Gemini Link-Up Mission Is Scrubbed

* * *

Feat Postponed, Until Next Year

CAPE KENNEDY, Fla. (AP) — The first Mercury space hunters were stymied Monday before they got started — their target space craft lost somewhere short of orbit, breaking up in a cloud of debris to bits in its fall from the sky.

"So joy, no joy," was the solemn, discouraged epitaph sounded by the radar men acoustically the orbital path. The 103,000-mile space chase was postponed until probably early next year.

"Disappointment" echoed in every statement from space officials.

Still in the Gemini hunter spacecraft when the scrub was announced, command pilot John M. Schirra Jr. said, "Gee, I'm sorry."

Later on the ground, he told the launch crew: "It was a beautiful spacecraft, and had conditions been otherwise, we were confident we could have gone through without a sweat."

But before Robert Seamans, associate director of the National Aeronautics and Space Administration, and Robert C. Gilruth, head of the Manned Spacecraft Center, said the failure would not hold up the man-to-the-moon program. Added if this failure would give the Soviet Union a lead in the race to link up vehicles in space, manned flight chief George Mueller said, "Clearly, we may have to work more now than they had this morning."

The failure of the Agana target vehicle could bring an earlier flight data on Gemini 7 space-marathon, perhaps to Rick Hieb, Earth Day Pad 22 when the Atlas rocket with a brilliant orange fire-trail (Continued on Page 6)

Gus Bode

Gus says if many more people send letters to the President about the war in Viet Nam, the Post Office Department's deficit may be erased completely.
**Facts on American Cowboy**

**To Be Told on WSIU Today**

A factual look at the often-glamorized American cowboy will be presented at 7:30 p.m. today on WSIU Radio.

**Today's episode in this series deals with life on the ranch and the range.**

**Other program highlights:**

*Prime Rib*

*Steaks of all cuts*

*Assorted Fish Plates*

*Italian Dinners*

*Antipasto of all sorts*

**TODAY AND WEDNESDAY**

---

---

**SCHOLARSHIP WINNER** — Larry G. Hughes, right, of Scales Mound, receives a $500 scholarship from George M. Renner of Shawville, president of the Egyptian Funeral Directors Association.

**Mortuary Science Student Awarded $500 Scholarship**

Larry G. Hughes, second-year mortuary science student at VTI, has been awarded a $500 scholarship by the Egyptian Funeral Directors Association.

The scholarship, the first to be presented by the group, was given to Hughes at a meeting in Chester on Oct. 20.

Walter E. Thornell, coordinator of the mortuary science program, said Hughes was chosen from second-year students on the basis of professional promise, scholastic ability, a statement indicating the contributions he feels he can make to the profession and a personal interview.

The two-year mortuary science course includes a broad base of general courses and subjects as embalming, forensic art, pathology, funeral service psychology, management and public health law as well as mortuary science.

**Marketing Meeting Set for Tonight**

The SIU Chapter of the American Marketing Association will open its fall membership drive at 7:30 p.m. today in Morris Library Auditorium and Lounge.

Robert B. Phillips, vice president of committees for the American Marketing Association (senior chapter), will be the speaker. Phillips is the advertising manager of the International Shoe Co., St. Louis.

**Refreshments will be served.** The organization picture for the Obelisk will be taken after the meeting.

**Junior Team Wins Swimming Meet**

The junior class won the interclass swimming meet held here Saturday.

The event was scored by individual points for each class-freshman, sophomores, juniors and seniors. These points were tallied to give the overall class winner.

**Egyptian SOLICITS**

**Homecoming News**

Clubs and organizations planning Homecoming social events are asked to contact the Daily Egyptian by 5 p.m. Wednesday.

Information about social events is needed for a listing of Homecoming activities which will appear in Friday and Saturday issues.

War Is Alien to Early Learning

Public officials, members of Congress, who ignore the man-in-the-street have been expressing their concern of the danger we face: draft dodgers and dissenters among America's youth.

Protest marches and demonstrations by student and other groups have apparently convinced the Viet Nam administration that the war is not, as thoughtlessly proclaimed by the President and his generals, a "necessary evil". Anti-war demonstrations by student and our nation's youth of cowardliness and appeasement are perhaps the most telling indication that the war is dead wrong; and, as with egg on their faces, people, even when done to one individual, is wrong-it is all wrong, even done to one individual!

