**Fee Hike May Be Put To Student Vote**

*** Golf Clubs Aren't Ideal Weapons For Bank Robbery ***

Three SIU golfers will recall their ill-fated trip to Memphis, Tenn., for quite a while.

Not only did they suffer defeat at the hands of Memphis State, on the way out of town Saturday morning Memphis Police stopped them for questioning in connection with a bank robbery.

The car they were riding in matched the description of the robbers' get-away car, police explained later.

Bob Payne, Jim Place and John Krueger were headed back to Carbondale after their match with Memphis State Friday afternoon, when Memphis police stopped their car in downtown Memphis.

The officers pulled out their guns and ordered the three athletes out of the car.

"There had been a bank robbery in Memphis just a few minutes earlier and there were supposed to be three men in a light car such as our boys were driving," said Sgt. Lynn Holder.

The police searched the car but after finding the golf clubs, were satisfied that they couldn't pull a robbery with these." 

**Summer Quarter Registration Up**

More than 1,000 students have already registered for the summer session, according to Dean Raymond Day of the Summer School and Extension Division.

Registration began April 10 and will end May 31 with the summer term beginning June 17.

**Steve Wilson Appointed Editor Of 1964 Obelisk**

Steve Wilson, a junior from Springfield, was named by the Jounnalism Council yesterday as editor of next year's Obelisk.

Wilson served as an associ-

**LITTLE GENERAL CANDIDATE — Lynn Maschuff, member of Angel Flight, women's honorary auxiliary to the AFROTC, will drum up local Angel Flight meeting in Buffalo, N.Y. tomorrow.**

For Rehab Institute: 

Peace Corps Director Expected Here In May

R. Sargent Shriver, director of the Peace Corps, is expected to attend at least one day of a six-day institute at SIU next month to train workers for mentally retarded children's camp.

The Institute will be sponsored jointly by SIU, the Joseph F. Kennedy Jr., Foundation and the federal Vocational Rehabilitation Administration.

For Student Health Service Infirmary

Students probably will be given an opportunity to vote whether they favor or are against the infirmary fee, some Student Senate members have indicated.

Senator George Graham said that total requests amounted to $87,000. This figure includes the costs of expanding the present accounts which receive funds from student fees.

A referendum definitely will be held for the infirmary fee on May 5 in which students will have the option to approve or disapprove a $5 increase which would enable the Health Service to acquire an infirmary.

Graham said the Student Council is asking for the infirmary.

Another referendum may be held to raise fees from last year's total of approximately $315,000 to somewhere near $575,000.

The Council's program recommendations, Graham said, are less than the desired total of $575,000.

Thursday night the Council examined six program recommend-
ations, including the Egyptian which was deleted from the fee study and the AFROTC account, which was tabled for further consideration.

This week, the Council will begin reviewing the general budget of the Student Activity Fee Study.

One of the accounts, the recommended Student Council internal budget, caused minor disagreements over the fact, principle and resolution sections.

The resolution section had six parts. One by one they were deleted by an opposition headed by Senators Gerry Howe and Bob Gray, with Senators George Graham and Ron Hunt supporting the resolution.

Eventually, the entire resolution was deleted. The Council then voted to also delete the fact and principle section.

One of the items in the resolution specified that all students who represent SIU in internal budgets, cause minor disagreements over the fact, principle and resolution sections.

It was pointed out that if this went into effect, the Athletic Department would lose possibly half of its athletes.

**Brougham's Condition Critical**

Doctor's Hospital Reports

William Brougham, who survived the one-car crash that killed two friends, remained in critical condition at Doctor's Hospital. However, a hospital spokesperson said there were indications that his condition would show improvement in the next 24 hours.

Brougham, 21, of Olympia Fields, was critically injured when the car in which he, James Rasmussen, 21, of Pal­ etine, and William Bert, 21, of Glen Ellyn, crashed shortly before midnight.

Rasmussen and Bert were killed in the accident which happened about three miles south of Carbondale on Route 51.

Funeral services for Ras-

mussen and Bert were held in their hometowns yesterday. Bert and Brohm were active members of Tau Kappa Epsilon and Rasmussen was a social affiliate.
Aquatic School Opens June 10

Gail Patricia Miller, a recreation major, was the first Jackson County resident to sign up for the American Red Cross Aquatic School June 10-20 on the Little Grassy campus, Edward Shea, chairman of water safety for the Jackson County chapter, announced.

