SIU Plans Yeats Fete In Spring

Southern plans a year-long Yeats Festival, starting this spring, in recognition of the 100th anniversary of the birth of the celebrated Irish poet, William Butler Yeats.

A committee, headed by Ralph W. Bucher, rare books librarian in the Morris Library, has been appointed to develop a series of special events featuring lectures by Yeats scholars and others who knew the poet, films, exhibits, and musical and theatrical performances.

The University Press will publish a Yeats Fete publication, in commemoration of the anniversary.

Already scheduled are a lecture on Yeats by Harry T. Moore, professor of English and an authority on the Irish literary school, who will set the stage for the events to come; a series of public lectures by Liam D. Bergin, editor of The Nationalist, a newspaper in Carlow, Ireland, who will join the Journalism Department as a visiting professor at the beginning of the spring quarter; and a special visit May 2-9, by Thomas Kinsella, Irish poet, as a spring poet-in-residence.

Other members of the committee are: Moore; Ralph E. McCoy, Christian Mae, Vernon Sternberg, H.R. Long, Robert D. Faller, and Russell Shroyer, all faculty members.

Music Festival Slated in Arena

For the first time, Music Under the Stars, an annual spring music festival at SIU, will be held in the newly built Arena, according to Robert Kingsbury, festival chairman.

Date has been set for May 8, with the public performance to begin at 7:30 p.m.

Elementary and high school choruses, high school bands and orchestras of Southern Illinois will participate.

One of the highlights of the event is the presentation of the Honored Music Award giving special recognition to a distinguished area musician by the University.

The festival is a regional forerunner of the “annual Chicago competition” and other music festivals during daytime auditions regional winners in several phases of music will be selected for participation in the Chicago competition.

5,000 Student Tickets Go on Sale Thursday

For SIU-Evansville Contest Saturday Night

Approximately 5,000 student tickets to the SIU-Evansville basketball game, Saturday night will go on sale Thursday, as student enthusiasm toward the contest continues to mount.

All indications are that the 10,000-seat Arena will be sold out for the game. All seats to the general public have been sold some time ago.

Student tickets will be on sale at one of the ticket offices at the Arena.

Only students with season athletic tickets will be allowed to pick up their tickets from 9 a.m., until noon.

In addition, by presenting an activity card, students with season tickets may purchase a second ticket for 50 cents. More than 3,000 students have season tickets.

Students having only an activity card will be permitted to purchase their 50-cent tickets from 1 to 4 p.m. A student may purchase a second ticket if he presents another activity card.

In view of the expected sell-out, it is possible that the game will be televised over WSIU, Channel 8.

Officials declined to make such an announcement, however, but said a decision will be released Thursday morning.

Saluki fans have been busy during the past week preparing for the up-coming game with the Aces, who squeezed past Southern, 81-80, on their home court earlier this season.

A group of fans, spearheaded by Harlan McH. (Hal) Fuller and Stuart Kessel, are trying to support the wearing of green to the ballgame.

The group urges students to wear green beanie. It is possible that beanie will be sold later on this week.

The group has also asked students not to bring horns, but urges students to bring luck calls.

It has been reported that officials are considering banning the horns from the Arena, but William D. Justice, Arena manager, said no decision has been made yet.

Justice also said that signs and banners have not been banned in the Arena, but said that is to be attached to the building must first be approved by his office.

Justice also said that fans may carry signs and banners as long as they do not obstruct the view of other fans.

Two students have recorded spot announcements to be played over several radio stations in Southern Illinois and in St. Louis, urging fans to wear green to the game.

Banners have also been seen up off campus. Students report there is a banner, "Beat Evansville," on West Mill Street.

Fred Starr summed it up when he said, "We've got plenty of spirit. Now all we have to do is get organized."

2,000 Student Tickets Sold Out

For SIU-Evansville Contest Saturday Night

Announcement has been released Thursday morning that tickets to the SIU-Evansville basketball game, Saturday night, have sold out.

It is possible that the game will be televised over WSIU, Channel 8.

Officials declined to make such an announcement, however, but said a decision will be released Thursday morning.

Saluki fans have been busy during the past week preparing for the up-coming game with the Aces, who squeezed past Southern, 81-80, on their home court earlier this season.

Fred Starr summed it up when he said, "We've got plenty of spirit. Now all we have to do is get organized."
More than 500 university students are expected to participate in the conference, Gray said.

SIU delegates to the conference are: Phil Slonnen, Ronnie Derry, Norma Meyer, Beverly Shahan, Bill Shahan, and Frosti Croslin.

Merrett Litherland, Madeline Kemper, Karl E. Maple, Norma Hodges, Kids Owen, Stan Hill, and Norma Barrow.