It is dead wrong; and, as predicted by moral generalizations, we are, and have gotten ourselves into. The purpose of draft hasn't seen a day's peace since 1941. The Alliances are paid in blood and an identity of war?Anti-war thought is increasingly pervasive that we are more aware of the situation than our predecessors were ever.

For the same reason, it is important to remember that the dissenters have the right to express their opinions publicly.

The paradox in the whole argument for withdrawal from Viet Nam is that, although this war is being fought to prevent the spread of communism, the U.S. was criticized back in the 1930's for being too weak against the spread of Nazism—and again when attempting the Hungarian revolt against Soviet domination, Ed Rapetti

U.S. Is Committed to Aid Allies

Messers. Elwitt, Ihde, and Hark, students (?) for a democratic society), Tischauer, et al., appear a little abashed, standing there with egg on their faces, that they brought our rather clearly by John Straw, SIU student rights commissioner, in his recent complaints to the Carbondale City Council on behalf of those who took part in last Saturday's abortive Viet Nam protest walk, straw complained that no police protection was made available to the walkers and asked what legal action would be taken against the egg throwers. Isn't this a bit inconsistent?

On the one hand, Messers. Elwitt and company whine that the United States should stop acting the policeman in South Viet Nam; on the other, they want protection from policemen for themselves. They are all too willing to leave the Vietnamese to the whims of the Communists, but (as I digress when I say this) we subject) to the whims of somewhat less hostile aggressor with only eggs in their weapons carriers. Isn't this a bit inconsistent?

Messers. Elwitt and his friends also deny the apparent unwillingness of Americans to listen to both sides of the Viet Nam question, but they turn on their heels when more than one side is presented. They are unwilling to recognize that the United States is in Viet Nam, not because we want to be there, but because the Viet name government wants us there (and the Vietnamese people, if our teachers-are willing to admit as evidence Pham The Hug's recent letter on this page).

Messers. Elwitt, and his bearded band would prefer to ignore the fact that, after World War II, the United States was pushed into the role of international policeman. Of course, our demonstrators may deny that we had any business defending countries which were unable to protect themselves against the Communists. Would they say that we should not have "interfered" in the internal problems of Greece and Turkey in 1956 or that we should not have sent troops to Korea in 1950 or, perhaps, we should not even have turned to the Allies in the 1940's, or the Allies in 1917? There's the consistency in the argument. Messers. Elwitt and co-workers would like to swallow. Let's have a return to the good old days when men were democratic; the good old days when the Japanese could lob eggs at us without unchristianised, when Mussolini was an umpire, when Hitler could hurl eggs into the Sundew of war without fear of American "intervention."

Come now, Messers. Elwitt and buddies, wipe the egg off your faces. Or is that Pham? A. L. Lorenz

Letters to the Editor

Is Military Power Mere Pseudo-Strength?

I want to see us negotiate from strength in Viet Nam, let me tell what I mean by "strength," though. The United Nations is right, is the aspiration of people who are Senator Fullbright's words.

If we get in tune with this aspiration, we shall gain 'neath the bulbous eye of others—on the who speak a realistic way to us? Does might actually make right? Is the world really that much better off after all these years of "fighting fire with counterfire"? Perhaps right (e.g., mercifulness, forgiveness, nonviolence) are Senator Fullbright's words.

M兵 power is not a true source of strength. For by running down others can we be known for our positive achievements, our affirmance of life, our encouragement of creative interchange even with those who speak a realistic way to us? Does might actually make right? Is the world really that much better off after all these years of "fighting fire with counterfire"? Perhaps right (e.g., mercifulness, forgiveness, nonviolence) are Senator Fullbright's words.

In any case, we have been told by the Chicago Tribune that every person in this country should get their .30-.30's and "Hail to the Chief," after years of lecturing on the incitement of war? Anti-war sentiment is entrenched more deeply than patriotic zeal could ever hope to be.

A generation that has witnessed the horrors of Hiroshima and Nagasaki, the torments of the Nazi aggression, the waste of life in Korea, the Congo, Algeria and Viet Nam should not be expected to express joy at the thought of being "separated from" or "in the hands of" our young men and women are among the most that has witnessed the horrors of Hiroshima and Nagasaki, the torments of the Nazi aggression, the waste of life in Korea, the Congo, Algeria and Viet Nam should not be expected to express joy at the thought of being "separated from" or "in the hands of" their own government.

Aspiration, we shall gain... As for Mr. Tischauser's remarks, it is dead wrong; and, as predicted by moral generalizations, we are, and have gotten ourselves into. The purpose of draft hasn't seen a day's peace since 1941. The Alliances are paid in blood and an identity of war? Anti-war thought is increasingly pervasive that we are more aware of the situation than our predecessors were ever.