After taking this schooling Miss Miller, who is completing her undergraduate work prior to entering graduate school, will be a lifeguard and instructor at the SIU Lake-on-the-Campus. She is the daughter of Mr. and Mrs. Kenneth R. Miller of Carbondale.

The aquatic school, which will offer an elective course in teaching handicapped children to swim, is one of only seven the Red Cross will offer in the Midwest.

Purpose of these schools is to increase the number of qualified instructors in swimming, life saving, boat safety and first aid.

Since this year’s registration will be held to 100, Shea is urging early registration. Application forms may be secured from the department of physical education for men at Southern Illinois University, of the recently formed SIU Sport Parachute Club, hope to be performing a similar jump this spring.

Look Out Below:

Leaping Lizards - No Just Jumping Students

If Charles Haycraft has his way, SIU students soon will be dropping out of the skies like chicken hawks dive-bombing a flock of plump laying hens.

Haycraft, a former paratrooper, is the guiding light behind the SIU Sport Parachute Club which was recently organized and has already started training some members.

"Parachute jumping -- why bother?" the weak at heart and stomach may ask. But Haycraft has a ready answer: "There's nothing that can quite match that intoxicating sensation as you guide your body on a downhill plunge through an endless layer of rarefied air," the junior from Wills says.

"The most challenging part of parachuting is the free fall," Haycraft said. "This can be done only after an individual has passed the pre-requisite, which is five static line jumps."

The static line is attached to a plane and automatically opens the chute after an eight-foot fall, he explained. Then the jumper is qualified to free fall, where he pulls the rip cord himself," he added. Haycraft said all training of club members will be supervised by Parachute Club of America instructors. An Army sergeant conducted the first training session last week.

The classic form of a free fall, according to Haycraft, is a modified swim dive. "Movement of certain parts of the body -- such as the head, arms, hands and feet will change your course in flight or allow you to perform a series of loops," he explained.

Haycraft said sport parachuting, which first got started in the U.S. six years ago, isn't as dangerous as it might sound. Over a five year period, the Fort Campbell Parachute Club in 21,000 free falls had only 30 minor injuries, none serious and no fatalities, he said.

The SIU Club has a modest beginning. In fact, its first three members were Haycraft's roommates who said they became interested in the sport by "listening to Charlie talk about it."

They are Ken Fleinhals, vice president; Jerry Weiss, treasurer, and Guy Wharram, secretary/treasurer.

Now a clean-filling, smooth-writing, money-saving Parker cartridge pen...only $3.95

New PARKER ARROW

This pen can save you money on cartridges. Parker Super Quink cartridges are BIGGER and last longer (each is good for 8 or 9 thousand words). But even if you didn't save a dime, this pen would be worth the extra price. It's a Parker.

And only Parker gives you a solid 14K gold point tipped with platinium-dione of the hardest, smoothest alloys ever developed. It should last for years no matter how much you use it.

The pen won't leak the way cheap ones do. It has a built-in safety reservoir, and meets most of the tough specifications we set for our $10 pens. If you have trouble saying it, say it with a Parker. If you're a little shy and have difficulty saying "I like you," or ever "I love you" -- like you very much," say it with a Parker.

The new Parker Arrow makes a beautifully expensive gift and looks as if you paid a small fortune for it.

The new Parker Arrow comes in black, dark blue, light blue, light gray, and bright red, with a choice of four instantly replaceable solid 14K gold points. Includes five free Super Quink cartridges with pen-protecting Solv-X ink.

VARSITY TODAY AND WED.
Voting in the three-candidate race for president of the Executive Council at Southern Illinois University Carbondale will be concluded tonight. Students have been voting in the Union yesterday and today.

Candidates for the office are Dave Ball, Al Lawyer and Herb Greska.

The Council has called a meeting for 9:30 tonight to be followed by a discussion of the results of the voting.

Tryouts for the University Choir have been scheduled in Altgeld Hall in rooms 117 and 118 from 3-5 p.m. today.

The third in a series of Journalism Department lectures will be given tonight at 8 o’clock in the Home Economics Family Living Area. Visiting professor Herbert Davies will lecture on The Law of the Press in England and restrictions on publication.

Other activities on campus today will follow a general pattern of meetings and athletic events.

The Thompson Point Social Programming Board has arranged to meet tonight at Thompson Point Student Government Office at 7 p.m. The Engineering meeting at Thompson Point will meet at the same place at 8 o’clock.