Charlene Rowe, Larry McFarland, Karen Richardson, Harold Keitaller, Jerry Moge, Tom Creen and Georgiana Phillips.

Lecture on India Today

Eleanor Barnes, professor emeritus at the University of Arkansas, will present an informal lecture with slides on India at 7:50 p.m. today at the Home Management House in the Home Economics Building.

Miss Wood and Paul Mayer Win Beauty, Beast Contest

Linda K. Wood and Paul E. Mayer, sponsored by Alpha Gamma Delta and Phi Sigma Kappa, were named winners of the Beauty and the Beast contest at the Eight Man on Campus dance Friday evening.

Miss Wood is a junior majoring in Business Education and Mayer is a freshman majoring in physical education.

More than 20,000 pennies were collected in the contest, and a total of $242.01 was netted to be given to the winners' selected charity, the Cancer Drive.

Other contestants and their sponsors are as follows: Bowyer Hall was sponsor of Marianne Wiley and Joe Ramsey.

Egyptian Sands West picked the candidates Javine Smith and Jerry L. Kravat.

Nancy M. McKeown and Steven J. Haze were selected by Felts Hall to enter the contest.

Kellogg Hall chose its candidates Barbara K. Schneiders and Richard Ewers.

Phi Kappa Tau and Alpha Gamma Delta teamed up with Laurie Brown and Joseph A. Alazzolli.

Sigma Kappa sponsored James Terry and E. Michael Carson Jr.

The Student Christian Foundation picked Rosalie R. Webster and David Massey as its candidates.

Lucille M. Doughberry and John R. Crier represented Saburah Dorn in the contest.

Woody Hall sponsored Diane E. Frazer and John R. Coghill.

The contest was sponsored by Alpha Phi Omega, national service fraternity.

Pledging, Pinnings Listed by Theta Xi

Theta Xi social fraternity recently activated seven new members of the Iota pledge class.

The new members are: Donald E. Ball, Donald K. Fisher, James B. Lund, Corbydon G. Olson, Ronald L. Thomas, John White and Steven A. Wood. Ball was selected as outstanding pledge of the class.

Annette Battle of Sigma Sigma Sigma was named winner of the Miss Wood contest, held Thursday evening.

The Undergraduate Election Commission, in charge of the election for the membership of the Student Body for the fall semester, announced on Friday that all candidates have been named.

The election will take place on Tuesday and Thursday evenings. The winning candidates will be announced on Friday morning.

The winning candidates will be announced on Friday morning.

The Undergraduate Election Commission, in charge of the election for the membership of the Student Body for the fall semester, announced on Friday that all candidates have been named.

The election will take place on Tuesday and Thursday evenings. The winning candidates will be announced on Friday morning.

The winning candidates will be announced on Friday morning.
Judo, Dance Clubs, Aquanettes to Meet

Inter Varsity Christian Fellowship's Judo Club will meet at 5 p.m. today in Room E of the University Center. The WSIU-Radio Club will meet at 3 p.m. on the Arena Course. The Aquanettes will meet at 3-5 p.m. at the University Pool. The Mod-re Dance Club will meet at 7:30 p.m. in the Small Gymnasium.

Wounding of Teddy Roosevelt Will Be Re-Created on WSIU

"The Attempt to Assassinate Theodore Roosevelt" will be featured on "You Are There" at 7 p.m. today on WSIU-TV. This is a revolt to Milwaukee, Wis., in 1912, when a non-descript immigrant wounded Roosevelt. Other highlights:

6:30 p.m.
What's New: This is the last of the two programs which are selling lessons for young landlubbers.

7:30 p.m.
Internet: Three Men-The growth of the United Nations as seen through the changing role of the secretary-general from Trygve Lie, Dag Hamarskjold to U Thant.

8:30 p.m.
Festival of the Performing Arts: "Bartok: A portrait." The various aspects of the great composer, including his personal and professional life.

University Choir Will Perform Second of Children's Concerts

The University Choir will perform at 3 p.m. today in Shryock Auditorium in the second of a series "Children's concerts. Janet Cox of Mt. Vernon will direct the choir in a program of works of Schumann, Lotti, Bach and spirituals. Robert W. Kingsbery, director of University choirs, will narrate the performance. A featured selection will be a composition by Larry Sludge of Carbondale who will conduct the choir. He has taught his song to elementary students in several area schools. Admission is 60 cents for those without season tickets. Any parent who brings four children will be admitted free. The final concert will be April 25. It will feature danse tortuosa of Tchaikovsky, led by a woman in her personal education.