For the same reason, it is important to remember that the dissenters have the right to express their opinions publicly.

The paradox in the whole argument for withdrawal from Viet Nam is that, although this war is being fought to prevent the spread of communism, the U.S. was criticized back in the 1930's for being too weak against the spread of Nazism—and again when attempting the Hungarian revolt against Soviet domination, Ed Rapetti

Good-Bad Debate Ignores Shades of Guilt

Referring to Dr. Elwitt's reply to letters which criticized his remarks at the Oct, 4th tea, I find him repeating the original sin of dealing in absolutes, in this complex Vietnamese situation. There is a great deal of evidence that the United States, in Viet Nam, is engaging in little more than neutralism. For instance, when North Viet Nam was under the threat of French invasion, the United States was able to use the Viet Minh as an ally to counter French aggression. Similarly, when the United States was unable to obtain agreement on the Geneva Conference, the United States did not take a neutral position, but instead took the position of the Viet Cong. It is clear that the United States is not neutral in Viet Nam, but rather is taking a position in favor of the Viet Cong.

Roosevelt Administration, in the Chicago Tribune, quoted Elwitt and the Chicago Tribune, who have been cited in their support of the United States position in Viet Nam, as having "used the Viet Cong as an ally against the French." Yet, when the United States was fighting against the Viet Cong, the United States did not take a neutral position, but instead took the position of the Viet Cong. It is clear that the United States is not neutral in Viet Nam, but rather is taking a position in favor of the Viet Cong.

Mr. Tischauser, in his Oct. 4th tea, has offered some evidence for his information. There is some truth in his broad generalizations, Yet his re-
Wilson Fellowships Offered To Future College Teachers

Deadline for faculty nominations for Woodrow Wilson fellowships in October 26, 1965, has joined the School of Technology.

11:30 Coffee will be served. The program will begin at 11:30 a.m. in the Arena of the SIU and will be health, physical education personnel and members of the Associated Student Council.

The purpose of the meeting is to coordinate efforts of all reported organizations which are concerned with the improvement of teacher education, according to Clark.

Clark said that he is a member of the advisory council for the Woodrow Wilson fellowship program, to discuss with United States Office of Education personnel the implications of the Higher Education Act of 1965 in respect to the relationship between SIU and Winston-Salem State College. He will return to campus Wednesday.

Zwick and Goldsmith pays tribute to your appearance with fine suits and sports coats in hosiery, basketweaves, worsteds, and herringbone--all designed to give you that extra touch of authenticity that defines a gentleman. At Homecoming or at any other time of the year, there's no question about fashion at Zwick and Goldsmith--where you can depend on clothing to wear with pride and confidence, no matter what the occasion.

Suits $49.95 to $79.95

For career opportunities at Equitable, see your Placement Officer, or write to Patrick Scollad, Managing Director, The Equitable Life Assurance Society of the United States.

The EQUITABLE Life Assurance Society of the United States.

For the Woodrow Wilson National Fellowship Foundation at the University of Wisconsin. The fellowship program is designed to recruit new college teachers. Recipients receive tuition and fixed fees at the graduate school of their choice, plus $1,800 for living expenses during the year.

More than 11,000 faculty-nominated college seniors in the United States and Canada competed for grants for study during the 1965-66 school year and 1,395 were chosen.

As SIU winner for graduate study during the current academic year was Edward E. Hartwig, son of Mrs. Helmut Hartwig of Carbondale, who finished his requirements for a bachelor's degree at Illinois State University.

Dean Simeone, representative of the Illinois Education Association, announced that announcement of winners will be made in mid-March.

Robert W. MacVicar, vice-president for academic affairs, will welcome the morning speakers and announce the winners.

Other members to address the assembly are Joseph R. Kupcek, associate professor in the Department of Russian Languages, who directed a summer Russian Language Institute at the University of Leningrad.

The new program, scheduled for the summer of 1967, will include four to five weeks of study held either at the University of Moscow or the University of Leningrad.

Klan’s Fund Misuse Charged; Witnesses Keep Mouths Shut

WASHINGTON (AP)—The House Committee on Un-American Activities has information that money collected by the Ku Klux Klan for legal defense of members was diverted to other purposes, Chairman Edwin E. Willis, D-La., said Monday.

