Salukis Favored in Michigan Game

Cautious Contest Expected; Massey Is Off Injury List

By Richard La Susa

The simple words "proceed with caution" will serve as a guideline for the Salukis this Saturday when they meet a scrappy Northern Michigan football team in Marquette, Mich.

The encounter with the Wildcats is the final road game of the season for the University Council To Discuss Exams

The University Council is holding its weekly meeting in the Renaissance Room of the University Center today. Among the items on the agenda are two concerning Examination standards at the University Center to more than 150 specialists on Asian affairs.

Friday was the opening of the annual Midwest Conference on Asian Affairs on the SIU campus. The conference continues through today and will feature a number of important speakers and sessions on a variety of topics related to Asian studies.

FRANK N. TRAGER DISCUSSES U.S. SOUTHEAST ASIA POLICY Determination Needed

America's Advisory Policy Is Not Enough, Speaker on Asian Affairs Declares Here

By Ric Cox

"America's foreign policy of being merely defensive and advisory in Southeast Asia is not enough to win the war," said Frank N. Trager, professor of international affairs at New York University, here Friday.

"As a member of the so-called "Fourth World," Asia is not a place for the United States to sit as passive spectators of happenings," Trager told the conference.

"The United States must be able to contribute its own forces and commitments to a solution of the problem," he said.

Trager said the conference will continue through today and feature a number of important speakers and sessions on a variety of topics related to Asian studies.

Hello, Ole-imp!*

Campus Goddesses to Show "Sportin' Side of Life Today"

At 1:30 p.m., today in McAndrew Stadium, some of SIU's finest Greek goddesses will be showing a side of their lovely nature which SIU students have a chance to see only once a year.

Yes, today in the day of the Teke Ole-impics and the week of the Goddesses, sororities will be bidding for top honors with their athletic talents in grueling sports such as the sack race, balloon race, tug of war, frog, spin around, limbo, bicycle race, and that sport the Greek women are most noted for, the active chase.

But, no event involving the sororities is without beauty, and the highlight will be the coronation of the Teke Ole-imp Queen. Candidates seeking to reign over this annual event sponsored by Tau Kappa Epsilon will be LaVonna Sheva, Delta Zeta; Betty Helser, Alpha Gamma Delta; Geraldine Gibson, Alpha Kappa Alpha; Homer Brockman, Sigma Kappa; and Michelle Davis, Sigma Sigma Sigma.

The Teke of the 1963 Teke Ole-impics was Jan Kelly of Alpha Gamma Delta. The event in the Stadium is open to the public.

Salukis, and will be heard over WSUI-FM and WCIL radio starting at 12:30 p.m.

The Salukis have a 2-3 record for the season, while the host Wildcats are 3-2.

Southern is considered the favorite in this game, the third meeting between the Wildcats (each club has one victory), but SIU head coach Don Shroyer is looking forward to the contest with caution. It is known that NMU is difficult to beat on its home ground and the Saluki squad has yet to return to Normal that it can win consistently.

After last week's victory over Drake, Shroyer was pleased with the play of some individuals -- notably quarterback Jim Hart, flanker Rady Phillips and line­ backers Wes Graham and Jack Holzberger -- but was not particularly satisfied with the over-all performance of his new double-wing-T offense.

"Against Drake," said Shroyer, "we didn't play the better running speed from our backs that we expected," he said. "Running game, needed to supplement Hart's improved passing, was emphasized in practice this week, and Shroyer is again expected to use the double-wing against the Wildcats.

Outside of Hart, who had his best day of the season in the 28-19 over Iow, and the blocking linemen, the key men in Southern's pro­ style offensive attack are half­ back Rady Phillips, Weber, a Mat­ toon senior, is the Salukis' leading ground-gainer at mid­ season and Phillips, of Deca­ tur, is the squad's top scorer and pass receiver.

With the new double wing set-up, Phillips' speed is better utilized because he is given more of an option to carry the ball in the backfield. Phillips is a versatile athlete who is expected to contribute more to the Salukis' standard pro-set sys­ tem. Phillips is used mainly as a receiver.

The Wildcats scouted the Salukis at Drake last Saturday, and according to coach Ferzaccia, "were consid­ erably impressed."