University Choir will perform at 3 p.m. today in the University Center. The Women's Recreation Association will sponsor house basketball at 7:30 p.m. in the Large Gymnasium. Variety Show will begin at 9:30 p.m. in Farr Auditorium of University School. The WSIU Amateur Radio Club Code Course will be held at 7 p.m. in Room D of the University Center. The Residence Halls Council will meet at 7 p.m. in Room E of the University Center. The WSIU Amateur Radio Club Code Course will be held at 7 p.m. in Room D of the University Center.

Cultural events as seen through the lens of History will be featured on "Sixty Plus" this morning. Other highlights:

6:30 a.m.
NoDozTM keeps you mentally alert with the same safe sleep inducer found in coffee. Yet NoDoz is faster, handier, more reliable. Absolutely not habit-forming. Next time mononkey makes you feel drowsy while studying, working or driving, do as millions do . . . perk up with safe, effective NoDoz Keep Alert Tablets. Ask people of Grocer Laboratories.

Senior Citizens

Radio Show Set

"Savvy Plus" will be featured at 10 a.m. today on WSIU radio. The program features news, interviews, discussions, and reports especially prepared for the listener over 60. Other highlights:

2 p.m.
Paris Star Time: Entertainer recorded on location in the French capital.

3:30 p.m.
Conference Hall: The music of Haydn, Beethoven, and Albeniz will be presented.

5 p.m.
Music in the Air: Music for the suppertime mood.

7:30 p.m.
American Sings: The folk music that the United States grew up with will be featured with host Eddie Bracken.

Newman Group

Sets Mardi Gras

With Lent just around the corner festive spirits must be chased from the mind. To assist in the chasing, the Newman Foundation is planning a Mardi Gras party at 8:15 Friday at the Four Mores. Music will be provided by the Four Mores Band. Tickets can be purchased at the foundation or at the door Friday night.

Portuguese, Islam Added to GS List

Two new General Studies courses have been approved by the Committee on General Studies. They are GSD 135 a, b, c, Elementary Portuguese, and GSC 307, Islamic Culture and Civilization. It has also been announced that Edward L. Shea, chairman of the Department of Physical Education for Men, and Jay A. Bender, professor of physiology, have developed a book and syllabus for GSE 102.

Carole Richards, New York
A Puzzle for Science: Why We're Different

Copley News Service

It doesn't take scientists to tell us that there are four major subdivisions of differences among species. But, recent conference on human variations sponsored by the New York Academy of Sciences has added some interesting facts about these differences. It also found that it is difficult to know which of the four major subdivisions of differences lie in proteins that are combined with fat. Presumably these differences are inherited or acquired.

Perhaps you have felt that some foods are too toxic or that others that seem to be toxic, but do not depend on tempera-
ture or on basic chemical and physical properties.

Blood is highly individualistic.

There are the four major blood groups—O, A, B and AB that are characteristic of blood samples. There are many minor blood cell groups that can be recognized, but now scientists are finding that portions of blood serum also contain variable and distinctive differences in the relationship of a whole blood to the height of people born in the first quarter of this century and those born in the second quarter.

Clinical tests have been done to show these differences are inherited, but they are of only considerable interest in the population at large, because they are not always the same for all individuals. It has been generally observed that some people depend on the reactions of the body to the height of people born in the first quarter of this century and those born in the second quarter.

I Don't Know, But I'd Like to Find Out!

British Arming Singapore

Copley News Service

SINGAPORE—The guns of Singapore don't point in the wrong direction anymore. They now point in a very different direction.

British forces here have just completed the biggest Far Eastern buildup since World War II. The enemy is supposed to be Indonesia, which has threatened to invade Singapore, severely executed mili-
tary landings and crude sub-
versive activities.

The total of British forces here is nearly 35,000. There are 80 ships and 18 aircraft to do the job—well! as one sun-

tanned English officer said. At the start of World War II, Singapore was a trea-

table fortress" relied mainly on army and artillery pointing out to sea.

The Japanese came from the east, building up across the Johore Straits, and cap-

tured the island with relative ease.

Today British guns, radar and eyes are pointed in every direction to defend Malaysia from an Indonesian invasion.

Protests here believe that an all-out attack ever will come.

Ivy Dingliard

Ripping Ku Klux Klan's Mask

Should the House un-American activities committee shift the focus of the Ku Klux Klansmen? One of the most promi-

suous young members of the House of Repre-

sents in Washington, Charles Longworth, Westland, thinks so.

First elected from the Al-

chairman of the House of American un-A.

The house is a member of the House, the American civil rights and the anti-Klan movement have achieved a new momentum in the past year. The recent legislation is the only measure to vote for the civil rights act of 1964. That would have been enough to defeat him for re-

nomination in many parts of the south. But Westland stood his ground, answered his critics, and men apply to win by a second term.