Phi Mu Alpha Sinfonia, music majors who are members of music organizations, is meeting in Room H at 8:30 tonight.

Two University Center Programming Board committees are meeting in center tonight at 9 o’clock. Displays and Service Committee will meet in Room F and the Dance Committee will meet in Room G.

Interpreters Theatre will rehearse at 4 p.m. today in the Studio Theater. The Angellettes will rehearse in Women’s Gym Room 114 at 5 p.m.

Sigma Delta Chi, men’s journalism fraternity, will meet in Room C of the Center at 7:30 p.m.

Pi Sigma Epsilon, marketing majors, will meet in Room C at 10 a.m. today.

Committee will be offering a student employment meeting Monday at T33, Room 103 from 3-6 p.m.

The Sociology Club will meet in the Agriculture Seminar Room at 7:30 p.m.

Men’s athletic activities include the following:

Fencing, Old Main Room 110, 7:30 p.m.; Modern Dance, Women’s Gym, 7:30 p.m.,

Tennis, New University Center, 4-5 p.m.; Greco-soft ball, Thompson Point Field, 4-5 p.m.; regular softball, Stadium Field, 4-5 p.m.

Brown Will Lecture At Zoology Seminar

The Zoology Department has announced a graduate and senior seminar to be held at 4 p.m. Tuesday in Room 133 of the Life Science Building.

The speaker is Lauren E. Brown, research assistant in the Zoology Department.

Subject of the lecture is “Scientific Study of Variation in the Blood Proteins of the Toads, Bufo Americanus and Bufo Woodhouse.”

Series Tonight

family relations to which people must adapt during the period of retirement.

8 p.m. REFLECTIONS presents the first in its new series “Basic Issues of Man.” Tonight’s program portrays the question of man’s goodness and evil.

8:30 p.m. PLAY OF THE WEEK is a delightful comedy “The Velvet Glove.” Helen Hayes, as the Mother Superior of a Roman Catholic convent, defends a young monk in an issue of academic freedom.

‘Dry World’ Music

“Music of the Dry World” will be the “Primitive Music” selection broadcast on WSIU radio today.

Faculty and Students Will Be Represented At ISFSU

Three students and three faculty members will attend the spring meeting of the Illinois Student Federation of State Universities Thursday in Springfield.

The ISFSU, formed in the fall of 1961, is composed of representatives of the nine campuses of state universities in Illinois.

Attending for ISU's student government will be Student Body President Bill Penwick, Carbondale; Terry Cook, Waukegan, communications officer and Dave Davis of Bloomington, student affairs commission member.

Davies Will Speak On British Press

The third in a series of four public lectures by Herbert R. Davies on the British press will be held at 8 p.m. today in the Family Living lounge of the Home Economics building.

Davies, a noted British newspaperman, is lecturing in the department of journalism or SIU campus during the spring term.

The public lecture series will be concluded at 8 p.m. May 14 in the Home Economics building. The final talk originally had been set for May 7 in the Morris Library auditorium.
WASHINGTON

The Supreme Court decides Monday to consider whether Gov. Ross R. Barnett of Mississippi is entitled to a jury trial on federal contempt charges growing out of his efforts to keep a Negro out of his state's university. There could have been a big case if Barnett decides to run against Sen. John Stennis, Monday to consider charges growing out of his state's university.

Gov. Ross R. Barnett of Mississippi is entitled to a jury trial on federal contempt charges growing out of his state's university. Barnett's legal team will attend a Washington hearing Thursday. If Barnett should decide to run for governor, the charges will be tried in the Mississippi Supreme Court. Barnett's legal team will seek to have the charges dismissed as a result of the Supreme Court's decision.

WASHINGTON

The case could have a big impact on Mississippi politics. Former Mississippi Gov. Ross R. Barnett is expected to be settled Tuesday by the Republican controlled Senate.

Trustees Approve Sabbaticals For Six Faculty Members

Sabbatical leaves for six SIU faculty members were approved by the Board of Trustees at Friday's meeting.

Max W. Turner, professor of government, was granted leave from April 1, 1963, to Sept. 23, 1963, to travel in the southwest, Harold E. Broodbucks, associate professor in science and technology, and Mrs. Marjorie Stull, assistant professor of special education, were granted leaves for the fall, winter and spring terms of 1963-64.

Six Attend Joint Retreat

Six representatives of Student Government on this campus attended the Joint Retreat for Student Councils at Pere Marquette State Park.