Willis made the statement while inviting Fred L. Wilson, described by investigators as grand klabeer-treasurer of the North Carolina Klan, to reconsider his refusal to answer any questions.

Wilson was questioned about a fund raised for the defense of Raymond Mills who, chief investigator Donald T. Appell said, eventually pleaded guilty to charges growing out of bombings in New Bern, N.C.

Wilson, following the pattern of other Klan witnesses, invoked the Fifth Amendment’s protection against self-incrimination and refused to give the committee any information except his name.

Gemini 7 Likely to Be Hastened In Wake of Agena Rocket Failure

(Continued from Page 1)

SIXTEEN minutes later, the first bad news came. There was an abrupt loss in telemetry signals from the Agena. It was unknown whether the rocket had fired, whether it would go into orbit. This was followed by a loss in all contact with the Agena rocket.

The mission was scrubbed at 10:54 a.m. EST—54 minutes after the Agena had been launched.

Failure of Rocket Raises Questions

CAPE KENNEDY, Fla. (AP)—There are two nagging questions about the Agena rocket that failed to orbit Monday and ruined the Gemini 6 mission: 1. Why was a comparatively new rocket which never had been flown in space committed to a mission of such importance? 2. Why wasn’t the rocket ground-fired before launching?

Both have been common procedures throughout the history of the U.S. space program. Yet they were not carried out for the Agena flown Monday, whose identity number was 5002.

Officials indicated at a news conference Monday that economics was the answer to question No. 1. There was no clear answer to No. 2.

Even after rockets have been built up years of reliability, they usually are strapped down on the ground and fired for full duration.

PLEIKU, South Viet Nam (AP)—Meeting only scant resis­tance, a South Vietnamese regiment broke through a Plei Me outpost Monday night to support 300 Montagnard tribesmen and a dozen U.S. advisers holding out for seven days against a Viet Cong as­sault.

The enemy offensive, apparently designed to clear supply lines from Laos and North Viet Nam, appeared to have collapsed. A U.S. military informant said the Plei Me defenders and American and South Vietnamese air atta­cked and knocked out about 750 of the 1,000 to 1,200-man Viet Cong force.

The informant said reports from Plei Me, about 25 miles south of Plei Kiao, indicated a regiment of North Viet­namese regulars was thrown into the battle.

Plei Me, 210 miles north­east of Saigon, apparently was a cherished prize for the Viet Cong. Since U.S. advisers and the My Lai command had set up the special forces camp there, supply lines running from North Viet Nam across the 17th Parallel and through Laos and Cambodia had im­­perilled. Capturing the camp would have helped the Viet Cong keep the supply routes open to highlands areas now heavily infiltrated by U.S. troops.

The South Vietnamese re­lief force dug in outside the camp.

It was expected the relief force would launch a search and clear operation.

OAS Tries to Halt
Domingo Violence

SANTO DOMINGO, Dominican Republic (AP)—About 2,000 inter-American peace force troops, backed by U.S. tanks, moved into the rebel area of this capital Monday on a peace-forging mission.

Blood of youths ran through the streets shouting slogans against the United States and Brazil, whose soldiers make up most of the force. Once when a crowd gathered, Bra­zilian troops put on gas masks as if ready to hurl tear gas.

The operation was ordered by Provisional President Hor­tor Garcia-Goody and whipped up the anger or rebel parti­sans in the hearts of the city.

The shots rang out during the early part of the predawn move but there was no offi­cial word as to what the shooting incidents, dem­onstrated that a considerable number of weapons remain in the hands of civilians.

The troops, supported by tanks and recoilless rifles, started moving into the city shortly after 4 a.m. Within 30 minutes they had taken over an area that rebel leaders once pledged would never be touched by foreign troops.

U.S. Repeats Policy on Raids

JOHNSON CITY, Tex. (AP)—President Johnson, mingling light work with convalescence in the sun, restated indirectly Monday a willingness to inter­rupt bombing of North Viet Nam again if this might lead to a peace table.

Sen. J.W. Fulbright, D­Ark., has also renewed a suggestion for another, longer interruption of air attacks on North Vietnamese targets.

White House press secre­tary Bill Moyers reiterated "Our position has been known on that for some time."

Burglars Use Cannon
To Blast Open Vault

SYRACUSE, N.Y. (AP)—Burglars took advantage of a weekend hull to haul a can­non into the Brink's Inc. of­fice here, blast open a two­foot-thick vault and vanish with $400,000, police reported Monday.