Wants to Smash Klan

What this mind's own congressman now proposes must be far more upsetting in the segregated areas of the south. Speak-

ing as a member of the House, the American un-A.

The only legitimate purpose of an investiga-

tion by H. U. A. C. is to lay the basis for legislation. The best method of legis-

lation with the Klan be—to prohibit it from existing? Even many who oppose everything about the Klan, are starting to think that we need a better law. The Klan is a real problem, but the government has not been able enough to defeat him for re-

nomination in many parts of the south. But Westland stood his ground, answered his critics, and men apply to win by a second term.

Once again this madness of the Ku Klux Klansmen lies in going against the law, and we want to see a federal law of that kind. The same holds for Black Muslims today, as they operate as a minority group, engag-

ing in activities that are not in our national interest. The American News is a newspaper that is not held back by almost since Hitler's time and it has achieved exactly nothing.

The New York Times reported that in the last two years, the American civil liberties union correctly says the opposing propositions of the Ku Klansmen.

Exposure of sounding ideas is a job for the press, not for the government. The New York Times put its foot down on Ku Klux Klan in 1965 and won a Pulitzer prize for public serv-

ice. The Milwaukee Journal and the Chicago Tribune put their foot down on ku klux klansmen.

Ivy Dingliard
Dean on SIU Program

Engineering Looks A Century Ahead

Southern's new professional engineering program is designed for engineers whose careers will extend into the 21st century, Julian H. Lauchner, dean of the School of Technology, says. In an interview marking National Engineer's Week (Feb. 21-27), Lauchner said engineering at Southern was planned primarily for educating engineers who will not retreat into isolated compartments.

"It is not our intention to produce engineers of the old school breed as those who built the nation's bridges in the past," said Lauchner, who heads programs in industrial education, applied science, industrial technology and engineering technology as well as in professional engineering.

"In this day of vast and complex technological accomplishment, such narrow special fields would be swamped," Lauchner explained.

In order to make use of the present explosion of knowledge in its engineering program, the school, like a number of the major universities, has gone beyond the familiar divisions such as electrical and mechanical engineering.

"With such a proliferation of technical information and problems, there is no way engineers can keep up with all the developments in their professional fields," Lauchner said, "we must be sure our graduates know how their knowledge relates to the work in which we live.

"If the present rate of expansion of sciences and its applications continue, there is no longer a sufficient number of engineers to go around in any area of the future's space-nuclear age, which may be only a reality beginning as compared with the present rate of technology of the atom and the solar systems.

"It is the demand of such an age that the engineer become a generalist. He must be prepared to meet, Lauchner said, because it is the engineer's responsibility--new, universal knowledge gained by the scientist to the industrial world.

Kevin J. Paluch, secretary of the American Institute of Chemical Engineers, said, "It is the demands of such an age that the engineer become a generalist. He must be prepared to meet, Lauchner said, because it is the engineer's responsibility--new, universal knowledge gained by the scientist to the industrial world.

Faculty Club to Hear Smith

On Education Cost Analysis

Keith W. Smith, administrative assistant to the president, will address a "Committee of Institutional Cost Analyses" at a Faculty Club luncheon at noon Friday in the River Room of the University Center.

A new system of cost analysis by the State Board of Higher Education will be explained by Smith.

A committee of the board has launched a study of instructional and research and service functions of the six state-supported universities to find a more objective basis to be prepared to meet, Lauchner said, because it is the engineer's responsibility--new, universal knowledge gained by the scientist to the industrial world.

Instructional assignments.

Data from these reports are available to provide information for the entire University.

Results of the study can help in the formulation of administrative judgments for internal management as well as supplementary basis.

Grad Wives Hold Their First Meeting

The newly formed Graduate Women's Club held its first meeting this week and organized a variety of interest groups.

Any wife of a graduate student who wishes to join the club or one of its interest groups should contact Ms. Newhall, P. O. Box 20, by phone 453-2542.

The club's next meeting will be held at 8 p.m. March 12 in Building 128 at Southern Hills.

A Trip To Europe

For Less Than $100

Switzerland — The International Travel Establishment will locate job opportunities in Europe for anyone who likes the idea of a fun-filled, 18 day trip to Europe. Jobs are available in all parts of Europe. Interested students should send $7 to Study Dept., 814 W. Washington, Chicago 10. (For complete, detailed self-helpSHJ, travel tips and concise information, writing to Europe (including application/employment) expenses will be

SIU Forestry Prof Lectures, Leads Seminar at Michigan

Ronald I. Beazley, professor of forestry, is giving a lecture and seminar for faculty and graduate students today and Thursday at the University of Michigan, Ann Arbor.