Khrushchev Dropped Down the ‘Memory Hole’

By HENRY S. BRADY

MOSCOW (AP) — Nikita Khrushchev has become an unperson.

For a week now there has been no discussion in the Soviet Union about the man who dominated the nation for two decades. His portrait has disappeared from public places, his books are no longer heard in the stores, and even his name has disappeared from the news.

The attacks may soon become more direct, naming Khrushchev and attributing all sorts of sins to him. But, for the moment, he has been dropped down the memory hole.

That was the term George Orwell used in his book “1984” for the incinerator that destroyed records. In an imaginary state dictated that a person should not have existed, all references to him were dropped down the memory hole. Histories referring to him went that way and so did current material, he became an unperson.

There are no signs that the books are being destroyed. That would be difficult.

Leonid A. Brezhnev, the new first secretary of the Soviet Communist party, and Alexei N. Kosygin, the new premier, have pledged to carry on with Khrushchev’s policies as peaceful coexistence and improvement of living standards. They referred to party meetings over the last eight years.

The policy positions of those meetings were set forth in speeches by Khrushchev. That may be the reason his books, collections of his speeches, are still available on a somewhat surreptitious basis.

The tide also is going out for Khrushchev’s role in World War II. Before he achieved power in the four years after Stalin died, Khrushchev was credited with only a small wartime part. In recent years he has loomed large in histories and anniversary articles, particularly in light of the Khrushchev-Kalinin split, where he was long the party boss.

The 20th anniversary of the liberation of the Ukraine from the Nazi armies would have been an occasion for lavish praise of Khrushchev’s role. Instead, articles on it appeared after Khrushchev’s ouster ignored him.

There were other voices, less prevalent in the 19th century but infinitely more influential in this one, who talked government responsibility. They had to wait years before Hoover absorbed some of that, too.

It explains why, although he stopped far short of using all the government’s resources in the depression, he went further to combat it than any depression president in history.

An example will show the long-term tradition in the White House before Hoover ever moved there.

In 1887, when Congress passed a bill to give direct government relief to drought-stricken farmers in Texas, President Cleveland vetoed it, saying: “though the people support the government, the government should not support the people.”

Hoover did far more in the way of using government resources after the crash than Cleveland might have thought of, but it was still not enough.

In holding back on direct relief to the needy he was in the main American stream up till then.

Red China 'Invited' For Nuclear Talks

WASHINGTON--A State Department spokesman declared Friday that "the channels for dialogue" between Red China and the older nuclear powers are open.

Press officer Robert McCloskey made the statement, and said it "would be all right" with the United States if the Chinese consented to go into Geneva disarmament talks.

U.N. Secretary General U Thant suggested Thursday that the United States, Russia, Britain, France, and Red China should meet to discuss a total nuclear test ban.

Frank Luther Mott Dies at Columbia

COLUMBIA, Mo. -- Dr. Frank Luther Mott, dean emeritus of the University of Missouri School of Journalism and Pulitzer Prize-winning biographer, died in a hospital here. He was 78.

He was dean of the journalism school from 1942 until he retired in 1951. In 1955 he was visiting professor at the SIU Department of Journalism during the winter term.

Dean Mott, in ill health several years, had been in the hospital since the death of his wife last Sept. 13.

He won the Pulitzer prize in 1956 at Union Station in III. of "History of America," a seven-volume history. All seven volumes were published and he was working on Volume V when he entered the hospital.

Yank Cage Team Beats Russia, Defect in Tokyo

TOKYO -- A silk smooth, inspired United States basketball team, buoyed by widespread speculation that their Olympic dominance was at an end, cruised to the gold medal and won the gold medal for the sixth straight time while Joe Frazier of Philadelphia won the heavyweight boxing title.

The Soviets, however, grabbed second place after television and Olympic medals at a pell-mell rate and overtook the United States in the total medal tabulation on the last full day of competition in the 1964 modern Olympics.

The Russian gymnasts collected seven gold medals, two silver, and the boxers added seven more, three of them gold. In all, the Russians added 19 pieces of Olympic hardware to their collection for a total of 96.