The daring team of thieves used mattresses to mask the roar of their 20mm weapons. Residues near the quiet business section later reported hearing unusual noises but apparently no one suspected anything was afoot.

In their escape, the burg­lars carried away the cannon, described by an Air Force arms expert as being about 77 inches long. The weapon normally is mounted on at­tack aircraft but can be used by foot-soldiers.

Frank Steier, the office manager, told police he be­lieved about 75 percent of the loot was in checks and the rest in cash.

A swarm of police detect­ives and FBI agents went over the clues left by the burglars—about 30 brass shell casings, a tripod used to mount the cannon, a gas torch and four dust masks.

The thieves gained entry through the outside door by either using a key or picking the lock.

The tripod was found about 20 feet from the vault, which is in the rear of the building. The thieves blasted through 22 inches of concrete before using the torch to carve through the three-inch steel casing. Their labors produced a hole large enough for a man to pass through.
University City Complex

University City complex will consist of six modern dormitories housing 960 men and women, being the largest and most complete privately owned dormitory complex at Southern Illinois University. Located in an attractive setting providing privacy for group living. Virtually, every service a student might need will be provided. Yet, with all the unique and desirable facilities, University City is well within the budget of most students.

Administration Office

The nerve center of the University City Complex is the Administration Office. It is here that the multiplicity of functions of a large dormitory complex are coordinated. Housed within this office are four people who will, in effect, control your existence here at University City. The General and Assistant Manager of Business can tell you either the amount of unpaid rent of the individual students or the cost of 24,000 eggs. The number of kilowatts of electricity used by the complex or the insulating capacity of the walls around you can be obtained here. The Security Office for the complex is located in this building to provide efficient and immediate attention to all security matters. Also situated here is the office of the Head Resident, who is the ultimate authority on all University City matters.

A Wide Variety of Services are Available to Residents and They are Located in Various Areas of the Administration Building

Home Away From Home

At University City you will find a "true home away from home." Each room is designed to give maximum comfort, utility and beauty beyond the ordinary. Student rooms are all double rooms in a completely fire-protected building. Each room is carpeted; planned with spacious wardrobe closets, furnished with specially designed furniture. All hallways have been carpeted to minimize noise, and rooms are acoustically quiet to ensure comfort and concentration. Linen service and private telephones are optional features.

Study Lounge

The University City Education Staff consists of four resident fellows and one resident councilor per building. The entire staff has been selected for their overall leadership capabilities. There is a Resident Fellow living on each of the floors and a Resident Councilor living in each dormitory. A variety of services is provided for you by the University City Education Staff.

RESIDENCE HALLS

Modern Cafeteria

This completely modern cafeteria will seat 430 residents and serve 3,000 meals per day. The cafeteria incorporates 15,000 sq. ft. of dining space and operates with a staff of 40 people.

Included within the cafeteria is a stage at the north end that will serve for both plays and debates that will be scheduled throughout the year. Also provided is a complete sound system and dressing rooms.

Social Life In The Halls

During the course of the year, you will have the opportunity to participate in a wide variety of activities ranging from ball sessions to parties and athletic events. Homecoming and Spring Festivals always present an opportunity for a change of pace. Competition among the halls and organizations for the prize winning floor in the Homecoming contest is quite keen. Throughout the year, a well-balanced intramural program is provided for students desiring to participate in such sports as football, softball, volleyball, tennis, swimming, and bowling.

The Educational Staff at University City and the University believe the social life of the college student is an integral part of the student's overall education and maturation experiences. With this goal in mind we have established a social program as well as a recreational program which is comprehensive and well controlled. Our programs are carefully planned so to the number of activities, the type of activities and to the time allotted to these activities. Activity will range from the relative simplicity of floor exchange parties to the complex and colorful homecoming activities. Many other activities are provided throughout the year by the complex and are paid for entirely by the management.

- Tennis Volleyball
Faculty Debate Planned on Viet Nam Policy; Hundreds Sign Letters Backing U.S. Action

A faculty debate on the United States policy in Viet Nam will be held at 7:30 p.m. Monday in Shyrock Auditorium.

Three faculty members who support the administration's policy in Viet Nam will oppose three who disagree with it.

The Students for a Democratic Society are arranging for the appearance of debaters to argue against administration policy and H. Wesley Smith, a sophomore majoring in government, is making arrangements for the pro-administration speakers.

"We plan to have a rational approach with both sides represented so students can get a better picture of the situation," Smith said.