His seminar topic, "Factor Analysis of Small Woodland Owner Behavior and Program Relations," is concerned with why owners of woodlands manage their land as they do. He is conducting the research jointly with the University of Illinois Forestry Department and Laboratory for Personality Assessment in Behavior.

"The Role of the Forestry Sector in the Economic Development of Tanganyika and Zanzibar" is the subject of Beazley's lecture. It is concerned with his work during the last three years for the United Nations Food and Agriculture Organization and the government of Tanganyika in preparing for the joint development of forestry, forest industries, fish and game, tourism, erosion and water problems.

A native of Nova Scotia, Beazley came to SIU in 1959. He has served as a forest economist with the Canadian federal forestry agency branch.

Teaching Film Set

A movie, "Teaching With the Single Concept Film," will be shown at 7:30 p.m. today in Morris Library Auditorium, sponsored by the General Studies Program.

Demonstrators Quit Night March in Selma

SELMA, Ala. (AP) — the courthouse late Tuesday night a crowd of students-mostly Negroes—began a twilight march to blocks from their starting point after Wilson Baker, city public safety director, stopped them. Baker had said he would arrest the marchers if they persisted in their demonstration because, he said, any such march at twilight would only invite racial violence.

SAIGON, South Viet Nam (AP) — Switched by government decree from military to diplomatic duty, Lt. Gen. Nguyen Khanh announced Tuesday he is becoming South Viet Nam's observer at the United Nations. He said he will leave for New York in a few days.

Chief of State Phan Khac Suu appointed the ex-strong man a roving...asador, a gesture of state, in a sequel to the weekend coup and counter coup that cost Khanh his command of the U.S. - backed Vietnemese armed forces.

It came through a similar appointment that Khanh got Lt. Gen. Duong Van Minh, a critic and potential rival, out of the country last fall. The man was oversew President Ngo Dinh Diem in 1963 was dispatched on a goodwill tour of Japan, Hawaii, and various Southeast Asian nations.

What Khanh's appointment would mean to Ambassador Nguyen Phu Duc, Saigon's present observer at the United Nations, remained to be seen. The mission in New York said it had received no official word on the situation, neither North Viet Nam nor South Viet Nam is a member of the United Nations.

The war went on under dire...tion of the new commander in chief, Maj. Gen. Tran Van Minh, a nonpolitical officer who has no relation to Duong Van Minh.

A U.S. enlisted man was killed and another American seriously wounded Monday night by a Viet Cong grenade tossed into a command post 35 miles east of Saigon. American combat deaths in Viet Nam rose to 276.

Warplanes and rangers joined in an effort to wrench Viet Cong ambuscades along a jungle road in Binh Din Province, 300 miles north of Saigon. Seventy-one Viet...mese soldiers were missing there after the Red guerrillas ambushed a detail of three platoons.

Khanh rested with his wife, two children and regular bodyguards at a mansion once used by Diem at Dalat, a mountain resort 140 miles northeast of Saigon. He said in an interview with The Associated Press that his family will accompany him to New York.

"I am said to be leaving my troops in wartime, especially in this critical period," Khanh said. "But I shall continue serving as I am asked in other ways.

This war must be fought on the diplomatic and political fronts as well as the military...s. We need the support of the free world and this is a job for diplomacy.

"Also please don't get the idea I am a prisoner. As you see, I'm perfectly free. I will return to Viet Nam at some point. Remember I at 38 am not too old."
Tension Grows in Harlem

Black Muslim Headquarters Wrecked by Explosion, Fire

NEW YORK (AP) — Explosion and fire wrecked a Black Muslim headquarters mosque early Tuesday in apparent re­
prisal for the assassination of rival Negro nationalist leader Malcolm X. The blast ushered in a day of edgy tension in heavily-policed Harlem.

There also was uneasiness in other cities as a result of the slaying.

Bomb threats were investi­
gated, but no real danger was found to justify the vigil.

Police, apparently making little progress in their in­
vestigation of the killing, com­
plained of a barrier of sil­
cence erected by Malcolm’s followers. Of several hundred who saw him shot to death in his hotel, virtually none has talked 48 hours later.

A 56-year-old Negro car­
washer was taken in by a transit patrol as the man left a subway station two blocks from the funeral par­
lor with a sawed-off rifle on his shoulder. He denied any terrorist aims.

Two young Negroes were found near the funeral home. They carried a rifle in a cans­
case, which bore the name of a rifle club.

A gymnasium was the target of the first bomb threat.

The New York Times also re­ceived an anonymous bomb threat basis.

Police said, on the caller’s request, to return a call. The caller said, "We are innocent."