The United States, meanwhile, got only two--the gold by the basketball team and Frazier--for a total of 51. The event held in the week when the television networks refused to show it until certain portions were deleted.

The film was sponsored by Citizens for Goldwater, a newspaper and a campaign organization, Mothers for Moral America.

Goldwater said he hadn't heard of the film before Monday.

He added, "It shows a lot of vitoes. They say they show a lot of white rioters as well, but I feel that it will incite trouble if it is shown. I will publicly repudiate it if the film is shown anywhere."

Later, he said, "I go publicly repudiate it now."

In Washington, a spokesman for Citizens for Goldwater, Miller, said "I don't think we'll have any comment on Goldwater's remarks."

The film cost $65,000.

Mississippi Judge -- U.S. Dist. Judge Harlan Cox has ordered a federal attorney jailed for contempt of court for blocking indictments by a grand jury proving civil rights activities.

Government Appeals Contempt Rulings

WASHINGTON, Miss.--The Justice Department moves today to appeal a federal judge's effort to jail the U.S. district attorney and the U.S. attorney general.

It is a strange judicial clash, still mainly obscured by grand jury secrecy.

In a dramatic court session Thursday, Dist. Atty. Robert Hauberg refused to sign several indictments prepared by a "blue ribbon" federal grand jury.

A court official in Jackson said the signature of a U.S. attorney on indictments is normal procedure, but Hauberg's signature would be required on the indictments in question because of the judge's order.

Dist. Judge Harold Cox said the signature of a U.S. attorney on indictments is normal procedure, but Hauberg's signature would be required on the indictments in question because of the judge's order.

Instead of jailing Hauberg immediately, Judge Cox al­lowed five days for an appeal to be filed.

A grand jury is the one summoned into session at Biloxi to consider evidence in the murder of three civil rights workers near Philadelphia, Miss. No indictments have been returned.

GDP 'Racist' Campaign Film Repudiated by Goldwater

LOS ANGELES--Sen. Barry Goldwater repudiated Friday as "nothing but a racist film" a Republican campaign film he ordered withdrawn earlier in the week.

Goldwater, in a brief news conference, adhered to the film's "The Choice," which dealt with the subject of rising crime, declining morality and violence in the streets.

It stirred up a storm earlier in the week when the television networks refused to show it until certain portions were deleted.

The film was sponsored by Citizens for Goldwater-Slater and a campaign organization, Mothers for Moral America.

Goldwater said he hadn't heard of the film before Monday.

He added, "It shows a lot of vitoes. They say they show a lot of white rioters as well, but I feel that it will incite trouble if it is shown. I will publicly repudiate it if the film is shown anywhere."

Miss Southall Helped Start Child Care During War

A woman of national recognition and background, Maycie K. Southall, has joined the Department of Elementary Education staff this fall as a visiting professor for the academic year.

A native Tennessean who came here from George Peabody College in Nashville, she has served as a member of the National Commission for the United Nations Educational, Scientific and Cultural Organization and was educational consultant to the Sixth General UNESCO Conference in Paris. Miss Southall has been a member of the Educational Policies Commission of the National Education Association and has served on the executive committee of the NEA department of elementary school principals.

She has served as national president and national secretary-treasurer of Delta Kappa Gamma, honorary society in education. She received her achievement award in 1941. Last year the society established the Maycie K. Southall Scholarship, worth $2,500.

Miss Southall, who has her doctorate from Peabody, helped set up child care programs in war-crowded centers during World War II when the Peabody Faculty

Education Dean Recommends Teachers for 'Disadvantaged'

"Nearly one-fourth of America's youth are disadvantaged by reason of racial discrimination, low income or poverty," Elmer J. Clark, dean of the SIU College of Education told a student convocation at the University of Nebraska today.

"One of several possible solutions to the problem in colleges and universities is the establishment of special programs for the preparation of elementary teachers of the disadvantaged," Clark said.

Emphasis should be placed on the selection of superior teachers who are dedicated to the cause of helping the lower class student raise his level of aspiration, he said.

The program would include special orientation courses in sociology, psychology, and social work; work experiences in depressed areas; and student teaching assignments with disadvantaged children.

Clark challenged doctoral students to identify and pursue research problems related to this field. He listed foundations and agencies from which funds might be obtained for such research.

