North Texas State, Southern's Homecoming opponent, lost to the Salukis 19-7 last week.

Texas was forced to work hard all afternoon with his veteran signal-calling and pinpoint passing.

In all, Hart tossed three touchdown passes in the second half. His 53-yard pass to Southern's four-yard line and spirited 97 yards for a touchdown. Phillips added the extra point, and the Salukis were forced to punt.

Mighty Memphis

Dorms Frock 35-15

By Richard LaSusa

Memphis State's dominating running attack crushed SIU's hopes for another undefeated freshman season here Monday afternoon, as the talented Tigers topped the Salukis 35-15.

The loss was the first in three contests this season for the young team since losing to Memphis State 41-0 in 1962. Since then, Frank Sovic's SIU squad has wrestled six victories without defeat. Coach Jim Hoggatt's Tigers terrorized SIU's defense throughout the game, and rambled for a total of 236 yards rushing. In addition, Memphis quarterback Dave Cox, who gained 107 yards on only two attempts, directed the Tigers' running game from the sidelines.

Workhorse for the Tigers, now 1-1 for the season, was fullback Harry Covington, a 207-pounder from Hopkinsville, Ky., who gained 104 yards on the ground and kept the Saluki line off balance with power runs up the middle and quick bursts around end. Covington's fine running led Memphis to its first touchdown midway through the first quarter. The big back carried three times for 19 yards and two first downs to keep the Tigers' drive alive. High school All-America Bob Baxter eventually scored the Tigers' first touchdown on a four-yard sweep around right end with 7:37 remaining in the quarter.

A Saluki drive, following Baxter's touchdown, sputtered on State's 13-yard line. Memphis regained possession on a missed field goal attempt on the ball on downs and quickly moved to its own 15 as the first quarter ended. Covington again provided the spark for the Tigers' drive with 17 yards in four tries for two more first downs. Memphis capped its second march on a 34-yard scoring aerial to halfback Dule Hall who quickly ran for the two-point conversion, and the Salukis trailed 20-0 at half-time.

The Tigers returned from their half-time rest eager for another score. And they wasted little time ringing one up. Halfback Harold Green made a Ron "Bomber" "kicking-open to the third quarter and raced down the sideline for a 40-yard touchdown.

Frank Sovic's SIU gained 15 points for the day with seven seconds remaining in the contest when signal caller Jimmy Elder passed to end Frank Winkler for three yards and a touchdown.

Final statistics:

STU M. State

First downs 19 10
Passing yards 239 110
Passes att. 18 8
Passes Com. 11 4
Passing yards 5 5
Total yards 211 110
First downs 19 10
Fumbles 6 6
Fumbles lost 5 5
Punts 3-23 5
Penalties 3-43 3-43

Field No. 3--Mason Dixon
vs. Formosan
Field No. 4--Stan "14" vs.
Loggers
Field No. 5--No game
Field No. 6--College View

Larrabee, Miss McGuire Win

As Olympic Track Near

TOKYO - U.S. athletes face a second straight session of slim medal opportunities today with Larrabee and McGuire plus a second-place finish by the equestrian team producing America's only medal Monday.

With swimming competition finished and the track program resuming Wednesday the Suddenly America's medal chances began to fade. At the same time, Russia began to add materially to its total in Greco-Roman wrestling and fencing with another strong sport, gymnastics, still to come.

The Soviets picked up eight medals Monday--five interesting--and now have 48, including 16 gold. The United States still has a commanding lead with 31 gold, 24 silver and 19 bronzes. But a total of 71 is the number won at the Rome Games in 1960.

Miss McGuire's victory, continuing America's sprint supremacy established four years ago by Wilma Rudolph, was not unexpected but Larrabee's rush to the wire in the 400-meter run was somewhat of a surprise.

STEP FORWARD

WITH FORD MOTOR COMPANY

An Open Letter to the 1965 College Graduate from Donald N. Frey, Assistant General Manager, Ford Division of Ford Motor Company

America's automobile industry is in the midst of a challenging era, with prospects of an even more exciting and demanding tempo in the years to come.

Ford Motor Company is determined to achieve leadership in all phases of its operation. This leadership promises to bring lasting success to the company, its employees and its stockholders.

It will take people to accomplish this objective. Engineering, finance, styling, marketing, product planning, sales—all require people with the knowledge, judgment and personal drive to avail themselves of the unprecedented opportunities offered by a great industry.

The automotive business is growing. More cars are being bought now than ever before. With increases in population and consumer buying power, even more will be bought in the future. Realizing this, Ford Motor Company seeks to attract college graduates who have the capacity to handle a wide variety of assignments. Actually, in our company, many graduates grow into jobs totally unrelated to their degrees. They have discovered that Ford offers intellectually challenging opportunities for those with the ability to seize them. We invite you to make the same discovery.

Contact your Placement Office and arrange to see our representative.