Assassination Try Feared

Black Muslim Leader Under Heavy Guard

By William J. Conway

CHICAGO (AP) — Black Mus­
lims set up their own secu­
ritv guard Tuesday to aug­
ment elaborate police mea­
sures protecting their sect leader, Elijah Muham­
mad, from reported as­
sasinations.

Special police squads also kept close watch on nearly a half-mile radius of the sect’s various properties.

Police squads are watching the office of the sect’s newspaper, Muhammad Speaks, and the Shabazz Restau­
rant where the sect’s leader normally dines. About six squads are patrolling the general area of the buildings.

Police are also watching the Colsuem to prevent the planting of any explosives there. The Black Muslims will hold their annual convention there this weekend with an estimated attendance of about 5,000.

Stan Laurel Dies

Of Heart Attack

(AP) — Stan Laurel, surviving member of the famed early­
day movie comedy team of Laurel and Hardy, died Tues­
day of a heart attack at his apartment here. He was 74.

His wife, Ida, was at his side.

Laurel had been in ill health since suffering a stroke 10 years ago and had been in seclusion most of the time. Oliver Hardy, the fat mem­
ber of the team, whose movies still convey audiences on late movies, died about 10 years ago.

Police Raid Teen-Age Gambling Operation

HAWOP, I., N.J. (AP) — A plun­
g, drug-casino — for teen­
agers, operated by teen­
agers, was raided Tuesday in form­
al dress and a house­
operated limousine service, has been shut down.

Three youths who operated the dice game in the basement of a Lawrence home were ar­
rested as juvenile delinquents, police said Tuesday. The clientele of the once­
week casino ranged in age from 15 to 17. About 25 players

Food Opens Door to World
For SIU Home Ec Students

Perhaps one answer to better international understanding has been discovered right on campus. According to 23 home economics students, it's that common everyday item—food.

In a foods class taught by Jennie M. Harper, associate professor of food and nutrition, each girl interviewed a foreign student in an effort to get firsthand knowledge of a different food culture.

In reports of the interviews, students described the general culture of the country, climate and variety of food available, kitchen facilities in homes, kind of table service used, number of meals served daily, and the type of food served at each meal. Some of the students collected menus and recipes.

The fringe benefit was best expressed by Margo Frenzke, Kankakee, who wrote, "Because I had never before spoken with a foreign student, by the end of the interview I realized I had just had a most unique and valuable experience, as well as gaining a new friend."

Other students in the class and the countries they studied include: Jeanine M. Kulecka, Formosa; Mary Lou Hennessey, Thailand; Carlana Myers, Laos; Beverly Pankey, United Arab Republic; Paula K. Smith, Brazil; Margaret A. Wilson, Viet Nam; Connie L. Bird and Ruth A. Meyer, Thailand; Susan J. Packard, Belgium; Anita J. Goodman, Iran; Karen A. Ebanks, Iran; Claudette M. Morse, Trinidad; Nancy J. Cummings, Japan; Janice Farmer Byrne, Thailand; Judy Kosarek, Iran; Linda L. Leonard, Algeria; Judy A. Chester, Lhasa; Valerie E. Withrow, India; Sylvia Gall Galles, Formosa; Olivia C. Turner, Pakistan; Bonnie D. Mueller, Pakistan; Angela V. Flowers, Africa.

The Big Inch

The Big Inch — lunaceous by itself, but when incorporated into a DAILY EGYPTIAN classified, it is mighty big. Let's see, 1 inch times 10,000 (that's our circulation) is 10,000 inches. At a rate of only $1.00 for 20 words, that's nearly 10,000 inches for $1.00!

Who will read your 10,000 inches? Students just like you — faculty members just like you — families just like yours — people just like the people you know.

You can plainly see that if you have something for sale, a service to offer or have merely lost your favorite roommate, the DAILY EGYPTIAN's the best place to look.

Better place your ad today, but hurry, deadlines are 2 days prior to publication at noon, except for Tuesday's paper which is noon Friday. Call 453-2354 for details.

LEND AN EAR FOR THIS — Gene P. Offerman, left, graduate student in plant industries, clone with David R. Browning, superintendent, Cooperative Agronomy Research Center, to call attention to Southern's Agroomy Day Thursday.

1. I've decided on the kind of job I want when I graduate. Knowing you, I'd guess it to be something modest — like Secretary of State or President of GE.

2. I didn't thought of those specifically. What I had in mind was a job where they give you a lot of uncles. I think that would be nice. Very nice. Maybe they could start you off at a hundred grand a year.

3. We'll try an extremely successful Nickel's Pickle sale. Don't forget to demand plenty of stock options.

4. You think maybe I should lower my sights a little. I'm afraid to tell you what I think.

5. I'd be willing to settle for a vice-presidency. Look why don't you see if you can qualify for one of Equitable's executive training programs. The work is interesting, the pay is good. And if you prove on have the ability, you may very well end up with a title and a cup of assistants.