Students from the Carbondale Campus who attended were Bill Fenwick, student body president, Ted Hutton, student body vice president, Wendell O'Neal, George Graham, Terry Cook and Bill Perkins.

President Delyth W. Morris gave a report on the Board of Trustees' action on the new housing standards and the awarding of contracts for the two buildings at Edwardsville Campus.

Topics discussed at the Saturday morning session included the proposed all-University Senate and the Communications Council.
The Press And Public Interest

Visiting professor of Journalism, Herbert Davies, in the April 23 issue of the Dally Egyptian, compared newspaper-government relations in the United States and Great Britain. The manipulation and falsification of the news in the United Kingdom would be almost impossible, he said. However, the managed news continues currently being waged on the American scene. Davies has shown that government manipulation of the news increases does exist, including the withholding of news and calculated leaks.

American newspapers have the largest responsibility for achieving complete and accurate coverage of the government. The press can fulfill this responsibility by fighting news manipulation and through determined, diligent reporting. This is especially true when the withholding of information by the government is concerned.

It is in the area of leaks, released and often distorted by the government proposes that the great debate occurs. Newspapers will print any news worthy information available. This opens the way for the calculated leak and the purposeful distortion. Should the press print everything it learns? Where does the deere be placed, on the shoulders of government or the press?

Davies explains the British solution to the problem as a restraint on the part of government officials and a committee to investigate controversial situations disclosure of news is released to newspapers. Undoubtedly the British press can accomplish something to American press, but to take their example as it is would be an attempt to eliminate managed news by managing the news.

The government news leak serves a government purpose, but it is not necessarily the whole story, and questioning of additional sources is often enough to put the leak into proper perspective. A leak leading to a running story creation of conflict, controversy or corruption in public office cannot be called contrary to the public interest if it exposes the situation for what it is and spurs public officials to make a decision or to smooth out the operation.

It is in the public interest when government officials, often the work of elected representatives, are aired. Without the newspaper, it would be difficult for a voter to know what is going on, and the controversy, indecision or corruption he is involved in cannot be suppressed because it is unpleasant to read or because it destroys the image an official has created.

However, there is still the problem of preventing government from using the news as a weapon through manipulated information. In this area, the British example of restraint on the part of government may have something to offer.

There is still the problem for newspapers of determining what is public information and whether information is news or mud-slinging. In this area it would seem that a news committee is not the answer. Rather, educated, conscientious newspapermen, who can decide for themselves on their own, in the public interest, is the answer.

Erik Stottrup

School Issue Still To Be Faced

By Paul Simon
Illinois State Senator

Whether there can be increased state to teacher and high schools is one of the unanswered questions of this session of the legislature. At the present time each school district receives some state assistance; a total of at least $252 per pupil or local and state money is assured each school district that meets certain minimum tax rate standards.

The difficulty is that it costs more than $252 per pupil to educate the students—and a further difficulty is that the additional money has to come from the already overburdened property tax.

This means that the ideal solution to the problem is: more state aid.

The Illinois Education Association has suggested that the basic figure ought to be $344, approximately the cost can be sure it is not subsidizing school districts that meet certain minimum tax rate standards.

Even with a modest increase in state aid to education, it is disquieting to some of us to know that our state is among the top states in the nation in some ridiculous areas—and in the lesser one-half in aid to education.

We are first, for example, in the subways we give to our people. Some of us would much sooner see us first in the field of education and mental health, fields where we do not rate well in financial support.

State aid is not the only problem we face in the field of grade and high school education. Other problems we face include:

1) A more realistic appraisal of the costs of transportation. More schools now are forced to take from their educations! fund to pay for transportation.

2) School district reorganization. A small school which does a poor job should not be discouraged, but some are so small and areas so divided that adequate educational standards are hard to maintain.

3) Some changes in the county superintendent of schools setup. There is a general recognition that we have some administrative waste in some of these offices. The county superintendents themselves recognize this and probably will be asked by resolution to come up with proposals for some changes. If they do not, changes will be made anyway by the legislature in the next session.

4) Greater emphasis on summer school programs, using the school facilities more fully than they are now being used.

The next two months will tell whether this session is a good one or a bad one for four schools.

Television Talkback...No Such Thing!

Fourth In A Series

"If you don't know ask!" We often hear instructors repeat this statement after making assignments or transmitting information. Wise advice it is. But, how does one communicate to the professor on the opposite side of the TV screen?