Meanwhile the Young Democrats are sponsoring a letter in support of the Viet Nam war. They plan to send it to government officials and to troops in Viet Nam.

The letter was written by Randall H. Nelson, associate professor of government. The Young Democrats have set up a table in front of Browne Auditorium and are soliciting students' signatures there.

More than 400 residents of the University City dormitories signed a letter last week backing the United States stand in Viet Nam. Copies of that letter were sent to President Lyndon B. Johnson, Secretary of Defense Robert S. McNamara, Rep. Kenneth J. Gray, and SIU President Delyte W. Morris.

Final Exam Schedule

Here is the fall quarter final examination schedule as released by Registrar Robert A. McGrath:

Dec. 13-18

A class meeting at the hours listed below will have its one-hour final examination on the first day listed provided that day is one on which the class has a regularly scheduled lecture session. If not, the examination will be scheduled for the second day listed provided that day is one on which the class has a regularly scheduled lecture session. If a class does not meet on either of those two days it will have its examination on the day of the week on which the last regularly scheduled lecture session is held. If a class is of a type in which no lecture sessions are employed, it will have its examination on one of the regular meeting days which will cause the fewest number of students in the class to have more than three examinations on that day. Otherwise it may be scheduled on the most convenient regular meeting day by the instructor.

A make-up period on Friday, Dec. 17, at 4 o'clock is to be used for examinations for students who have more than three examinations on one day and who receive approval from their academic dean to defer one until the make-up period. When more than three are created by a departmental examination, the one to be deferred will be the departmental one. Classes meeting only on Saturday or one night a week will have their examinations during the regularly scheduled class period.

8 o'clock classes, Monday and Tuesday, Dec. 13 and 14
9 o'clock classes, Thursday and Friday, Dec. 16 and 17
10 o'clock classes, Tuesday and Wednesday, Dec. 14 and 15
11 o'clock classes, Thursday and Friday, Dec. 16 and 17
12 o'clock classes, Monday and Tuesday, Dec. 13 and 14
1 o'clock classes, Wednesday and Thursday, Dec. 15 and 16
2 o'clock classes, Monday and Tuesday, Dec. 13 and 14
3 o'clock classes, Thursday and Friday, Dec. 16 and 17
4 o'clock classes, Thursday and Friday, Dec. 14 and 15
5 o'clock classes, Monday and Tuesday, Dec. 13 and 14
6 (5:45) o'clock classes, Wednesday and Thursday, Dec. 15 and 16
7 (7:30) o'clock classes, Monday and Tuesday, Dec. 13 and 14
8 o'clock classes, Monday and Tuesday, Dec. 13-15, GSC 103, GSD 100
9 o'clock classes, Thursday and Friday, Dec. 16 and 17
10 o'clock classes, Tuesday and Wednesday, Dec. 14 and 15
11 o'clock classes, Thursday and Friday, Dec. 16 and 17
12 o'clock classes, Monday and Tuesday, Dec. 13 and 14

The following classes will have departmental-type final examinations at the hours and days listed below:

12 o'clock Tuesday, Dec. 14-17—GSC 101A
1 o'clock Tuesday, Dec. 14-17—GSC 101A, 101C
2 o'clock Wednesday, Dec. 15-17—GSD 106, 108A, 114A
2 o'clock Wednesday, Dec. 15-17—GSC 101A (Sections 8, 9, 10, Instructional Materials 417
3 o'clock Thursday, Dec. 16-17—GSC 101A
3 o'clock Friday, Dec. 17-17—GSD 106
8 o'clock Monday, Dec. 13-17—GSD 101A
8 o'clock Tuesday, Dec. 14-17—GSD 100
9 o'clock Wednesday, Dec. 15-17—GSC 101A
9 o'clock Thursday, Dec. 16-17—GSD 101A
9 o'clock Friday, Dec. 17—GSD 101A

Great Books Class To Train Leaders

A class to instruct leaders of discussion groups for the Great Books Foundation will be held from Oct. 31 through Dec. 19. Anyone wishing to join the class should call Mrs. R. Keethers at 7-2528 for more information. The class will be taught from 3-5 p.m. by William Brandon, Great Books area director for Illinois.

Geology Class Sees Deep Oil Well

The state's deepest oil well drilling test under way south of McLeansboro was the object of a recent field trip by SIU geology students under the direction of Frank J. Bell, assistant professor of geology.

Bell, a petroleum geologist who was a private consultant in Carmi, said the test is approaching the 500-million-year-old Cambrian Mt. Simon formation at 11,000 feet to test the yield of the deeper strata in the Illinois oil basin.