6. You really have a way of seeing through a problem. Running with you has taught me a lot.

For information about career opportunities at Equitable, see your Placement Officer, or write to William E. Haines, Employment Manager.

The EQUIPABLE Life Assurance Society of the United States
Wrestlers Go to the Mat Tonight

First Home Meet This Quarter Starts at 7:30 p.m.

Heavyweight Dan Gesky Out of Lineup With Torn Knee Ligaments

Varsity wrestling returns to the Arena for the first time this term when the Saluki matmen face Indiana State at 7:30 tonight.

Coach Jim Wilkinson's team has been hard-hit by injuries, but most of the starters are expected to be ready for the Sycamores. The only exception will be Dan Gesky, the heavyweight, who is out of the lineup for the season with torn ligaments in his right knee.

Capt. Don Devine, who has just recovered from the flu, is ready to go in the 123 pound division. Dan DiVito, who has missed the last two meets with a knee injury, has recovered from the injury and is expected to start at 147.

Wilkinson's probable starting lineup will have Devine at 123 pounds, Larry Baron at 130, Dave Pforr at 137, DiVito at 147, Antone Kusmanoff at 157, George McCreery at 167, Bob Herbert at 177 and either Alf Haerem or Ed Koresel at heavyweight.

Southern will be trying to improve on its 1-2 dual meet record and its 0-1 record at home. The matmen lost their first home meet 26-13 to Bloomsburg State College but rebounded to defeat Parsons College of Iowa 27-8 at Iowa. The Saluki wrestlers were next handily whipped 25-3 by the number one wrestling team in the country, Oklahoma State Cowboys at Stillwater.

George McCreery, the 167 pounder, provided Southern with its lone victory against Oklahoma State as he pinned Eric Lynn in the second period. Ironically he was the only wrestler to lose in the meet at Parsons College.

The Salukis scored some points for the Oklahoma State defeat by finishing third in the Hazel Park Invitational at Detroit two weeks ago. Devine was the only first place winner for the Salukis, but Kusmanoff, Pforr and Baron each came home with third place finishes.

This will be the second meet for the Salukis against Indiana State. The Sycamores finished second nine points ahead of the Salukis at the Miami of Ohio Quadrangular last month. Baron was the only winner for Southern in the quadrangular, as Devine, Pforr, and McCreery all lost their matches by one point.

Wilkinson is hoping that the same fate won't shine on the Salukis this time and is also hopeful that his matmen will show more aggressiveness against Indiana State this time.

The matmen will leave Thursday for Moorhead, Minn., where they will face Moorhead State, a top small college wrestling team Friday night.

The next and last home meet will be March 6 when the Salukis face another strong opponent in Iowa State University.
Home Court "Magic" May Trip Up Aces

As the basketball season heads down the wire to the Evansville game and the post season tournaments, Southern's starting five will have the advantage of playing on its home court.

Coach Jack Hartman's carets have been literally unbearable on the home court this season, and this should be an important factor in the upcoming games. The Evansville players and fans have this in mind too. The first occurrence after the first encounter was — we beat you this time.

4 Games Slated As Playoffs Start

Intramural basketball playoffs started today with a lineup of four games scheduled to be played in the University School Gym.

At 6:00 p.m. Huffy's Tigers meet the Travellers, at 7:00 p.m. Gamma Alpha Psi meets the Travelers, at 8:00 p.m. Stude meet the winner of the W.A.R. and the Phi Rho Hades-Phantoms game. It was played in the University School Gym. A donation of $1 will be paid for every student attending from the Gamma Alpha Psi at the 42nd annual conference before the deadline, which is noon Friday, February 12. Ten dollars will be paid for every student attending the conference after the deadline.

Poker Run Set By Cycle Group

Cyclesport Inc., a local motorcycle club, is planning a Poker Run at 1 p.m. Sunday March 7 starting from Speedee Service, off old Rt. 13 west of Carbondale.

The run will cover between 30 and 50 miles of the roads in the county and will finish at a predetermined location where scores will be counted and awards made.

Matt Hall, spokesman for Cyclesport Inc., said that a poker run is "just an excuse to go riding" and the participants will ride for a while then stop and draw a playing card. At the end of the game the person with the best poker hand wins.

Participants need not own a motorcycle and in past years, the winning hand has been held by a passenger on a cycle.

A donation of 50 cents and members of the American Motorcycle Association are required of each participant on a cycle wishing to enter. Participants may join the organization just before the run.

I don't know what will happen in February.