Knowledge of what to do and how to do it is a strong motivator for success in school. Preconception and misinterpretation hinder, if not make impossible, success. Failure often leads to depression or frustration, the end result being loss of schooling. A realistic approach toward learning. Such a result may be attributed to the necessary evils on which instructional television must function—limited time schedule, formality, and prohibition of student participation.

Classroom experiences emphasize the need of variety in presentation. Such variety of presentation is directly reflected in the manner of presentation or through the instructor's expressions and enthusiasm. To insure good television production, the tendency is to concentrate more on formal activity which can be predicted and planned in advance. The teacher has grown to suppose one can lecturize. He should understand his role in the classroom, give a gifted and sympathetic teacher, instructing and guiding the thoughts of his students, is a chief goal of education, "Individual differences should be considered a vital element around which to plan any educational program. One of the functions of education is to help students solve their problems and heighten their individual outlooks of the material under discussion. Such problems may be solved by personal counseling or by providing guidance derived from the classroom. Tests may show skills but individual outcomes cannot be reflected on paper. Daily observations are necessary if an instructor is to give a fair evaluation to be recorded on a student's permanent record.

Students may learn from instructional television, but opportunities for classroom participation, individual expression, questioning, criticism, and final evaluation lead us to conclude that students definitely learn more from the classroom situation. There is no substitute for face to face student—teacher relations.

Cathy Drummond
SIU Sprint Medley Team Fastest In U.S.

* Cornell, Houston, Pulliam, Stewart Set 3:18.7 Time *

SIU now holds the U.S. fastest time in the sprint medley event as a result of its first place 3:18.7 finish Friday at the Drake Relays. In other races at the meet the Salukis took one other first, two seconds and one third.

Southern won the two-mile event to earn the sprint medley blue ribbon. The Salukis placed second in the distance medley. SIU's relay teams placed second and third in the mile relay and sprint medley events respectively.

Bill Cornell ran the fastest half-mile of his career Friday with the 1:47.1 time. He came from 30 yards behind with only 250 remaining to win the sprint medley race for the Salukis. Other members of the quartet include Ed Houston, Al Pulliam and Jim Stewart.

Brian Turner, who won the two-mile race in 8:51.7 Friday, came back Saturday to provide the 15,000 fans with some more excitement.

Baseball Team Plays At Cape Girardeau

Rained out of Saturday's scheduled game with the alumni, SIU's varsity baseball team will travel to Cape Girardeau, Mo., this afternoon for a game with Southeast Missouri.

Glenn Martin's SIU baseball Salukis will be attempting to end a three game losing skid. This afternoon's game with the Missouri Indians will be the first of two between the two rivals.

Rich Bickhaus, Doug Edwards and John Hort are hoping for the starting assignment this afternoon. They have not pitched for two weeks except for practice and Martin hopes to give the trio pitching duty today.

Jerry Qualls will be trying to increase his batting lead over teammates Ron Landreth and Mike Pratte. Qualls is hitting .391 with Landreth and Pratte tied at .355.

Southeast Missouri has lost three games in a row including a recent doubleheader loss to Harris Teachers College in St. Louis.

Joe Uhlis is the Southeast Missouri coach and his squad usually give SIU a good game. Last year Southern won two of three games from the Indians.

Following today's single game SIU returns home to prepare for a six-game home stand. Memphis State will be here Saturday for a doubleheader. Southeast Missouri will be at SIU May 7 for a single game and Tulia University will be here the following day.

Arkansas State is scheduled for a doubleheader here May 11.

Turner and Harry McCalla of Stanford engaged in a personal duel in the distance medley race with McCalla breaking the tape first. Stanford's winning time was 9:54.6, two-tenths of a second better than SIU's second place time. Ed Houston ran the distance medley even though he had four stitches in his toe which was cut after the sprint medley race Friday.

Southern's freshman quartet of Jerry Fendrich, Gary Carr, Bill Lindsey and Bob Wheelwright placed second behind Abilene Christian in the mile relay. Southern was clocked in 3:18.1, four-tenths of a second slower than the winning time. Abilene Christian also won the freshman sprint medley with SIU placing third. Herman Gary ran on the sprint medley team instead of Jerry Fendrich.

Bob Green placed fourth in the 120-yard high hurdles and George Woods finished fifth in the shot put.