The well is in the Dale Consolidated Field three miles northeast of Dale.

The students observed various phases of the drilling operation and discussed the work with Jerry Metz, wellsite geologist.

Work was begun Aug. 1 and the target depth of 11,000 feet is about 3,000 feet deeper than any previous test in Illinois. Drilling costs for the well are estimated at as much as $325,000.

Meeting Slated Today

For Sigma Delta Chi

Sigma Delta Chi, professional journalistic society, will meet at 6:30 p.m. today in Activity Room B of the University Center.

All male journalism students of at least sophomore standing are invited to attend to discuss prospective membership.

Motorcycle Death Case Goes To Circuit Court Wednesday

The case of Floyd Crawshaw, ex-coroner and public safety commissioner of Carbondale, will come before Jackson County Circuit Court on Wednesday.

Crawshaw was involved in the Oct. 16 accident in which Duane J. Antrim, an SIU student, was killed after being struck while riding a motorcycle.

Crawshaw is charged with leaving the scene of the accident.

Antrim died of a skull fracture after the motorcycle he was driving was struck by a car driven by Elliot R. Vick of Oaklawn.

Antrim was a member of the SIU wrestling team.

In the coroner's inquest Friday the jury ruled that the death was accidental, and while intoxicants were involved in the accident, the jury said they could not determine to what extent.

Richard E. Richman, state's attorney, said his office would review the case and "that further evidence may be brought" against Crawshaw.

Richman also said, "I am very concerned with the lack of evidence from the Carbondale Police Department." "Unfortunately, I do not have any investigating officers to make a thorough and independent investigation."

The state's attorney office was never officially notified of the accident, Richman said, and he learned of the accident from reading the newspapers.

A local bartender testified in Friday's hearing that Crawshaw had been drinking before the accident.

Crawshaw did not report to the police station until 1 hour and 50 minutes after the accident police testified at Friday's inquest. At that time he declined to take a blood test to determine whether or not he had been drinking.

Carbondale Police Chief Jack Hazel testified.

Earlier Hazel had told newspaper reporters that Crawshaw came in an hour after the accident.

Robert Nelson, a passenger on the cycle, was unable to testify. He remembers nothing from the accident.

Nelson, an SIU student, is in fair condition in Doctors Hospital with fractures of both legs and the left arm.

Present at Friday's inquest were Jim Wilkinson, wrestling coach, and several members of the wrestling team.
Webster Had Southern Pegged; 'Fiasco' Describes Wichita Game

By Bob Reincke

Webster's Third New International Dictionary defines "fiasco" as "an utter and often ridiculous failure of an ambitious or pretentious undertaking."

A better definition might be Wichita State 27, Southern 0.

From almost any angle Saturday's game must be considered just that—a fiasco. Especially as far as the Salukis are concerned.

Not only did they not score, the Salukis didn't gain a yard by rushing. To be more specific, they lost 12 yards.

And so the Salukis set another record for the season—fewest yards rushing in a game. The new mark surpassed the previous record of 8 total yards rushing in the Bowling Green game four years ago.

But if Southern's offense didn't make the Shockers' shine bright enough, the defense did the trick. Wichita rushed for 358 yards in the affair. That's 106 yards more than they had picked up in their first four games lumped together.

In their first four games, Wichita had rushed for only 252 yards while giving up 624 yards rushing to its opponents. It was also the first win of the season for the Shockers, who had lost four in a row before Saturday.

Wichita set the stage for Southern's fifth straight loss by marching 76 yards in 15 plays for their first touchdown. Halfback Pete DiDonato bulled over from the one-yard line. The TD climaxed a 73-yard drive that was spearheaded by a 37-yard pass from John Eckman to DiDonato.

Late in the second quarter Southern made its first threat when Ralph Galloway recovered a fumble at the Wichita 37. But in their sportsmanlike manner, the Salukis gave the ball back to the Shockers on another fumble shortly afterwards.

The Shockers proved their slippery fingers were the Salukis' least offensive weapon again early in the third quarter when Galloway pounced on another Wichita fumble. This one gave Southern a first down at the Shockers 38, and the Salukis marched to the Shockers 14 before being pushed back again.

As if they needed them, Wichita added two more touchdowns in the fourth quarter.

One came on a five-yard run by Phillips with 12 minutes left in the game, and the other seven minutes later when DiDonato plunged over from the one-yard line.