The Salukis have exploited their homecourt advantage throughout the season as evidenced by their record. Southern is 12-0 in the area this year, and no team has come within 19 points of beating the Salukis.

Southern's success on the home court is also shown by its statistics. In the 12 games the Salukis have averaged 83 points a night with 53 rebounds. Another benefit the Salukis have found is the ability to control the ball. Southern has averaged over 83 field goal attempts per game and compared to an average of only 58 a game for the visitors.

Southern's success on the home front seems to have spilled over into the road games too. After dropping their first four games away, the Salukis have won the last four, boosting their overall record and statistics.

Walt Frazier still paces Southern's scoring with the first 20 games with a 17.2 per game. The sophomore guard has tallied 444 points, eight ahead of George Meeks. Frazier has a 16.8 average. Joe Ramsey is right behind this pair with 15.8.

Frazier's 18 rebounds have also been an important factor in Southern's ability to control the boards. The 6-4 sophomore is followed by Boyd O'Neal out 168, which is the total of which have come in the second half on the season. Frazier and O'Neal are joined in the triple-digit rebounding figures by Ramsey and Ralph Johnson who have 116 and 117 each.

Balancing out the scoring and rebounding in Southern's defensive bulwark Dave Lee.

U. Center Chiefs To Attend Meeting

SIU's Carbondale and Edwardsville Campuses will be represented at the third annual conference of the Association of College Unions-Intercollegiate April 4-7.

University Center Director Clarence G. Dougherty will attend from the Carbondale Campus. Bob Byard, director of the University Center on the Edwardsville Campus, will represent the organization's publicity and public relations committee.

Evansville Is Nearing Moment Of Truth in Undefeated Quest

EVANSVILLE, Ind. (AP)— The Evansville Purple Aces, defending NCAA College Division basketball champions, are writing a community success story as they close in on their first undefeated season.

The Aces, carrying a 22-0 record, will close the regular season against Indiana State at Evansville tonight and Southern Illinois at Carbondale Saturday. They have been ranked No. 1 among the nation’s small college teams in the Associated Press poll all season and are strong favorites to win the NCAA title again.

The NCAA final journey, set for March 10-12, will be played in Evansville’s municipally owned 13,000-seat Roberts Stadium for the 10th straight year.

The seats will be needed, too. The Aces’ home game attendance is averaging 10,700 this season. They drew 12,234 fans for their game with Kentucky Wesleyan Saturday night.

Coach Arad McCutchan and the players he recruits are the principal ingredients in the team’s success, of course. McCutchan finds most of them in the Indiana-Illinois-Kentucky area within a 150-mile radius of Evansville.

The success of McCutchan’s formula is indicated by the fact that he is in his 19th season at the college and has topped the 300-victory mark. His teams have won the Indiana Collegiate Conference championship eight times in 13 years.

The Aces are led by Larry Humes, a 6-4 junior with a 33-point scoring average, who was rated Indiana’s No. 1 high school player at Madison three years ago.

Thornton Remains No. 1 in Poll

Pekin Is 2nd, Galesburg 3rd

SPRINGFIELD (AP)— Thornton and Pekin retained their hold today on the top two positions in the Associated Press 10th weekly poll of Illinois high school basketball teams.

Thornton’s Wildcats picked up 10 first place votes and amassed 249 of a possible 250 poll points in amassing the No. 1 rating for the second week in a row.

Pekin, defending state champion Chinks received six first place nominations and 240 poll points. The second-placed Chinks were followed in order by Galesburg, Moline and Decatur.

Chicago Crane Tech fell from third to sixth following its upset at the hands of Chicago Marshall’s Commandos.

The improving Commandos topped the 300-victory mark. His teams have won the Indiana Collegiate Conference championship eight times in 13 years.

The Aces are led by Larry Humes, a 6-4 junior with a 33-point scoring average, who was rated Indiana’s No. 1 high school player at Madison three years ago.

Critical importance and vigor are fused into this one meaningful word, vitality. What does this mean to you—a graduate about to make the major decision of career selection. By selecting a company with vitality, you’ll find more challenging and rewarding work. Ford Motor Company is such a firm.

At our Company, you’ll have the advantages and resources of a large corporation, along with the high degree of personal responsibility you’d expect in a small one. For our Company is composed of many small management teams, each with responsibility for a specific activity. Activities so vital, they can affect hundreds of jobs and involve millions of dollars. You play in the big leagues—early at Ford Motor Company. An example: Bob Brown’s experiences in marketing.

Early in Bob’s career, he helped prepare comprehensive reviews of our current and planned marketing activities. He also studied special problems they can affect hundreds of jobs and involve millions of dollars. You play in the big leagues—early at Ford Motor Company. An example: Bob Brown’s experiences in marketing.