FASTEST TIME - Bill Cornell, center, is congratulated by teammate Brian Turner and coach Lew Hartog after anchoring SIU's sprint medley to victory. Southern's time of 3:18.7 is the fastest in the U.S. An unidentified track man (for left) congratulates Cornell after the race. Other members of the sprint medley team are Al Pulliam, Ed Houston, and Jim Stewart.

Tennis Teachers Workshop Opens June 23

Southern Illinois University will be host to the second annual Tennis Teachers Workshop to be held June 23 through June 26.

The purpose of the four day clinic is designed to familiarize the physical education teacher and recreation leader with basic skills necessary to play tennis.

The sponsor's of the workshop are the American Association for Health, Physical Education and Recreation; the United States Lawn Tennis Association; and Southern Illinois University.

The workshop directors are John R. LeFevre, SIU tennis coach, and Catherine Wolf, member of the AAHPER Joint Committee.

Included on the workshop staff are Bill Price, director of the Bill Price Tennis School, John Hendris, Ohio State tennis coach, Bill Murphy, University of Michigan tennis coach, and George E. Barnes, past President of the USLTA.
Netmen Win 2 More, 
Season Record Now 13-0

By knocking off previously unbeaten Oklahoma State 8-1, and Wichita 9-0, at the Mizzou Quadrangular last Friday in Kansas City, Southern's tennis team boosted its record to 13 wins without a setback. The Salukis were scheduled to meet Kansas Saturday afternoon, but that match was postponed because of rain. The win over the Shockers marked the eighth shutout of the season in 13 outings for the undefeated Salukis.

Coach Dick LeFever bugged his lineup in Kansas City by moving captain Pacho Castillo from the number two to the number three singles spot and pushing Roy Sprengelmeyer up to the number two post. Bob Sprengelmeyer worked the number four singles position.

The lineup change may not have been responsible for the win over the Cowboys as the Salukis have been strong all year, but SIU did stop the Cowboy win string at 7.

The win was not a surprise to LeFever as his squad completely dominated the match over the highly touted Cowboys.

"We never saw their number one and two singles players, so we really didn't know how good they were," the coach exclaimed.

The Salukis will be idle this week as they prepare for what could be their toughest match of the year next Monday against 12-0 Northwestern at Evanston.

The Oklahoma State Results: Lumsden over Bob Folz, 6-7, 6-4, 6-2.
R. Sprengelmeyer beat George Folz, 6-2-4-6, 6-4, 6-2.
Castillo defeated McKenna, 6-5, 7-5.
B. Sprengelmeyer over Larry Cooley, 6-5-6, 6-1.
Wilson Burge beat Dick Catte, 6-5-6, 6-7, 7-5.
George Domenech defeated Skip Cooley, 6-6-2-4, 6-2.
Castillo-B. Sprengelmeyer defeated B. Folz-Cooley-6-3, 7-5.
G. Folz-McKenna over Brandon-Burge-5-7, 6-4, 6-2.
B. Sprengelmeyer-Domenech over Catte-Coody-6-3, 9-7.
The Wichita results:
Lumsden beat Chestor Anderson, 6-3, 6-1.
B. Sprengelmeyer over Larry Grose 6-0, 8-6.
Castillo defeated Phil Adrian 6-4, 6-1.
B. Sprengelmeyer over Dave Grose 6-1, 6-0.
Burge beat Dennis Catte, 6-3, 6-1.
Domencch over Bob Long, 6-1, 6-2.

Athletics Lead
Men's Bowling

Athletics maintained its slim one and one-half point lead in the SIU faculty men's bowling league. Rehabilitation Institute knocked off Athletics for three points.

Economics won their first series since January by beating Chemistry II. The surprise Economics victories prevented Chemistry II from taking over first place in the league.

Rehabilitation Institute is only one point out of second place and two and one-half points out of first place.

Industrial Education is in fourth place with 86 points and Chemistry I is fifth in the 10-team league.

Chemistry I rolled the team high series with 2879 pins. Henry Viullati captured the individual high series with 578 pins.

Memphis State Golfers
Defeat Salukis, 19-8

Memphis State handed Southern's golf team its third straight loss as the Tigers routed the Salukis 19-8 at the Colonial Country Club in Memphis, Tenn., Friday afternoon.

The scheduled match with Mississippi Saturday afternoon was called off because the Rebels were engaged in a state tournament.

SIU played the St. Louis Billikens yesterday afternoon in Southern's last home match of the year. The results on the match were not available.