While at the University of Nebraska, Clark will meet with the executive committee of the National Society of College Teachers of Education. He is the secretary-treasurer of that organization.

Student Work Office and the Shell Oil Company plan to make a six-month experience available by following another six months of academic work at the University.

The work office soon will have more information. Student chances are limited in science, having at least a 4.0 average will be interviewed. Interest on the part of the applicants will be one of the major criteria in selecting the participants.

The program will be able to continue their academic work on a limited basis at the Edwardsvile campus. While participating in this program, the student will receive the equivalent of minimum of $450 a month during his on-the-job experience at Wood River.

Any student interested in the program should talk with Bruno Petraitis, director of Student Work Office, or with Pete Kakalos, who has his office at Student Work Office.

Peace Corps Team To Recruit at SIU

A discussion of the Peace Corps will be given by the student government at 7:30 p.m. Tuesday in Morris Library Auditorium. On Nov. 1 through 7 a Peace Corps recruiting team will be here.

Speakers Sunday will be Barry Crawford, who was with the corps in Senegal, East Africa, and Dennis Grubb who served in Colombia, South America. Both are currently working with the Peace Corps training project at SIU.

Students will have an opportunity to talk with the Peace Corps test under the direction of the recruiting team. Peace Corps recruiters also will speak to various organizations and classes and will have an information booth in the University Center during their stay.
Saluki Cross-Country Runners To Compete in Chicago Today

Track coach Low Hartzog takes his young cross-country squad to Washington Park in Chicago today to meet the University of Chicago track club in a dual meet scheduled to get underway at 1:15 p.m.

Senior Bill Cornell, who has just recovered from an illness, will once again lead the Salukis. He will be supported by his teammate Herb Walker, Jack Leydig, Alan Ackman, John Trowbridge and Jay Doenow.

Salukis Favored In Michigan Game

Educators to Seek Close Coordination

Easing the path from high school to college will be explored at a meeting of educators Monday's meeting.

Called Service

It will be the first session of a committee suggested by Ray Braun, president of the State Association of High School Principals.

Charles D. Tenney, vice president for planning and review, will be host for the 10:30 a.m. session, in the president's office. Termed by schoolmen an "articulation study," the committee will seek closer coordination between college admission procedures and high school counseling practices.

Solving the problems encountered by enticing college freshmen through information imparted at high school assembly level will require cooperation at both colleges and high schools, Tenney said. Tenney and J. Ward Barnes, principal of the Eldorado High School, are co-chairmen for Monday's meeting.

Other members of the committee include high school superintendents William O. Fisher of Orland Park, Eugene McClellan of Centralia, Harold Mescher of Cairo and John D. Mees of Carbondale; high school principals Tom Jones of Carmi, Robert L. Miller of Olympia Fields, F. Ernest Tuchill of Hillsboro, Fred Riddle of Collinsville, W. W. Downing of East St. Louis, J. Ward Barnes of Eldorado, and Andrew A. Moore of Chicago. University representatives, in addition to Tenney are Charles W. Sanford and Lowell Fish­er of the University of Illinois.

Council Postpones Tie Vote Decision

early during the Wednesday election.

It was explained that the election commission had trouble finding people to man the polls and that difficulties were compounded by Sen. Hubert Humphrey's visit.

In final business, the Council discussed the problem of students going on campaign poster raid.

It seems that some students are especially fond of cutting the pictures off the Homecoming queen posters and hanging them on their walls.

"There are regulations to govern and discipline students who carry on such activities," a senator said, "but it would take the National Guard to make the rules effective."

This is the week to do something about your future!

This week the Bell System recruiting team will be on your campus.

They're here to talk to people who want to put their educations to work in the fast-growing, fast-moving communications business.

Maybe that includes you. We're interested in engineer­ing, business and liberal arts seniors who have done well and who expect to keep on doing well.

We want people who are acquiring the habit of success.

We can strengthen it.

The Bell System is where people find solutions to exciting problems. Bell System companies are equal opportunity employers.

If you haven't done so already, you owe it to yourself to find out what the Bell System can offer you. Sign up now at the Placement Office for an appoint­ment with our representatives.

This might be the week your future comes into focus.