The Shockers scored a third touchdown in that quarter with less than a minute to play, but the score was called back by an offensive-holding penalty.

Southern's loss was its 10th in the last 11 games and gives the Salukis a 1-3 record going into the Homecoming game Saturday with Tulsa.

Future Competitor Leads Conference

Ball State University, which will face the Saluki grid team at home on Nov. 13, is the only unbeaten and untied team in Indians.

This gives the Cardinals of Ball State, who now hold a 6-0 record, a good chance for the Indiana Collegiate Conference football championship.

The Cardinals beat Butler Saturday 22-7 in a decisive game at their home field. This gives Ball State a commanding two-game lead in the ICC.

Intramural Teams To Begin Playoffs

The Intramural football playoffs begin today, with a total of 14 teams competing for the campus championship. Twelve teams will see action, while two others have drawn byes.

All games will start at 4:15 p.m. today, with the possible exception of the games involving Southern Acres and the Frankenmutes, whose league will not be decided.

The playoff schedule is as follows:

Loggers-BYE
Suburbans - Washington Square, field 1
Fearnow Foresters-Felts
All-Stars, field 2
Animals-Springfield Caps.
Southern Acres winners-
Rejects - Boomer Angs, field 6
Lib's Egyg AgCo-op-Fraternity winner, field 7
Allen I-BYE
Missouri Valley Conference Takes Bite Out of Salukis

By Joe Cook

Wichita State University is now the fourth Missouri Valley Conference school to play the Salukis. The only Valley team yet to play Southern is the University of Louisiana, which has twice lost to the Salukis.

Southern has lost once to Wichita and Louisville twice to North Texas State and the University of Tulsa.

Tulsa’s All-American end Howard Twilley had another record to his collection Saturday against Cincinnati. Twilley caught 14 passes for 226 yards to exceed the career yardage mark of 2,473 set by Hugh Cunningham of Washington State from 1940-42. Twilley’s senior, has caught 200 passes for 2,758 yards during his career at Tulsa. The Salukis may have trouble moving the ball, forward, but they showed Saturday night at Wichita that they can do quite well against Southern and fell heavily to the Tulsa rushing plateau, which is two days prior to publication, except for Thanksgiving, which falls on the Thursday before the end of November.

The only Valley team yet to play Southern is the University of Louisiana, which has twice lost to the Salukis.

Freshmen Lose to Memphis State, Meet Tennessee Tech Wednesday

SIU’s freshman football team will journey to Cooksville, Tennessee, Wednesday to face the freshman squad of Tennessee Tech at 2 p.m. Last week Groce kicked the extra point.

Freshmen scored its second touchdown on a punt block by wingback Nick Pappas, plunged one yard with 28 seconds remaining in the first half. Groce kicked the extra point and Memphis led 1-0 at halftime.

On Saturday afternoon the second, third quarter, McGuire ran tackle from the Southern 2-yard line for the final Memphis touchdown. Groce kicked the 2-point conversion and the Tigers held a 9-0 lead at halftime.

Student Opinion Widespread on Viet Nam War

(Continued from Page 1)

"The Students for a Democratic Society have grossly overlooked the disastrous lessons of Munich. The Communists, like the Nazis, are power-mad tyrants," said Michael Stein, a sophomore from Chattanooga, Tenn. "It is the right to social revolution that we should fight for, not a military dictatorship," he said.

"I think the administration knows more about Viet Nam than the people in the teaching staff," said Paul A. Cronin, a sophomore from Herrin, Ill. "I am definitely for the draft policy of President Johnson. I have to agree with the idea of stopping the war demonstrations before they do any more damage." Richard L. Garrison, a sophomore from Marion, Ill., said, "I feel that the current policies of the administration are a complete failure. We as students must take the responsibility to make a more perfect, war-free and democratic world," he concluded.

Durocher Is Cubs' Manager

CHICAGO (AP)—The Chicago Cubs announced Monday that Leo Durocher is the new manager of the National League team. Durocher, 45, a former major league manager, will have complete authority over the team's policies. He signed a three-year contract and will have complete authority on the field, Vice President John Holland said.

Durocher immediately announced he will retain Rube Walker, the Cubs' current hitting coach, as the hitting coach for the 1966 season. Walker is a former major league manager and will have complete authority on the field, Vice President John Holland said.

Durocher's other two aides will be Whitey Lockman and Fred Fitzsimmons, who will serve as the team's hitting coach and pitching coach, respectively.