In the Memphis State match, John Schlee shot the lowest round of golf this year against the Salukis as he paced the Tigers with a brilliant four under par 67. Bob Payne and Leon McNair, who hasn't played in five matches took individual honors for SIU as they defeated their opponents with rounds of 71 and 72 respectively.

The results:
1. Schlee, 36, 31-67, 3 points.
Jim Place, 38, 36-74.
2-Payne, 35, 35-71, 2 1/2 points.
Ken Lindsay, 35, 37-72, 2 1/2 points.
3-Larry Campbell, 34, 37-71, 3 points.
Jerry Kirby, 35, 39-74.
4-Buddy McEwen, 37, 35-72, 2 1/2 points.
Al Kruse, 40, 35-75, 1/2 point.
5-Danny Gibson, 38, 35-72, 2 1/2 points.

Dupree Wins 880
On Televised Meet

Jim Dupree won the 880-yard run at the Mount San Antonio (Calif.) Relays meet Saturday which was televised nationally.

Dupree's winning time was 1:49.3. He was competing unattached. The announcer hailed Dupree as the fastest half-miler in the nation.

PACHO CASTILLO
Castillo-B. Sprengelmeyer defeated L. Grose-Adrian, 3-6, 2-0, 5-7.
Lumsden-Burge over Anderson-D, Grose, 7-5, 6-1.
R. Sprengelmeyer-Domenech beat Caine-Long, 6-1, 6-0.

When a cigarette means a lot...

get Lots More from L&M

more body in the blend
more flavor in the smoke
more taste through the filter

It's the rich-flavor leaf that does it! Among L&M's choice tobaccos there's more longer-aged, extra-cured leaf than even in some unfiltered cigarettes. And L&M's filter is the modern filter—all white, inside and outside—so only pure white touches your lips. L&M's the filter cigarette for people who really like to smoke.
State Senate Votes To Oust Maremont, 34-0

Kerner Says IPAC Boss Has Outlived Usefulness

By The Associated Press

SPRINGFIELD, IIL

The Illinois Senate voted Tuesday to oust Arnold Maremont as chairman of the Illinois Public Aid Commission. The vote was 34-0. Demo­crats were silent on the roll call vote.

Strike Delays Construction On Campus Buildings

Construction of three major buildings on southern Illinois’ Carbondale campus is at least three more weeks behind schedule due to the recent late Monday. Work on cam­pus buildings resumed immediately.

“This, the best construction work, is not the case for Maremont as IPAC chairman and then changing the rules a day later so that the confirmation could be re­considered,” University Archi­tect Charles Toner said. “It (construction) will be probably be set back four to five weeks.”

The action by the Republi­can-dominated Senate came within an hour after Gov. Otto Kerner had con­firmed in a message to the Senate that Maremont had out­lived his usefulness as chairman.

The Senate action was in re­taliation against Mare­mont’s charges that some GOP. senators were “anti-Negro” and were opposed to a public aid appropriation because Negroes “helped to elect” Democratic Gov. Richard J. Daley of Chicago.

A wealthy landlord, Maremont is the fourth Kerner appoin­tee to be turned down by the Senate, a record in Illinois history.

The Senate changed its rules last Thursday to permit a motion to be made today to reconsider the vote by which Maremont was confirmed. He originally was confirmed by 37 votes. The state constitu­tion requires that a nominee receive 30 votes.

Kerner said that the Sen­ate’s action of last week, in first voting to confirm Maremont as IPAC chairman and then changing the rules a day later so that the confirmation could be reconsidered, “raises questions about the difficulty legal question and statutory precedent of adopting ex post facto rules affecting their nominees.”

Maremont said in Chicago: "The Illinois Senate Repub­licans have decided without giving me a hearing, to de­fend me. Their action rep­resents a danger for the future of Illinois government, but this is not at issue.

"The issue is nearly a half­million on public aid in the state of Illinois and what will happen to them ."

Maremont is a member of the Southern Illinois University Board of Trustees.

London Prof To Give Art Lectures

Two lectures on Byzantine art will be given this week by Hugh Buchthal, professor of art history at the University of London, in the University of Chicago. Buchthal is a distinguished art historian and author of the “Byzantine manuscript of the 10th Century.” A fellow of the Society of Antiquaries and of the British Academy, Buchthal is noted for his book, "Primit­ive Painting in the Latin Kingdom of Jerusalem.”

On Saturday morning follow­ing his lectures, he will meet informally with SIU art stu­dents for a discussion period.
